SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

CERTAIN STATEMENTS IN THIS ANNUAL REPORT ON FORM 10-K (THIS "FORM 10 K"), INCLUDING STATEMENTS UNDER "ITEM 1. DESCRIPTION OF BUSINESS," AND "ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS", CONSTITUTE "FORWARD LOOKING STATEMENTS" WITHIN THE MEANING OF SECTION 27A OF THE SECURITIES ACT OF 1934, AS AMENDED, AND THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995 (COLLECTIVELY, THE "REFORM ACT"). CERTAIN, BUT NOT NECESSARILY ALL, OF SUCH FORWARD-LOOKING STATEMENTS CAN BE IDENTIFIED BY THE USE OF FORWARD-LOOKING TERMINOLOGY SUCH AS "BELIEVES", "EXPECTS", "MAY", "SHOULD", OR "ANTICIPATES", OR THE NEGATIVE THEREOF OR OTHER VARIATIONS THEREON OR COMPARABLE TERMINOLOGY, OR BY DISCUSSIONS OF STRATEGY THAT INVOLVE RISKS AND UNCERTAINTIES. SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE THE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS OF NUTECH DIGITAL, INC ("NUTECH", "THE COMPANY", "WE", "US" OR "OUR") TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. REFERENCES IN THIS FORM 10-KB, UNLESS ANOTHER DATE IS STATED, ARE TO DECEMBER 31, 2006.

BUSINESS HISTORY

NuTech Digital, Inc. was founded in 1997 for the purpose of licensing and distributing films. In 1999, NuTech Digital, Inc. acquired the assets of NuTech Entertainment, Inc., an entity engaged in the karaoke business. NuTech Entertainment, Inc. ceased doing business in 1999 and was dissolved in 2001.

On August 22, 2007, the Company entered into an Asset Purchase Agreement with Jump Communications, Inc. Since then, we began marketing and selling our exclusive line of devices and services for the distribution of entertainment video, 2WayTV (videophone) and internet access, including the SDI-2 wireless video distribution point for surveillance, remote date, and for the distribution of entertaining video including HD. This service is being integrated into the new line of equipment as well. It utilizes existing servers that provide on-line purchasing interfaces with major credit card services and real time delivery of video.

Recent Events:

Name Change

On September 4, 2008, the Company filed a Certificate of Amendment to its articles of incorporation with the Secretary of State of the State of California, changing their name to Interlink-US-Network, Ltd. The name change was declared effective on October 10, 2008. The Company has begun trading under this new name and the new symbol, IUSN.OB.

Asset Purchase Agreement and License Agreement with Jump

On August 22, 2007 the Company closed its Asset Purchase Agreement (the "Agreement") with Jump Communications, Inc. ("Jump"), a related entity, acquiring telco standards telephone switching equipment and data transmission equipment from Jump. The acquired assets are independently valued at approximately \$700,909. In connection with the Agreement, the Company and Jump also entered into a License Agreement, according to which Jump provided the Company an exclusive license to use certain Jump technology, know-how and proprietary intellectual property in the United States.

In consideration for the equipment, Jump was issued 23,800 shares of Series A Convertible Preferred Stock. Of those preferred shares, 6,047 have been converted to 5,037,626 shares of common stock. The remaining 17,753 shares, on a fully diluted basis, are equal to 71.81% of the Company's outstanding shares as of December 31, 2008. The Preferred Stock issued to Jump carries voting and conversion rights equivalent to 833.33 shares of common stock to one of the preferred stock, or 14,794,107 shares of common stock.

Contemporaneously with the issuance of the Preferred Stock, the Board of Directors of Jump authorized the distribution of the Preferred Stock to its shareholders as a partial redemption of their Jump stock, in accordance with their pro-rata interests in Jump. This transaction has been recorded in the capital account of each Jump shareholder retroactive to the closing of the Agreement.

Subsequent to the closing of the Agreement, the Company's office were changed to 10390 Wilshire Boulevard, Los Angeles, CA 90024, with the former office abandoned without further liability to the Company. Additionally, the controlling shareholders of Jump, A. Frederick Greenberg, was appointed Chairman and Chief Executive Officer. At the same time, Mr. Greenberg's brother, Richard M. Greenberg, was appointed President and Secretary/Treasurer.

The terms of the Agreement were previously reported in the Company's report on Form 8-K filed on August 2, 2007. Some disclosures were corrected as a result of changed objectives during the course of closing the Agreement and the filing of December 31, 2007's Form 10-K on April 1, 2008. As a result, the contemplated subsidiary operations of Jump Operating Company ("JOC"), NuTech Acquisition Corp. ("NAC"), and NAC Operating Company ("NAC OC") (collectively, the "Subsidiary Operations") have been discontinued, and the agreements with Mr. Lee Kasper have been terminated with respect to certain of these proposed Subsidiary Operations. All activities and operations contemplated by the Subsidiary Operations are consolidated under the Company. In the time subsequent to the closing of the Agreement, the Company has moved solely to the business of marketing and selling the services and products enabled by the Agreement, with the former operations of the Company becoming inactive. The Company has no plans to dispose of pre-transaction revenue producing assets or to defer what passive revenue may occur as a result of past market exposure to those assets; however, the Company will not actively promote the sale of those assets or exploit (if any) revenue opportunities that may result from an awareness of those assets by third parties. As a result of these changes, the description of the Company's business history, business focus and material agreements have changed.

Products and Services Offered by the Company

The products and networking technology licensed to or acquired by the Company enable the Company to market and deliver to a broad range of vertical markets a variety of telecommunication and data services in the form of broadcast quality, bi-directional videophones; unlimited television and internet channels (including video on demand, high definition [1080P HD], and super high definition resolutions; voice over internet protocol (VoIP); and internet access.

All of these services are available through a single, inexpensive, user friendly, set top box ("STB") to be manufactured by the Company under its license. The STB has been named the "FRED." The Company will manufacture and sell the FRED in a variety of configurations and price points suitable for the full range of today's markets, including corporate, government, small business and the consumer. The FRED is a gateway to virtually all currently available communications, entertainment and data services over wired or wireless links (including Digital Subscriber Lines [DSL], cable modem, and private or public networking infrastructure).

The FRED works seamlessly with all network infrastructures and protocols to provide comprehensive services, simplifying operations, and reducing the costs for users. In addition to viewing an unlimited number of entertainment channels, accessing the public internet, and connecting via VoIP, users can hear and see each other in real time on their TV sets or PC's with the same quality that TV programming comes to them, using the low cost FRED and inexpensive broadband connectivity. In providing this simple, inexpensive, bi-directional broadcast quality video, the Company distinguishes its product and service offerings from all others. The Company's service offering further differentiates itself from competitive offerings by empowering each end point on a network to be a video broadcast origination point.

The FRED, and linkage of multiple FRED's (the "Network") through interconnection to public and private networks, makes available a variety of network oriented services that augment and improve services available on the public internet. For instance, the Company's management and billing systems incorporated into the Network enable on demand, "point-to-point" 2WayTV, credit card approvals, VOD, billing for services and events, selection of services and account management. No special connection is needed to connect to the Network; a basic internet connection is sufficient. The interconnection between the Network to both the public internet and the existing national telephone communications switching infrastructure creates a virtually universal system of access for all.

The Company believes that focusing on its newly licensed products and technology will enable the Company to become a supplier of multi-media products and technology using an integrated, cohesive delivery platform across a broad range of market applications and client sets.

Historical Information relating to the Asset Acquisition Agreement

Jump was organized under the laws of the State of Nevada on July 6, 2006 and registered to conduct business in the State of California on July 25, 2006 with an authorized share capital of five hundred (500) million common shares at \$0.001 par value. A. Frederick Greenberg was the sole director, President and Secretary/Treasurer.

Since the Company's authorized stock was not sufficient to permit the issuance of common stock as consideration for the Acquired Assets, Jump consented to the issuance of the Preferred Stock. In a Pre14C filing to the Commission on October 2, 2007 and the subsequent Definitive 14C filing dated October 31, 2007, the Company announced that it had "received written consent (the "Written Consent") from Jump, holding the "Preferred Stock", representing the right to vote approximately 96.4% (corrected herein to 97.17%) as of December 31, 2007.

On September 25, 2007, the shareholders approved and the board of directors authorized a reverse stock split on common stock at a rate of one-for-sixty and a name change for the Company to be done at the Company's discretion at some time within the following twelve months. This reverse stock split was implemented on May 12, 2008.

In connection with the transaction as of the date of closing of the Agreement, two (2) of the Company's three (3) Directors resigned and the vacancies filled with two (2) directors appointed by Jump, and Lee Kasper, the Company's former Chief Executive Officer and Director continuing as the third Director. On November 6, 2007, Lee Kasper was removed as a director of the Company and terminated for cause from all offices held by him in the Company and its subsidiaries by written consent of a majority of the Company's shareholders. This consent was ratified by the remaining directors of the Company. The Company determined that while Mr. Kasper was President and a director of the Company, Mr. Kasper operated several off-shore entities through which he did business. In addition, he distributed Company shares to these entities. Mr. Kasper did not disclose his ownership or dealings with these off-shore entities and did not file the requisite disclosure reports. A copy of the 8K filing was forwarded to Mr. Kasper for response, and we have received no reply as of the date of this filing.

