**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD SEPTEMBER 10, 2015**

---

The annual meeting of shareholders of H&R Block, Inc., a Missouri corporation (the "Company"), will be held at the H&R Block Center located at One H&R Block Way (corner of 13<sup>th</sup> and Main Streets), Kansas City, Missouri, on Thursday, September 10, 2015, at 9:00 a.m. Central time. Shareholders attending the meeting are asked to park in the H&R Block Center parking garage located beneath the H&R Block Center (enter the parking garage from either Main or Walnut Street). The meeting will be held for the following purposes:

1. Election of the ten nominees for director named in this proxy statement (See page 5);
2. Ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending April 30, 2016 (See page 58);
3. Advisory approval of the Company's named executive officer compensation (See page 59); and
4. To transact such other business as may properly come before the meeting and any adjournment or postponement thereof.

The foregoing items of business are more fully described in the proxy statement accompanying this notice. The Board of Directors has fixed the close of business on July 10, 2015 as the record date for determining shareholders of the Company entitled to receive notice of and vote at the meeting and any adjournment or postponement thereof.

**WHETHER OR NOT YOU EXPECT TO ATTEND THE ANNUAL MEETING, WE URGE YOU TO VOTE YOUR SHARES VIA THE TOLL-FREE TELEPHONE NUMBER OR OVER THE INTERNET, AS PROVIDED IN THE ENCLOSED MATERIALS. IF YOU REQUESTED A PROXY CARD BY MAIL, YOU MAY SIGN, DATE AND MAIL THE PROXY CARD IN THE ENVELOPE PROVIDED.**

By Order of the Board of Directors,

A handwritten signature in black ink that reads "Scott W. Andreasen".

SCOTT W. ANDREASEN  
Vice President and Secretary

Kansas City, Missouri  
July 28, 2015

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF  
SHAREHOLDERS TO BE HELD ON SEPTEMBER 10, 2015.**

The Notice of Annual Meeting, Proxy Statement and Annual Report on Form 10-K for the fiscal year ended April 30, 2015 are available at [www.proxyvote.com](http://www.proxyvote.com).

July 28, 2015

Dear Fellow Shareholder,

Our annual meeting of shareholders is scheduled for September 10, 2015, offering another opportunity for our shareholders to participate in the governance of the Company and provide valuable feedback to our Board of Directors. This year's meeting marks the fifth annual meeting for Bill Cobb as our President and CEO and me as Chairman of the Board and, while this tax season was marked by many challenges and unique industry developments, we look forward to discussing your Company's performance during the year and our opportunities going forward.

Bill Cobb will provide an overview of fiscal year 2015 performance at the annual meeting. The Company had a successful year, as we delivered top line revenue growth for the third consecutive year and maintained strong EBITDA margins of approximately 31%. We grew DIY revenues by 12% and DIY tax return volume by 8%, and, through our Tax Plus products, we continued to provide tremendous value to our clients. Internationally, we built on the momentum from past seasons, increasing revenues 8% in local currency. Overall, we achieved much of what we set out to accomplish. We served our clients well, invested wisely with an eye toward the future, led the fight against fraud and advocated for other improvements within the industry, and continued to deliver value to you, our shareholders.

At H&R Block, management and the Board operate with the same core value – ***"We do the right thing."*** For the Board, this core value is evidenced by, among other things, the efforts we've made to align our executives' interests with those of our shareholders. To that end, our Board has maintained its focus on "pay-for-performance" as a key component of our culture, as we believe that superior performance by our executive officers and management is essential to achieving our goal of increasing shareholder value. Starting at the top, Bill Cobb's compensation is heavily weighted to equity rather than cash, and the value of this equity compensation is largely determined by our Company's performance over time.

We continue to be pleased that you, our shareholders, agree with our approach. Last year, approximately 98% of the shares voted at the annual meeting were voted "for" our "say-on-pay" proposal. Given this overwhelming level of support from you, our shareholders, the Compensation Committee has retained the core design of our executive compensation program in fiscal year 2016. The Committee believes, in agreement with its independent consultant, that the current design appropriately rewards our executives for their performance, motivates them to work toward achieving our long term objectives, and strengthens the alignment of their interests with those of our shareholders. More information about our overall compensation philosophy and our specific program design is available for review in this proxy statement.

I want to call your attention to the Board's unanimous nomination of Richard A. Johnson, Chief Executive Officer and President of Foot Locker, Inc., to serve as a new member of our Board following the annual meeting. Dick brings extensive knowledge of both brick-and-mortar and digital retail operations, as well as significant leadership, operations, financial management, and enterprise risk management experience. We are very pleased that Dick has agreed to serve on our Board, and we strongly recommend that shareholders vote in favor of his election. More information about all our director nominees, and the other items on the agenda for our annual meeting, are described in detail in this proxy statement, which I encourage you to closely review.

On behalf of the entire Board, I'd like to thank you for your support. We continue to be very excited about H&R Block's future and, as we seek to capture the opportunities that lie ahead, we are honored by the confidence you have shown through your ownership of our shares.

A handwritten signature in black ink, appearing to read "R. Gerard", with a long horizontal flourish extending to the right.

Robert A. Gerard  
*Chairman of the Board*

### QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the “Board of Directors” or “Board”) of H&R Block, Inc., a Missouri corporation (“H&R Block” or the “Company” or “we”) for use at the annual meeting of shareholders of the Company to be held on Thursday, September 10, 2015 at 9:00 a.m. Central time, at the H&R Block Center located at One H&R Block Way (corner of 13<sup>th</sup> and Main Streets), Kansas City, Missouri. References to the annual meeting in this proxy statement include any adjournment or postponement thereof. This proxy statement contains information about the matters to be voted on at the meeting and the voting process, as well as information about our directors and executive officers.

#### **WHY DID I RECEIVE A NOTICE IN THE MAIL REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS INSTEAD OF A FULL SET OF PRINTED PROXY MATERIALS?**

Pursuant to rules adopted by the Securities and Exchange Commission (“SEC”), we are making this proxy statement and our 2015 Annual Report available to shareholders electronically via the internet. Unless you have already requested to receive a printed set of proxy materials, you will receive an “Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be held on September 10, 2015” (the “Notice”), which contains instructions on how to access proxy materials and vote your shares via the internet or, if you prefer, to request a printed set of proxy materials at no cost to you. On or about July 28, 2015, we mailed the Notice or, for shareholders who have already requested to receive a printed set of proxy materials, this proxy statement, an accompanying proxy card, and our 2015 Annual Report, to our shareholders of record. All shareholders will be able to access this proxy statement and our 2015 Annual Report on the website referred to in the Notice or request to receive printed copies of the proxy materials.

#### **HOW CAN I ELECTRONICALLY ACCESS THE PROXY MATERIALS?**

The Notice provides you with instructions on how to view our proxy materials for the annual meeting on the internet. The website on which you will be able to view our proxy materials will also allow you to choose to receive future proxy materials electronically, which will save us the cost of printing and mailing documents to you. If you choose to receive future proxy materials electronically, you will receive an email next year with instructions containing a link to the proxy voting site. Your election to receive proxy materials electronically will remain in effect until you terminate it.

#### **HOW CAN I OBTAIN A FULL SET OF PRINTED PROXY MATERIALS?**

The Notice will provide you with instructions on how to request to receive printed copies of the proxy materials. You may request printed copies up until one year after the date of the meeting.

#### **WHAT AM I VOTING ON?**

You are voting on three items of business at the annual meeting:

- Election of the ten nominees for director named in this proxy statement (Proposal 1);
- Ratification of the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for the fiscal year ending April 30, 2016 (Proposal 2); and
- Advisory approval of the Company’s named executive officer compensation (Proposal 3).

#### **WHO IS ENTITLED TO VOTE?**

Shareholders of record as of the close of business on July 10, 2015 are entitled to vote at the annual meeting. Each share of H&R Block common stock is entitled to one vote.

## WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A SHAREHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

If your shares are registered directly in your name with the Company’s transfer agent, Wells Fargo Shareowner Services (“Wells Fargo”), you are considered a “registered shareholder” and are considered, with respect to those shares, the “shareholder of record.” If you are a shareholder of record, the Notice or proxy materials were sent to you directly by the Company, and you may vote by any of the methods described below under “How Do I Vote?”.

If your shares are registered in the name of a stock brokerage account or by a broker, bank, or other nominee on your behalf (referred to as being held in “street name”), you are considered a “beneficial owner” of shares held in street name, and the broker, bank, or other nominee forwarded the Notice or proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank, or other nominee holding your shares how to vote and you are also invited to attend the annual meeting. However, since you are not a shareholder of record, you may not vote these shares in person at the annual meeting unless you bring with you a legal proxy from the shareholder of record.

## WHAT ARE THE VOTING RECOMMENDATIONS OF THE BOARD OF DIRECTORS AND THE VOTING REQUIREMENTS?

Our Board of Directors recommends that you vote your shares as follows:

<i>Proposal</i>	<i>Board Recommendation</i>	<i>More Information</i>	<i>Broker Discretionary Voting Allowed?</i>	<i>Votes Required for Approval</i>	<i>Abstentions and Broker Non-Votes</i>
1. Election of Directors.	<b>FOR each Nominee</b>	<b>Page 5</b>	<b>No</b>	The affirmative vote of a majority of shares present in person or represented by proxy, and entitled to vote on the matter, is necessary for election or approval of each of the proposals.	Abstentions have the same effect as votes AGAINST the relevant proposal.
2. Ratification of the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for the fiscal year ending April 30, 2016.	<b>FOR</b>	<b>Page 58</b>	<b>Yes</b>		Broker non-votes have no impact on the outcome of the vote for any of the proposals.
3. Advisory approval of the Company’s named executive officer compensation.	<b>FOR</b>	<b>Page 59</b>	<b>No</b>		

### Broker Discretionary Voting

On non-routine proposals, a broker non-vote occurs because a broker, bank, or other nominee holding shares on behalf of a beneficial owner is prohibited from exercising discretionary voting authority for a beneficial owner who has not provided voting instructions. Brokers, banks, and other nominees may vote without instruction only on “routine” proposals. On “non-routine” proposals, nominees cannot vote without instructions from the beneficial owner, resulting in so-called “broker non-votes.” Proposal 2, the ratification of Deloitte & Touche LLP as the Company’s independent registered public accounting firm, is the only routine proposal on the ballot for the annual meeting and the only proposal on the ballot for which broker discretionary voting is permitted. All other proposals are non-routine. If you hold your shares with a broker, bank, or other nominee, they will not be voted on non-routine proposals unless you give voting instructions to such nominee.

## Voting Requirements and Effect of Abstentions and Broker Non-Votes

For each matter to be voted upon at the annual meeting, shareholders may vote “for,” “against,” or “abstain.”

For each of the proposals, the affirmative vote of a majority of shares present in person or represented by proxy, and entitled to vote on the matter, is necessary for election or approval. The vote on Proposal 3, the approval of the Company’s named executive officer compensation, is a non-binding advisory vote only.

Shares represented in person or by a proxy that directs that the shares abstain from voting are deemed to be represented at the meeting as to that particular matter, and have the same effect as a vote against the proposals. Broker non-votes have no impact on the proposals.

If a submitted proxy does not specify how to vote, the shares represented by that proxy will be considered to be voted in favor of each of the proposals.

## HOW DO I VOTE?

**If you are a registered shareholder**, there are four different ways you can vote:

- By Internet – You can vote via the internet at [www.proxyvote.com](http://www.proxyvote.com) by following the instructions provided (you will need the Control Number from the Notice or proxy card you received);
- By Telephone – You can vote by telephone by calling the toll-free telephone number indicated on your proxy card or voting instruction card (you will need the Control Number from the Notice or proxy card you received);
- By Mail – If you received your proxy materials by mail, you can vote by signing, dating and returning the accompanying proxy card; or
- In Person – You can vote in person by written ballot at the annual meeting.

When your proxy is properly submitted, your shares will be voted as you indicate. If you do not indicate your voting preferences, the appointed proxies (William C. Cobb, Thomas A. Gerke, and Scott W. Andreasen) will vote your shares FOR each of the proposals. If your shares are owned in joint names, all joint owners must vote by the same method, and if joint owners vote by mail, all of the joint owners must sign the proxy card. The deadline for voting by telephone or via the internet, except with respect to shares held through the H&R Block Retirement Savings Plan as described below, is 11:59 p.m. Eastern time on September 9, 2015.

**If you are a beneficial owner of shares held in street name**, you may vote by following the voting instructions provided by your broker, bank, or other nominee, and your broker, bank, or other nominee should vote your shares as you have directed. You must have a legal proxy from the shareholder of record in order to vote the shares in person at the annual meeting.

**If your shares are held through the H&R Block Retirement Savings Plan**, you may also vote as set forth above, except that Plan participants may not vote their Plan shares in person at the annual meeting. If you provide voting instructions via the internet, by telephone or by written proxy card, Fidelity Management Trust Company, the Plan’s Trustee, will vote your shares as you have directed. If you do not provide specific voting instructions, the Trustee will vote your shares in the same proportion as shares for which the Trustee has received instructions. Please note that you must submit voting instructions to the Trustee no later than September 7, 2015 at 11:59 p.m. Eastern time in order for your shares to be voted by the Trustee at the annual meeting. Your voting instructions will be kept confidential by the Trustee.

## MAY I ATTEND THE MEETING?

All shareholders, properly appointed proxy holders, and invited guests of the Company may attend the annual meeting. Shareholders who plan to attend the meeting may be required to present valid photo identification. If you hold your shares in street name, please also bring proof of your share ownership, such as a broker’s statement showing that you beneficially owned shares of the Company on the record date of July 10, 2015, or a legal proxy from your broker, bank, or other nominee (a legal proxy is required if you hold your shares in street name and you plan to vote in person at the annual

meeting). Shareholders of record will be verified against an official list available at the registration area. The Company reserves the right to deny admittance to anyone who cannot adequately show proof of share ownership as of the record date.

#### **MAY I CHANGE MY VOTE?**

You may revoke your proxy and change your vote at any time before the voting deadline for the annual meeting. After your initial vote, you may vote again on a later date any time prior to the annual meeting via the internet or by telephone (only your latest internet or telephone proxy submitted prior to the voting deadline for the annual meeting will be counted), by signing and returning a new proxy card or voting instruction form with a later date, or by attending the annual meeting and voting in person. However, your attendance at the annual meeting will not automatically revoke your proxy unless you vote again at the annual meeting or specifically request in writing that your prior proxy be revoked. If your shares are held in street name by a broker, bank, or other nominee, you must contact that nominee to change your vote.

#### **DO SHAREHOLDERS HAVE CUMULATIVE VOTING RIGHTS WITH RESPECT TO THE ELECTION OF DIRECTORS?**

No, shareholders do not have cumulative voting rights with respect to the election of directors.

#### **WHAT CONSTITUTES A QUORUM?**

As of the record date, 276,285,062 shares of the Company's common stock were issued and outstanding. A majority of the outstanding shares entitled to vote at the annual meeting, represented in person or by proxy, will constitute a quorum. Abstentions and broker non-votes will be counted as present and entitled to vote for purposes of determining a quorum.

#### **WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE "IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SHAREHOLDER MEETING TO BE HELD ON SEPTEMBER 10, 2015"?**

It means your shares are held in more than one account. You should vote all of your shares.

#### **WHAT IS HOUSEHOLDING?**

As permitted by the SEC, we are delivering only one copy of this proxy statement to shareholders residing at the same address, unless the shareholders have notified us of their desire to receive multiple copies of the proxy statement. This practice is known as householding.

The Company will promptly deliver, upon request, a separate copy of the proxy statement to any shareholder residing at an address to which only one copy was mailed. Requests for additional copies for the current year or future years should be directed to the Corporate Secretary, H&R Block, Inc., One H&R Block Way, Kansas City, Missouri 64105, or by telephone at (816) 854-4288.

Shareholders of record residing at the same address and currently receiving multiple copies of the proxy statement may contact our registrar and transfer agent, Wells Fargo, to request that only a single copy of the proxy statement be mailed in the future. You can contact Wells Fargo by phone at (888) 213-0968, or by mail at 1110 Centre Point Curve, Suite 101, Mendota Heights, Minnesota 55120-4100.

#### **WHO WILL BEAR THE COST OF THIS SOLICITATION AND HOW WILL PROXIES BE SOLICITED?**

The Company is making this solicitation on behalf of the Company's Board of Directors and will pay the entire cost of this proxy solicitation, including the expense of preparing the proxy solicitation materials for the annual meeting and mailing the Notice and, as applicable, the proxy solicitation materials for such meeting. Following the mailing of these materials, directors, officers, and employees of the Company may solicit proxies by telephone, email, or other personal contact; such individuals will not receive compensation or reimbursement for these activities. Additionally, the Company has retained Georgeson Inc. to assist in the solicitation of proxies on behalf of the Board for a fee of \$30,000 plus reimbursement of reasonable expenses. Further, brokers and other custodians, nominees, and fiduciaries will be requested to forward the Notice and printed proxy materials to their principals, and the Company will reimburse them for the expense of doing so.

## WHAT IS THE COMPANY'S INTERNET ADDRESS?

The Company's internet address is [www.hrblock.com](http://www.hrblock.com). The Company's filings with the SEC are available free of charge via the "Investor Relations" link at this website (click on the "SEC Filings" link under the "Financial Info" heading), and may also be found at the SEC's website, [www.sec.gov](http://www.sec.gov).

## WILL ANY OTHER MATTERS BE VOTED ON?

As of the date of this proxy statement, we know of no other matter that will be presented for consideration at the annual meeting other than those matters discussed in this proxy statement. If any other matters properly come before the meeting and call for a vote of the shareholders, the appointed proxies may use their discretion to vote on any such matters.

The Board unanimously recommends a vote **FOR** the election of each nominee

### PROPOSAL 1 – ELECTION OF DIRECTORS

The Company's Amended and Restated Articles of Incorporation (the "Articles") and Amended and Restated Bylaws (the "Bylaws") provide that the number of directors to constitute the Board of Directors shall not be fewer than 7 nor more than 12, with the exact number to be fixed by a resolution adopted by the affirmative vote of a majority of the entire Board. The Board of Directors currently consists of nine directors. All nine current members of the Board are standing for re-election. Pursuant to our Bylaws and on the recommendation of the Governance and Nominating Committee, the Board increased the number of directors that constitute the Board from nine to ten, effective upon the election of ten directors at the 2015 annual meeting of shareholders. On June 17, 2015, the Board of Directors approved the nomination of Richard A. Johnson for election as a director at the 2015 annual meeting of shareholders. The Board believes that Mr. Johnson meets the criteria described below and is the best qualified candidate for election to the Board. His nomination was recommended by Governance and Nominating Committee and approved by the Board to be submitted to shareholders for election to fill the vacancy created by the increase in the size of the Board.

