Forward-Looking Statements

Certain statements in this presentation are “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the *Securities Exchange Act of 1934*, all of which are based upon various estimates and assumptions that the company believes to be reasonable as of the date hereof. These statements involve risks and uncertainties that could cause the company’s actual future outcomes to differ materially from those set forth in such statements.

IES undertakes no obligation to publicly update or revise information concerning the company’s restructuring efforts, borrowing availability, or its cash position or any forward-looking statements to reflect events or circumstances that may arise after the date of this presentation. Forward-looking statements are provided pursuant to the safe harbor established under the private *Securities Litigation Reform Act of 1995* and should be evaluated in the context of the estimates, assumptions, uncertainties, and risks described herein.

General information about us can be found at <http://www.ies-co.com> under “Investor Relations.” Our annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K, as well as any amendments to those reports, are available free of charge through our website as soon as reasonably practicable after we file them with, or furnish them to, the SEC.

EBITDA Reconciliation

The company has disclosed in this press release EBITDA (earnings before interest, taxes, depreciation and amortization) and EBITDAR (earnings before interest, taxes, depreciation, amortization and restructuring expenses) amounts that are non-GAAP financial measures. EBITDA and EBITDAR are also measures that are used in determining compliance with the company's senior secured credit facility. Therefore, management believes EBITDA and EBITDAR provide useful information to investors as a measure of comparability to peer companies. However, these calculations may vary from company to company, so IES' computations may not be comparable to other companies. In addition, IES has certain assets established as part of applying fresh-start accounting that will be amortized in the future. A reconciliation of EBITDA and EBITDAR to net income is found in the table below. For further details on the company's financial results, please refer to the company's quarterly report on Form 10-Q, to be filed on August 13, 2007.
