Filed February 6, 2010
File No. 001-15577**

Dear Mr. Euteneuer:

We have reviewed your filing and have the following comments. If you disagree with a comment, we will consider your explanation as to why it is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation.

Please comply with our comments in future filings. Confirm in writing that you will do so and also explain to us how you intend to comply. Please do so within the time frame set forth below. In some of our comments, we may ask you to provide us with information so that we may better understand your disclosure. After reviewing this information, we may or may not raise additional comments.

Financial and Operational Highlights, page 1

1. We note your use on pages one and 26 of "total debt" as well as your reference to a "total debt to total capital" ratio. Please note that these measures should be reconciled to the most comparable GAAP measures. Please discuss in more detail what these measures tell you about your operating performance and explain why management believes these measures would be meaningful to investors. See Rule 10(e) of Regulation S-K.

3. We note your disclosure on page 50 that you have “significant discretion” in how you use your cash to pay for capital expenditures and that you may use this discretion to decrease your capital expenditures. Please clarify, as applicable, whether the estimated capital expenditures of \$1.7 billion or less referenced on page 49 includes your continued investment in fiber to the node deployment, expansion of your broadband product offerings and enhanced marketing efforts of your broadband services as discussed on page 38.
4. We note your disclosure on page 50 that your board of directors extended the timeframe for your \$2 billion stock repurchase program. Please indicate the duration of the extension authorized by the board and include management’s assessment of when it will complete such transactions.

Note 18- Commitments and Contingencies

- KPN QWEST Litigation/ Investigation, page 133

Note 20 – Other Financial Information, page 137

5. We note that your reserves for contingencies and litigation decreased from \$511 million in 2008 to \$75 million in 2009. Considering the material and significant risks involved in the KPNQwest matters seeking billions of dollars in damages as well as other pending material proceedings, tell us why you believe that your current provision is adequate. In this regard, we note the risk factor as described at the bottom of page 14.