The Articles and Bylaws also provide that all of the directors shall be elected at each annual meeting of shareholders. Under the Bylaws, each director holds office until the earlier of the election and qualification of such director's successor or the director's death, resignation, retirement, disqualification, disability, or removal from office. Any vacancy on the Board may be filled by a majority of the surviving or remaining directors then in office. The Company's Bylaws provide that any incumbent director who is not elected by a majority of shares entitled to vote on his or her election and represented in person or by proxy shall promptly tender his or her irrevocable resignation to the Company's Board, subject only to the condition that the Board accept the resignation. The Board and the Governance and Nominating Committee must consider and act on the resignation, as more fully described under "Corporate Governance – Mandatory Director Resignation Policies," on page 17. To be eligible to be a nominee as a director, whether nominated by the Board or a shareholder, a person must deliver to the Company a written agreement that such person will abide by this director resignation requirement.

As discussed above, the Board has set the number of directors that shall constitute the Board at ten, effective upon the election of ten directors at the 2015 annual meeting. There are ten nominees for election to the Board at the annual meeting of shareholders to be held on September 10, 2015. Each of the ten nominees, if elected, will hold office until the earlier of the election and qualification of such director's successor or the director's death, resignation, retirement, disqualification, disability, or removal from office. The Board has nominated Paul J. Brown, William C. Cobb, Robert A. Gerard, Richard A. Johnson, David Baker Lewis, Victoria J. Reich, Bruce C. Rohde, Tom D. Seip, Christianna Wood, and James F. Wright for election as directors of the Company. Each nominee has consented to be named in this proxy statement and to serve if elected. If any of the nominees becomes unavailable for election for any reason, the Board may provide for a lesser number of directors or designate substitute nominees, and the proxies will be voted for the remaining nominees and any substitute nominees, unless otherwise instructed by a shareholder.

## DIRECTOR NOMINATION PROCESS

The entire Board of Directors is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of shareholders. The Governance and Nominating Committee is responsible for identifying, screening, and recommending candidates to the entire Board for Board membership. The Governance and Nominating Committee works with the Board to determine the appropriate characteristics, skills, and

experience for the Board as a whole and its individual members. In evaluating the suitability of individual Board members, the Board takes into account many factors, which are described in further detail below. The Board evaluates each individual in the context of the Board as a whole with the objective of retaining a group of directors with diverse and relevant experience that can best perpetuate the Company's success and represent shareholder interests through sound judgment.

The Governance and Nominating Committee may seek the input of other members of the Board or management in identifying candidates who meet the criteria outlined above. In addition, the Governance and Nominating Committee may use the services of consultants or a search firm. The Governance and Nominating Committee will consider recommendations by the Company's shareholders of qualified director candidates for possible nomination by the Board. Shareholders may recommend qualified director candidates by writing to the Company's Corporate Secretary at H&R Block, Inc., One H&R Block Way, Kansas City, Missouri 64105. Submissions should include information regarding a candidate's background, qualifications, experience, and willingness to serve as a director. Based on a preliminary assessment of a candidate's qualifications, the Governance and Nominating Committee may conduct interviews with the candidate or request additional information from the candidate. The Governance and Nominating Committee uses the same process for evaluating all candidates for nomination by the Board, including those recommended by shareholders. The Company's Bylaws permit persons to be nominated as directors directly by shareholders under certain conditions. To do so, shareholders must comply with the advance notice requirements outlined in the "Shareholder Proposals and Nominations" section of this proxy statement. The Company did not receive notice from any shareholder prior to the deadline for submitting notice of an intention to nominate any additional persons for election as directors at the 2015 annual meeting.

On the recommendation of the Governance and Nominating Committee, the Board increased the number of directors that shall constitute the Board from nine to ten, effective upon the election of ten directors at the 2015 annual meeting of shareholders. The Governance and Nominating Committee engaged a third-party search firm to conduct a comprehensive search for director candidates that would match the characteristics described in this proxy statement as being desirable for members of our Board. The Governance and Nominating Committee considered several solicited candidates who were evaluated based on the criteria described in this proxy statement and recommended to the Board that it nominate Mr. Johnson. The Board believes that Mr. Johnson meets the criteria described in this proxy statement and is the best qualified candidate to fill the vacancy created by the increase in the size of the Board. Mr. Johnson brings to the Board extensive knowledge of brick and mortar and digital/dot.com retail operations, as well as significant leadership, operations, financial management, and enterprise risk management experience. The Board approved the nomination of Mr. Johnson on June 17, 2015 for election at the 2015 annual meeting of shareholders.

### **Diversity**

Both the Board and the Governance and Nominating Committee believe that diversity of skills, perspectives, and experiences among Board members, in addition to the factors discussed above, improves the Board's oversight and evaluation of management on behalf of the shareholders and produces more creative thinking and better strategic solutions by the Board. Although we do not have a formal policy concerning diversity of director nominees, the Governance and Nominating Committee considers, though not exclusively, the distinctive skills, perspectives, and experiences that candidates who are diverse in gender, ethnic background, geographic origin, and professional experience have to offer.

### **SELECTING AND EVALUATING OUR NOMINEES**

When evaluating potential director nominees, the Governance and Nominating Committee considers each individual's professional experience, areas of expertise, and educational background in addition to his or her general qualifications. The Governance and Nominating Committee works with the Board to determine the appropriate mix of experiences, areas of expertise and educational backgrounds in order to establish and maintain a Board that is strong in its collective knowledge and that can fulfill its responsibilities, perpetuate our long term success, and represent the interests of our shareholders.

The Governance and Nominating Committee regularly communicates with the Board to identify professional experiences, areas of expertise, educational backgrounds and other qualifications that impact our business that are particularly desirable for our directors to possess in order to help meet specific Board needs, including:

- *Financial industry knowledge*, which is vital in understanding and reviewing our strategy, including the acquisition of businesses that offer complementary products or services;

- *Operating experience* as current or former executives, which gives directors specific insight into, and expertise that will foster active participation in, the development and implementation of our operating plan and business strategy;
- *Executive leadership experience*, which gives directors who have served in significant leadership positions strong abilities to motivate and manage others and to identify and develop leadership qualities in others;
- *Accounting and financial expertise*, which enables directors to analyze our financial statements, capital structure and complex financial transactions and oversee our accounting and financial reporting processes;
- *Enterprise risk management experience*, which contributes to oversight of management’s risk monitoring and risk management programs, and establishment of risk appetite aligned with our strategy; and
- *Public company board and corporate governance experience*, which provides directors a solid understanding of their extensive and complex oversight responsibilities and furthers our goals of greater transparency, accountability for management and the Board, and protection of our shareholders’ interests.

The following chart highlights each director nominee’s specific skills, knowledge, and experience that the Governance and Nominating Committee and Board relied upon when determining whether to nominate the individual for election. A particular nominee may possess other valuable skills, knowledge or experience even though they are not indicated below.

Name	Financial Industry Knowledge	Operating Experience	Executive Leadership	Accounting or Financial	Enterprise Risk Management	Public Company Governance

The Board believes that all the director nominees are highly qualified. As the chart shows, the director nominees have significant leadership experience, knowledge, and skills that qualify them for service on our Board, and, as a group, represent diverse views, experiences, and backgrounds. All director nominees satisfy the criteria set forth in our Corporate Governance Guidelines and possess the personal characteristics that are essential for the proper and effective functioning of the Board. Each nominee’s biography below contains additional information regarding his or her experiences, qualifications and skills.

The number of shares of common stock, share units, and share equivalents beneficially owned by each nominee for director is listed under the heading “Security Ownership of Directors and Management” on page 60.

## DIRECTOR NOMINEES

There are ten nominees for election to the Board at the annual meeting. The Board has set the number of directors that constitute the Board at ten, effective upon the election of ten directors at the 2015 annual meeting of shareholders. All Board members are subject to annual election. The following pages present information regarding each director nominee, including information about each nominee’s professional experience, areas of expertise, educational background, and qualifications that led the Board to nominate him or her for election. The following also includes information about all public company directorships each nominee currently holds.

**ADDITIONAL INFORMATION CONCERNING THE BOARD OF DIRECTORS**

**BOARD OF DIRECTORS’ MEETINGS AND COMMITTEES**

The Board of Directors is responsible for managing the property and business affairs of the Company. The Board reviews significant developments affecting the Company and acts on matters requiring Board approval. During the 2015 fiscal year, the Board of Directors held eight meetings. As of April 30, 2015, each of the incumbent directors attended at least 75% of the aggregate total number of meetings of the Board of Directors and Board committees of which he or she was a member. Marvin R. Ellison attended less than 75% of the Board and Compensation Committee meetings held during the portion of the 2015 fiscal year in which he served as a director or committee member, prior to his departure from our Board effective September 2014.

The standing committees of the Board are the Audit Committee, the Compensation Committee, the Governance and Nominating Committee, and the Finance Committee. The Company’s Corporate Governance Guidelines, Code of Business Ethics and Conduct, the Board of Directors Independence Standards (the “Independence Standards”), and charters for each of the standing committees may be accessed on the Company’s website at [www.hrblock.com](http://www.hrblock.com) by clicking the “Investor Relations” link and then clicking the “Corporate Governance” link under the “Company” tab. These documents are also available in print to shareholders upon written request to the Corporate Secretary, H&R Block, Inc., One H&R Block Way, Kansas City, Missouri 64105. Set forth below is a description of the primary duties of each committee and its members as of the end of fiscal year 2015.

## DIRECTOR COMPENSATION

The Board considers and determines non-employee director compensation each year, taking into account recommendations from the Governance and Nominating Committee. The Governance and Nominating Committee formulates its recommendation based on its review of director compensation practices at a specific group of peer companies, based on publicly disclosed information (more discussion of our process for determining our peer group of companies can be found beginning on page 40). The Governance and Nominating Committee may delegate its authority to such subcommittees as it deems appropriate in the best interests of the Company and our shareholders. Management, in consultation with the Compensation Committee’s independent compensation consultant, assists the Governance and Nominating Committee in its review by accumulating and summarizing market data pertaining to director compensation levels and practices at our peer group of companies, reviewing external survey sources, and conducting its own custom research. The following chart describes the compensation elements for our non-employee directors in effect at the end of fiscal year 2015:

<i>Compensation Element</i>	<i>Amount (annual except for meeting fees)</i>
Annual Cash Retainer <sup>(1)</sup>	\$55,000
Annual Equity Retainer <sup>(2)</sup>	\$135,000 in deferred stock units
Non-Executive Chairman of the Board Retainer <sup>(1)</sup>	\$200,000 (payable in deferred stock units)
Chair Retainer – Audit Committee	\$20,000
Chair Retainer – All Other Committees <sup>(3)</sup>	\$15,000
Board Meeting Fee <sup>(4)</sup>	\$2,000 per meeting
Committee Meeting Fee <sup>(5)</sup>	\$1,500 per meeting

<sup>(1)</sup> Paid in quarterly installments.

<sup>(2)</sup> Equity grants are generally made immediately following election of directors at the annual meeting of shareholders.

<sup>(3)</sup> Due to his position as non-executive Chairman of the Board, Mr. Gerard has waived his eligibility for the Chair retainer related to his service as Chair of the Finance Committee.

<sup>(4)</sup> Subject to a maximum of ten Board meetings per year.

<sup>(5)</sup> Subject to a maximum of ten committee meetings per year per committee.

In fiscal year 2015, deferred stock units (“DSUs”) were granted to non-employee directors pursuant to the 2013 Long Term Incentive Plan (the “2013 Plan”). The number of DSUs credited to a non-employee director’s account pursuant to an award under the 2013 Plan is determined by dividing the dollar amount of the award by the average current market value per share of the Company’s common stock for the ten consecutive trading dates ending on the date the DSUs are granted to the non-employee director. The current market value generally is the closing sales price of a share of our common stock as reported on the NYSE.

DSU awards are fully vested on the grant date and are not subject to forfeiture. Vested DSUs are held in a deferred compensation account and become payable to each non-employee director, in shares of common stock, on the six-month anniversary date of termination of service as a director. However, if a non-employee director dies prior to the payment in full of all amounts due such non-employee director, the balance of the non-employee director’s DSU account becomes payable to the non-employee director’s beneficiary, in shares of common stock, within ninety days following the non-employee director’s death.

On September 11, 2014, DSUs approximately equal in value to \$135,000 were granted to each of the Company’s non-employee directors for the one-year period of service on the Board beginning September 11, 2014. On September 11, 2014, additional DSUs approximately equal in value to \$200,000 were granted to Mr. Gerard for serving as the non-executive Chairman of the Board for the one-year period beginning September 11, 2014.

The Company also provides to its non-employee directors free business travel insurance in connection with Company-related travel. In addition, the H&R Block Foundation will match gifts by non-employee directors to any qualified not-for-profit organization on a dollar-for-dollar basis up to an annual aggregate limit of \$5,000 per director per calendar year.

The Board has adopted stock ownership guidelines regarding stock ownership by non-employee directors. The non-employee director ownership guidelines require non-employee directors to own a level of qualifying equity securities with an aggregate value exceeding five times the annual cash retainer paid to them. Our stock ownership guidelines provide that, until a non-employee director satisfies the applicable holding requirement, he or she is required to retain any covered shares owned as of the date on which he or she becomes subject to the guidelines or acquired thereafter.

#### DIRECTOR COMPENSATION TABLE

The following table sets forth total director compensation for non-employee directors for fiscal year 2015.

<i>Current Directors</i>	<i>Fees Earned or Paid in Cash (\$)<sup>(1)</sup></i>	<i>Stock Awards (\$)<sup>(2)(3)</sup></i>	<i>Option Awards (\$)<sup>(4)</sup></i>	<i>All Other Compensation (\$)<sup>(5)</sup></i>	<i>Total (\$)</i>
Paul J. Brown	\$75,500	\$133,248	-	\$5,000	\$213,748
Marvin R. Ellison <sup>(6)</sup>	\$28,333	-	-	-	\$28,333
Robert A. Gerard	\$78,500	\$330,638	-	\$5,000	\$414,138
David Baker Lewis	\$103,000	\$133,248	-	-	\$236,248
Victoria J. Reich	\$80,000	\$133,248	-	\$4,000	\$217,248
Bruce C. Rohde	\$107,000	\$133,248	-	\$5,000	\$245,248
Tom D. Seip	\$102,500	\$133,248	-	\$5,000	\$240,748
Christianna Wood	\$78,500	\$133,248	-	\$5,000	\$216,748
James F. Wright	\$82,500	\$133,248	-	\$5,000	\$220,748

- <sup>(1)</sup> This column includes, as applicable, the annual cash retainer, meeting fees for each Board and committee meeting attended, and committee retainers earned or paid for services as a director during fiscal year 2015.
- <sup>(2)</sup> The dollar amounts represent the grant date fair value under FASB Accounting Standards Codification Topic 718 "Stock Compensation" ("ASC 718") for DSUs awarded during fiscal year 2015 to the non-employee director. These DSU awards are fully vested in that they are not subject to forfeiture; however, no shares underlying a particular award will be issued until six months following the date the director ends his or her service on the Board (or within ninety days of death, if earlier). The grant date fair value of an award is computed in accordance with ASC 718 utilizing assumptions discussed in Note 13: "Stock-Based Compensation" to the Company's consolidated financial statements in the Form 10-K for the year ended April 30, 2015, as filed with the SEC. As of April 30, 2015, the following DSUs were outstanding: Mr. Brown – 27,982; Mr. Cobb – 12,061; Mr. Gerard – 93,401; Mr. Lewis – 55,511; Ms. Reich – 27,922; Mr. Rohde – 40,328; Mr. Seip – 55,511; Ms. Wood – 51,045; and Mr. Wright – 27,922. Mr. Cobb's DSUs were awarded prior to fiscal year 2012, during the time that Mr. Cobb was a non-employee director of the Company. As previously disclosed, Mr. Ellison did not stand for re-election following completion of his term at the 2014 annual meeting of shareholders; as such, his DSUs were distributed as 23,622 shares of common stock on March 11, 2015.
- <sup>(3)</sup> The DSU award value approved by the Board of Directors for fiscal year 2015 is converted into the number of DSUs by dividing the dollar amount of the award by the average current market value per share of the Company's common stock for the ten consecutive trading dates ending on the date the DSUs are granted to the non-employee director. The current market value generally is the closing sales price of a share of our common stock as reported on the NYSE. However, the grant date fair value of an award computed in accordance with ASC 718 does not utilize such an average. As such, the value approved by the Board of Directors for fiscal year 2015 differs from the value reported in this column.
- <sup>(4)</sup> No stock options to purchase the Company's common stock were granted to individuals while serving as non-employee directors during fiscal year 2015. As of April 30, 2015, the following stock options were outstanding: Mr. Lewis – 24,000; and Mr. Seip – 24,000.
- <sup>(5)</sup> This column represents the H&R Block Foundation matching amount on contributions to 501(c)(3) organizations on a calendar year basis. The amount includes matching contributions that occurred in the 2014 calendar year and in the 2015 calendar year (all of which were paid within fiscal year 2015); therefore, the amount reported in this column may exceed \$5,000.
- <sup>(6)</sup> As previously disclosed, Mr. Ellison did not stand for re-election following the completion of his term at the 2014 annual meeting of shareholders.

## CORPORATE GOVERNANCE

### Corporate Governance Guidelines

Our Board of Directors operates under Corporate Governance Guidelines (the “Governance Guidelines”) to assist the Board in exercising its responsibilities. The Governance Guidelines reflect the Board’s commitment to monitoring the effectiveness of policy and decision-making both at the Board level and the management level, with a view to enhancing shareholder value over the long term. The Governance Guidelines also ensure that the Board will have the necessary authority and practices in place to review and evaluate the Company’s business operations as needed and to make decisions that are independent of the Company’s management. Pursuant to the Governance Guidelines, the Board evaluates its performance on an annual basis through an evaluation process administered by the Governance and Nominating Committee. The Governance Guidelines are not intended to be a static statement of the Company’s policies, principles, and guidelines, but are subject to continual assessment and refinement as the Board may determine advisable or necessary in line with the best interests of the Company and our shareholders.

### Director Service on Other Boards

The Governance Guidelines provide that directors should not serve on more than three other boards of public companies in addition to the Company’s Board. Furthermore, before serving on the board of another public company, directors are required to give prior notice to the Board. The Company’s Chief Executive Officer is not permitted to serve on more than one other board of a public company in addition to the Company’s Board and must obtain Board approval prior to serving on the board of any public company. Currently, all director nominees are in compliance with this guideline.