The Effect of Government Regulation on our Business

While production of our products does not require government approval, we are subject to the same federal, state, and local laws as other companies producing hardware and software in the telecommunications industry. However, due to the increasing popularity and use of the Internet and other telecommunications modes, it is possible that laws and regulations will be adopted in the future governing our business. These laws and regulations could cover issues such as online contracts, user privacy, freedom of expression, pricing, fraud, content and quality of products and services, taxation, advertising, intellectual property rights, and information security. Applicability to the Internet of existing laws governing issues such as property ownership, copyrights and other intellectual property issues, taxation, libel, obscenity, and personal privacy is still evolving.

Due to the global nature of the Internet, it is possible that the governments of foreign countries might attempt to regulate our activity or prosecute us for violations of their laws.

Our products are subject to patent and copyright laws. We may become the subject of infringement claims or legal proceedings by third parties with respect to our current or future products. In addition, we may initiate claims or litigation against third parties for infringement of our proprietary rights, or to establish the validity of our proprietary rights. Any such claims could be time-consuming, divert management from our daily operations, result in litigation, cause product shipment delays or lead us to enter into royalty or licensing agreements rather than disputing the merits of such claims. Moreover, an adverse outcome in litigation or similar adversarial proceedings could subject us to significant liabilities to third parties, require the expenditure of significant resources to develop non-infringing products, require disputed rights to be licensed from others or require us to cease the marketing or use of certain products, any of which could have a material adverse effect on our business and operating results.

Licenses and Other Intellectual Property

We do not have patents, franchises or concessions and we have not entered into labor contracts. However, our products are being developed under licenses granted by affiliated companies which hold the intellectual property rights to such technology.

While we have not registered our trade names or our logo with the United States Patent and Trademark Office, we believe that the name recognition and image that we have developed in each of our markets significantly enhance customer response to our sales promotions.

Competition

All of our products compete with other products and services that utilize free time or disposable income. The telecommunications industry is, in general, highly competitive and many of our competitors, such as major telecommunications companies like Cablevision, Time Warner and DirectTV, have the ability to spend significant sums on advertising and promotion and much greater distribution capacities than we have. We do not represent a significant presence in our markets. We cannot guarantee you that we can compete successfully.

Employees

As of December 31, 2008, we had no employee who work for us on a full-time basis.

Item 1A. Risk Factors

As a smaller reporting company, we are not required to provide the information required by this item.

Item 1B. Unresolved staff comments.

As a smaller reporting company, we are not required to provide the information required by this item. However, there are no unresolved staff comments as of the year ended December 31, 2008 or subsequently.

Item 2. Properties.

On May 1, 2001, the Company leased its office and warehouse facilities in Los Angeles for five years and three months. The base rental was \$7,800 per month plus operating costs with cost of living adjustments in May of each year. The lease terminated on July 31, 2006.

At the end of the lease, the Company relocated to the home of an officer of the Company. From August 1, 2006 through September 30, 2007, the Company was being charged \$2,000 per month for the use of this location.

On October 1, 2007, the Company entered into a thirty-six month lease with Jump Communications, Inc. for office and warehouse space in Los Angeles. The base rental is \$10,000 per month, plus operating costs. The lease terminates on September 30, 2010.

On October 1, 2007, the Company entered into a twelve month lease with Jump Communications, Inc. for office space in New York, N.Y. The base rental is \$3,100 per month, plus operating costs. The lease was renewed on September 30, 2008.

Item 3. Legal Proceedings.

In February of 2008, Mr. Lee Kasper filed suit against the Company, directors of the Company, and Jump Communications. Management feels that the suit is unwarranted and plans to defend itself to the fullest extent. No adjustments have been made to the financial statements at December 31, 2008 for this contingency.

In March of 2008, Sony ATV filed suit against the Company, its former President and Director Lee Kasper and unrelated third parties claiming copyright violations in connection with the publication and distribution of Sony's copyrighted products. Management feels that the Company did not engage in the conduct complained of and plans to defend itself to the fullest extent. No adjustments have been made to the financial statements at December 31, 2008 for this contingency.

Item 4. Submission of Matter to a Vote of Security Holders.

None.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

"Bid" and "asked" offers for the common stock are listed on the Over-The-Counter Bulletin Board ("OTCBB") published by the National Quotation Bureau, Inc. The Company's common stock trades on the OTCBB under the symbol "NTDL."

The following table sets forth the high and low bid prices for the Company's common stock for the periods indicated as reported by the OTCBB. The quotations reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions.

Quarter Ended	High	Low
December 31, 2008	\$6.00	\$1.01
September 30, 2008	\$11.5	\$4.05
June 30, 2008	\$19.50	\$4.199
March 31, 2008	\$8.638	\$0.48
December 31, 2007	\$0.022	\$0.005
September 31, 2007	\$0.071	\$0.016
June 30, 2007	\$0.020	\$0.016
March 31, 2007	\$0.021	\$0.016

There were approximately 90 holders of record of the Common Stock as of March 31, 2009. The Company has never paid a cash dividend on its Common Stock and does not anticipate the payment of a cash dividend in the foreseeable future. The Company intends to reinvest in its business operations any funds that could be used to pay a cash dividend. The Company's Common Stock is considered a "penny stock" as defined in the Commission's rules promulgated under the Exchange Act. In general, a security which is not quoted on NASDAQ or has a market price of less than \$5.00 per share where the issuer does not have in excess of \$2,000,000 in net tangible assets (none of which conditions the Company meets) is considered a penny stock. The Commission's rules regarding penny stocks impose additional sales practice requirements on broker-dealers who sell such securities to persons other than established customers and accredited investors (generally persons with net worth in excess of \$1,000,000 or an annual income exceeding \$200,000 or \$300,000 jointly with their spouse). For transactions covered by the rules, the broker-dealer must make a special suitability determination for the purchaser and receive the purchaser's written agreement to the transaction prior to the sale. Thus, the Rules affect the ability of broker-dealers to sell the Company's shares should they wish to do so because of the adverse effect that the Rules have upon liquidity of penny stocks. Unless the transaction is exempt under the Rules, under the Securities Enforcement Remedies and Penny Stock Reform Act of 1990, broker-dealers effecting customer transactions in penny stocks are required to provide their customers with (i) a risk disclosure document; (ii) disclosure of current bid and ask quotations if any; (iii) disclosure of the compensation of the broker-dealer and its sales personnel in the transaction; and (iv) monthly account statements showing the market value of each penny stock held in the customer's account. As a result of the penny stock rules the market liquidity for the Company's securities may be severely adversely affected by limiting the ability of broker-dealers to sell the Company's securities and the ability of purchasers of the securities to resell them.

RECENT SALES OF UNREGISTERED SECURITIES

None.

Item 6. Selected Financial Data

As a smaller reporting company, we are not required to provide the information required by this item.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Forward-Looking Statements

In addition to historical information, this Annual Report on Form 10-K contains forward-looking statements. Forward-looking statements involve risks and uncertainties that could and in all likelihood will cause actual results to differ materially. Factors that might cause or contribute to such differences include, but are not limited to, whether the Company can obtain financing as and when needed, competitive pressures, changes in consumer tastes away from the type of products the Company offers, changes in the economy that would leave less disposable income to be allocated to entertainment, the loss of any member of the Company's management team and other factors over which the Company has no control. When used in this report, the words "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates," and similar expressions are generally intended to identify forward-looking statements. You should not place undue reliance on these forward-looking statements, which reflect the opinion of the Company's management as of the date of this Annual Report. The Company undertakes no obligation to publicly release any revisions to the forward-looking statements after the date of this document. You should carefully review the documents the Company files from time to time with the Securities and Exchange Commission. Throughout the Annual Report, the terms, the "Company," "Interlink," and words of similar meaning refer to Interlink-US-Network, Ltd., formerly known as NuTech Digital, Inc.

Management's discussion and analysis of results of operations and financial condition are based upon the Company's financial statements. These statements have been prepared in accordance with accounting principles generally accepted in the United States of America. These principles require management to make certain estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, the Company evaluates its estimates based on historical experience and various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

BUSINESS HISTORY

Recent Events:

Name Change

On September 4, 2008, the Company filed a Certificate of Amendment to its articles of incorporation with the Secretary of State of the State of California, changing their name to Interlink-US-Network, Ltd. The name change was declared effective on October 10, 2008. The Company has begun trading under this new name and the new symbol, IUSN.OB.

Asset Purchase Agreement and License Agreement with Jump

On August 22, 2007 the Company closed its Asset Purchase Agreement (the "Agreement") with Jump Communications, Inc. ("Jump"), a related entity, acquiring telco standards telephone switching equipment and data transmission equipment from Jump. Also, in connection with the Jump transaction, the Company and Jump entered into a License Agreement, whereby Jump provided the Company an exclusive license to use certain Jump technology, know-how and proprietary intellectual property in the United States. The acquired assets are independently valued at approximately \$700,909.

