Financial Statements

Consolidated Statement of Operations, page F-4

3. We have reviewed your response to comment 4. Please amend your financial statements to include gains on the sale of assets in the amounts of \$122,499 in 2004 and \$28,007 in 2003 within income (loss) from operations. Please refer to paragraph 45 of SFAS 144. Please also revise your management's discussion and analysis based on the revised accounting for these transactions.

Consolidated Statements of Cash Flows, page F-6

4. We have reviewed your response to comment 5. You stated that you maintain significant cash balances at your UK subsidiary and that over the period from 2003 to 2005, there have been significant fluctuations in exchange rates between the U.S. Dollar and the British Pound which have caused the exchange rate fluctuations in your statements of cash flow. Based on historical foreign exchange rate data, the British Pound appreciated versus the US Dollar by 8.3% over the period from December 31, 2003 to December 31, 2004 while the British Pound depreciated versus the US Dollar by 10.7% over the period from December 31, 2004 to December 31, 2005. Though these fluctuations are not insignificant they do not explain the significant effect of exchange rate changes on your cash

balance. More specifically, the \$239,797 effect of exchange rate changes on cash in 2005 represent 91% of your cash balance. The \$157,884 effect of exchange rate changes on cash in 2004 are equivalent to 30% of your cash balance. These fluctuations are significantly in excess of the fluctuations in the foreign currency exchange rates during these periods. In addition, during a telephone conversation that we had, you requested additional time to respond to our comments since you were in the process of reviewing and modifying your cash flow statements to capture the impact of foreign currencies on your cash position. Please tell us the cash amounts held at your UK and Mexican subsidiaries at December 31, 2003, 2004 and 2005 and any other period that you deem appropriate. Please also provide us with your statements of cash flows worksheets and a reconciliation of the amounts in the cash flow worksheets to the amounts in your statements of cash flows for 2003, 2004 and 2005.

Note 9 – Other Income/Expense, page F-15

5. We have reviewed your response to comment 9. Please amend your financial statements to classify the reversal of liabilities in the amounts of \$395,489 in 2004 and \$428,125 in 2003 within income (loss) from operations. Please also revise your management's discussion and analysis based on the revised accounting for these transactions.

Note 15 – Sale Leaseback of Building – Related Party, page F-18

6. We have reviewed your response to comment 11. Please amend your financial statements to include the deferred gain of \$160,000 on the sale and leaseback within income (loss) from operations. Please refer to paragraph 45 of SFAS 144. Please also revise your management's discussion and analysis based on the revised accounting for these transactions.