### Mandatory Director Resignation Policies

The Company’s Bylaws provide that any incumbent director who is not elected by a majority of shares entitled to vote on their election and represented in person or by proxy shall promptly tender his or her irrevocable resignation from the Board to the Company’s Board, subject only to the condition that it is accepted by the Board, for consideration by the Governance and Nominating Committee. The Governance and Nominating Committee will then make a recommendation to the Board as to whether to accept or reject the resignation. The Board will then act on the tendered resignation, taking into account the recommendation of the Governance and Nominating Committee, and publicly disclose its decision regarding the tendered resignation and the rationale behind the decision within ninety days from the date of the certification of the election results. The Governance and Nominating Committee in making its recommendation, and the Board in making its decision, may consider any factors or other information that it considers appropriate and relevant. The director who tenders his or her resignation is not permitted to participate in the proceedings of the Governance and Nominating Committee or the decision of the Board with respect to his or her resignation. If the Board accepts a director’s resignation, or if a non-incumbent nominee for director is not elected, then the Board may fill the vacant position or decrease the size of the Board in accordance with the Company’s Bylaws.

In addition, the Governance Guidelines require that any director whose principal employment or major responsibilities materially change shall tender his or her resignation from the Board for consideration by the Governance and Nominating Committee. The Governance and Nominating Committee will then make a recommendation to the Board as to whether to accept or reject the resignation. The Board will then act on the tendered resignation, taking into account the recommendation of the Governance and Nominating Committee.

To be eligible to be a nominee for election as a director, whether nominated by the Board or a shareholder, a person must deliver to the Company a written agreement that such person will abide by these director resignation requirements.

### Independent Chairman

The Company’s Articles and the Governance Guidelines require that the Chairman of the Board be an independent director who has not previously served as an executive officer of the Company. As Chairman, Mr. Gerard leads all meetings of the Board, including executive sessions of the non-employee directors held at each regular meeting of the Board.

## **Substantial Majority of Board is Independent**

As further described in the Governance Guidelines, the Board believes that a substantial majority of the Board should consist of directors who are independent under NYSE listing standards. As described below, eight of the Board's nine current directors are independent directors within the meaning of the Independence Standards and NYSE listing standards. Mr. Cobb is not an independent director under the Independence Standards or NYSE listing standards due to his position as our President and Chief Executive Officer. Mr. Johnson is independent within the meaning of the Independence Standards and NYSE listing standards. Assuming all ten director nominees are elected at the 2015 annual meeting of shareholders, all will be independent directors within the meaning of the Independence Standards and NYSE listing standards other than Mr. Cobb, our President and Chief Executive Officer.

NYSE listing standards provide that a director does not qualify as independent unless the Board affirmatively determines that the director has no material relationship with the Company. The listing standards permit the Board to adopt and disclose standards to assist the Board in making determinations of independence. Accordingly, the Board has adopted the Independence Standards to assist the Board in determining whether a director has a material relationship with the Company.

## **Evaluation of Director Independence**

In June 2015, the Board conducted an evaluation of director independence regarding the current directors and nominees for director based on the Independence Standards and NYSE listing standards. In addition, the Board also conducted an evaluation of the independence of each of the Compensation Committee members in accordance with the requirements of the NYSE listing standards. In connection with this evaluation, the Board considered the responses provided by the directors in their annual director questionnaires and reviewed commercial, charitable, consulting, familial, and other relationships between each director or immediate family member and the Company, its subsidiaries, and their employees. As a result of its evaluation, the Board affirmatively determined that Messrs. Brown, Gerard, Johnson, Lewis, Rohde, Seip, and Wright, Ms. Reich, and Ms. Wood are independent, and that Mr. Cobb is not independent due to his position as our President and Chief Executive Officer. In addition, the Board affirmatively determined that each member of the Compensation Committee is independent.

## **Code of Ethics**

All directors, officers, and employees of the Company must act ethically and in accordance with the policies set forth in the H&R Block Code of Business Ethics and Conduct (the "Code"). The Code includes guidelines relating to the ethical handling of actual or potential conflicts of interest, compliance with domestic and foreign laws, accurate financial reporting, and procedures for promoting compliance with, and reporting violations of, the Code. In support of the Code, we have established a number of channels for reporting potential ethics violations or similar concerns or for guidance on ethics matters, such as via email, telephone, or in-person communications. All individuals have the ability to report concerns or discuss ethics-related matters anonymously. The Audit Committee has also established procedures for the receipt, retention and treatment of reports received by us regarding accounting, internal accounting controls or audit matters, including reports made to the Corporate Secretary by phone at (816) 854-4288 or by email to [corporatesecretary@hrblock.com](mailto:corporatesecretary@hrblock.com). The Code is overseen by the Company's Chief Ethics Officer, who is appointed by the Audit Committee. To help ensure the Audit Committee's effective oversight of our ethics and compliance program, the Audit Committee regularly receives reports from the Chief Ethics Officer and reviews matters related to the Company's ethics and compliance program. The Company will post any amendments to or waivers of the Code, to the extent applicable to any of the Company's executive officers and directors as required under applicable rules, on our website.

The Code can be accessed on the Company's website at [www.hrblock.com](http://www.hrblock.com) by clicking the "Investor Relations" link and then clicking the "Corporate Governance" link under the "Company" tab. The Code is also available in print to shareholders upon written request to the Corporate Secretary, H&R Block, Inc., One H&R Block Way, Kansas City, Missouri 64105.

## **Succession Planning**

The Board recognizes the importance of effective executive leadership to the Company's success. The Company's Board is actively engaged and involved in succession planning. The Board discusses the talent pipeline for specific critical roles, and high

potential leaders are given exposure and visibility to Board members through formal presentations and informal events. More broadly, the Board is regularly updated on key talent indicators for the overall workforce, including economic environment, diversity, recruiting, and development programs.

#### **BOARD LEADERSHIP STRUCTURE AND ACCOUNTABILITY**

The Company's Articles and the Governance Guidelines require that the Chairman of the Board (i) be an independent director pursuant to NYSE listing standards, (ii) not simultaneously be Chief Executive Officer or President of the Company, and (iii) not have previously served as an executive officer of the Company. As such, the Board is led by an independent Chairman, currently Mr. Gerard, who has also been designated as the Board's Senior Independent Director.

We believe that our current Board structure creates a positive balance in leadership and accountability, as the functions of Chief Executive Officer and Board Chairman are significantly different. In addition to balancing responsibilities, we believe that our current structure enhances the accountability of the Chief Executive Officer to the Board and strengthens the Board's independence from management. Separating the roles of Board Chairman and Chief Executive Officer also allows the Chief Executive Officer to focus his or her efforts on running our business and managing the Company in the best interests of our shareholders. At the same time, our non-executive Chairman handles the separate responsibilities of Board and committee scheduling, Board agendas, and other Board organizational tasks, as well as serving on occasion as spokesman for the Board.

#### **COMMUNICATIONS WITH THE BOARD**

Shareholders and other interested parties wishing to communicate with the Board of Directors, the non-employee directors, or an individual Board member concerning the Company may do so by writing to the Board, to the non-employee directors, or to the particular Board member, and mailing the correspondence to the Corporate Secretary, H&R Block, Inc., One H&R Block Way, Kansas City, Missouri 64105 or by emailing the correspondence to [corporatesecretary@hrblock.com](mailto:corporatesecretary@hrblock.com). Please indicate on the envelope whether the communication is from a shareholder or other interested party. The Board has instructed the Corporate Secretary and other relevant members of management to examine incoming communications and forward to the Board or individual directors as appropriate, communication he or she deems relevant to the Board's roles and responsibilities. The Board has requested that certain types of communications not be forwarded, and redirected if appropriate, such as: spam, business solicitations or advertisements, resumes or employment inquiries, service complaints or inquiries, surveys, or any threatening or hostile materials. In addition, our non-executive Chairman and other Board members have made and may in the future make themselves available for consultation and direct communication with significant shareholders.

#### **DIRECTOR ATTENDANCE AT ANNUAL MEETINGS OF SHAREHOLDERS**

Although the Company has no specific policy regarding director attendance at the Company's annual meeting of shareholders, all directors are encouraged to attend. All of the Company's current directors attended last year's annual meeting.

#### **BOARD'S ROLE IN RISK OVERSIGHT**

Our Board has oversight responsibility for managing risk, directly and through its various Committees, and management is responsible for the Company's day-to-day enterprise risk management activities. The Company has established a management Risk Committee to support senior management in fulfilling its day-to-day enterprise risk management responsibilities and to support the Board in fulfilling its oversight responsibility for risk management. The Chief Accounting and Risk Officer oversees the activities of the Risk Committee, which is made up of key members of the Company's management. The Company's management Risk Committee assists the Board in its oversight of enterprise risk management by creating and facilitating a process to identify, prioritize, monitor, and report on risks and mitigation strategies, overseeing regular reporting of risks to the Board and its committees, identifying additional risk mitigation strategies as appropriate, and monitoring emerging risks.

In fulfilling its oversight role, the Board generally focuses on the adequacy of the Company's risk management and mitigation processes. The Board works with the Company's Chief Executive Officer, Chief Financial Officer, and Chief Accounting and Risk Officer to determine the Company's risk tolerance, and works to ensure that management identifies, evaluates, and properly manages the overall risk profile of the Company.

In addition to the discussion of risk at the Board of Directors level, the Board's standing committees also focus on risk exposure as part of their ongoing responsibilities:

<i>Committee of the Board</i>	<i>Areas of Risk Oversight</i>	<i>Additional Information</i>
Audit Committee	Responsible for the oversight of policies and processes pertaining to the Company's enterprise risk management program and specifically considers risks and controls relating to the Company's financial statements and financial reporting processes.	The Company's Audit Services organization assists the Audit Committee and the Board in their oversight of enterprise risk management by ensuring that key risks are included in the audit plan, providing objective assurance to the Board on the effectiveness of risk management processes, and reviewing the management of key risks.
Compensation Committee	Responsible for reviewing the Company's compensation policies and practices and the relationship among the Company's risk management policies and practices, corporate strategy, and compensation policies and practices.	The Compensation Committee conducts an annual risk assessment related to the Company's compensation programs. For more information, see the discussion beginning on page 26 regarding the Company's compensation policies and practices.
Governance and Nominating Committee	Responsible for reviewing the Company's corporate governance policies and practices and making recommendations to the Board that take into account the management of governance-related risk.	In addition, the Governance and Nominating Committee's primary involvement in the director nomination and Board self-evaluation processes assists the Board in reviewing and mitigating risks related to the governance of our Board.
Finance Committee	Responsible for reviewing and approving plans and strategies with respect to financing transactions, acquisitions and dispositions, and other transactions involving financial risks.	The Finance Committee reviews the Company's earnings and free cash flow, its sources and uses of liquidity, compliance with financial covenants and applicable regulatory capital requirements, and uses of the Company's cash.

Each of the committee chairs regularly reports to the full Board concerning the activities of the applicable committee, the significant issues it has discussed, and the actions taken by that committee.

## COMPENSATION DISCUSSION AND ANALYSIS

In this section, we describe the material components of our executive compensation program for our named executive officers (“Named Executive Officers” or “NEOs”), whose compensation is set forth in the Summary Compensation Table and other compensation tables contained in this proxy statement. For our 2015 fiscal year, which ended April 30, 2015, our NEOs included the following individuals:

<i>Officers</i>	<i>Title as of April 30, 2015</i>
William C. Cobb	President and Chief Executive Officer
Gregory J. Macfarlane	Chief Financial Officer
Thomas A. Gerke	Chief Legal Officer
Delos L. (“Kip”) Knight, III	President, U.S. Retail Operations
Jason L. Houseworth	President, U.S. Tax Product Strategy and Development

In addition, we provide an overview of our executive compensation philosophy and the elements of our executive compensation program. We also explain how and why our Compensation Committee arrives at specific compensation policies and practices involving our NEOs.

### EXECUTIVE SUMMARY

Our executive compensation decisions are influenced by a variety of factors, with the primary goals being to align management’s and shareholders’ interests and to link pay with performance. We evaluate performance over both short term and multi-year periods based on (i) the Company’s financial, operational, and strategic performance, including results for certain key performance metrics and (ii) the Company’s total return to shareholders over time, both on an absolute basis and relative to other companies, such as the companies in the S&P 500 index.

We view compensation practices as an avenue to communicate our goals and standards of conduct and a means to reward executives for their achievements. We believe our executive compensation program is reasonable, competitive and appropriately balances the goals of attracting, motivating, rewarding and retaining our executives, and that it therefore promotes stability in our leadership. To ensure management’s interests are aligned with those of shareholders and to motivate and reward individual initiative and effort, a substantial portion of our NEOs’ compensation is at-risk and will vary above or below target levels commensurate with Company performance. We emphasize performance-based compensation that appropriately rewards executives for delivering financial, operational, and strategic results that meet or exceed pre-established goals through our short term incentive (“STI”) compensation program, as well as the performance share unit and market stock unit components of our long term incentive (“LTI”) program. Additionally, we further align the interests of our executives with those of shareholders and the long term interests of the Company through stock ownership requirements and grants of restricted share units under our LTI program.

Superior performance by our executive officers is essential to achieving our goal of increasing shareholder value. As such, a significant portion of our executives' compensation is at-risk and dependent upon the Company's financial, operational, and strategic performance, as well as fluctuations in the Company's stock price. To maximize alignment with shareholders' interests, we tie a significant portion of NEO compensation to the Company's actual performance by delivering it in the form of long term, equity-based compensation. The charts below illustrate the mix of fiscal year 2015 total direct compensation types, using target LTI amounts and actual base salaries and STI amounts, for our CEO and, on average, for our other NEOs.

**FY2015 CEO Compensation Mix**

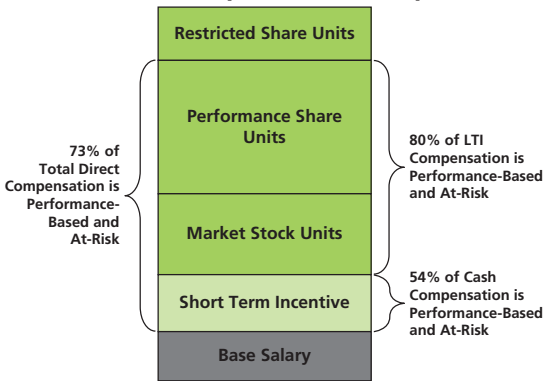

**FY2015 Other NEO Compensation Mix**

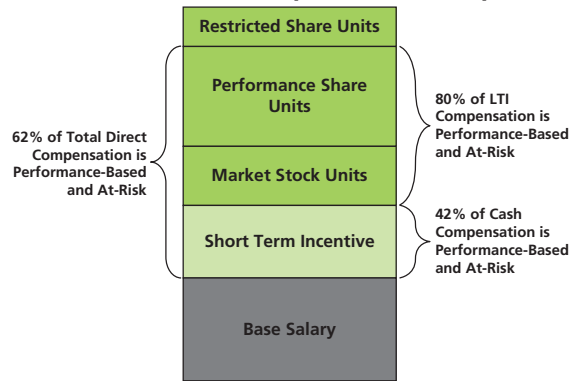

For our CEO, the specific components of total direct compensation for fiscal year 2015 are illustrated by the chart on the left below. The chart shows that 73% of his fiscal year 2015 total direct compensation was at-risk, with target performance-based equity comprising 80% of his LTI compensation and actual performance-based STI compensation comprising 54% of his total cash compensation. The chart on the right below illustrates the specific components of our other NEOs' average total direct compensation for fiscal year 2015. The chart shows that an average of 62% of our other NEOs' fiscal year 2015 compensation was at-risk, with target performance-based equity comprising 80% of their LTI compensation and actual performance-based STI compensation comprising 42% of their total cash compensation. The components depicted below are more fully described beginning on page 29.

**FY2015 CEO Compensation Components**

**FY2015 Other NEO Compensation Components**

■ + ■ + ■ = Total Direct Compensation  
■ + ■ = Cash Compensation  
■ = LTI Compensation

The variance between our CEO's compensation and our other NEOs' compensation reflects the difference in responsibilities and overall accountability to shareholders. Our CEO's at-risk compensation is higher than the other NEOs because the CEO bears a higher level of responsibility for the Company's performance, as he is directly responsible for leading the development and execution of the Company's strategy and for selecting, retaining, and managing the executive team.

Notably, approximately 98% of the votes cast were in favor of our "say-on-pay" management proposal at our 2014 annual meeting of shareholders. We believe this overwhelming level of support represents a clear message from our shareholders that they approve of Mr. Cobb's and our other NEOs' compensation arrangements, as well as our executive compensation practices generally. We have included charts and tables in this Compensation Discussion and Analysis to enhance our

shareholders' understanding of the compensation of our NEOs. These tables and charts are meant to be in addition to, and not an alternative to, the charts and tables provided under the heading "Executive Compensation" beginning on page 46.

### **FISCAL YEAR 2015 RESULTS AND IMPACT ON COMPENSATION DECISIONS**

In fiscal year 2015, we achieved much of what we set out to accomplish. We served our customers well, invested with an eye toward the future, advocated for improvements within the industry, and continued to deliver value to you, our shareholders. The results of these efforts include:

- Serving 24.2 million clients worldwide;
- Delivering top line revenue growth for the third consecutive year, as total revenues increased \$54 million, or 1.8%, to \$3.1 billion;
- Growing DIY revenues 12% and tax return volume 8%;
- Maintaining strong EBITDA margins of approximately 31%, while still investing in the business;
- Continuing our record of making quarterly dividend payments, which now stands at 211 consecutive quarters, consistent with our strong history of allocating capital to our shareholders;
- Delivering expert advice concerning the Affordable Care Act ("ACA") to our clients and positioning our tax professionals to be trusted ACA advisors in the years ahead;
- Continuing to improve our digital DIY product and enhancing the client experience;
- Successfully launching a timely new product, Tax Identity Shield, designed to protect our clients from the growing threat of tax identity theft faced by all Americans; and
- Continuing to "Do the Right Thing," taking care of our clients and delivering for you, our shareholders.

To fully understand our results, it is important to understand the factors impacting the tax preparation industry overall. Taxes and healthcare intersected for the first time this tax season, causing confusion and affecting refunds for millions. Our significant investment in training, systems and marketing ensured that we were well positioned to assist our clients. Taxpayers will continue to feel the impact of the ACA through their tax returns for years to come, and the work we have done positions us to be their trusted adviser going forward. Additionally, the tax industry and our country have been impacted in a troubling and growing way by tax fraud. H&R Block has been advocating for actions to address tax fraud for several years. Now, meaningful attention within the tax preparation industry is finally being paid to these issues that continue to cost taxpayers billions of dollars. We have led the industry's fight against fraud and we remain focused on advocating for change that benefits consumers by strengthening anti-fraud measures.

Notwithstanding the Company's generally strong performance in fiscal year 2015, the Compensation Committee took a measured approach when making decisions regarding our NEOs' short term incentive payouts for fiscal year 2015 and adjustments to their base salaries and short term and long term incentive opportunities for fiscal year 2016, which are summarized in the chart on the following page. Additional discussion of these compensation decisions can be found beginning on page 29.