In consideration for the equipment, Jump was issued 23,800 shares of Series A Convertible Preferred Stock. Out of those shares, 6,047 have been converted to 5,037,626 shares of common stock. The remaining 17,753 shares, on a fully diluted basis, are equal to 71.81% of the Company's outstanding shares as of December 31, 2008. The Preferred Stock issued to Jump carries voting and conversion rights equivalent to 833.33 shares of common stock to one of the preferred stock, or 14,794,107 shares of common stock.

Contemporaneously with the issuance of the Preferred Stock, the Board of Directors of Jump authorized the distribution of the Preferred Stock to its shareholders as a partial redemption of their Jump stock, in accordance with their pro-rata interests in Jump. This transaction has been recorded in the capital account of each Jump shareholder retroactive to the closing of the Transaction.

In connection with the transaction, the Company's office has been changed to 10390 Wilshire Boulevard, Los Angeles, CA 90024, with the former office abandoned without further liability to the Company. Additionally, the controlling shareholders of Jump, A. Frederick Greenberg, was appointed Chairman and Chief Executive Officer. At the same time, Mr. Greenberg's brother, Richard M. Greenberg, was appointed President and Secretary/Treasurer.

The terms of the Agreement were previously reported in the Company's report on Form 8-K filed on August 2, 2007. Some disclosures were corrected as a result of changed objectives during the course of closing the transaction and the filing of December 31, 2007's Form 10-K on April 1, 2008. As a result, the contemplated subsidiary operations of Jump Operating Company ("JOC"), NuTech Acquisition Corp. ("NAC"), and NAC Operating Company ("NAC OC") (collectively, the "Subsidiary Operations") have been discontinued, and the agreements with Mr. Lee Kasper have been terminated with respect to certain of these proposed Subsidiary Operations. All activities and operations contemplated by the Subsidiary Operations will be consolidated under the Company. In periods subsequent to the closing of the Agreement, the Company has moved solely to the business of marketing and selling the services and products enabled by the Agreement, with the former operations of the Company becoming inactive. The Company has no plans to dispose of pre-transaction revenue producing assets or to defer what passive revenue may occur as a result of past market exposure to those assets; however, the Company will not actively promote the sale of those assets or exploit (if any) revenue opportunities that may result from an awareness of those assets by third parties. As a result of these changes, the description of the Company's business history, business focus and material agreements have changed.

Products and Services Offered by the Company

The products and networking technology licensed to or acquired by the Company enable the Company to deliver telecommunication, television, and data services in the form of broadcast quality, bi-directional videophones; unlimited television and internet channels (including video on demand, high definition [1080P HD], and super high definition resolutions; voice over internet protocol (VoIP); and internet access to a broad range of vertical markets.

All of these services are to be made available through a single, inexpensive, user friendly, set top box ("STB") to be manufactured by the Company under its license that acts as the gateway to virtually all currently available communications, entertainment and data services, and "off-the-shelf" equipment (cameras, TVs, microphones and computers) over wired or wireless links (including Digital Subscriber Lines [DSL], cable modem, and private or public networking infrastructure). The STB has been named the "Fred." The Company will manufacture and sell the Fred in a variety of configurations and price points suitable for the full range of today's markets, including corporate, government, small business and the consumer.

The Fred works seamlessly with all network infrastructures and protocols to provide comprehensive services, simplifying operations, and reducing the costs for users. In addition to viewing an unlimited number of entertainment channels, accessing the public internet, and connecting via VoIP, users will be able to hear and see each other in real time on their TV sets or PC's with the same quality that TV programming comes to them, using the low cost Fred and inexpensive broadband connectivity. In providing this simple, inexpensive, bi-directional broadcast quality video, the Company distinguishes its product and service offerings from all others. The Company's service offering further differentiates itself from competitive offerings by empowering each end point on a network to be a video broadcast origination point.

The Fred, and linkage of multiple Fred's (the "Network") through interconnection to public and private networks, makes available a variety of network oriented services that augment and improve services available on the public internet. For instance, the Company's management and billing systems incorporated into the Network enable on demand, "point-to-point" 2WayTV, credit card approvals, VOD, billing for services and events, selection of services and account management. No special connection is needed to connect to the Network; a basic internet connection is sufficient. The interconnection between the Network to both the public internet and the existing national telephone communications switching infrastructure creates a virtually universal system of access for all.

The Company believes that focusing on its newly licensed products and technology will enable the Company to

become a supplier of multi-media products and technology under an integrated, cohesive delivery platform across a broad range of market applications and client sets.

Historical Information relating to the Asset Acquisition Agreement

Jump was organized under the laws of the State of Nevada on July 6, 2006 and registered to conduct business in the State of California on July 25, 2006 with an authorized share capital of five hundred (500) million common shares at \$0.001 par value. A. Frederick Greenberg was the sole director, President and Secretary/Treasurer.

Since the Company's authorized stock was not sufficient to permit the issuance of common stock as consideration for the Acquired Assets, Jump consented to the issuance of the Preferred Stock. In a Pre14C filing to the Commission on October 2, 2007 and the subsequent Definitive 14C filing dated October 31, 2007, the Company announced that it had "received written consent (the "Written Consent") from Jump, holding the "Preferred Stock", representing the right to vote approximately 96.4% (corrected herein to 97.17%) as of December 31, 2007.

On September 25, 2007, the shareholders approved and the board of directors authorized a reverse stock split on common stock at a rate of one-for-sixty and a name change for the Company to be done at the Company's discretion at some time within the following twelve months. This reverse stock split was implemented on May 12, 2008.

In connection with the transaction as of the date of closing of the Agreement, two (2) of the Company's three (3) Directors resigned and the vacancies filled with two (2) directors appointed by Jump, and Lee Kasper, the Company's former Chief Executive Officer and Director continuing as the third Director. On November 6, 2007, Lee Kasper was removed as a director of the Company and terminated for cause from all offices held by him in the Company and its subsidiaries by written consent of a majority of the Company's shareholders. This consent was ratified by the remaining directors of the Company. The Company determined that while he was President and a director of the Company, Mr. Kasper operated several off-shore entities through which he did business. In addition, he distributed Company shares to these entities. Mr. Kasper did not disclose his ownership or dealings with these off-shore entities and did not file the requisite disclosure reports. A copy of the 8K filing was forwarded to Mr. Kasper, and we have received no reply as of the date of this filing.

Pending Litigation

In February of 2008, Mr. Lee Kasper filed suit against the Company, directors of the Company, and Jump Communications. Management feels that the suit is unwarranted and plans to defend itself to the fullest extent. No adjustments have been made to the financial statements at December 31, 2008 for this contingency.

In March of 2008, Sony ATV filed suit against the Company, its former President and Director Lee Kasper and unrelated third parties claiming copyright violations in connection with the Company's karaoke business, which was discontinued during the previous years. Management feels that the Company did not engage in the conduct complained of and plans to defend itself to the fullest extent. No adjustments have been made to the financial statements at December 31, 2008 for this contingency.

Critical Accounting Policies and Estimates

In consultation with the Company's Board of Directors, the Company identified various accounting principles that it believes are key to understanding the Company's financial statements. These important accounting policies require management's subjective judgments.

Discontinued Operations. On August 22, 2007, the Company discontinued its distribution of general entertainment products, most of which were made available through digital versatile discs, commonly known as DVDs.

Accounting Estimates. Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Each quarter, management compares current and historical product sales to potential customer orders and reviews the economic conditions of the industry. However, these judgments require significant estimates from management and actual results could vary from the estimates that were used. Each quarter, management reviews the estimated future revenue to be received in order to determine the fair value of its assets and potential asset impairment.

Income Taxes. The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109 (SFAS109), which is an asset and liability method of accounting requiring the recognition of deferred tax liabilities and assets for the expected future tax consequences of temporary differences between tax bases and financial reporting bases of accounting. In assessing whether deferred tax assets will be realized, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment.

Common Stock Issued for Non-Cash Transactions. It is the Company's policy to value stock issued for non-cash transactions, such as services, at the fair market value of the goods or services received or the consideration granted, whichever is more readily determinable, at the date the transaction is negotiated.

Stock based Compensation. Effective January 1, 2006, the Company adopted Statement of Financial Accounting Standards No. 123(R), "Share-Based Payment: An Amendment of FASB Statements No. 123 and 95" using the modified prospective method. Under this method, compensation cost is recognized on or after the effective date for the portion of outstanding awards, for which the requisite service has not yet been rendered, based on the grant date fair value of those awards.

The Black-Scholes option-pricing model was developed for the use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's stock options and warrants have characteristics different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of such stock options.

