

Potential Contracting Opportunities Forecast
U.S. Securities and Exchange Commission (SEC)

This forecast is provided as general information regarding potential contracting opportunities. This forecast is an estimate based on information known at the time of its development, and is subject to change. This forecast is not a request for information, a pre-solicitation synopsis, an invitation for bid, a request for quote, a request for proposal, nor a commitment by the SEC to purchase the referenced products or services. The SEC will follow applicable posting requirements for each potential procurement opportunity.

The SEC will provide opportunities to the maximum extent practicable for small business, veteran-owned small business, small disadvantaged business, service-disabled veteran owned small business, and women-owned small business concerns.

In cases where the SEC initiates a new contracting action, the SEC may choose to:

- Use an existing Government Wide Acquisition Contract (GWAC), an existing SEC Enterprise Wide contract vehicle, or an Interagency Agreement (IAA)

- Set aside the opportunity for a specific socio-economic category of businesses (e.g. 8(a) small businesses, small businesses, service disabled veteran-owned small businesses, small disadvantaged businesses, HUB Zone small businesses, and women-owned small businesses, and economically disadvantaged women-owned small businesses)

- Use the Federal Prison Industries (UNICOR) for the procurement of products

- Use Qualified Nonprofit Agencies for the Blind and other Severely Disabled for the procurement of products and services

- Utilize full and open competition where all interested vendors may consider participating in the acquisition process.

Note: If you are interested in obtaining information pertaining to SEC contracts, you must make a request through the SEC's Freedom of Information and Privacy Act (FOIA) Office. See FOIA link at the bottom of this webpage. Please note that for privacy reasons, federal law prohibits some contract information from being released to the general public, and only information on awarded contracts is allowed to be released.