<i>Compensation Element</i>	<i>Compensation Committee Action</i>
CEO Compensation	The Committee decided to maintain Mr. Cobb's fiscal year 2016 target compensation at the levels set for fiscal year 2015. Mr. Cobb's target total direct compensation approximates the median of our peer group.
Other NEO Compensation	For fiscal year 2016, in recognition of individual performance, contributions to the Company's financial and operational performance, and, in some cases, to bring individual compensation closer to the applicable market median, the Committee: <ul style="list-style-type: none"> <li>▪ Approved increases to base salaries as described more fully on page 29;</li> <li>▪ Approved increases in fiscal year 2016 target STI opportunities, as described more fully on page 33; and</li> <li>▪ Approved increases in fiscal year 2016 LTI compensation as described more fully on page 36.</li> </ul>
Incentive Plan Metrics	The Committee selected incentive plan metrics for fiscal year 2016 STI and LTI compensation that continue to focus on propelling growth and overall Company performance through utilization of revenue, pre-tax earnings, EBITDA from continuing operations, and return on invested capital, as well as total shareholder return on an absolute basis and relative to other companies.
Annual STI Payout versus Target	For fiscal year 2015, our NEOs received STI compensation of 94.2% of their target opportunities. This amount was based on the Company's performance against pre-established performance metrics approved by the Compensation Committee during fiscal year 2015.

In an effort to design our executive compensation program to promote stability in the leadership of our Company, we have formed a program with substantial emphasis placed on long term compensation and retention, which ties the compensation of our executives to the long term increase in value of the Company and creates the necessary incentives to attract and retain top quality executive talent in the future. The Compensation Committee will continue to focus on performance factors when designing our executive compensation program in order to ensure that the relationship among Company performance, our shareholders' interests, and our executives' compensation remains strong.

A more detailed description of the Company's fiscal year 2015 performance, including any relevant reconciliation to generally accepted accounting principles, can be found in our Annual Report on Form 10-K for the fiscal year ended April 30, 2015, as filed with the SEC.

## **RELATIONSHIP BETWEEN COMPANY PERFORMANCE AND EXECUTIVE COMPENSATION**

A primary goal of our executive compensation program is to directly link a significant portion of executive pay to Company performance, and in recent years we have taken significant steps towards achieving that goal. Over the past several years, we have made the following enhancements to our compensation practices to more closely align executive pay with Company performance:

- Introduced a performance share plan and a market stock unit plan in which the number of shares earned upon vesting, if any, depends on performance against specified goals with "cliff" vesting of earned shares at the end of a three-year period;
- Shifted the equity mix for executive LTI compensation to increase the focus on performance-based awards and total shareholder return on an absolute basis and relative to other companies by (i) eliminating the use of stock options as part of our annual LTI program and (ii) increasing the weighting of performance share units and introducing market stock units, for each of which the number of shares earned upon vesting, if any, depends on performance against specified goals measured over a full three-year period;

- Modified our stock ownership guidelines to require that our CEO owns shares or share equivalents held in the Company’s benefit plans, with a total value equal to six times his or her base salary and adding the requirement that executives must retain a specified percentage of covered shares until he or she satisfies the applicable ownership requirement;
- Adopted amendments to the Company’s 2003 Long-Term Executive Compensation Plan (the “2003 Plan”) and adopted the 2013 Plan, as approved by shareholders, each of which prohibits repricing of stock options and stock appreciation rights, prohibits cash buyouts of underwater stock options and stock appreciation rights, and imposes minimum vesting periods for executive equity awards;
- Amended the Insider Trading Policy to prohibit directors and executives from holding Company stock in a margin account or pledging Company stock as collateral for a loan, which we believe more effectively aligns each director’s and executive’s interests with those of our shareholders;
- Adopted a stated intent to not provide golden parachute excise tax gross-ups for Company executives; and
- Continued to impose a “double-trigger” on accelerations of equity awards that result from termination following a “change in control” of the Company.

**EXECUTIVE COMPENSATION PRACTICES**

The table below highlights our current compensation practices, including the practices we have implemented because we believe they drive performance and the practices we have not implemented because we do not believe they would serve our shareholders’ long term interests.

<i>Executive Compensation Practices We Have Implemented (What We Do)</i>	<i>Executive Compensation Practices We Have <u>Not</u> Implemented (What We Don’t Do)</i>
<p>✓ We tie pay to performance by ensuring that a significant portion of compensation is performance-based and at-risk. We set clear financial goals for corporate and business unit performance and differentiate based on individual performance against pre-set objectives.</p> <p>For fiscal year 2015, 73% of CEO total direct compensation was performance-based and at-risk.</p>	<p>✗ We do not have employment contracts with executives except for the agreement with Mr. Cobb, our CEO, which evidences his long term commitment to the Company.</p>
<p>✓ We review market data sourced from our peer group of companies and general industry, and utilize tally sheets when making executive compensation decisions.</p>	<p>✗ We do not provide excise tax gross-ups, and we do not have a supplemental executive retirement plan that provides benefits to the NEOs that are not available to all employees.</p>
<p>✓ We mitigate undue risk through substantial emphasis on long term equity incentives and utilizing caps on potential payments, clawback provisions, reasonable retention strategies, performance targets and appropriate Board and management processes to identify and manage risk, and by prohibiting hedging, pledging, and engaging in transactions involving derivatives related to our stock.</p>	<p>✗ We do not maintain compensation programs that we believe create risks reasonably likely to have a material adverse effect on the Company.</p>
<p>✓ We have modest post-employment and change in control provisions that apply to all executive officers.</p>	<p>✗ We do not have individual change in control agreements, except for certain provisions in Mr. Cobb’s employment agreement.</p>
<p>✓ We generally prohibit accelerated vesting of equity awards after a change in control for executives who voluntarily separate from the Company (i.e., we generally require a “double-trigger”).</p>	<p>✗ We do not pay dividends on any unvested long term equity awards or unearned performance-based equity awards. Dividend equivalents are only payable on such awards to the extent the awards ultimately vest and are earned.</p>
<p>✓ We provide only minimal perquisites that we believe have a sound benefit to the Company’s business.</p>	<p>✗ We do not provide significant additional benefits to executive officers that differ from those provided to all other employees.</p>
<p>✓ We have adopted stock ownership and retention guidelines that we believe align management and shareholder interests.</p>	<p>✗ We expressly prohibit hedging, pledging and the use of margin accounts related to our stock.</p>
<p>✓ We impose minimum vesting periods for all executives’ equity awards.</p>	<p>✗ We expressly prohibit the repricing of stock options and stock appreciation rights. We do not allow cash buyouts for underwater stock options or stock appreciation rights.</p>
<p>✓ Our Compensation Committee benefits from the use of an external, independent compensation consulting firm that it retains.</p>	<p>✗ The Compensation Committee does not allow its compensation consulting firm to provide any other services to the Company.</p>

## Results of 2014 Advisory Vote to Approve Named Executive Officer Compensation

The Company and the Board continually evaluate our compensation policies and practices to ensure they are meeting our objectives and are consistent with corporate governance best practices. As part of that process, the Compensation Committee and the Board consider the results of our shareholder advisory vote on executive compensation (commonly known as a “say-on-pay” vote). At our 2014 annual meeting of shareholders held on September 11, 2014, our shareholders approved our fiscal year 2014 compensation awarded to our NEOs with approximately 98% of the votes cast in favor of the proposal. We believe that this overwhelming level of support represents a clear message from our shareholders that they approve of our compensation approach, including the design and amount of Mr. Cobb’s compensation and our efforts to attract, motivate, reward, and retain our NEOs. We value the opinions of our shareholders and consider the outcome of say-on-pay votes, as well as feedback received throughout the year, when making compensation decisions for our NEOs.

Consistent with our shareholders’ support, the Compensation Committee decided to retain the core design features of our executive compensation program in fiscal year 2016, as it believes such core design features continue to properly reward our executives for their performance, motivate them to work towards achieving our long term objectives, and, with 80% of our executives’ LTI awards being performance-based and at-risk, strengthen the alignment of their interests with the interests of our shareholders. The Committee values shareholder feedback regarding executive compensation matters and takes shareholder views into account when evaluating the Company’s compensation programs. For example, based in part on feedback received from certain shareholders, the Committee decided to replace the average return on equity performance threshold used in prior years for market stock units with a performance threshold based on average return on invested capital for market stock units granted in fiscal year 2016, as it believes the investment community considers this metric to be a more effective measure of capital efficiency. The Compensation Committee will continue to routinely evaluate and, as appropriate, take into account the views of our shareholders to enhance the design of our compensation program.

## EXECUTIVE COMPENSATION BENCHMARKS AND TARGETS

The Compensation Committee has engaged Frederic W. Cook & Co., Inc. (“Cook”), an independent external compensation consultant, to benchmark the Company’s executive compensation relative to its peer companies. Cook assists the Compensation Committee in defining the appropriate market of the Company’s peer companies for executive compensation practices and in benchmarking our executive compensation program and our executives’ targeted total direct compensation against that market each year. We benchmark our executive compensation practices relative to publicly disclosed information for a specific group of peer companies, which for fiscal year 2015 is set forth on page 40 under the heading “Peer Group” (the “Peer Group”). We also review compensation data from multiple survey sources, reflective of general industry pay levels for companies of relevant size based on total revenue for each of the NEOs. For fiscal year 2015, these survey sources were the Aon Hewitt TCM Executive Survey and the Towers Watson CDB Executive Survey. The Compensation Committee reviews summary survey and peer group data to confirm that the market references we use are appropriate for our business and the industries in which we compete for executive talent.

Our philosophy is to target total direct compensation (which consists of base salary plus targeted annual STI compensation plus targeted LTI grant values) for our NEOs near the median market rate, on average, taking into account the Company’s size relative to our Peer Group. Under this approach, target total direct compensation for specific executives may be above or below market median due to multiple factors, including experience, role and responsibilities, individual performance, and readiness for promotion or growth potential. The Compensation Committee generally sets performance objectives under the STI and LTI plans so that targeted total direct compensation levels can be achieved only when targeted financial, operational, and strategic goals are met. Consequently, actual pay realized by executives will vary above or below the targeted level based on the degree to which specific performance objectives are attained.

For a more detailed explanation of our methodology for calculating compensation packages for our executives, see the “Compensation Methodology and Calculation” section on page 40.

## EXECUTIVE COMPENSATION PROGRAM SUMMARY

The pay packages for our executive officers, including our NEOs, contain a mix of elements based on an individual’s responsibilities and performance, as well as the Company’s performance against specific pre-established annual financial, operational, and strategic performance goals.

For awards that are based on the Company's performance, our specific decisions regarding the setting of performance goals focus on certain metrics that relate to our business plan and strategic priorities and that we believe are the most critical value drivers of the business, such as revenue, earnings, earnings before interest, taxes, depreciation, and amortization, or EBITDA, earnings before interest and taxes, or EBIT, and client growth and retention. Actual performance goals, as well as strategic priorities, vary from year to year based on the business environment and the Compensation Committee's determination of goals that it believes are important for a particular year.

Unlike target incentive compensation levels, which are set by the Compensation Committee near the beginning of each fiscal year, actual incentive compensation is a function of the Company's financial, operational, strategic, and absolute and relative stock performance, as reflected through STI payouts, payouts of LTI performance share units and market stock units, and the value of all other LTI awards. A substantial portion of our executives' actual compensation is intended to be at-risk and to vary above or below target levels commensurate with Company performance.

The chart below summarizes the elements and objectives of our fiscal year 2015 compensation program for our executive officers, including our NEOs.

<i>Component</i>	<i>Purpose</i>	<i>Characteristics</i>	<i>Discussion</i>
Base Salary	Compensates for level of responsibility, experience, and sustained individual performance.	Fixed cash component based on experience, role and responsibilities, individual performance, and market data. Reviewed annually and adjusted when appropriate.	page 29
Short Term Incentive	Motivates and rewards achievement of pre-established annual financial, operational, and strategic performance objectives.	A variable cash component designed to tie directly to our business plan and provide competitive total cash opportunities that are subject to achievement of specific performance objectives.	page 30
Long Term Incentive	Motivates and rewards achievement of multi-year performance objectives that enhance shareholder value.	Equity-based compensation designed to support multiple objectives. For fiscal year 2015, the incentive was delivered through a mix of performance share units, market stock units, and restricted share units.	page 33
Retirement, Health and Welfare Benefits	Offers market-competitive health insurance options and income replacement upon retirement, death, or disability, thus supporting our attraction and retention objectives.	Benefits for executives are generally the same as those available to all employees, including a 401(k) plan with matching Company contributions capped based on applicable Internal Revenue Code limits.	page 39
Perquisites	Provides benefits that promote health and work-life balance, thereby supporting our attraction and retention objectives.	Perquisites are an immaterial component of our executive compensation program and are below the market median for our Peer Group.	page 39
Deferred Compensation Plan	Allows executives to defer compensation in a tax-efficient manner, thereby supporting our attraction and retention objectives.	Executives can elect to defer base salary and STI compensation.	page 49
Executive Severance Plan	Encourages executives to act in the best interests of our shareholders, while supporting attraction and retention objectives and ensuring the orderly succession of talent.	Benefits are contingent in nature, payable only if a participant's employment is terminated without cause or termination occurs after a change in control (known as a "double-trigger"). Double-trigger applies to both cash severance and equity vesting.	page 51

## EXECUTIVE COMPENSATION PROGRAM COMPONENTS

Our executive compensation program consists of the following components: base salary, short term incentives, long term incentives, benefits, and a minimal amount of perquisites. Each of our compensation components fulfills one or more of our objectives of attracting, motivating, rewarding, and retaining a high-performing executive team.

Our Compensation Committee annually reviews tally sheets of all components of compensation for our CEO and other executive officers. This review encompasses all forms of compensation, including base salary, short term incentives, long term incentives, health and welfare benefits, perquisites, and benefits under our executive severance plan, group life insurance program, qualified retirement plan, and nonqualified deferred compensation plan. As a part of this process, the Compensation Committee also reviews potential executive termination costs for each of our executive officers, including potential payments upon termination in connection with a “change in control.” Our Compensation Committee evaluates these elements and, under its charter, has authority to approve certain matters and make recommendations to the Board regarding matters requiring Board approval (such as certain actions related to severance or change in control provisions).

Except as otherwise noted, the Compensation Committee’s executive compensation determinations are the result of the Committee’s business judgment, which is informed by the experiences of the Committee members as well as input from the Committee’s independent compensation consultant.

### Base Salary

We establish base salaries at levels designed to enable us to attract and retain talented executives and to reward and motivate consistent high performance over a sustained time period. We determine executive base salaries based on the executive’s experience, role and responsibilities, individual performance, and market data for similar positions among comparable companies within our industry and among our Peer Group. Annual merit increases for NEOs, other than the CEO, are based on evaluation of their performance by the CEO and the Compensation Committee, as well as the Company’s performance and outlook for the upcoming fiscal year. Annual merit increases are not automatic or guaranteed from year to year; adjustments, if any, take into account the executive’s experience, role and responsibilities, individual performance, and market data for similar positions among comparable companies within our industry and among our Peer Group.

For fiscal year 2015, base salaries for our NEOs were as follows:

<i>Officers</i>	<i>Annual Base Salary as of April 30, 2015 (\$)</i>	<i>% Increase from Fiscal Year 2014</i>
William C. Cobb	\$995,000	4.7%
Gregory J. Macfarlane	\$600,000	3.5%
Thomas A. Gerke	\$520,000	4%
Delos L. (“Kip”) Knight, III	\$500,000	11%
Jason L. Houseworth	\$400,000	11%

The fiscal year 2015 salary increases were intended to reward our executives for their performance in fiscal year 2014, as well as recognize their contributions to the Company’s financial and operational performance. Management delivered strong performance in fiscal year 2014 increasing total revenues by \$118 million, or 4%, to \$3.024 billion and expanding earnings before interest, taxes, depreciation, and amortization, or EBITDA, by 8% to \$940 million, or 31% of revenues. Mr. Cobb’s initial salary was set under the terms of his employment agreement and had not been increased or otherwise adjusted since he joined the Company in May 2011. In determining the fiscal year 2015 salary increase for Mr. Cobb, the Compensation Committee took into consideration Mr. Cobb’s leadership during fiscal year 2014, as well as throughout his tenure as CEO, and the Company’s financial and operational performance. The salary increases for Messrs. Macfarlane and Gerke were intended to recognize their specific roles and responsibilities, their individual performance in fiscal year 2014, and their overall contributions to the Company. The salary increases for Messrs. Knight and Houseworth were intended to bring their base salaries closer to market medians for executive positions of similar strategic importance within our Peer Group and the general market environment, as well as to recognize their individual performance and contributions to the Company’s financial and operational performance in fiscal year 2014.

In June 2015, the Compensation Committee approved the following fiscal year 2016 base salaries for our NEOs, effective July 1, 2015:

<i>Officers</i>	<i>Fiscal Year 2016 Salary (\$)</i>	<i>% Increase from Fiscal Year 2015</i>
William C. Cobb	\$995,000	0%
Gregory J. Macfarlane	\$612,000	2.0%
Thomas A. Gerke	\$550,000	5.8%
Delos L. (“Kip”) Knight, III	\$525,000	5.0%
Jason L. Houseworth	\$420,000	5.0%

The fiscal year 2016 salary increases for Messrs. Macfarlane, Gerke, Knight, and Houseworth reflect recognition of their individual performance in fiscal year 2015, their specific roles and responsibilities, and their overall contributions to the strategic direction of the Company, as well as to bring their total targeted cash compensation closer to market median for executive positions of similar strategic importance within our Peer Group and the general market environment.

### **Short Term Incentive Compensation**

STI compensation is performance-based and at-risk compensation intended to motivate and reward executives for the attainment of goals that are measured over annual time horizons. Our executive STI compensation program under the H&R Block Executive Performance Plan (“Executive Performance Plan”) approved by our shareholders is designed to compensate executives primarily for achieving pre-established annual financial, operational, or strategic performance objectives that relate to our fiscal year business plan. STI compensation for our executive officers is determined under a two-step approach. The two-step approach is designed with the intent to qualify the STI awards under the Executive Performance Plan as “performance-based compensation” under Internal Revenue Code (“IRC”) Section 162(m) and to enable the Company to deduct the amount of the STI awards to the greatest extent permitted under IRC Section 162(m).

Under Step One of the methodology, the Compensation Committee approves a specific STI “initial funding performance target,” or threshold level of performance, within ninety days after the beginning of the fiscal year. In setting the initial funding performance target, the Compensation Committee uses one or more of the specific performance criteria identified in the Executive Performance Plan. Under Step Two of the methodology, the CEO, in consultation with other senior executives, proposes separate performance objectives that are then reviewed by the Compensation Committee in consultation with its independent compensation consultant. These separate performance objectives are generally based on our fiscal year business plan. After the Compensation Committee makes any changes to these performance objectives that it considers appropriate, the Compensation Committee approves the objectives for use with respect to our executive officers.

