216-291-7506**TRW RESPONDS TO TRC CAPITAL'S BELOW MARKET "MINI TENDER" OFFER**

CLEVELAND, March 13, 2002 — TRW Inc. (NYSE:TRW) announced today that on March 6, 2002 it received notification that TRC Capital Corporation of Toronto, Canada commenced an unsolicited "mini tender" offer to purchase up to 4,250,000 common shares of TRW Inc., or approximately 3.4% of its total common shares outstanding, at a price of \$50.00 per share in cash. TRW recommends that its shareholders reject this offer and cautions its shareholders that the offer is below the closing price of \$50.35 per TRW common share on March 5, 2002, the day before TRW was informed of the offer, and is below yesterday's closing price of \$50.28 per common share.

Shareholders are advised that TRC Capital has reserved the right to withdraw its offer at any time, at its sole discretion, to delay payment for TRW common shares tendered and to amend its offer in any respect. TRC Capital may also decline to purchase TRW common shares tendered if TRC Capital so chooses for any reason, including in the event that the offer price exceeds the market price of the common shares. In addition, TRC Capital's offer is conditioned upon receipt by TRC Capital, on terms satisfactory to TRC Capital, of the debt financing necessary to complete the offer.

TRW does not endorse this unsolicited offer. Shareholders are advised to consult with their investment advisors and to exercise caution with this "mini tender" offer. "Mini tender" offers typically seek less than 5% of a company's stock, thereby avoiding many disclosure requirements of the Securities and Exchange Commission. TRC Capital has made numerous "mini tender" offers for other companies' shares. The SEC has issued an investor alert regarding "mini tender" offers on its website at [www.sec.gov/investor/pubs/miniend.htm](http://www.sec.gov/investor/pubs/miniend.htm).

TRW shareholders who have already tendered their shares are advised that they may withdraw their shares by prescribed written notice and procedures at any time prior to the scheduled expiration time of the offer, which is 5:00 PM (New York time) on April 3, 2002, and in other circumstances as set forth in TRC Capital Corporation's Offer to Purchase.

The company noted that this release does not relate to Northrop Grumman Corporation's unsolicited March 4, 2002 exchange offer. TRW separately announced today that after careful consideration, including a thorough review with independent financial and legal advisors, its board of directors has unanimously determined that Northrop Grumman's offer for all outstanding shares of TRW common stock for \$47 per share is financially inadequate and not in the best interests of TRW's shareholders. Accordingly, the TRW board of directors urges TRW shareholders to reject Northrop Grumman's offer and not exchange their shares.
