\*Some calculations in the change column in the above Table of Contents and in other tables in this report may not total as expected due to rounding. Terms used in this report are defined in Appendix 2, Key Definitions.

\* Note: Beginning in October 2016, Form N-MFP required prime and tax-exempt money market funds to identify themselves as institutional or retail funds; up to that date, Funds reported without making this distinction. Government and Treasury funds are not required to distinguish between retail and institutional. See Appendix 2, Key Definitions.