Following the end of the fiscal year, the Compensation Committee reviews the Company’s performance measured against the initial funding performance target set in Step One and the separate performance objectives set in Step Two. Failure to achieve the initial funding performance target for the applicable objective set in Step One would result in no payouts being made under the Executive Performance Plan. Achievement of the initial funding performance target set in Step One results in potential funding of the STI payments for the applicable executive officers at the maximum payout level. In such event, the Compensation Committee is permitted under IRC Section 162(m) to exercise its discretion to reduce, but not increase, the potential funding amount to the actual amounts to be paid to each executive, if any, based primarily on performance against the separate performance objectives applicable to each executive officer set in Step Two. The Compensation Committee uses this negative discretion to reduce the actual payout, as it deems appropriate, based on the Company’s performance relative to these pre-determined performance objectives and on the Compensation Committee’s evaluation of financial, operational, strategic, and individual performance.

The setting of the separate performance objectives in Step Two is completed prior to the start of the tax season. We believe this timing is appropriate due to the seasonal nature of our tax business, which delivers the majority of the Company’s

revenues in the last four months of our fiscal year, which is the period from January through April of each year. Given this seasonality, our planning cycle generally occurs in the summer and early fall. This methodology allows us to set Step Two performance objectives after the planning cycle but before the start of the subsequent tax season.

Maximum and threshold performance objectives are set above and below the target objectives to establish an appropriate relationship between actual Company performance and the executives' STI compensation. Because they are subject to the Company's attainment of performance objectives, STI target opportunities for our NEOs are intended to place a significant portion of our NEOs' annual cash compensation at risk, thereby aligning their compensation with shareholders' interests. These target opportunities are also intended to provide competitive total cash compensation opportunities within our pay positioning context discussed above. Performance criteria and objectives are subject to adjustment as is necessary to prevent reduction or enlargement of an award based on various events occurring during the course of the applicable performance period that distort the criteria applicable to any performance objective. Such events generally include the following:

- Any recapitalization, reorganization, merger, acquisition, divestiture, consolidation, spin-off, combination, partnerships, liquidation, dissolution, discontinuation, sale of assets, or other similar corporate transaction or event;
- Any changes in applicable tax laws or accounting principles; or
- Any unusual, extraordinary or nonrecurring events (as described in Financial Accounting Standards Board *Accounting Standards* 225-20 "Extraordinary and Unusual Items" (or any successor provision) or in management's discussion and analysis of financial condition and results of operations appearing in the Company's Annual Report on Form 10-K for the applicable fiscal year).

Ultimate STI payouts can range from 0% to 200% of each current NEO's target STI opportunity, subject to certain limitations contained in the Executive Performance Plan and, for Mr. Cobb, limitations contained in his employment agreement. The terms of Mr. Cobb's employment agreement, including amendments thereto, are set forth below under the heading "William C. Cobb Employment Agreement" beginning on page 50.

Each year, the Compensation Committee approves a target opportunity for STI compensation for each of our executive officers that is a percentage of such executive officer's base salary. The target opportunities applicable to our NEOs for 2015 and 2016 are set forth below under "Targeted vs. Actual STI Awards" and "Actions Pertaining to Fiscal Year 2016 STI Compensation," respectively. The variance between our CEO's STI target opportunity and other NEOs' opportunities reflects the difference in responsibilities and overall accountability to shareholders. Also, to ensure alignment with shareholders' interests, a larger portion of our CEO's annual cash opportunity is at risk.

#### **Actions Pertaining to Fiscal Year 2015 STI Compensation**

In June 2014, the Compensation Committee approved the use of earnings before interest and taxes, or EBIT, from continuing operations in the amount of \$659.6 million as the initial funding performance target for fiscal year 2015 STI compensation for our executive officers. In November 2014, the Compensation Committee approved the separate fiscal year 2015 STI performance criteria and objectives applicable to our executive officers. These separate fiscal year 2015 STI performance criteria and objectives, shown below, focus on driving revenue and earnings growth to enhance the ultimate performance of the Company as a whole. These criteria and objectives are disclosed in the limited context of our executive compensation program, and should not be deemed to apply in other contexts.

<i>Goal</i>	<i>Criteria</i>	<i>Threshold</i>	<i>Target</i>	<i>Maximum</i>	<i>Weight</i>
Propel Growth	Revenue from Continuing Operations <sup>(1)</sup>	\$3,024.3	\$3,148.3	\$3,236.9	50%
Focus on ultimate performance of the Company as a whole	Pre-Tax Earnings from Continuing Operations <sup>(2)</sup>	\$692.1	\$760.6	\$829.0	50%

<sup>(1)</sup> Revenue from Continuing Operations includes consolidated revenue for fiscal year 2015 attributable to continuing operations (in millions).

<sup>(2)</sup> Pre-Tax Earnings from Continuing Operations includes consolidated net earnings for fiscal year 2015 attributable to continuing operations before the deduction of income taxes (in millions).

The Compensation Committee selected these criteria because it determined that they represented key business drivers of shareholder value over the shorter term. The targets were based on our fiscal year 2015 operating plan, which was reviewed and approved by the Board. The performance targets were set to reward strong management performance in light of the Company's strategic objectives and the industry and economic conditions and trends at the time the targets were set. The mix of criteria is intended to balance top line metrics (Revenue from Continuing Operations) with bottom line metrics (Pre-Tax Earnings from Continuing Operations). The Compensation Committee believes such a balance drives the appropriate amount of focus on propelling growth through revenue without detracting from the ultimate performance of the Company as a whole.

*Targeted vs. Actual STI Awards*

The following formula was used to calculate the payout awarded for fiscal year 2015 STI compensation for our executive officers:

Our NEOs received fiscal year 2015 STI compensation of 94.2% of their target opportunities. In determining the level of achievement of the performance goals, the calculations of the results for the performance criteria were adjusted pursuant to the types of adjustments that the Compensation Committee approved at the time it set the 2015 STI performance goals and objectives. As discussed above, management delivered generally strong performance in fiscal year 2015 despite the industry-wide challenges related to the ACA and tax fraud. The Company's actual results for fiscal year 2015 fell slightly short of the target performance goals. Revenues from continuing operations for fiscal year 2015 increased by 1.9% to \$3.079 billion. Pre-tax earnings from continuing operations decreased by 3.6% to \$825.5 million, primarily due to an increase in total operating expenses which was driven by increased depreciation and amortization, compensation, marketing, and training and other costs related to the planned implementation of assisted tax software in our retail offices.

The target opportunities, as a percentage of base salary, for our NEOs, other than Mr. Knight, did not increase from fiscal year 2014. Mr. Cobb's target STI opportunity equals 125% of his salary and was set under the terms of his employment agreement, as amended. The increase in Mr. Knight's target opportunity from 70% to 75% for fiscal year 2015 reflects adjustments to bring his target opportunity closer to market median for executive positions of similar strategic importance within our Peer Group and the general market environment, as well as recognition for his individual performance in fiscal year 2014. The table below shows the target opportunities and actual awards under our fiscal year 2015 STI program for each of our NEOs:

<i>Officers</i>	<i>Target Opportunity (as a % of Base Salary)</i>	<i>Target Opportunity (\$)</i>	<i>Actual Award (\$)</i>
William C. Cobb	125%	\$1,243,750	\$1,171,613
Gregory J. Macfarlane	80%	\$480,000	\$452,160
Thomas A. Gerke	75%	\$390,000	\$367,380
Delos L. ("Kip") Knight, III	75%	\$375,000	\$353,250
Jason L. Houseworth	70%	\$280,000	\$263,760

## Actions Pertaining to Fiscal Year 2016 STI Compensation

In June 2015, the Compensation Committee approved fiscal year 2016 target STI opportunities for our executive officers, including current NEOs as follows:

<i>Officers</i>	<i>Target Opportunity (as a % of Base Salary)</i>	<i>Target Opportunity (\$)</i>
William C. Cobb	125%	1,243,750
Gregory J. Macfarlane	85%	\$520,000
Thomas A. Gerke	80%	\$440,000
Delos L. ("Kip") Knight, III	80%	\$420,000
Jason L. Houseworth	75%	\$315,000

Mr. Cobb's fiscal year 2016 target opportunity of 125% of his base salary was set under the terms of his employment agreement. The increases in target opportunities for Messrs. Macfarlane, Gerke, Knight, and Houseworth are in recognition of their individual performance in fiscal year 2015, their specific roles and responsibilities, and their overall contributions to the strategic direction of the Company, as well as to bring their total targeted cash compensation closer to market median for executive positions of similar strategic importance within our Peer Group and the general market environment. Consistent with its approach in prior years, the Compensation Committee maintained complete discretion to pay less than the target amounts described above.

For fiscal year 2016, the Board again utilized the two-step approach described above for determining the design of STI compensation applicable to our executive officers. In June 2015, the Compensation Committee approved a specified level of the Company's earnings before interest and taxes, or EBIT, from continuing operations as the specific STI "initial funding performance target," or threshold level of performance. The two-step approach is designed with the intent to qualify payments under the STI plan as "performance-based compensation" under IRC Section 162(m) and to enable the Company to deduct the amount of the payments to the greatest extent permitted under IRC Section 162(m). The setting of the separate performance objectives applicable to our executive officers for fiscal year 2016, as well as the permitted types of adjustments, will be completed prior to the start of the 2016 tax season.

## Long Term Incentive Compensation

We believe that a significant portion of each NEO's compensation should depend on the amount of long term value we create for our shareholders. Our LTI compensation is equity-based and is designed to support multiple objectives, including (i) aligning management's interests with those of our shareholders, (ii) tying compensation to the attainment of long term operating goals and strategic objectives, thereby mitigating incentives for management to pursue short term objectives at the expense of long term value creation, (iii) ensuring that realized compensation reflects changes in shareholder value over the long term, and (iv) attracting, motivating, rewarding, and retaining highly skilled executives.

Historically, we have awarded equity-based compensation on an annual basis, in June of each year, in order to align awards with our performance and achievement of business goals. From time to time, we also award equity-based compensation as part of an employment offer or promotion or, in certain limited instances, as a special award. The amount of equity-based compensation awarded in these circumstances is based on the executive's role and responsibilities, long term potential, or individual or Company performance. The award amount is also guided by market data for positions of similar scope and responsibility.

## Actions Pertaining to Fiscal Year 2015 LTI Compensation

For fiscal year 2015, our NEOs received a mix of equity-based incentive awards consisting of approximately 50% of value in performance share units, 30% of value in market stock units and 20% of value in time-based restricted share units, each of which are explained below. We weighted the mix of equity-based compensation so that our NEOs received a greater portion of LTI compensation in performance-based equity vehicles, such as performance share units and market stock units, as compared

to time-based equity vehicles, such as restricted share units. As a result, a substantial portion of our NEOs' equity-based compensation is at-risk and aligned with shareholders' interests. The portion delivered in time-based restricted share units is intended to serve as an ongoing retention tool and a continuing link to shareholder value, given that the value of the restricted share units increases only to the extent that the Company's stock price increases. Additional detail regarding the forms of LTI compensation awarded as part of the fiscal year 2015 annual LTI compensation grant is as follows:

#### Performance Share Units

For fiscal year 2015, our executive officers, including our NEOs, received 50% of their annual LTI compensation in the form of performance share units. We believe the performance share units appropriately reflect our compensation philosophy by establishing a clear connection between the compensation of our NEOs and the achievement of performance goals that are important for long term value creation.

A participating executive has the opportunity to earn an initial performance share unit payout, ranging from 0% to 200% of his or her target award, based upon the Company's performance against a pre-established performance metric. This initial payout is then modified based on the Company's total shareholder return ("TSR") over the performance period relative to the S&P 500. The TSR modifier increases or decreases the initial payout by up to 25% of the initial payout amount (for a modifier ranging from 75% to 125% of the initial payout amount, as shown in the chart to the right). As a result of the TSR modifier, a participating executive may receive a maximum final number of earned performance share units of up to 250% of such executive's target. This maximum earned amount can only be achieved if the award's maximum performance goals are met and the Company's TSR over the entire three-year performance period equals or exceeds the 80th percentile relative to other S&P 500 companies. The following formula is used to calculate the final number of earned performance share units:

H&R Block Percentile Rank Among S&P 500	TSR Modifier*
Upper Quintile (80 <sup>th</sup> percentile and above)	125.0%
4 <sup>th</sup> Quintile (60 <sup>th</sup> to 80 <sup>th</sup> percentile)	108.3%—125.0%
3 <sup>rd</sup> Quintile (40 <sup>th</sup> to 60 <sup>th</sup> percentile)	91.7%—108.3%
2 <sup>nd</sup> Quintile (20 <sup>th</sup> to 40 <sup>th</sup> percentile)	75.0%—91.7%
Lower Quintile (below 20 <sup>th</sup> percentile)	75.0%

\* Linear interpolation will be used to determine the exact TSR modifier percentage.

For performance share units granted in fiscal year 2015, performance is measured over a three-year period beginning on May 1, 2014 and ending on April 30, 2017 and the applicable performance metric is the Company's earnings before interest, taxes, debt and amortization, or EBITDA, from continuing operations. The Compensation Committee selected EBITDA from continuing operations as the fiscal year 2015 performance metric because it believes this metric is a critical driver of sustained value creation over the longer term. At the end of the performance period, the Compensation Committee will certify the performance results and percentage payout, as well as the resulting final number of performance share units earned by each executive officer. There are no dividends paid on outstanding performance share units during the vesting period, but dividend equivalents on the number of performance share units that ultimately vest will accumulate and be deemed reinvested during the vesting period. Upon vesting of the performance share units, in addition to receiving the number of shares of common stock determined according to the payout calculation, the executive will receive additional shares of common stock equal in value to the total dividends that would have been paid on the number of shares of common stock that vest. Performance share units do not carry voting rights.

#### Market Stock Units

For fiscal year 2015, our executive officers, including our NEOs, received 30% of their annual LTI compensation in the form of market stock units. If certain performance thresholds are met, a participating executive has the opportunity to earn a payout

between 50% and 200% of his or her target number of market stock units based on the ratio of the average of the Company's stock price for the thirty consecutive trading days prior to the grant date ("Grant Date Price") and the average of the Company's stock price for the thirty days consecutive trading days prior to the end of the three-year performance period applicable to the awards, or April 30, 2017 ("Ending Date Price," which is the end of fiscal year 2017). Performance is measured over a three-year performance period beginning on May 1, 2014 and ending on April 30, 2017, with the applicable performance metrics established within ninety days of the beginning of the performance period and the cumulative results for the three-year period determining whether any shares of common stock are payable upon vesting of the market stock units following the end of the three-year period.

The vesting of market stock units is subject to two thresholds, both of which must be satisfied for any payout to occur. First, the Ending Date Price must be greater than or equal to 50% of the Grant Date Price. Second, the Company's average return on equity based on net income from continuing operations during the three-year performance period must be greater than or equal to 20%. Failure to attain either of these thresholds would result in forfeiture of the entire market stock unit award. The total number of market stock units earned by participating executives, if any, is equal to the number of market stock units granted on the grant date multiplied by the ratio of the Ending Date Price to the Grant Date Price. The following formula is used to calculate the final number of earned market stock units:

$$\text{Target MSU Grant} \times \text{Ratio of Ending Date Price to Grant Date Price} = \text{Number of MSUs Earned}$$

At the end of the performance period, the Compensation Committee will certify the performance results and percentage payout, as well as the resulting number of market stock units earned by each executive officer. There are no dividends paid on outstanding market stock units during the vesting period, but dividend equivalents on the number of market stock units that ultimately vest will accumulate and be deemed reinvested during the vesting period. Upon vesting of the market stock units, in addition to receiving the number of shares of common stock determined according to the payout calculation, the executive will receive additional shares of common stock equal in value to the total dividends that would have been paid on the number of shares of common stock that vest. Market stock units do not carry voting rights.

*Restricted Share Units*

For fiscal year 2015, our executive officers, including our NEOs, received 20% of their annual LTI compensation in the form of restricted share units. There are no dividends paid on outstanding restricted share units during the vesting period, but dividend equivalents on the number of restricted share units that vest will accumulate and be deemed reinvested during the vesting period. Upon vesting of the restricted share units, in addition to receiving the applicable number of shares of common stock, the executive will receive additional shares of common stock equal in value to the total dividends that would have been paid on such shares. Restricted share units do not carry voting rights.

*Fiscal Year 2015 LTI Vesting Provisions*

Performance share units and market stock units generally vest, if at all, on the third anniversary of the grant date. Restricted share units generally vest in one-third annual increments beginning on the first anniversary of the grant date.

An executive generally will forfeit his or her equity award upon voluntary termination of employment or termination for cause prior to the vesting date, but will receive a full vesting of his or her awards (as determined based upon the attainment of performance goals, when applicable) in the event of the executive's death or disability more than one year following the grant date, and will receive pro-rata vesting of his or her awards (as determined based upon the attainment of performance goals, when applicable) in the event of the executive's retirement more than one year following the grant date. For performance share units and market stock units, an executive will receive pro-rata vesting of the awards, as determined based upon the attainment of applicable performance goals, in the event of the executive's involuntary termination without cause more than one year following the grant date. Unvested restricted share units are forfeited upon an executive's involuntary termination without cause.

For performance-based awards, after a change in control the Compensation Committee may in its discretion waive the performance goals that apply to such performance-based awards. If it does, the units generally will vest as a result of the executive's continued employment through the third anniversary of the grant date and the executive will receive all or a pro-rata portion of the award in the event of certain forms of termination that occur in connection with or following the change in control. For restricted share units, the executive will receive full vesting in the event of certain forms of termination (as set forth in the award agreement governing the grant) in connection with a change in control.

As described in the Company's Current Report on Form 8-K filed on July 1, 2014, Mr. Cobb's fiscal year 2015 equity-based compensation contained modified vesting provisions providing that his voluntary retirement after reaching age 60 will not result in the forfeiture of any equity awards outstanding for more than one year prior to such retirement; rather, the entire equity awards will continue to vest on the stated vesting dates set forth in the applicable award agreement and with performance adjustments (if any) made under such agreement as if he remained employed through such stated vesting dates. Additionally, the covenant against solicitation of employees was increased from one year following his last day of employment to two years following his last day of employment. The other material terms of his equity-based compensation are identical to those of the fiscal year 2015 equity-based compensation described above.