Results of Operations

Selected Statement Of Operations Data

Comparison of Year End Periods. Summarized in the table below is statement of operations data comparing the year ended December 31, 2008 with the year ended December 31, 2007:

	Year Ended		Increase/(Decrease)

During the year ended December 31, 2008, we had a net loss from continuing operations of \$597,266, compared to a net loss from continuing operations during the year ended December 31, 2007 of \$81,809. During the year ended December 31, 2008, we entered into a license agreement with another company, which provided revenue of \$1,000,000, which was offset by commissions relating to the license agreement in the amount of \$460,000, as well as operating

expenses, including \$243,973 of research and development expenses. In addition, we are still developing the Fred and have not incurred any revenue for this product. Since all operations from the prior year were ceased as of September 30, 2007, there was only a minimal loss due to normal operating expenses for the year ended December 31, 2007.

Liquidity and Capital Resources

To date, we have financed our operations with cash from our operating activities, a bank line of credit, a Small Business Administration loan, various loans from individuals, cash raised through the sale of our securities or the exercise of options or warrants, and the issuance of our securities to various consultants in payment for the provision of their services or to other creditors in satisfaction of our indebtedness to them.

In July 2000, we received a \$900,000 Small Business Administration loan with Comerica Bank participation. The interest rate per annum is 2% over prime, and the loan is scheduled to be paid over an 18 year period.

In the past, Mr. Lee Kasper, a director and stockholder of the company advanced funds to the Company as follows:

- A. On August 1, 2005, Mr. Kasper advanced funds to produce live music concerts, in the amount of \$350,000. The interest rate on the loan is 8% per annum, and the loan was scheduled to be repaid over a 36 month period.
- B. In May of 2006, Mr. Kasper advanced the amount of \$22,000. There is no interest on the loan, and the loan was due in December 2007.

Each of these transactions is subject to review and scrutiny in connection with counter-claims and cross claims in the lawsuit initiated by Mr. Kasper and independent claims that the Company may choose to litigate in separate actions.

On July 27, 2005, we borrowed \$100,000 from Noel Gimbel, a related individual. The interest rate on the loan is 10% per annum and the loan was due in full on June 15, 2006. We used these funds to produce live music concerts. Mr. Gimbel instituted legal action against the Company and Mr. Kasper to recover the amount of his loan and obtained a default judgment. The default judgment against the Company was subsequently set aside. The default judgment against Mr. Kasper was not set aside. An agreement was reached with Mr. Gimbel and the loan has been paid off by the Company as of December 31, 2008.

During 2006, we received from Kickarock Productions, Inc. loans in the amount of \$42,175. The interest rate on the loans is 7% per annum, and the loan was due in December 2007. The loan was subsequently settled for \$25,000, which payment was made by the Company on April 15, 2008.

On December 26, 2008, we received a loan from Jump Communications in the amount of \$100,000. No due date has been established and the loan is unsecured.

Sources And Uses Of Cash

Summarized in the table below is information derived from our statements of cash flow comparing the year ended December 31, 2008 with the year ended December 31, 2007:

	Year Ended	
	December 31, 2008	December 31, 2007
Net Cash Provided (Used) By		
Operating Activities	\$ (652,394)	\$ (119,577)
Investing Activities	(7,082)	(20,846)
Financing Activities	743,885	133,769
Net Increase (Decrease) in Cash	\$ 84,409	\$ (6,654)

Operating Activities

During the year ended December 31, 2008, our net loss from continuing operations was \$597,266. This includes non-cash items of depreciation in the amount of \$14,921, the issuance of stock for a legal settlement of \$30,925, and the cancellation of debt in the amount of \$71,813. Cash was used by operations by the increase of prepaid expenses of \$11,510, security deposits of \$11,995, and the decrease in accounts payable of \$3,056 and accrued expenses of \$2,600.

During the year ended December 31, 2007, we had a net loss from continuing operations of \$81,809; along with a net income from discontinued operations was \$1,083,016. This included non-cash items of depreciation in the amount of \$18,250, a loss on the disposition of assets of \$7,757, a cancellation of debt in the amount of \$1,343,360, the issuance of common stock for services, consulting fees and other expenses in the amount of \$45,038, and non-cash rent expense in the amount of \$21,000. Cash was provided from operations by the decrease of prepaid expenses in the amount of \$34,413, and the increase in accounts payable in the amount of \$181,053. We used the cash provided from operations to fund a decrease in accrued liabilities of \$84,935.

Investing Activities

During the years ended December 31, 2008 and 2007, the Company purchased \$7,082 and \$20,846 of property and equipment, respectively.

Financing Activities

Financing activities for the year ended December 31, 2008 provided net cash of \$743,885. We sold common stock for cash in the amount of \$988,061, and had proceeds of a loan from a related party of \$100,000, which were offset by the repayment of notes payable to a non-related party in the amount of \$208,370 and a note payable to a related party in the amount of \$135,806.

Financing activities for the year ended December 31, 2007 provided net cash of \$133,769. We repaid a bank overdraft in the amount of \$8,277, and made principal payments on our notes payable to unrelated parties and our notes payable to related parties in the amounts of \$1,068 and \$75,257, respectively. This was offset by proceeds from our notes payable to related parties of \$218,371.

Commitments For Capital Expenditures

At December 31, 2008, we had no commitments for capital expenditures.

Going Concern

The financial statements included in this report are presented on the basis that the Company is a "going concern." Going concern contemplates the realization of assets and the satisfaction of liabilities in the normal course of business over a reasonable length of time. Our auditors have indicated that the following factors raise substantial doubt as to our ability to continue as a going concern:

- we have an accumulated a deficit of \$8,889,774 since inception;
- we have a working capital deficit of \$1,747,740; and
- we continue to incur operating losses;

We believe that the following will help to eliminate this qualification:

- Develop its newly licensed products and technology;
- Obtain investors to fund the working capital needs of the company;
- Reduce operating expenses; and
- We are negotiating the payment of old outstanding payables.

Past Due Accounts Payable

Approximately \$661,000 of accounts payable are over 90 days old.

Off-Balance Sheet Arrangements

There are no guarantees, commitments, lease and debt agreements or other agreements that could trigger an adverse change in our credit rating, earnings, cash flows or stock price, including requirements to perform under standby agreements.

Capital Requirements And Available Capital Resources

Our capital requirements will continue to be significant. However, since we have ceased focusing our business on the production of popular music concerts, the Company's need for cash for that purpose has ended. Our current business focus is on the manufacturing, marketing and sales of our equipment and telecommunications services. Our future cash requirements and the adequacy of available funds will depend on many factors, including the pace at which we expand our manufacturing and sales, our ability to negotiate favorable manufacturing agreements, and whether our sales keep pace with our manufacture of product and network expansion, and the general state of the economy, which impacts the amount of money that may be spent for telecommunications and entertainment.

As of December 31, 2008 we had available \$84,856 of cash on hand and \$1,747,740 of a working capital deficit. Cash generated by our current operations is not sufficient to continue our business for the next twelve months. We will need additional financing during the next 12 months to pay our costs and expenses, if they stay at current levels. To the extent it becomes necessary to raise additional cash in the future, we will seek to raise it through the public or private sale of debt or equity securities, funding from joint-venture or strategic partners, debt financing or short-term loans, or a combination of the foregoing. We may also seek to satisfy indebtedness without any cash outlay through the private issuance of debt or equity securities. We cannot provide any assurances that we will be able to secure the additional cash or working capital we may require to expand our business and exploit the Company's products and services.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

As a smaller reporting company, we are not required to provide the information required by this item.

Item 8. Financial Statements.

The Financial Statements required by Item 310 of Regulation S-K are stated in U.S. dollars and are prepared in accordance with U.S. Generally Accepted Accounting Principles

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have audited the accompanying balance sheets of Interlink-US-Network, LTD (formerly Nutech Digital, Inc.) as of December 31, 2008 and 2007 and the related statements of income, stockholders' equity, and cash flows for the years then ended. Interlink's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. Our audits of the financial statements include examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Interlink-US-Network, LTD (formerly Nutech Digital, Inc.) as of December 31, 2008 and 2007, and the results of its operations, stockholders' equity, and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has suffered recurring losses from operations and is dependent upon the continued sale of its securities or obtaining debt financing for funds to meet its cash requirements. These factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

On August 22, 2007, Interlink-US-Network, Ltd. (formerly known as NuTech Digital, Inc.) changed its business operations to the marketing and sale of its exclusive line of devices and services for the distribution of entertainment video, 2WayTV (videophone) and internet access. Among its hardware products is the SDI-2 wireless video distribution point for surveillance, remote data and entertainment video including 1080P High Definition Video. Also among the Company's hardware products is the FRED, a set top unit that enables all of the Company's services in the home and at the office. The Company continues to use its previously developed technology for the distribution of Video on Demand. This service is being integrated into the new line of equipment as well, using existing servers that provide on-line purchasing interfaces with major credit card services and real time delivery of video.

On September 4, 2008, the Company filed a Certificate of Amendment to their articles of incorporation with the Secretary of State of the State of California, changing its name to Interlink-US-Network, Ltd. The name change was declared effective on October 10, 2008. The Company has begun trading under the new name and the new symbol, IUSN.OB.

