Dear Mr. LaVorgna:

We have reviewed your filings and have the following comments. We have limited our review to only your financial statements and related disclosures and do not intend to expand our review to other portions of your documents. Where indicated, we think you should revise your future documents in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Statement of Operations, page 16

1. Please revise future filings to remove the stock-based compensation line item from the face of your statements of operations and, instead, reflect the amounts in the appropriate captions of the statements. As indicated in SAB Topic 14-F, you may present the related stock-based compensation expenses in a parenthetical note to the appropriate income statement line items. That guidance also indicates that you may present the information in the notes to the financial statements or within MD&A.

Note 2 – Summary of Significant Accounting Policies, page 20

Revenue Recognition and Deferred Revenue, page 21

2. We note your disclosure that “the company recognizes revenue when a sale is completed.” Please revise future filings to describe the material terms and conditions of your revenue generating transactions. Please revise your disclosure in future filings to address the revenue recognition criteria specified in SAB 104 and any other relevant literature.

Note 6 – Related Party Transaction, page 22

3. We note that your related party note holder has agreed not to accrue interest on the outstanding note. If material, please revise future filings to record interest forgiven on the note.

As appropriate, please respond to these comments within 10 business days or tell us when you will provide us with a response. Please furnish a cover letter that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company’s disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
