The centre will be managed by Microsoft and Siemens staff, and will co-operate with University of Genoa at various levels.

This project has enabled St Regis to maintain its position as market leader and sets the standard in innovation and customer service with the paper industry.

Story was CFO for NewRoads, Inc.

This service is currently anticipated to be available by the end of November.

From a central office perspective we have now got visibility of all our stores and a clear view of how our business is performing in its entirety.

This allows your staff to achieve their true potential with a reduction in training, a natural working environment and an increase in customer satisfaction.

Mercadona therefore decided to fully automate the local warehouse based on the warehouse and picking system OPM designed by Witron. SSA eSales provides a worldwide platform for real-time access to prices and inventory. SSA eSales provides a worldwide platform for real-time access to prices and inventory. And it is good to know that Hydraulic Projects has recognised the time saving benefits of the system, which means it can potentially pay for itself within a short lead time due to saved man hours. This in itself has never been experienced in this DC before.
