

### **DIVISION OF INVESTMENT MANAGEMENT LAUNCHES NEW WEB PAGE DEVOTED TO MONEY MARKET FUNDS**

The SEC's Division of Investment Management launched a new web page on the SEC website devoted to money market funds. This page contains links to materials relating to SEC regulatory initiatives concerning money market funds, including the recently proposed rule, along with analysis, research, and other resources from the SEC.

The Money Market Fund page marks another step forward in the Division's goal of improving communications with the mutual fund industry and investing public. In addition to providing a general resource on money market funds, we hope that this page serves as a useful tool for the industry and investors as they consider the proposed money market fund reforms.

The Money Market Fund page can be found at the following link: <http://www.sec.gov/spotlight/money-market.shtml>

The Investment Management Division works to:

- ▲ protect investors
- ▲ promote informed investment decisions and
- ▲ facilitate appropriate innovation in investment products and services

through regulating the asset management industry.