Basis of Presentation – Going Concern

The Company's financial statements have been prepared on an accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America. These principles contemplate the realization of assets and liquidation of liabilities in the normal course of business.

These financial statements are presented on the basis that the Company is a going concern. Going concern contemplates the realization of assets and the satisfaction of liabilities in the normal course of business over a reasonable length of time. The following factors raise substantial doubt as to the Company's ability to continue as a going concern:

- A. The Company has accumulated a deficit of \$8,889,774 since inception.
- B. The Company has a working capital deficit of \$1,747,740.
- C. The Company continues to incur operating losses.

Management's plans to eliminate the going concern situation include, but are not limited to:

- A. Develop its newly licensed products and technology.
- B. Obtain investors to fund the working capital needs of the company.
- C. Reduce operating expenses.
- D. Negotiate the payment of old outstanding payables.

Property and Equipment

Property and equipment are stated at cost. Major renewals and improvements are charged to the asset accounts while replacements, maintenance and repairs, which do not improve or extend the lives of the respective assets, are expensed. At the time property and equipment are retired or otherwise disposed of, the asset and related accumulated depreciation accounts are relieved of the applicable amounts. Gains or losses from retirements or sales are credited or charged to income.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Computer equipment	5 years
Computer software	3 years

The Company depreciates its property and equipment for financial reporting purposes using the straight-line method based upon the following useful lives of the assets:

The company also has data transmission equipment on hand that has not yet been placed in service, and therefore is not being depreciated at December 31, 2008.

Revenue Recognition

All income generated by our new line of business will be recorded on the accrual basis. Licensing fees are recorded when the sales transaction occurs.

Disclosure About Fair Value of Financial Instruments

The Company has financial instruments, none of which are held for trading purposes. The Company estimates that the fair value of all financial instruments at December 31, 2008 as defined in FASB 107, does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The estimated fair value amounts have been determined by the Company using available market information and appropriate valuation methodologies. Considerable judgment is required in interpreting market data to develop the estimates of fair value, and accordingly, the estimates are not necessarily indicative of the amounts that the Company could realize in a current market exchange.

Income Taxes

Provisions for income taxes are based on taxes payable or refundable for the current year and deferred taxes on temporary differences between the amount of taxable income and pretax financial income and between the tax bases of assets and liabilities and their reported amounts in the financial statements. Deferred tax assets and liabilities are included in the financial statements at currently enacted income tax rates applicable to the period in which the deferred tax assets and liabilities are expected to be realized or settled as prescribed in FASB Statement No. 109, Accounting for Income Taxes. As changes in tax laws or rates are enacted, deferred tax assets and liabilities are adjusted through the provision for income taxes.

Common Stock Issued for Non-Cash Transactions

It is the Company's policy to value stock issued for non-cash transactions, such as services, at the fair market value of the goods or services received or the consideration granted, whichever is more readily determinable, at the date the transaction is negotiated.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Stock based Compensation

Effective January 1, 2006, the Company adopted Statement of Financial Accounting Standards (“SFAS”) No. 123(R), “Share-Based Payment: An Amendment of FASB Statements No. 123 and 95” using the modified prospective method. Under this method, compensation cost is recognized on or after the effective date for the portion of outstanding awards, for which the requisite service has not yet been rendered, based on the grant date fair value of those awards. Prior to January 1, 2006, the Company accounted for employee stock options using the intrinsic value method in accordance with Accounting Principles Board (“APB”) Opinion No. 25 (“APB No. 25”), “Accounting for Stock Issued to Employees,” and adopted the disclosure only alternative of SFAS No. 123. For stock-based awards issued on or after January 1, 2006, the Company recognizes the compensation cost on a straight-line basis over the requisite service period for the entire award. Measurement and attribution of compensation cost for awards that are unvested as of the effective date of SFAS No. 123(R) are based on the same estimate of the grant-date or modification-date fair value and the same attribution method used previously under SFAS No. 12.

The Black-Scholes option-pricing model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company’s stock options and warrants have characteristics different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management’s opinion, the existing models do not necessarily provide a reliable single measure of the fair value of such stock options.

Long-Lived Assets

Statement of Financial Accounting Standards No. 144, “Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of,” requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the historical cost-carrying value of an asset may no longer be appropriate. The Company assesses the recoverability of the carrying value of an asset by estimating the future net cash flows expected to result from the asset, including eventual disposition. If the future net cash flows are less than the carrying value of the asset, an impairment loss is recorded equal to the difference between the asset’s carrying value and fair value. The Company didn’t have any impairment losses in 2008 or 2007.

Research and Development

Research and development costs are expensed in the year incurred. For the years ended December 31, 2008 and 2007, there were research and development costs of \$243,973 and \$0, respectively.

Shipping and Handling Costs

The Company’s policy is to classify shipping and handling costs as part of cost of good sold in the statements of operations.

Reclassifications

Certain 2007 amounts have been reclassified to conform to 2008 presentations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007

NOTE 2 PROPERTY AND EQUIPMENT

At December 31, 2008 and 2007, property and equipment and accumulated depreciation consist of:

	2008	2007
Data transmission equipment	\$ 700,909	\$ 700,909
Computer equipment	76,443	69,360
Computer software	51,239	51,239
	<u>828,591</u>	<u>821,508</u>
Less accumulated depreciation	89,455	74,533
	<u>\$ 739,136</u>	<u>\$ 746,975</u>

Depreciation expense for the years ended December 31, 2008 and 2007 was \$14,921 and \$18,250, respectively. Our data transmission equipment is not in service at December 31, 2008 and 2007, and is therefore not being depreciated.

NOTE 3 ACCOUNTS PAYABLE

A summary of the accounts payable at December 31, 2008 and 2007 is as follows:

	2008	2007
Warner/Chapell Music	\$ 313,500	\$ 323,500
Other	449,581	463,518
	<u>\$ 763,081</u>	<u>\$ 787,018</u>

NOTE 4 INCOME TAXES

Provision for income taxes

The provision for income taxes for the years ended December 31, 2008 and 2007 represents primarily California franchise taxes and consists of the following:

	2008	2007
Current	\$ 800	\$ -
Deferred	\$ -	\$ -

Deferred Tax Components

	2008	2007
Net operating loss carryforwards	\$ 198,535	\$ 24,820
Less valuation allowance	198,535	24,820
Net deferred tax assets	<u>\$ -</u>	<u>\$ -</u>

Significant components of the Company's deferred tax assets are as follows at December 31, 2008 and 2007:

NOTE 4 INCOME TAXES (CONTINUED)

	2008	2007
Summary of valuation allowance:		
Balance, beginning of year	\$ 24,820	\$ 3,114,621
Change for the year	173,715	(3,089,801)
Balance, end of year	\$ 198,535	\$ 24,820

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets is dependent upon the generation of future taxable income during the period in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment.

Net Operating Loss Carryforwards

The Company has the following net operating loss carryforwards:

Year of Loss	Expiration Date	
December 31, 2004	December 31, 2024	741,152

NOTE 12 STOCK OPTIONS AND WARRANTS

The Board of Directors and stockholders approved the NuTech Digital, Inc. 2001 Equity Incentive Plan which permits the Board of Directors to grant, for a ten year period, both stock purchase rights and stock options. The Company has reserved 12,695,000 shares of its common stock for issuance to the directors, employees and consultants under the Plan. The Plan is administered by the Board of Directors. The administrators have the authority and discretion, subject to the provisions of the Plan, to select persons to whom stock purchase rights or options will be granted, to designate the number of shares to be covered by each option or stock purchase right, to specify the type of consideration to be paid, and to establish all other terms and conditions of each option or stock purchase right. Options granted under the Plan will not have a term that exceeds ten years from date of grant. The stock subject to the plan and issuable upon exercise of options granted under the plan are shares of the Company's common stock, no par value, which may be restricted, or grants of options to purchase shares of common stock. Vesting terms of the options range from immediate to ten years.

NOTE 15 EARNINGS PER SHARE

Earnings per common share is based on the weighted average number of common shares outstanding during the year. All stock options and warrants have exercise prices in excess of the December 31, 2008 and 2007 market price of the stock so they were not considered in the dilutive earnings per share calculation. For the year ended December 31, 2008, preferred stock was not considered in the earnings per share calculation because it was anti-dilutive. Preferred stock was considered in the dilutive earnings per share calculation for the year ended December 31, 2007.

NOTE 16 PENDING LITIGATION

In February of 2008, Mr. Kasper filed suit against the Company, directors of the Company, and Jump Communications. Management feels that the suit is unwarranted and plans to defend itself to the fullest extent. No adjustments have been made to the financial statements at December 31, 2008 for this contingency.

In March of 2008, Sony ATV filed suit against the Company, its former President and Director Lee Kasper, and unrelated third parties claiming copyright violations in connection with the Company's karaoke business, which was discontinued during prior years. Management feels that the Company did not engage in the conduct complained of and plans to defend itself to the fullest extent. No adjustments have been made to the financial statements for this contingency.

