Dear Mr. Schacht:

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. Form 10-K for the year ended October 2, 2009

Definitive Proxy Statement Incorporated By Reference Into Part III of Form 10-K

Executive Compensation, page 12

1. We note your disclosure on page 12 that the Compensation Committee considers executive compensation at other companies. In future filings, identify all of the companies that you considered for purposes of benchmarking named executive officer compensation. See Item 402(b)(2)(xiv) of Regulation S-K. Provide more details as to how your compensation committee considered the levels and elements of the benchmarked companies' compensation in determining the various levels and particular elements of your executive compensation.

2. On page 13 of your definitive proxy statement, you disclose the types of company performance measures the committee used for determining performance-based annual incentive compensation, including revenue, gross profit and operating expenses. In future filings, please disclose the performance targets and threshold levels that must be reached for payment to each named executive officer. See Item 402(b)(2)(v) of Regulation S-K. If you believe such disclosure would result in competitive harm such that the information could be omitted under Instruction 4 to Item 402(b), please provide in your response letter a detailed explanation for such conclusion. To the extent that you have a sufficient basis to keep the information confidential, expand your discussion as to how difficult it would be for the executive or how likely it would be for the company to achieve the undisclosed performance target or threshold levels. See Instruction 4 to Item 402(b).

Note that general statements regarding the level of difficulty or ease associated with achieving performance measures are not sufficient. In discussing how difficult it will be for an executive or how likely it will be for the company to achieve the target levels or other factors, you should provide as much detail as necessary without providing information that would result in competitive harm. For further guidance, please refer to Question 118.04 in our Regulation S-K Compliance and Disclosure Interpretations, available on our website at www.sec.gov/divisions/corpfin/guidance/regs-kinterp.htm

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comment, please provide, in writing, a statement from the company acknowledging that

- the company is responsible for the adequacy and accuracy of the disclosure in the filings;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filings; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filings or in response to our comments on your filings.