### Fiscal Year 2015 LTI Compensation Awards

For fiscal year 2015, we awarded our NEOs performance share units, market stock units, and restricted share units in the following amounts:

<i>Officers</i>	<i>Award Value (\$)<sup>(1)</sup></i>	<i>Performance Share Units (#)<sup>(1)</sup></i>	<i>Market Stock Units (#)<sup>(1)</sup></i>	<i>Restricted Share Units (#)<sup>(1)</sup></i>
William C. Cobb	\$5,500,000	74,184	44,296	32,817
Gregory J. Macfarlane	\$1,125,000	15,174	9,061	6,713
Thomas A. Gerke	\$1,050,000	14,163	8,457	6,265
Delos L. ("Kip") Knight, III	\$1,000,000	13,488	8,054	5,967
Jason L. Houseworth	\$750,000	10,116	6,041	4,475

(1) Represents the value of our LTI compensation awards, which are subject to rounding. These award values are converted into: (i) the number of performance share units and market stock units based on the Monte Carlo valuation model as of the grant date and (ii) the number of restricted share units based on the closing price of one share of common stock on the grant date. The number of performance share units, market stock units, or restricted share units resulting from the conversion of the award value to the number of units awarded is rounded up to the nearest whole unit, such rounded numbers are reflected in the chart above. As such, the award value reported in this column may differ from the accounting grant date fair value under ASC 718 presented in the Summary Compensation Table and the Grants of Plan-Based Awards Table on pages 46 and 47, respectively. For assumptions used in the valuation models, refer to Note 13 of the Company's financial statements in the Company's Annual Report on Form 10-K for the year ended April 30, 2015, as filed with the SEC. In such Annual Report on Form 10-K, Note 13 references "performance-based share units," which include performance share units and market stock units.

All of the awards shown in the table above had a grant date of June 30, 2014. The performance share units and market stock units will vest, if at all, on the third anniversary of the grant date and the restricted share units will vest in one-third annual increments beginning on the first anniversary of the grant date.

### Actions Pertaining to Fiscal Year 2016 LTI Compensation

At the beginning of fiscal year 2016, the Compensation Committee carefully considered the mix of equity-based compensation for executive officers and determined that the current equity mix continues to strike the appropriate balance among rewarding, motivating and retaining our executives. The Committee determined that this equity mix properly rewards our executives for their fiscal year 2015 performance, motivates them to work towards achieving our long term objectives and further aligns their interests with the interests of our shareholders. As a result, our executive officers, including our NEOs, received 50% of their annual LTI compensation for fiscal year 2016 in performance share units, 30% in market stock units and 20% in time-based restricted share units. The payment structures, vesting schedules, terms and conditions of the fiscal year 2016 equity-based compensation are substantially similar to those of the fiscal year 2015 equity-based compensation

described above under the heading “Actions Pertaining to Fiscal Year 2015 LTI Compensation” beginning on page 33. The Committee did, however, alter the measurement periods for stock price performance for performance share units and market stock units to align the performance and measurement periods as noted below and replaced the average return on equity performance threshold with average return on invested capital for market stock units. The following changes were made to the fiscal year 2016 performance share units and market stock units, as set forth in the revised award agreements filed with the Company’s Annual Report on Form 10-K for the fiscal year ending April 30, 2015:

- For fiscal year 2016 performance share units and market stock units, the Company’s TSR and ratio of Ending Date Price to Grant Date Price are determined by comparing the average of the Company’s stock price for the fifteen consecutive trading days prior to the grant date versus the average of the Company’s stock price for the fifteen consecutive trading days beginning on the date the Company’s Annual Report on Form 10-K is filed with the SEC for the last fiscal year within the performance period. This is a change from the prior measurement period that ended on the last day of the last fiscal year in the performance period, which occurs prior to disclosure of our financial results for such period. The Committee revised the measurement periods for stock price performance to ensure that results relating to years prior to the performance period do not unduly influence the performance measurement and results relating to years within the performance period do appropriately influence the performance measurement; and
- For fiscal year 2016 market stock units, vesting is subject to two thresholds, (1) as in prior years, the Ending Date Price must be greater than or equal to 50% of the Grant Date Price and (2) the Company’s average return on invested capital based on after-tax net operating profit and average invested capital during the three-year performance period, each as defined in the award agreement, must be greater than or equal to 14%. Based in part on feedback received from certain shareholders, the Committee decided to utilize average return on invested capital for market stock units granted in fiscal year 2016, as it believes the investment community considers this metric to be a more effective measure of capital efficiency.

#### Fiscal Year 2016 LTI Compensation Awards

In June 2015, we awarded annual LTI compensation grants for fiscal year 2016 to NEOs as follows:

<i>Officers</i>	<i>Award Value (\$)<sup>(1)</sup></i>	<i>Performance Share Units (#)<sup>(1)</sup></i>	<i>Market Stock Units (#)<sup>(1)</sup></i>	<i>Restricted Share Units (#)<sup>(1)</sup></i>
William C. Cobb	\$5,500,000	87,916	57,015	37,100
Gregory J. Macfarlane	\$1,200,000	19,182	12,440	8,095
Thomas A. Gerke	\$1,100,000	17,584	11,403	7,420
Delos L. (“Kip”) Knight, III	\$1,100,000	17,584	11,403	7,420
Jason L. Houseworth	\$900,000	14,387	9,330	6,071

<sup>(1)</sup> Represents the value of our annual LTI compensation program awards, which are subject to rounding. These award values are converted into: (i) the number of performance share units and market stock units based on the Monte Carlo valuation model as of the grant date and (ii) the number of restricted share units based on the closing price of one share of common stock on the grant date. The number of performance share units, market stock units, or restricted share units resulting from the conversion of the award value to the number of units awarded is rounded up to the nearest whole unit, such rounded numbers are reflected in the chart above. As such, the award value reported in this column may differ from the accounting grant date fair value under ASC 718.

The increases in fiscal year 2016 LTI awards are intended to reward our executives for their performance in fiscal year 2015, recognize their contributions to the Company’s financial and operational performance, and continue to tie a significant portion of each executive’s compensation to the long term value we create for our shareholders. The increases for Messrs. Macfarlane, Gerke, Knight and Houseworth reflect recognition of their specific roles and responsibilities, their individual performance in fiscal year 2015, and their overall contributions to the Company. These increases also aim to bring these executives total target direct compensation closer to market median for executive positions of similar strategic importance within our Peer Group and the general market environment

## Vesting and Performance-based Payouts of Fiscal Year 2013 Performance Share Units and Market Stock Units

As previously disclosed, our executive officers, including certain of our NEOs, received performance share units and market stock units in fiscal year 2013. These performance share units and market stock units vested on April 30, 2015 and the performance was certified and the overall payout was approved by the Compensation Committee in June 2015.

Under the terms of the award agreements for fiscal year 2013 performance share units, a participating executive had the opportunity to earn an initial performance share unit payout, ranging from 0% to 200% of his or her target award, based upon the Company's performance against pre-established performance metrics. The Committee selected cumulative pre-tax earnings from continuing operations as the performance metric for the three-year performance period beginning in fiscal year 2013. This initial payout was then modified based on the Company's TSR over the three-year period relative to the S&P 500. The TSR modifier could increase or decrease the payout by up to 25% of the initial payout amount. As a result of the TSR modifier, a participating executive could receive a maximum final payout of up to 250% of the performance share units initially granted to such executive. The performance metric and objective (in millions) for the performance period was as follows:

<i>Performance Period</i>	<i>Metric</i>	<i>Threshold</i>	<i>Target</i>	<i>Maximum</i>
May 1, 2012 – April 30, 2015	Cumulative 3 Year Pre-Tax Earnings <sup>(1)</sup>	\$1,899.9	\$2,111.0	\$2,326.4

<sup>(1)</sup> Cumulative 3 Year Pre-Tax Earnings includes the cumulative earnings of the Company from continuing operations before allowance for taxes for the three fiscal years ended in 2013, 2014 and 2015.

Based on the Company's results relative to the above thresholds, targets, and maximums, the Compensation Committee approved a performance percentage of 155.4%. The Compensation Committee then applied a TSR modifier of 125% based on the Company's TSR over the three-year performance period. Based on the performance percentage and the TSR modifier, our NEOs received 194.3% of the performance share units they were initially granted, as well as additional shares of common stock equal in value to the total dividends that would have been paid on the number of shares of common stock that vested pursuant to the payout calculation. The table below shows the target-level opportunities and actual awards under our fiscal year 2013 performance share unit program for our NEOs:

<i>Officers</i>	<i>PSUs Granted (#)</i>	<i>Actual Shares Received (#)<sup>(1)</sup></i>
William C. Cobb	104,470	221,925
Gregory J. Macfarlane <sup>(2)</sup>	17,410	36,985
Thomas A. Gerke	17,410	36,985
Delos L. ("Kip") Knight, III <sup>(2)</sup>	n/a	n/a
Jason L. Houseworth	11,610	24,664

<sup>(1)</sup> The amount of shares actually received by the NEOs includes additional shares of common stock equal in value to the total dividends that would have been paid on the number of shares of common stock that vest pursuant to the payout calculation.

<sup>(2)</sup> Mr. Knight was not eligible for grants of fiscal year 2013 performance share units as he had not yet joined the Company.

Under the terms of the award agreements for fiscal year 2013 market stock units, if certain performance thresholds were met, a participating executive had the opportunity to earn a payout between 50% and 200% of his or her target number of market stock units based on the difference between the average of the Company's stock price for the thirty days prior to the grant date ("2013 MSU Grant Date Price") and the average of the Company's stock price for the thirty days prior to the vesting date for the awards, which is the end of the three-year performance period applicable to the awards, or April 30, 2015 ("2013 MSU Ending Date Price"). The vesting of market stock units was subject to two thresholds, both of which must be satisfied for any payout to occur. First, the 2013 MSU Ending Date Price must have been greater than or equal to 50% of the 2013 MSU Grant Date Price. Second, the Company's average return on equity (as defined in the award agreement) during the three-year performance period must have been greater than or equal to 20%. Based on the Company's results, the Compensation Committee certified that both thresholds were achieved and approved a performance percentage of 206.1%. Our NEOs

received 200%, the maximum amount permissible under the applicable award agreements, of the market stock units they were initially granted, as well as additional shares of common stock equal in value to the total dividends that would have been paid on the number of shares of common stock that vested pursuant to the payout calculation. The table below shows the target-level opportunities and actual awards under our fiscal year 2013 market stock unit program for our NEOs:

<i>Officers</i>	<i>MSUs Granted (#)</i>	<i>Actual Shares Received (#)<sup>(1)</sup></i>
William C. Cobb	82,470	180,330
Gregory J. Macfarlane <sup>(2)</sup>	13,745	30,056
Thomas A. Gerke	13,745	30,056
Delos L. ("Kip") Knight, III <sup>(2)</sup>	n/a	n/a
Jason L. Houseworth	9,165	20,041

<sup>(1)</sup> The amount of shares actually received by the NEOs includes additional shares of common stock equal in value to the total dividends that would have been paid on the number of shares of common stock that vest pursuant to the payout calculation.

<sup>(2)</sup> Mr. Knight was not eligible for grants of fiscal year 2013 market stock units as he had not yet joined the Company.

### **Benefits and Perquisites**

We provide certain benefits to all full-time employees, including employer matching contributions to our qualified retirement plan, an employee stock purchase plan that permits purchases of our common stock at a discount, life insurance, health and welfare benefit programs, and the opportunity to use our tax preparation services for no charge. Benefits for executives generally are the same as benefits for all other full-time employees, except that executive officers and certain key employees may participate in our group life insurance program and our deferred compensation plan and are entitled to certain relocation benefits as described below. We have structured our executive benefit program to be consistent with our philosophy of emphasizing performance-based elements in our executive compensation program. We believe the benefits our executives receive are modest relative to market practices.

In order to attract and retain executives, we offer a group life insurance program that provides death benefits up to three times the participating executive's annual base salary. The death benefits are payable to beneficiaries designated by the participating executive.

Our deferred compensation plan, which is discussed in detail beginning on page 49, is designed to assist our executives in building retirement savings by offering participants the opportunity to defer their receipt of base salary and STI compensation.

We also provide relocation benefits to eligible employees. These relocation benefits generally cover certain common relocation expenses and are subject to a clawback requirement, which requires recipients to repay all or a portion of the benefits to the Company in the event of their voluntary termination or termination for cause within 12 months following the relocation date.

We purchase tickets to various cultural, charitable, civic, entertainment, and sporting events for business development and relationship building purposes, as well as to maintain our involvement in communities in which the Company operates and our employees live. Occasionally, our employees, including our executives, use such tickets for personal purposes when they are not otherwise used for business purposes.

Perquisites represent an immaterial element of our executive compensation program. We believe our overall executive perquisites are well below the market median relative to our Peer Group.

### **COMPENSATION "CLAWBACK" POLICY AND RESTRICTIVE COVENANTS**

Our Board has adopted a "clawback" policy which provides that, in the event of a restatement of our financial results, the Board has the authority to seek reimbursement of any portion of performance-based or incentive compensation paid, vested, or awarded in any previous year that is greater than the amount that would have been paid or awarded if calculated based on

the restated financial results. Mr. Cobb's employment agreement, the Executive Performance Plan, and the award agreements applicable to our executive officers under the 2003 Plan and the 2013 Plan each include a clawback provision consistent with the terms of the Board's clawback policy.

Our award agreements contain restrictive covenants, including non-competition and non-solicitation provisions, which, if violated, authorize the Company to cancel or rescind the award or seek reimbursement of value received by the individual, consistent with applicable law.

## COMPENSATION METHODOLOGY AND CALCULATION

### Peer Group

With the input of its independent compensation consultant, the Compensation Committee reviews the Peer Group annually and revises it as circumstances warrant. The Peer Group of companies used in fiscal year 2015 remained unchanged from the 18 companies used in fiscal year 2014. We endeavor to identify companies that are comparable to our core businesses, including tax and professional products and services. The fiscal year 2015 Peer Group consists of the 18 companies listed in the following chart, which sets forth the relative size measures considered by the Compensation Committee:

<i>Fiscal Year 2015 Peer Group</i>

Relative to our Peer Group, the fiscal year 2015 targeted total direct compensation for our NEOs, including our CEO, is below the peer median.

### **Use of External Consultants**

As discussed above, the Compensation Committee retains Frederic W. Cook & Co. as its external, independent compensation consultant for objective advice and assistance on executive compensation matters. Cook reports directly to the Committee and the Committee may replace Cook or hire additional consultants at any time. Cook advises the Compensation Committee on issues pertaining to executive compensation, including the assessment of market-based compensation levels, the selection of our Peer Group, our pay positioning relative to the market, the mix of pay, incentive plan design, and other executive employment matters. Cook provides its advice based in part on prevailing and emerging market practices, as well as our specific business context. The Committee retains sole authority to hire Cook, approve its compensation and the appropriate funding by the Company for such compensation, determine the nature and scope of its services, evaluate its performance, and terminate its engagement. The Compensation Committee believes that external compensation consultants for the Compensation Committee should be independent and serve the Compensation Committee exclusively, and should not perform any other services for the Company at any time. Cook performs no other services for the Company.

For fiscal year 2015, the Compensation Committee assessed Cook's independence, taking into account the following factors:

- The provision of other services to the Company by Cook;
- The amount of fees received from the Company by Cook as a percentage of Cook's total revenue;
- Cook's policies and procedures that are designed to prevent conflicts of interest;
- Any business or personal relationship between the individuals at Cook performing consulting services and the members of the Compensation Committee;
- Any ownership of Company stock by the individuals at Cook performing consulting services for the Compensation Committee; and
- Any business or personal relationship between the consultant or any other employee at Cook and an executive officer of the Company.

In connection with the Compensation Committee's review, Cook provided the Compensation Committee with appropriate assurances and confirmation of its independent status. The Compensation Committee believes Cook has been independent throughout its service for the Committee and that there is no conflict of interest between Cook and the Compensation Committee.

### **Executive Evaluation Process**

Our Compensation Committee reviews our CEO's performance each year against pre-established financial, operational, strategic, and individual objectives. Our CEO is responsible for sharing with the Compensation Committee his current year accomplishments in light of current year objectives, as well as proposed objectives for the following year. The Compensation Committee reviews the CEO's accomplishments, objectives, and overall performance with assistance from the Compensation Committee's independent compensation consultant. The Committee keeps the independent members of the Board apprised of its activities related to the review and approval of CEO performance and compensation matters and, from time to time, consults with such independent members on matters concerning CEO compensation. Based on its evaluation, the Compensation Committee determines the CEO's compensation. Following such determination, the Chairman of the Board discusses the Compensation Committee's evaluation and determinations with the CEO. Our CEO does not play a role in determining his own compensation, other than discussing his annual performance review with the Chairman of the Board and sharing his accomplishments and proposed objectives with the Compensation Committee.

Our Compensation Committee consults with the CEO concerning the performance of other executive officers and approves the compensation of such officers, taking into account recommendations of the CEO and input from the Board and the Committee's independent compensation consultant. Our CEO and Chief People Officer assist the Compensation Committee in reaching compensation decisions regarding executives other than themselves. In addition, the CEO (with input from other senior executives) develops recommendations for the Committee's approval regarding performance goals under our STI and

LTI compensation programs. Executive officers do not play a role in determining their own compensation, other than discussing their annual performance reviews with their supervisors and, in the case of the CEO, making recommendations for the Committee’s approval regarding performance goals under our STI and LTI programs. The Committee reviews the recommendations and approves any changes as it determines in its sole discretion to be in the best interests of the Company and our shareholders.

Except as otherwise noted, the Compensation Committee’s executive compensation determinations are the result of the Committee’s business judgment, which is informed by the experiences of the Committee members as well as input from the Committee’s independent compensation consultant.

**Other Awards**

We occasionally offer sign-on awards as a means to attract talented executives. These awards are typically offered in negotiating employment terms and generally are in the form of cash, guaranteed STI bonuses in the initial year of employment, or grants of LTI compensation.

Under authority delegated by the Compensation Committee, our CEO may approve the grant of equity awards to employees other than executive officers. Such equity awards are subject to the terms and conditions approved by the Compensation Committee, including a limitation on the total number of equity awards that our CEO is authorized to grant, and our CEO exercises this authority to approve grants to certain employees other than executive officers as part of their annual LTI compensation, to newly hired and promoted individuals, or in recognition of outstanding achievements.

**Stock Ownership Guidelines**

We believe that our executive officers should have a significant financial stake in the Company to ensure that their interests are aligned with those of our shareholders. To that end, we have adopted stock ownership guidelines that define ownership expectations for certain executive officers covered under the guidelines. Under the guidelines adopted by the Committee, covered executives are expected to attain and retain a level of qualifying equity securities equal to a multiple of their annual base salaries. In determining whether a covered executive has met the applicable ownership requirement, we include shares owned by such executive outright, the after-tax value of vested stock option awards, and share equivalents the executive holds in the Company’s benefit plans (any of such shares, awards or share equivalents, “Covered Shares”). Unvested equity awards, regardless of the type of award, are not included for purposes of determining compliance with the executive’s ownership requirement.