NOTE 17 SUBSEQUENT EVENTS

In January of 2009, 301 shares of preferred stock were converted into 250,733 shares of common stock.

Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure.

Farber & Hass LLP, the independent accountant who had been engaged by us as the principal accountant to audit our consolidated financial statements, was dismissed effective April 14, 2005. On April 14, 2005, our Board of Directors approved the engagement of Weaver & Martin, LLC as our new principal independent accountant to audit our consolidated financial statements for the year ending December 31, 2005.

The decision to change our independent accountant from Farber & Hass LLP to Weaver & Martin, LLC was approved by our Board of Directors.

The report of Farber & Hass LLP on our financial statements as of and for the years ended December 31, 2004 and December 31, 2003 did not contain an adverse opinion, or a disclaimer of opinion, however the report issued on the financial statements for the year ended December 31, 2004 was modified as to our ability to continue as a going concern. During the periods ended December 31, 2003 and December 31, 2004 and the interim period from January 1, 2005 through the date of dismissal, we did not have any disagreements with Farber & Hass LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Farber & Hass LLP, would have caused it to make a reference to the subject matter of the disagreements in connection with its reports.

Prior to engaging Weaver & Martin, LLC, we had not consulted Weaver & Martin, LLC regarding the application of accounting principles to a specified transaction, completed or proposed, or the type of audit opinion that might be rendered on our financial statements.

On October 5, 2007, the firm of Weaver & Martin resigned as the auditor of record for the Company. There were no disagreements between the Company and Weaver & Martin, and Weaver & Martin did not issue any adverse opinion or disclaimer or opinion in the principal accountant's report on the financial statement for the Company in either of the past two years.

On October 26, 2007, the Company retained Michael F. Albanese, CPA in Parsippany, New Jersey to act as the publicly registered auditor of the Company and to review the Company's Form 10-QSB for September 30, 2007. Prior to engaging Michael F. Albanese, CPA, we had not consulted Michael F. Albanese, CPA, regarding the application of accounting principles to a specified transaction, completed or proposed, or the type of audit opinion that might be rendered on our financial statements.

On March 3, 2008, Michael F. Albanese, CPA advised the Company that he resigned as our auditor of record. There have been no disagreements between the Company and Michael F. Albanese, and Michael F. Albanese did not issue any adverse opinion or disclaimer or opinion in the principal accountant's report on the financial statements for the Company in either of the past two years and any subsequent interim period through the date of resignation.

On March 3, 2008, the Company retained the firm of Weaver & Martin in Kansas City, Missouri to act as the principal accountant of the Company to audit the Company's financial statements.

Item 9A. Controls and Procedures.

(a) Evaluation of disclosure controls and procedures. In connection with the preparation of this Annual Report on Form 10-K, an evaluation was carried out by the Company's management, with the participation of our Chief Executive Officer and Principal Financial Officer, of the effectiveness of our "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this Annual Report on Form 10-K (the "Evaluation Date"). Disclosure controls and procedures are designed to ensure that information required to be disclosed in reports filed or submitted under the Securities Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosures.

During the evaluation of disclosure controls and procedures as of December 31, 2008 conducted during the preparation of our financial statements to be included in this annual Report on Form 10-K, no material weakness in internal control over financial reporting was identified. The Company has concluded that as of the Evaluation Date, our disclosure controls and procedures are effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Accounting Officer, as appropriate, to allow timely decisions regarding required disclosure.

Management's Report on Internal Control Over Financial Reporting

Management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control over financial reporting is a process, under the supervision of our Chief Executive Officer and Chief Financial Officer, designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements for external purposes in accordance with GAAP.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Company's management conducted an assessment of the effectiveness of our internal control over financial reporting as of December 31, 2008 based on the criteria established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. Our management has concluded that, as of December 31, 2008, no material weakness existed in our financial statements.

(b) Changes in internal control over financial reporting. There were no changes in the Company's internal control over financial reporting during the fourth fiscal quarter that materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Item 9B. Other Information.

A. Frederick Greenberg and Richard M. Greenberg are brothers.

Business Experience:

A. Frederick Greenberg,

Chief Executive Officer and Director

From 1962 to 1967, Mr. A. **F**rederick Greenberg served as a line officer in the United States Navy, specializing in communications. As part of his duties, he participated in the design of the Navy's 20-year communications plans for the Atlantic area, commanded the Naval Communications Station in Driver, Virginia, served as Radio Officer aboard the aircraft carrier, U.S.S. Intrepid and as Communications Officer in Guantanamo Bay, Cuba for the duration of the "Cuban Missile Crisis." From 1981 through 1984, he arranged for the acquisition and distribution of theatrically released major motion pictures including "First Blood (Rambo)" (1982), and "The Terminator" (1984) and motion picture libraries. From 1990 to 1993, he conceived and oversaw development of the world's first direct digital broadcast satellite system, called SkyPix. In 1993, Mr. Greenberg and Nynex successfully tested the use of DSL technology (DSL) to distribute full-motion video. In 1995, he developed a system for home delivery of unlimited channel capacity and 2-Way Video for NYNEX CableComms Ltd. in London, England. From 1995 until 2005, he conceived and developed a fully switched broadband telephone network for real-time 2-Way Video and data, targeting enterprise, military, educational, medical and government market verticals. Mr. Greenberg graduated from Phillips Academy, Andover, Massachusetts in 1956 and from Harvard College in 1960. Mr. Greenberg is Richard M. Greenberg's brother and has worked alongside him in all things since 1972.

Richard M. Greenberg,

President, Secretary, Treasurer and Director

Mr. Richard M. Greenberg has engaged in various entrepreneurial enterprises. Mr. Greenberg graduated from Phillips Academy, Andover, Massachusetts in 1962, and from Harvard College in 1965, and received a Juris Doctorate from Fordham University School of Law in 1968. He served in the Judge Advocate General Corps of the United States Navy from 1969 to 1972.

There have been no material changes to the procedures by which shareholders may recommend nominees to our Board of Directors, as described in our last proxy statement.

Term of Office

The Directors named above will serve until the next annual meeting of our shareholders. Absent an employment agreement, officers hold their positions at the pleasure of the Board of Directors.

Code of Ethics

On February 13, 2004 our Board of Directors adopted a Code of Business Conduct and Ethics that applies to all of our officers, Directors and employees. We will provide to any person, upon request and without charge, a copy of our Code of Ethics. Requests should be in writing and addressed to Mr. Richard M. Greenberg, c/o Interlink-US-Network, Ltd., 10390 Wilshire Boulevard, Penthouse 20, Los Angeles, California 90024.

COMPENSATION DISCUSSION AND ANALYSIS

Director Compensation

Other than Mr. Hergott, our former Director, who previously drew a salary from us for his services to the Board of Directors, our Directors do not receive any separate consideration from the Company other than the compensation (if any), that they are paid as the Company's executives for their services on the Board of Directors. The Board of Directors reserves the right in the future to award the members of the Board of Directors cash or stock based consideration for their services to the Company, which awards, if granted shall be in the sole determination of the Board of Directors. Mr. Hergott accrued \$1,538 of consideration during the year ended December 31, 2006, in connection with his service to the Board of Directors; however, Mr. Hergott has since resigned from the Company.

Executive Compensation Philosophy

Our Board of Directors determines the compensation provided to our executive officers in their sole determination. Our executive compensation program is designed to attract and retain talented executives to meet our short-term and long-term business objectives. In doing so, we attempt to align our executives' interests with the interests of our shareholders by providing an adequate compensation package to such executives. This compensation package may include a base salary, funding permitting, which we believe is competitive with other companies of our relative size. In addition, we have previously granted certain options to our executive and non-executive employees as part of our compensation package, and our Board of Directors reserves the right to award incentive bonuses which are linked to our performance, as well as to the individual executive officer's performance in the future. This package may also include long-term, stock based compensation to certain executives which is intended to align the performance of our executives with our long-term business strategies. As we have had significant working capital deficiencies during the past two fiscal years, our executive officers have agreed to keep their salaries and compensation packages to a minimum to conserve our working capital for business operations and current liabilities.

Compliance With Section 16(a) of Exchange Act

Section 16(a) of the Securities Exchange Act requires our Directors, executive officers and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership of our common stock with the Securities and Exchange Commission. Directors, executive officers and persons who own more than 10% of our common stock are required by Securities and Exchange Commission regulations to furnish to us copies of all Section 16(a) forms they file.

To our knowledge, based solely upon review of the copies of such reports received or written representations from the reporting persons, we believe that during our 2006 fiscal year our Directors, executive officers and persons who own more than 10% of our common stock did not comply with all Section 16(a) filing requirements. These deficiencies include, but are not limited to the fact that Mr. Aramyan and Giarmo failed to file Form 4 filings in connection with the issuances of shares they received in December 2006 and Mr. Kasper failed to file a Form 4 in connection with his grant of shares in January 2007.

