

Dear all,

On September 4th I received this email. In my point of view the author of this investor letter makes also a fantastic claim about easy profits.

The email address is: coalescent<conduitdeanna@royo.net>.

I don't know if this will help you to investigate in this matter and if I am right, but the letter doesn't make sense to me.

With kind regards

Marc Wuest

Calgary, Alberta--(Market Wire)-- Permium Petroelum, Inc. (Other OTC:PP TL.PK - News) is pleased to announce that it has acquired production rights to an additional zone on the Boyne Lake prospect in Alberta Canada. Based on data collected throughout the drilling stage it was decided to purchase the rights for this zone.

Due to wet weather conditions, the company has not been able to mobilize equipment onto the property to complete the well testing. The company anticipates the two zones will be tested within the next 30 days. As previously mentioned, the well is still on tight hole status, and therefore information regarding the testing results will not be released until a future date.
