

UNITED STATES OF AMERICA
Before the
SECURITIES AND EXCHANGE COMMISSION

March 23, 2021

In the Matter of

Kallo, Inc.

File No. 500-1

**ORDER OF SUSPENSION OF
TRADING**

It appears to the Securities and Exchange Commission that the public interest and the protection of investors require a suspension of trading in the securities of Kallo, Inc. (“Kallo” or the “Company”) (CIK No. 0001389034), a Nevada corporation whose principal place of business is listed as Toronto, Canada, because there is a lack of accurate information of questions regarding the accuracy of statements the Company has made in filings with the Commission, including a Form 10-K for the year ending December 31, 2020, filed on March 3, 2021, concerning, among other things, certain agreements purportedly entered into by Kallo relating to healthcare infrastructure projects in several African countries. The Commission has serious concerns, for example, about the accuracy of the Company’s claim that it has entered into a contract with the Republic of Kenya to establish a comprehensive healthcare structure. The Company’s common stock is quoted and traded on OTC Link whose parent company is OTC Markets Group Inc., under the ticker symbol KALO. As of March 22, 2021, the Company had seven market makers, and was eligible for the “piggyback” exception of Rule 15c2-11(f)(3) under the Securities Exchange Act of 1934.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

THEREFORE, IT IS ORDERED, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the period from 9:30 a.m. EDT on March 24, 2021, through 11:59 p.m. EDT on April 7, 2021.

By the Commission.