Employment Agreements

On September 1, 2005, the Company's Board of Directors approved an Employment Agreement for Lee Kasper, as the Company's President. The term of the Employment Agreement is seven years. After the initial term, unless either party gives 180 days notice to the other that it wishes to terminate the Employment Agreement, the term will be renewed for successive one year periods. The validity of Mr. Kasper's Employment Agreement is currently in dispute.

Mr. Kasper received a base salary of \$600,000 during 2005. In 2006, the agreement was amended to reduce Mr. Kasper's salary to 300,000 for 2006 and all subsequent years of the agreement. Mr. Kasper was also be entitled to receive an annual performance bonus based on standards and goals established by the Board of Directors and Mr. Kasper within 90 days of the beginning of each fiscal year. Mr. Kasper was also entitled to participate in any benefit programs established for the Company's employees.

The Company terminated Mr. Kasper's employment for cause on November 6, 2007 by written consent of the majority of shareholders.

In February of 2008, Mr. Kasper filed suit against the Company, directors of the Company, and Jump Communications. Management feels that the suit is unwarranted and plans to defend itself to the fullest extent possible. No adjustments have been made to the financial statements at December 31, 2007 for this contingency.

Item 11. Executive Compensation.

The following table sets forth information as to the compensation paid or accrued to our officers and Directors, for the years ended December 31, 2008, December 31, 2007 and December 31, 2006:

(1) All but \$1,000 of the amount Mr. Kasper was due in salary for the year ended December 31, 2006, was accrued. Additionally, \$56,227 of Mr. Kasper's salary for the year ended December 31, 2004 was accrued. As a result, the total amount of accrued salary owed to Mr. Kasper as of December 31, 2006, was approximately \$268,688. This amount was forgiven by Mr. Kasper and so reported in the Company's 10Q for the period ending September 30, 2007

(2) Mr. Kasper was issued 2,000,000 shares of common stock in January 2007, in consideration for payroll accrued in 2006 and the fact that Mr. Kasper has not demanded repayment of any of his outstanding loans to the Company, which shares were valued at approximately \$30,000. Because these shares were issued in consideration for accrued payroll, they have not been given any value in the table above.

(3) All but \$7,000 of the amount Mr. Giarmo was due in salary for the year ended December 31, 2006, was accrued. As a result, the total amount of accrued salary owed to Mr. Giarmo as of December 31, 2006 was \$38,179. This amount was forgiven by Mr. Giarmo and so reported in the Company's 10Q for the period ending September 30, 2007

(4) Represents the value of 500,000 shares of common stock issued to Mr. Giarmo on December 15, 2006, in consideration for services rendered during 2006.

(5) All but \$7,000 of the amount Mr. Aramyan was due in salary for the year ended December 31, 2006, was accrued. As a result, the total amount of accrued salary owed to Mr. Aramyan as of December 31, 2006 was \$14,000. This amount was forgiven by Mr. Aramyan and so reported in the Company's 10Q for the period ending September 30, 2007

(6) Represents the value of 500,000 shares of common stock issued to Mr. Aramyan on December 15, 2006, in consideration for services rendered during 2006.

(7) The entire amount of Mr. Hergott's salary reported above for the year ended December 31, 2006, was accrued. As a result, the total amount of accrued salary owed to Mr. Hergott as of December 31, 2006 was \$1,538. This amount was forgiven by Mr. Hergott and so reported in the Company's 10Q for the period ending September 30, 2007.

* Does not include approximately \$2,000 per month which Mr. Kasper was paid by us for use of a portion of his home as an office for the Company in 2006 and 2007.

2009 Interlink-US-Network Equity Incentive Plan

The Board of Directors of the Company and the stockholders holding more than approximately 71.5% of the outstanding voting shares of the Company's stock recently approved a resolution to enact the Interlink-US-Network, Ltd. 2009 Equity Incentive Plan (the "Plan"). The Company currently employs a number of employees and consultants, but would like to provide additional compensation to these employees and consultants, as well as create an incentive for new employees and consultants which the Company intends to retain in the near future. Therefore, the Company has decided to enact the Plan as a means to provide additional compensation to the Company's employees and consultants. The Plan gives the Company the authority to grant and issue up to 2,000,000 shares of Common Stock to eligible employees and consultants. The grants may come in the form of options to purchase Common Stock, restricted stock awards or registered stock awards, all in the discretion of the Company's Board of Directors. The Board of Directors believes that the Plan is in the best interests of both the Company and its stockholders to help the Company attract and maintain experienced and talented employees, while providing an incentive for them to perform at the peak of their abilities. Currently, there are no shares, options or other grants or awards of shares of Common Stock issued and outstanding under the Plan.

Outstanding Options Held by Officers and Directors As of December 31, 2008

As of December 31, 2008, any and all options previously granted under the 2001 NuTech Digital, Inc. Equity Incentive Plan either expired or were cancelled pursuant to terms of the Plan.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The following table sets forth, as of March 30, 2009, information regarding the beneficial ownership of our common stock with respect to each of our executive officers, each of our Directors, each person known by us to own beneficially more than 5% of the common stock, and all of our Directors and executive officers as a group. Beneficial ownership is determined under the rules of the Securities and Exchange Commission and generally includes voting or investment power over securities. The term "executive officer" is defined as the Chief Executive Officer/President, Chief Financial Officer and the Vice-President. Each individual or entity named has sole investment and voting power with respect to the shares of common stock indicated as beneficially owned by them, subject to community property laws, where applicable, except where otherwise noted.

Shares of common stock subject to options or warrants that are currently exercisable or exercisable within 60 days of March 31, 2009, are considered outstanding and beneficially owned by the person holding the options or warrants for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

<u>Name and Address (1)</u>	<u>Number of Shares of Common Stock Beneficially Owned</u>	<u>Percentage of Ownership</u>
A. Frederick Greenberg Chief Executive Officer and Director	14,538,249 (2)	70.6%(3)
Richard M. Greenberg President, Treasurer, Secretary and Director	--	0%
All current Officers and Directors (2 Persons)	14,538,249 (2)	70.6%(3)

(1) Unless otherwise indicated, the address of the persons named in this column is Interlink-US-Network, Ltd., 10390 Wilshire Boulevard, Penthouse 20, Los Angeles, California 90024.

(2) On August 2, 2007, Jump Communications, Inc. ("Jump") entered into an Asset Purchase Agreement and a License Agreement with the Issuer pursuant to which Jump agreed to sell certain assets and license certain technology to the Issuer in exchange for 90% of the issued and outstanding stock of the Issuer. On August 22, 2007, the transaction between the Issuer and Jump closed, with the Issuer issuing 23,800 shares of Series A Convertible Preferred Stock to Jump. Each share of Series A Convertible Preferred Stock is convertible into 833 shares of Common Stock, no par value per share, of the Issuer. The conversion is at the sole discretion of the Preferred shareholder and may be exercised at any time and from time to time. In addition, each share of Series A Convertible Preferred Stock is entitled 833 votes on each issue presented to the shareholders by the Issuer. In addition, Jump owns 733 shares of Common Stock. The Reporting Person holds 100% percent of the issued and outstanding stock of Jump.

(3) On a fully converted and diluted basis, these shares of Series A Convertible Preferred Stock would represent 70.6% of the issued and outstanding shares of Common Stock of the Issuer.

(4) Based on 6,057,913 shares of common stock outstanding assuming the exercise of all options held by the Company's current and former officers and Directors, and the conversion of all outstanding shares of Series A Convertible Preferred Stock.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

In order to fund working capital requirements, we have from time to time borrowed money from persons who are executive officers, Directors and/or beneficial holders of 5% or more of our common stock, or their affiliates. Our unpaid principal indebtedness to these persons is set forth below.

In July 2000, Mr. Kasper provided both his personal residence and his personal guaranty as security for a loan in the amount of \$900,000 that we borrowed through the Small Business Administration. The Company currently makes monthly payments of \$7,488. This loan is described in greater detail above under "Liquidity and Capital Resources."

On May 15, 2001, our Board of Directors adopted and our shareholders approved the NuTech Digital, Inc. 2001 Equity Incentive Plan (the "Equity Incentive Plan"). The Equity Incentive Plan has a term of 10 years and is administered by our Board of Directors. Pursuant to the Equity Incentive Plan, the Board of Directors may grant to eligible persons, which include employees, officers, Directors, consultants and agents, awards of options (which may be qualified or non-qualified) or common stock. 3,500,000 shares of our common stock were originally set aside for grants made under the Equity Incentive Plan. Pursuant to the terms of the Equity Incentive Plan, the number of shares available for issuance may be increased on the first day of each fiscal year by a number that will increase the total number of shares reserved to 30% of our issued and outstanding common stock. As of December 31, 2006, a total of 12,695,000 shares of the common stock included in the Equity Incentive Plan had been reserved for issuance for awards. Of this amount, all have since been cancelled or expired.

