CROSS COUNTRY HEALTHCARE SELLS HEALTHCARE CONSULTING BUSINESS UNITS

BOCA RATON, Fla. – October 5, 2004 – Cross Country Healthcare, Inc. (Nasdaq: CCRN) announced today that it has sold its Gill/Balsano Consulting and Jennings Ryan & Kolb healthcare consulting business units to privately held Mitretek Systems for \$12.25 million in cash. The Company acquired Gill/Balsano Consulting in May 2001 for \$3.6 million and acquired Jennings Ryan & Kolb in March 2002 for \$3.9 million, including respective earn-out payments of which none remain. In 2003, these two business units together accounted for \$11.6 million in revenue. Net proceeds from this transaction will be used to pay down debt.

Separately, the Company is pursuing a plan of sale with respect to its Cejka Consulting practice that was not acquired by Mitretek. Cejka Consulting was a part of TravCorps Corporation, which was acquired by Cross Country Healthcare in December 1999. In 2003, it accounted for \$2.6 million in revenue.

These three healthcare consulting practices constituted the Company's Cross Country Consulting, Inc. subsidiary, which is a component of the Company's Other Human Capital Management Services business segment. Combined, these business units represented approximately 2% of the \$687 million in total revenue the Company reported in 2003.

“As we have indicated in the past, the operating performance of our consulting business has been more volatile than we felt acceptable for a non-core activity and the synergies with our staffing business were less than we had envisioned. This transaction enables us to realize an attractive return on investment for our stockholders and focus our attention on higher value-added activities,” said Joseph A. Boshart, President and Chief Executive Officer of Cross Country Healthcare, Inc.