Our stock ownership guidelines provide that, until a covered executive satisfies the applicable holding requirement, he or she is required to retain a specified percentage of any Covered Shares owned as of the date on which he or she becomes subject to the guidelines or acquired thereafter. The covered executives, required ownership levels, and retention percentages under our stock ownership guidelines are as follows:

<i>Covered Executives</i>	<i>Ownership Requirement</i>	<i>Retention Percentage</i>
Chief Executive Officer	6x Base Salary	100%
Chief Financial Officer, Chief Legal Officer	3x Base Salary	75%
Business Unit or Division Presidents, as designated by the CEO	3x Base Salary	50%
Others designated by the CEO	2x Base Salary	50%

Before the covered executive satisfies the applicable ownership requirement, he or she will be subject to the retention requirements described above and may only sell or transfer Covered Shares in a manner that does not violate the applicable retention percentage requirement. After the covered executive satisfies the applicable ownership requirement, he or she will no longer be subject to the retention requirements and the stock ownership guidelines will no longer preclude a sale or transfer of any Covered Shares, so long as such executive’s ownership of Covered Shares continues to exceed the applicable ownership requirement. Mr. Cobb has met his ownership requirement and all of our other current NEOs have either met or are progressing toward attaining their applicable ownership requirements. The Compensation Committee annually reviews each covered executive’s progress toward meeting the stock ownership guidelines.

### **Accounting for Stock-Based Compensation**

We recognize stock-based compensation expense for the issuance of performance share units, market stock units, and restricted share units, as well as stock purchased under our employee stock purchase plan, pursuant to FASB Accounting Standards Codification Topic 718, "Stock Compensation." Under this accounting methodology, we generally recognize stock-based compensation expense on a straight-line basis over applicable vesting periods. For assumptions used in determining these expenses, refer to Note 13 of the Company's financial statements in the Company's Annual Report on Form 10-K for the year ended April 30, 2015, as filed with the SEC.

### **Prohibition on Derivatives Trading and Hedging and Pledging of Our Securities**

Our Insider Trading Policy prohibits all directors and employees, including the NEOs, from trading in any puts, calls, covered calls or other derivative products involving any Company securities. Additionally, our policy prohibits these individuals from engaging in any hedging transactions with respect to any Company securities, which includes the purchase of certain instruments (including "cashless collars," forward sales contracts, equity swaps or any other similar instruments) designed to hedge, monetize or offset any decrease in the market value of such securities. The policy also prohibits our employees and directors from pledging, or using as collateral, Company securities in order to secure personal loans or obligations, which includes a prohibition against holding shares of Company stock in a margin account.

### **Tax Considerations**

We believe it is in the best interests of our shareholders for us to maximize tax deductibility when appropriate. Section 162(m) of the IRC limits to \$1,000,000 our federal income tax deduction for compensation paid to any of our NEOs (other than our Chief Financial Officer), subject to certain exceptions, including an exception for performance-based compensation. We designed the Executive Performance Plan and portions of our equity-based compensation with an intent to enable the Company to deduct such compensation under IRC Section 162(m) to the greatest extent permitted.

Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. We believe it is important to retain the flexibility to compensate executives competitively even if such compensation is potentially not deductible for tax purposes. The Compensation Committee and the Board consider the impacts of IRC Section 162(m) in developing, implementing, and administering our compensation programs. However, the Committee and the Board balance this consideration with our primary goal of structuring compensation programs to attract, motivate, reward, and retain highly talented executives. As such, exceptions may occur when the Compensation Committee or the Board, after balancing tax efficiency with long term strategic objectives, believe it is in the best interests of our shareholders. In addition, because of the uncertainties associated with the application and interpretation of IRC Section 162(m) and the regulations issued thereunder, there can be no assurance that compensation intended to satisfy the requirements for deductibility under IRC Section 162(m) will in fact be deductible.

## **TERMINATION OF EMPLOYMENT, SEVERANCE AND TRANSITION ARRANGEMENTS**

### **Executive Severance Plan**

In connection with the Company's movement from executive employment agreements to standardized employment terms and arrangements, the Company adopted the H&R Block Executive Severance Plan ("Executive Severance Plan"). In November 2013, the Board, upon recommendation of the Compensation Committee, approved certain amendments to the Executive Severance Plan. Information regarding the Executive Severance Plan is included beginning on page 51.

Messrs. Macfarlane, Gerke, Knight and Houseworth are participants in the Executive Severance Plan. Under the terms of Mr. Cobb's employment agreement, which is described in more detail on page 50, Mr. Cobb only participates in the Executive Severance Plan if and to the extent that the benefits related to equity awards thereunder exceed those contained in his employment agreement.

The Executive Severance Plan is intended to support a variety of objectives, including (i) standardization of severance policy among the senior officers, which ensures internal parity, simplifies internal administration, and mitigates negotiation at hire

and termination, and (ii) the attraction and retention of highly skilled executives by protecting them from the short term economic consequences associated with unexpected termination of employment in the absence of cause. Based on advice from the Compensation Committee's independent compensation consultant, we believe the benefits our NEOs would receive under various severance scenarios are modest relative to the market but sufficient to support the above objectives.

### **Change in Control Provisions**

Change in control provisions for our NEOs are set forth in the Executive Severance Plan, discussed above and on page 51, and the LTI awards, discussed beginning on page 33. We provide these "change in control" benefits as a means to attract and retain talented executives, who could have other job alternatives that may appear more attractive absent these benefits. In addition, by providing financial protection in the event that a transaction results in the loss of employment, the change in control program helps to ensure the independence and objectivity of our executives when reviewing potential transactions and that executives will remain focused during periods of uncertainty. The Executive Severance Plan does not provide for any gross-up payments to offset excise tax liabilities that result from change in control payments. All change in control payments under the Executive Severance Plan require both a change in control and the subsequent loss of employment by the NEO (a "double-trigger").

Change in control provisions for Mr. Cobb are set forth in his employment agreement. Consistent with the Executive Severance Plan, Mr. Cobb's employment agreement does not provide for any gross-up payments to offset excise tax liabilities that result from change in control payments. All change in control payments under his employment agreement include a double-trigger, as described above.

In addition, in connection with equity awards granted pursuant to the 2013 Plan, our current NEOs have entered into award agreements with the Company that contain provisions accelerating the vesting of equity awards upon certain changes in control and include a double-trigger, as described above. We use this "double-trigger" equity acceleration policy to protect against the loss of retention power following a change in control and to avoid windfalls, both of which could occur if vesting accelerated automatically as a result of a transaction. Equity acceleration following a change in control under the award agreements is discussed beginning on page 52.

The Company has historically avoided the use of excise tax gross-up provisions relating to a change in control and has no such gross-up obligations in place with respect to any executive officers, including Mr. Cobb. Consistent with the Company's historical practice, in the future we intend to refrain from providing excise tax gross-up provisions relating to a change in control.

These change in control arrangements are not provided exclusively to the NEOs. A larger group of management employees is eligible to receive many of the change in control benefits described in this section.

## **COMPENSATION COMMITTEE REPORT**

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis. Based on its review and discussion with management, the Committee approved the Compensation Discussion and Analysis and recommended to the Board of Directors that it be included in the Company's 2015 Proxy Statement and the Company's Annual Report on Form 10-K.

### **COMPENSATION COMMITTEE**

Bruce C. Rohde, Chair

Tom D. Seip

James F. Wright

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The following non-employee directors, each of whom is independent, serve on the Compensation Committee of the Board of Directors: Bruce C. Rohde (Chair), Tom D. Seip, and James F. Wright. No director serving on the Compensation Committee during fiscal year 2015 (i) was or was formerly an officer or employee of the Company or any of its subsidiaries or (ii) had any relationships requiring disclosure in this proxy statement. None of our executive officers has served as a director or member of the Compensation Committee (or other committee serving an equivalent function) of any other entity whose executive officers served as a director or member of our Compensation Committee.

## RISK ASSESSMENT IN COMPENSATION PROGRAMS

With the assistance of Cook, the Compensation Committee has assessed its broad-based and executive compensation programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. The risk assessment included two work streams – one focused on reviewing areas of enterprise risk and the other focused on identifying compensation design risk. The enterprise risk analysis examined the types and magnitudes of risks our business activities present to the Company. The compensation design risk analysis examined the potential risks in the design of our performance-based compensation arrangements. The Committee identified and assessed the risk profile of each performance-based compensation plan. In this assessment, the Committee considered several features we have adopted to mitigate potential risks related to our compensation practices, including:

- Placing greater emphasis on long term equity incentives over short term cash incentives;
- Utilizing caps on potential payments of cash and equity compensation;
- Our clawback policy, which is discussed beginning on page 39;
- Our Insider Trading Policy, which prohibits executives from hedging in the Company's stock, pledging the Company's stock, and engaging in transactions involving derivative products related to the Company's stock;
- Our executive stock ownership guidelines, which, among other things, require our CEO to own shares or share equivalents held in the Company's benefit plans equal to six times his or her base salary, which is discussed further on page 42; and
- The overall design of our compensation programs, including our focus on at-risk compensation that is directly tied to the Company's performance and utilization of a balanced mix of performance measures which avoid placing excessive weight on a single performance measure.

As a result of our analysis, the Compensation Committee believes, and Cook concurs, that our compensation policies and practices do not create inappropriate or unintended material risks to the Company as a whole, and that, consequently, our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

## EXECUTIVE COMPENSATION

### SUMMARY COMPENSATION TABLE

The following table sets forth for the fiscal year ended April 30, 2015 the compensation paid to or earned by the Company's Named Executive Officers.

<sup>(1)</sup> Compensation for fiscal year 2013 is included for only those NEOs who were also NEOs of the Company for such fiscal year.

<sup>(2)</sup> Each of the NEOs contributed a portion of his fiscal year 2015 salary to the Company's 401(k) savings plan, the H&R Block Retirement Savings Plan ("RSP").

<sup>(3)</sup> This column represents the grant date fair value under ASC 718 for performance share units, market stock units, and restricted share units granted during fiscal year 2015, as well as prior fiscal years (as applicable). Grants made prior to January 1, 2013 were made pursuant to the 2003 Plan, while grants made after January 1, 2013 were made pursuant to the 2013 Plan. The grant date fair value of these awards is computed in accordance with ASC 718 utilizing assumptions discussed in Note 13 "Stock-Based Compensation" to the Company's consolidated financial statements in the Form 10-K for the year ended April 30, 2015, as filed with the SEC. These amounts reflect an accounting expense and do not correspond to the actual value that may be realized by the NEOs.

<sup>(4)</sup> This column represents the grant date fair value under ASC 718 for stock options granted during fiscal year 2015, as well as prior fiscal years (as applicable). Grants made prior to January 1, 2013 were made pursuant to the 2003 Plan, while grants made after January 1, 2013 were made pursuant to the 2013 Plan. The grant date fair value of a stock option award is computed in accordance with ASC 718 utilizing assumptions discussed in Note 13 "Stock-Based Compensation" to the Company's consolidated financial statements in the Form 10-K for the year ended April 30, 2015, as filed with the SEC. These amounts reflect an accounting expense and do not correspond to the actual value that may be realized by the NEOs.

<sup>(5)</sup> This column represents amounts awarded and earned under the Company's STI compensation program, as discussed on page 31.

<sup>(6)</sup> In valuing personal benefits, we use the incremental cost to the Company of the benefit. For fiscal year 2015, these figures include the following: (i) the Company's matching contributions under the RSP of \$10,600 (Mr. Cobb), \$9,367 (Mr. Macfarlane), \$9,333 (Mr. Gerke), \$9,994 (Mr. Knight), and \$10,135 (Mr. Houseworth); (ii) the economic value of the death benefit provided by the Company's group life insurance program of \$10,778 (Mr. Cobb), \$2,063 (Mr. Macfarlane), \$5,762 (Mr. Gerke), \$5,153 (Mr. Knight), and \$1,148 (Mr. Houseworth) (the imputed income reported represents the portion of the premium paid by the Company that is attributable to term life insurance coverage for the executive officer; the program provides only an insurance benefit with no cash compensation element to the executive officer); (iii) the Company did not make any payments on behalf of any of our NEOs for the incremental cost of personal use of the Company's fractional share of a private aircraft; Mr. Cobb's family members or guests accompanied him on certain business flights at no incremental cost to the Company (incremental cost includes variable costs incurred as a result of personal flight activity, such as hourly charges for each flight, fuel charges and miscellaneous fees; it excludes non-variable costs, such as the Company's monthly management fee and insurance fees); (iv) H&R Block Foundation matching amount on behalf of Mr. Cobb (\$5,000) with respect to his individual contributions to 501(c)(3) organizations on a calendar year basis relating to his position as a director of the Company; and (v) incremental cost related to personal use of Company suites of \$1,583 (Mr. Gerke).

## GRANTS OF PLAN-BASED AWARDS TABLE

## OPTION EXERCISES AND STOCK VESTED TABLE

The following table summarizes the value realized by the NEOs upon option award exercises and stock award vesting during the fiscal year ended April 30, 2015.

Name of Executive	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#) <sup>(1)</sup>	Value Realized on Vesting (\$)

Knight	-	-	4,938	\$169,048
Houseworth	-	-	52,115	\$1,569,547

<sup>(1)</sup> These amounts include shares acquired pursuant to the vesting of the fiscal year 2013 performance share units and market stock units on April 30, 2015, including additional shares of common stock equal in value to the total dividends that would have been paid on the number of shares of common stock that vested pursuant to the payout calculation, which were distributed in June 2015 following Compensation Committee certification of the performance and approval of the payouts (as described above under "Vesting and Performance-based Payouts of Fiscal Year 2013 Performance Share Units and Market Stock Units" beginning on page 38).

## NONQUALIFIED DEFERRED COMPENSATION TABLE

The following table summarizes our NEOs' compensation under the H&R Block, Inc. Deferred Compensation Plan for Executives during fiscal year 2015.

Name of Executive	Executive Contributions in Last FY (\$) <sup>(1)</sup>	Registrant Contributions in Last FY (\$) <sup>(2)</sup>	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$) <sup>(3)</sup>

Knight	\$653,583	-	\$44,848	-	\$767,977
Houseworth	-	-	\$6,701	-	\$82,980

<sup>(1)</sup> Amounts in this column reflect salary deferrals by the NEOs in fiscal year 2015. These amounts are also included in the "Salary" column of the Summary Compensation Table.

<sup>(2)</sup> The amounts in this column are not included in the Summary Compensation Table because they are not above-market or preferential earnings on deferred compensation.

<sup>(3)</sup> Amounts in this column include, among other things, NEO contributions and Company contributions previously reflected in Summary Compensation Tables included in the Company's proxy statements for the fiscal years ended April 30, 2012 (filed with the SEC on July 31, 2012), April 30, 2013 (filed with the SEC on July 29, 2013), and April 30, 2014 (filed with the SEC on July 28, 2014) to the extent any such NEO was included in the Company's Summary Compensation Tables for such fiscal years.

## H&R BLOCK DEFERRED COMPENSATION PLAN FOR EXECUTIVES

The Company provides the H&R Block, Inc. Deferred Compensation Plan for Executives, a nonqualified plan (the "DC Plan"), to employees who meet certain eligibility requirements. The DC Plan is intended to pay, out of the general assets of the Company, an amount substantially equal to the deferrals and Company contributions, adjusted for any earnings or losses. The Company does not provide any matching contributions for this plan.

Participants can elect to defer from 0% to 100% of eligible base salary and eligible commissions and up to 100% of annual bonus on a pre-tax basis. The DC Plan offers various investment options (which mirror the options available under the Company's 401(k) plan) to participants, including a fixed rate option and Company stock. Participant deferrals are credited to a bookkeeping account that is administered by Fidelity Investments. Earnings are credited to each participant's account based on the investment options selected by such participant. Participants may change or reallocate their investments at any time.

Participants can elect to receive in-service payments or lump-sum or monthly payments over one to 15 years following termination from service or disability. To ensure compliance with IRC Section 409A, the DC Plan provides that the payments following termination shall not be made before a date that is six months after the termination date. Amounts deferred under the DC Plan by NEOs, if any, are included in the “Salary” column of the Summary Compensation Table.

## EMPLOYMENT AGREEMENTS, CHANGE IN CONTROL AND OTHER ARRANGEMENTS

### William C. Cobb Employment Agreement

William C. Cobb entered into an Employment Agreement effective May 16, 2011 (the “Cobb Agreement”) to serve as the Company’s President and Chief Executive Officer which was subsequently amended as described below. The Cobb Agreement includes the following: an initial base salary of \$950,000; participation in the Company’s STI compensation plan with a target incentive award equal to 125% of base salary; sign-on awards of cash and equity; and reimbursement of expenses in relation to the relocation of his family to the greater Kansas City area as provided under the Company’s standard executive relocation policy. The Company also provides Mr. Cobb with other customary health and employment benefits. A copy of the Cobb Agreement was filed as an exhibit to the Company’s Current Report on Form 8-K filed with the SEC on April 29, 2011.

The Cobb Agreement was originally set to expire on May 16, 2016 and provides that it may be terminated (i) by the Company with or without “Cause” (as defined in the footnotes to the Potential Payments Upon Termination or Change in Control Table on page 54 of this proxy statement), (ii) by Mr. Cobb with or without “Good Reason” (as defined in the footnotes to the Potential Payments Upon Termination or Change in Control Table on page 54 of this proxy statement) upon thirty days’ prior written notice, and (iii) by the Company for “Disability” (defined as Mr. Cobb’s incapacitation due to mental or physical illness or injury for 130 business days in any consecutive twelve months) upon thirty days’ prior written notice. If Mr. Cobb is terminated for Good Reason or is involuntarily terminated without Cause (as defined in the footnotes to the Potential Payments Upon Termination or Change in Control Table on page 54 of this proxy statement), the Company is obligated to provide to Mr. Cobb the compensation and benefits set forth in the Potential Payments Upon Termination or Change in Control Table on page 54. The Cobb Agreement contains the following post-termination restrictions on Mr. Cobb: non-hire, non-solicitation, and non-compete for one year following his last day of employment; non-disparagement of the Company for two years following his last day of employment; and non-disclosure of proprietary information in perpetuity.

The Cobb Agreement was amended on January 4, 2013 via a letter agreement (the “2013 Letter Agreement”). The 2013 Letter Agreement modifies Mr. Cobb’s participation in the Company’s STI compensation plan by removing the reference to “such higher amount as permitted by the annual STI Plan” and instituting a set maximum of 175% of Mr. Cobb’s target STI compensation, subject to any limitations contained in the applicable STI plan. Additionally, the 2013 Letter Agreement modifies the change in control definition set forth in the Cobb Agreement to match the change in control definition set forth in the equity award agreements entered into pursuant to the 2013 Plan.