In March 2002, Mr. Kasper also agreed to personally guarantee our bank line of credit in the amount of \$650,000. We breached certain covenants of the loan agreement and our lender, U.S. Bank, N.A. wanted us to repay the loan. On November 7, 2002, U.S. Bank, N.A. agreed to make a loan in the amount of \$640,000 to Mr. Lee Kasper, who used the proceeds to pay-off our line of credit. The loan to Mr. Kasper required 30 monthly payments of \$21,333 plus interest at 3% over prime. We pledged all of our assets as collateral for repayment of the loan and we have guaranteed repayment of the loan. This loan is paid in full.

In February 2003, Mr. Kasper received a personal loan of \$500,000 from Skura Intercontinental Trading Company, which is secured by his assets. The interest rate of the loan is 3% and the term is 36 months. Mr. Kasper loaned these funds to us on terms identical to the terms he received.

In July 2003, the Company adopted the 2003 Consultant Stock Plan and reserved 5,000,000 shares of common stock for issuance to consultants for the Company. The purpose of the plan is to advance the interests of the Company by helping the Company obtain and retain the services of persons providing consulting service upon whose judgment, initiative, efforts and/or service the Company is substantially dependent, by offering to or providing those persons with incentives or inducements affording such persons an opportunity to become owners of common stock in the Company. The plan term is for ten years and the shares are issued at the fair market value on the date the shares are awarded.

On June 18, 2004, Lee Kasper was granted an option to purchase 2,000,000 shares of common stock at a price of \$0.385 per share, 110% of the fair market value on the date of grant. The term of the option is five years. Mr. Kasper had the right to purchase 1,000,000 shares if the Company earns at least \$2,000,000 in any calendar quarter during the 2004 fiscal year. Mr. Kasper's right to purchase an additional 500,000 shares would have vested if the Company earns at least \$5,000,000 in revenues during the 2004 fiscal year. The right to purchase 500,000 shares would vest if the Company successfully produces at least two major music concerts during the 2004 fiscal year. A major music concert is defined as a concert having a production budget that is no less than \$250,000. The Company has successfully produced two major music concerts during the 2004 fiscal year. As of December 31, 2004, the right to purchase 1,500,000 of those warrants had lapsed. No options remain as of December 31, 2008.

On June 18, 2004, our former Vice President and Director Joseph Giarmo was granted an option to purchase 300,000 shares of common stock at a price of \$0.35 per share, the fair market value on the date of grant. The term of the option is ten years. The right to purchase 150,000 shares vested immediately, in recognition of Mr. Giarmo's efforts in filming our first music concert. Mr. Giarmo was granted the right to purchase 50,000 shares if the Company earned at least \$2,000,000 in any calendar quarter during the 2004 fiscal year. Mr. Giarmo's right to purchase an additional 50,000 shares was to vest if the Company earned at least \$5,000,000 in revenues during the 2004 fiscal year. The right to purchase 50,000 shares was to vest if the Company successfully produced at least two major music concerts during the 2004 fiscal year. A major music concert is defined as a concert having a production budget that is no less than \$250,000. The Company successfully produced two major music concerts during the 2004 fiscal year. As of December 31, 2004, the right to purchase 100,000 of those warrants had lapsed. . No options remain as of December 31, 2008.

On June 18, 2004, our former Director Yegia Eli Aramyan was granted an option to purchase 100,000 shares of common stock at a price of \$0.35 per share, the fair market value on the date of grant. The term of the option was ten years. The right to purchase 25,000 shares vest immediately, in recognition of Mr. Aramyan's past service to the Company. The right to purchase the remaining 75,000 shares vests over a three year period, 25,000 shares per year, on the anniversary date of the date of grant. No options remain as of December 31, 2008.

On September 1, 2004, our former Director Joseph Giarmo was granted an option to purchase 1,000,000 shares of common stock at a price of \$0.26 per share, the fair market value on the date of grant. The term of the option was ten years. The right to purchase 500,000 shares vested on the date of grant while the right to purchase the remaining 500,000 shares vested on October 1, 2004. No options remain as of December 31, 2008.

On September 1, 2004, our former Director Jay Hergott was granted an option to purchase 40,000 shares of common stock at a price of \$0.26 per share, the fair market value on the date of grant. The term of the option is ten years. The option vested immediately. No options remain as of December 31, 2008.

On March 17, 2005, the Company issued a warrant to acquire up to 3,000,000 shares of common stock at an exercise price of \$0.14 to the Company's former President, Lee Kasper. On April 26, 2005, the warrant was cancelled by mutual agreement of the Company and Mr. Kasper. No options remain as of December 31, 2008.

On September 1, 2005, Lee Kasper was granted an option to purchase 6,000,000 shares of common stock at a price of \$0.121 per share, 110% of the fair market value on the date of grant as an incentive to execute an Employment Agreement with the Company. The term of the option is five years. The option vested immediately. . No options remain as of December 31, 2008.

In August 2005, Mr. Kasper received an additional \$350,000 loan from Skura Intercontinental Trading Company, which is secured by his personal residence. Mr. Kasper loaned these funds to us on the same terms on which they were borrowed. The interest rate is 8% and the term is 36 months.

In or around July 2006, we adopted the NuTech Digital, Inc. 2006 Directors, Officers and Consultants, Stock Option, Stock Warrant and Stock Award Plan, which has not been approved by our shareholders, which plan allowed for the issuance of 5,000,000 shares of common stock, warrants options or preferred stock to eligible Directors, employees, consultants, and attorneys who provide bona fide services to the Company, which is described in greater detail in our Registration Statement on Form S-8, filed with the Commission on August 2, 2006.

On December 15, 2006, we issued 500,000 shares of common stock to our Director Joseph Giarmo, in consideration for services rendered by Mr. Giarmo during 2006.

On December 15, 2006, we issued 500,000 shares of common stock to our former Director Yegia Eli Aramyan, in consideration for services rendered by Mr. Aramyan during 2006.

On January 10, 2007, we issued 2,000,000 shares of common stock to our former Chief Executive Officer and Director, Lee Kasper in consideration of payroll accrued in 2006 and the fact that Mr. Kasper has not demanded repayment of any of his outstanding loans to the Company.

On May 1, 2001, the Company leased its office and warehouse facilities for five years and three months. The base rental was \$7,800 per month plus operating costs with cost of living adjustments in May of each year. The lease terminated on July 31, 2006.

At the end of the lease, the Company relocated to the home of an officer of the Company. From August 1, 2006 through September 30, 2007, the Company was being charged an amount of \$2,000 per month for the use of this location.

On October 1, 2007, the Company entered into a thirty-six month lease with Jump Communications, Inc. for office and warehouse space. The base rental is \$10,000 per month, plus operating costs. The lease terminates on September 30, 2010. Our Chief Executive Officer, A. Frederick Greenberg, is the principal shareholder and sole officer of Jump.

On October 1, 2007, the Company entered into a twelve month lease with Jump Communications, Inc. for office space in New York, N.Y. The base rental is \$3,100 per month, plus operating costs. The lease was renewed on September 30, 2008.

The Board of Directors of the Company and the stockholders holding more than approximately 71.5% of the outstanding voting shares of the Company's stock recently approved a resolution to enact the Interlink-US-Network, Ltd. 2009 Equity Incentive Plan (the "Plan"). The Company currently employs a number of employees and consultants, but would like to provide additional compensation to these employees and consultants, as well as create an incentive for new employees and consultants which the Company intends to retain in the near future. Therefore, the Company has decided to enact the Plan as a means to provide additional compensation to the Company's employees and consultants. The Plan gives the Company the authority to grant and issue up to 2,000,000 shares of Common Stock to eligible employees and consultants. The grants may come in the form of options to purchase Common Stock, restricted stock awards or registered stock awards, all in the discretion of the Company's Board of Directors. The Board of Directors believes that the Plan is in the best interests of both the Company and its stockholders to help the Company attract and maintain experienced and talented employees, while providing an incentive for them to perform at the peak of their abilities. Currently, there are no shares, options or other grants or awards of shares of Common Stock issued and outstanding under the Plan.

Item 14. Principal Accountant Fees and Services.

The following table sets forth fees billed to us by our auditors during the fiscal years ended December 31, 2008 and December 31, 2007 for: (i) services rendered for the audit of our annual financial statements and the review of our quarterly financial statements, (ii) services by our auditor that are reasonably related to the performance of the audit or review of our financial statements and that are not reported as Audit Fees, (iii) services rendered in connection with tax compliance, tax advice and tax planning, and (iv) all other fees for services rendered.

EXHIBIT 31.1

CERTIFICATION OF CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, A. Frederick Greenberg, Chief Executive Officer of Interlink-US-Network, Ltd. (the "Company"), certify that:

1. I have reviewed this annual report on Form 10-K of the Company.
2. Based on my knowledge, this annual report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report.
3. Based on my knowledge, the financial statements, and other financial information included in this annual report, fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this annual report.
4. The Company's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Company and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the Company's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the Company's internal control over financial reporting that occurred during the Company's most recent fiscal quarter (the Company's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
5. The Company's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Company's auditors and the audit committee of the Company's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting.