The Cobb Agreement was further amended on July 15, 2014 via a letter agreement (the “2014 Letter Agreement”). The 2014 Letter Agreement extends the term of agreement to September 1, 2016. It also modifies Mr. Cobb’s participation in the Company’s STI compensation plan by increasing the set maximum of 175% of Mr. Cobb’s target STI compensation to 200% of his target STI compensation, subject to any limitations contained in the applicable STI plan. Additionally, the 2014 Letter Agreement extends the terms of Mr. Cobb’s post-employment non-hiring, non-solicitation, and non-competition restrictive covenants from one year following his last date of employment to two years following his last date of employment. The 2014 Letter Agreement also modifies the clawback provisions providing that, to the extent future laws or applicable stock exchange listing standards require more expansive clawback provisions, the more expansive provisions will be deemed incorporated into the Cobb Agreement and, to the extent more onerous, the more expansive provisions will be deemed to supersede the existing clawback provisions.

On June 18, 2015, the Cobb Agreement was further amended via a letter agreement to extend the term of the agreement to September 1, 2018. Except for the amendments described above, the terms of the Cobb Agreement remain unchanged.

## H&R Block Executive Severance Plan

Messrs. Macfarlane, Gerke, Knight and Houseworth participate in the Executive Severance Plan. Pursuant to the Cobb Agreement, Mr. Cobb participates in the Executive Severance Plan only if and to the extent that the benefits related to equity awards thereunder exceed those contained in his employment agreement.

The Executive Severance Plan is intended to support a variety of objectives, including (i) standardization of severance policy among the senior officers, which ensures internal parity, simplifies internal administration, and mitigates negotiation at hire and termination, and (ii) the attraction and retention of highly skilled executives by protecting them from the short term economic consequences associated with unexpected termination of employment in the absence of cause. Based on advice from the Compensation Committee's independent compensation consultant, we believe the benefits our NEOs would receive under various severance scenarios are modest relative to the market.

*Eligibility.* An associate of the Company whose participation in the Executive Severance Plan is approved by the Compensation Committee is eligible.

*Severance Benefits.* Under the terms of the Executive Severance Plan, if a Participant incurs a Qualifying Termination or a Change in Control Termination (each as defined below), he or she is entitled to receive the following benefits: (i) a lump sum severance amount equal to the Participant's monthly compensation multiplied by the Participant's years of service, subject to a minimum payout equal to 12 months of service and a maximum payout equal to 18 months of service; (ii) a severance enhancement equal to a specified percentage of the Participant's monthly compensation multiplied by the Participant's years of service, subject to a minimum payout equal to 12 months of service and a maximum payout equal to 18 months of service; and (iii) an amount equal to the Participant's COBRA subsidy multiplied by 12, if the Participant was enrolled in the Company's applicable health, dental, and vision benefits on the termination date. The Company will also provide reasonable out placement assistance for a period not to exceed 15 months. The Participant is entitled to a pro-rata award of any amounts payable under the Company's short term incentive compensation plan, based upon the Participant's actual performance and the attainment of goals established as determined by the Board in its sole discretion.

*Equity Awards.* Effective November 8, 2013 and with respect to equity awards granted on or after March 5, 2013, the terms of the applicable equity award agreements govern the treatment of equity.

If a Participant incurs a Qualifying Termination, then: (i) a Participant shall forfeit any stock options, restricted shares and restricted share unit awards granted after July 11, 2010 that are not vested as of the separation date; and (ii) a Participant shall be entitled to a pro-rata award of any outstanding performance shares (including performance share units and market stock units) as of his or her separation date based on the achievement of the performance goals at the end of the applicable performance period.

If a Participant incurs a Change in Control Termination, then: (i) the Participant becomes vested in all outstanding stock options, restricted shares, and restricted share unit awards; and (ii) a Participant shall be entitled to a pro-rata award of any outstanding performance shares (including performance share units and market stock units) as of his or her separation date based on the achievement of the performance goals at the end of the applicable performance period

*Release.* The Participant is required to sign a release agreement in order to receive severance benefits.

*Repayment and Clawback.* If the Company is required to restate financial statements or the Participant violates the provisions of any confidentiality, non-competition, or similar agreements with the Company, the Board may recover or require reimbursement of benefits under the Executive Severance Plan.

*Definitions.* "Qualifying Termination" means the involuntary separation from service by the Company under circumstances not constituting Cause (as defined below), but does not include the elimination of the Participant's position where the Participant was offered a comparable position with the Company or with a party that acquires any assets from the Company, the redefinition of Participant's position to a lower compensation rate or grade, or the Participant's death or disability.

“Change in Control Termination” means a Participant’s Qualifying Termination or Good Reason Termination (as defined below), in either event within 75 days immediately preceding or within 18 months immediately following a Change in Control. Change in Control under the Executive Severance Plan is defined below in footnote 4 to the Potential Payments Upon Termination or Change in Control Table on page 54.

“Cause” is defined as any of the following unless, if capable of cure, such events are fully corrected in all material respects by the Participant within 10 days after the Company provides notice of the occurrence of such event:

- (i) A Participant’s misconduct that materially interferes with or materially prejudices the proper conduct of the business of the Company;
- (ii) A Participant’s commission of an act materially and demonstrably detrimental to the good will of the Company;
- (iii) A Participant’s commission of any act of dishonesty or breach of trust resulting or intending to result in material personal gain or enrichment of the Participant at the expense of the Company;
- (iv) A Participant’s violation of any non-competition, non-solicitation, confidentiality or similar restrictive covenant under any employment-related agreement, plan, or policy with respect to which the Participant is a party or is bound; or
- (v) A Participant’s conviction of, or plea of guilty or nolo contendere to, a misdemeanor involving an act of moral turpitude or a felony.

“Good Reason Termination” is defined as a separation from service

- (i) within 75 days immediately preceding or 18 months immediately following a Change in Control which is initiated by the Participant, subject to certain notice requirements, on account of one or more of the following conditions occurring within that same time frame:
  - (A) A material diminution in the Participant’s Base Compensation;
  - (B) A material diminution in the Participant’s authority, duties, or responsibilities;
  - (C) A material change in the geographic location at which the Participant must perform the services; or
  - (D) Any other action or interaction that constitutes a material breach by the Company of any written employment-related agreement between the Participant and the Company;
- (ii) for which the Participant does not consent to the condition referenced in (i) above; and
- (iii) for which the Company does not substantially remedy the condition.

“Participant” means an associate of the Company whose participation in the plan is approved by the Compensation Committee.

### **Equity Award Agreements**

In connection with equity awards our executives enter into equity award agreements that provide for acceleration of vesting or acceleration of forfeiture of the awards upon certain events. Equity awards provide for vesting or forfeiture, as applicable, upon certain qualifying terminations or qualifying terminations following a change in control. A “qualifying termination” can include a “Qualifying Involuntary Separation” or a “Good Reason Termination,” as these terms are defined under the applicable award agreement for equity awards granted on or after June 30, 2013, or a “Qualifying Termination” or a “Change in Control Termination” as such terms are defined under the Executive Severance Plan for equity awards granted prior to March 5, 2013. Any outstanding equity awards that we granted to our NEOs pursuant to the 2013 Plan, the 2003 Plan or any predecessor plan, prior to March 5, 2013 will be treated in accordance with the Executive Severance Plan. No grants were made to our NEOs between March 5, 2013 and the fiscal year 2014 grants made on June 30, 2013.

Our equity award agreements applicable to grants during the time period covered by this proxy statement that were made to executives through fiscal year 2015 contain a retirement provision that accelerates the vesting of all outstanding equity awards or allows for vesting of a pro-rated portion of the awards, in some cases subject to attaining certain performance goals and/or retiring no earlier than one year after the grant date. Under award agreements made in fiscal year 2013, retirement is

defined as a participant's voluntary termination of employment at or after reaching age 60 and "Early Retirement" is defined as voluntary termination of employment at or after reaching age 55 with at least five years of service with the Company. Under award agreements made in fiscal years 2014 and 2015, retirement is defined as voluntary termination at or after (i) reaching age 55 with at least five years of service with the Company or (ii) reaching age 60. The Compensation Committee utilized alternate forms of award agreements for Mr. Cobb beginning in fiscal year 2015, which are described in the Company's Current Report on Form 8-K filed on July 1, 2014, that define retirement as voluntary termination at or after reaching age 60.

Our performance-based equity award agreements applicable to grants made to executives through fiscal year 2015 also provide for vesting of a pro-rated portion of the awards that are earned as a result of attaining the award's performance goals in the event of the executive's qualifying termination (which, except in certain situations where such qualifying termination occurs after a change in control, does not include a "good reason termination"), death or disability, that occurs more than one year after the grant date. The award agreements made through fiscal year 2013 also contain provisions that accelerate vesting in the event of the executive's qualifying termination, retirement, early retirement, death or disability before the last day of the award's performance period and after a change in control. For award agreements made in fiscal years 2014 and 2015, after a change in control, the Compensation Committee may, in its discretion, equitably adjust the performance goals or payment formula that apply to the performance share units or the market stock units, as determined necessary due to the change in control. Following a change in control, performance share units or market stock units generally will vest as a result of the executive's continued employment through the third anniversary of the grant date and the Company's level of performance during the performance period. However, if an executive's employment terminates before such third anniversary due to certain qualifying terminations that occur in connection with the change in control, or disability, death or retirement, the executive may be entitled to receive all or a pro-rata portion of the award. Under performance-based equity award agreements made in fiscal year 2013, early retirement is defined as voluntary termination of employment after at least five years of service and after age 55. Under performance-based equity awards agreements made in fiscal years 2014 and 2015, the definition of retirement includes the concept of early retirement. The Compensation Committee utilized alternate forms of award agreements for Mr. Cobb beginning in fiscal year 2015, which are described in the Company's Current Report on Form 8-K filed on July 1, 2014, that define retirement as voluntary termination at or after reaching age 60. In addition, such alternate forms of award agreements contain modified vesting provisions providing that Mr. Cobb's voluntary retirement after reaching age 60 will not result in the forfeiture of any equity awards outstanding for more than one year prior to such retirement; rather, the entire equity awards will continue to vest on the stated vesting dates set forth in the applicable award agreement and with performance adjustments (if any) made under such agreement as if he remained employed through such stated vesting dates.

The terms of the fiscal year 2015 LTI awards are described in more detail above under the headings "Actions Pertaining to Fiscal Year 2015 LTI Compensation," beginning on page 33.

## **POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The following table summarizes the potential payments our NEOs who are current employees would receive in the event of termination or a change in control of the Company. The agreements and arrangements that govern these payments are described in more detail above under Employment Agreements, Change in Control and Other Arrangements. This table assumes the relevant triggering event occurred on April 30, 2015.

<sup>(1)</sup> Applies to Mr. Cobb under the Cobb Agreement. Applies to Messrs. Macfarlane, Gerke, Knight and Houseworth under the Executive Severance Plan. "Cause" under the Cobb Agreement refers to any one or more of the following grounds: (i) Mr. Cobb's commission of an act materially and demonstrably detrimental to the Company or any affiliate, which act constitutes gross negligence or willful misconduct by Mr. Cobb in the performance of his material duties to the Company or any affiliate; (ii) Mr. Cobb's commission of any material act of dishonesty or breach of trust resulting or intending to result in material personal gain or material enrichment of Mr. Cobb at the expense of the Company or any affiliate; (iii) Mr. Cobb's violation of certain covenants related to confidentiality, non-hiring of employees, and non-solicitation of customers; or (iv) the inability of the Company or any affiliate to participate in any activity subject to government regulation and material to the Company's or any affiliate's business solely as a result of any willful action or inaction by Mr. Cobb. The definition of "Cause" under the Executive Severance Plan is described above under "Employment Agreements, Change in Control and Other Arrangements."

<sup>(2)</sup> Payments to Messrs. Macfarlane, Gerke, Knight and Houseworth would be made pursuant to the terms of the Executive Severance Plan and various equity award agreements described above under “Employment Agreements, Change in Control and Other Arrangements” and “Long Term Incentive Compensation.” Payments to Mr. Cobb would be made pursuant to the terms of the Cobb Agreement and various equity award agreements described above under “Employment Agreements, Change in Control and Other Arrangements.” Pursuant to the Cobb Agreement, Mr. Cobb participates in the Executive Severance Plan only if and to the extent that the benefits related to equity awards thereunder exceed those contained in his employment agreement.

<sup>(3)</sup> Payments to Messrs. Macfarlane, Gerke, Knight and Houseworth would be made pursuant to the terms of the Executive Severance Plan and various equity award agreements described under “Employment Agreements, Change in Control and Other Arrangements” and “Long Term Incentive Compensation.” Termination for “Good Reason” under the Cobb Agreement refers to any one or more of the following grounds unless cured within thirty days of receipt of notice thereof: (i) a material diminution in Mr. Cobb’s base compensation; (ii) relocation of Mr. Cobb’s location of employment outside of the Kansas City, Missouri metropolitan area; (iii) a material diminution in Mr. Cobb’s status, duties or authority, authority as President and Chief Executive Officer of the Company, or a requirement to report to anyone other than the Company’s Board of Directors; or (iv) any other action or inaction that constitutes a material breach by the Company of the Cobb Agreement.

<sup>(4)</sup> (a) Under the Cobb Agreement, if Mr. Cobb terminates for Good Reason following a Change in Control (as defined below), including a 409A Change in Control (as defined below) of the Company, Mr. Cobb would be entitled to those payments set forth in the table.

Under the Cobb Agreement, the definition of “Change in Control” is substantially the same as that under the Executive Severance Plan, as set forth in Note 4(b) below.

Under the Cobb Agreement, a “409A Change in Control” means a Change in Control that constitutes a “change in control” under IRC Section 409A (regarding change in the ownership or effective control of a corporation or a change in the ownership of a substantial portion of the assets of a corporation).

(b) Under the Executive Severance Plan, a “Change in Control” means the occurrence of one or more of the following events:

(i) Any one person, or more than one person acting as a group, acquires ownership of stock of H&R Block, Inc. (“HRB”) that, together with stock held by such person or group, constitutes more than 50 percent of the total fair market value or total voting power of the stock of HRB. If any one person, or more than one person acting as a group, is considered to own more than 50 percent of the total fair market value or total voting power of the stock of HRB, the acquisition of additional stock by the same person or persons shall not be considered to cause a Change in Control. An increase in the percentage of stock owned by any one person, or persons acting as a group, as a result of a transaction in which HRB acquires its stock in exchange for property will be treated as an acquisition of stock for purposes of this Section 2(e)(i).

(ii) Any one person, or more than one person acting as a group, acquires (when combined with all other acquisitions of HRB stock acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of HRB possessing 35 percent or more of the total voting power of the stock of HRB. If any one person, or more than one person acting as a group, is considered to effectively control a corporation within the meaning of Treasury Regulation §1.409A-3(i)(5)(vi), the acquisition of additional control of the corporation by the same person or persons is not considered to cause a change in the effective control of the corporation. An increase in the percentage of stock owned by any one person, or persons acting as a group, as a result of a transaction in which HRB acquires its stock in exchange for property will not be treated as an acquisition of stock for purposes of this Section 2(e)(ii), but will be treated as an acquisition of stock for purposes of Section 2(e)(i).

(iii) A majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by two-thirds (2/3) of the members of the Board before the date of such appointment or election.

(iv) Any one person, or more than one person acting as a group, acquires (when combined with all other acquisitions of HRB assets acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) assets from HRB that have a total gross fair market value equal to or more than 50 percent of the total gross fair market value of all of the assets of HRB immediately before such acquisition or acquisitions. For this purpose, gross fair market value means the value of the assets of HRB, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets. Notwithstanding the foregoing, there is no Change in Control event under this Section 2(e)(iv) when there is a transfer to an entity that is controlled by the shareholders of HRB immediately after the transfer. A transfer of assets by HRB is not treated as a change in the ownership of such assets if the assets are transferred to: (a) a shareholder of HRB (immediately before the asset transfer) in exchange for or with respect to its stock; (b) an entity, 50 percent or more of the total value or voting power of which is owned, directly or indirectly, by HRB; (c) a person, or more than one person acting as a group, that owns, directly or indirectly, 50 percent or more of the total value or voting power of all the outstanding stock of HRB; or (d) an entity, at least 50 percent of the total value or voting power of which is owned, directly or indirectly, by a person described in (c) above.

Notwithstanding the foregoing, the direct or indirect sale of any or all of the stock of, merger or liquidation of, or sale or assumption of all or substantially all the assets or liabilities of, H&R Block Bank FSB, (x) will not be considered a Change in Control for purposes of this Plan, and (y) will not be included in any determination of the total gross fair market value of assets of HRB sold during any 12-month period under Section 2(e)(iv) above.

(c) Equity acceleration under our equity award agreements is described above under “Employment Agreements, Change in Control and Other Arrangements.”

<sup>(5)</sup> Equity acceleration for performance share units, market stock units, restricted share units and stock options under the terms of our equity award agreements upon the death, Disability, or Retirement of an NEO is described above under “Employment Agreements, Change in Control and Other Arrangements.”

Under the award agreements for fiscal year 2013, “Retirement” means voluntary termination at or after reaching age 60 and “Early Retirement” means voluntary termination at or after reaching age 55 with at least five years of service with the Company. Under award agreements for fiscal years 2014 and 2015, “Retirement” means voluntary termination at or after (i) reaching age 55 with at least five years of service with the Company or (ii) reaching age 60. The Compensation Committee utilized alternate forms of award agreements for Mr. Cobb beginning in fiscal year 2015, which are described in the Company’s Current Report on Form 8-K filed on July 1, 2014, that define retirement as voluntary termination at or after reaching age 60.

Under award agreements for fiscal years 2013, 2014, and 2015, “Disability” means (i) for participants covered by a group long term disability program, the participant is receiving income replacement benefits for at least three months under the program because of any physical or mental impairment expected to result in death or last for a continuous period of at least twelve months (a “qualifying impairment”); or (ii) in all other cases, the participant is unable to engage in any substantial gainful activity for a period of at least nine months because of a qualifying impairment.

The equity award agreements for fiscal year 2015 are described in more detail under the heading “Actions Pertaining to Fiscal Year 2015 LTI Compensation,” beginning on page 33.

None of our NEOs are eligible for payments upon retirement, as such the values in this column only apply if the relevant NEO dies or is disabled.

<sup>(6)</sup> Under the Cobb Agreement, in the event of a termination by the Company other than for Cause or by Mr. Cobb for Good Reason, Mr. Cobb is entitled to a lump-sum payment equal to his base salary and his target bonus.

## EQUITY COMPENSATION PLANS

The following table provides information about the Company’s common stock that may be issued upon the exercise of options, warrants and rights under all of the Company’s existing equity compensation plans as of April 30, 2015. As of April 30, 2015, the Company had two stock-based compensation plans: the 2013 Plan and the H&R Block, Inc. 2000 Employee Stock Purchase Plan (as amended and restated effective November 7, 2013). Our shareholders have approved all of the Company’s current stock-based compensation plans. Our shareholders approved the 2013 Plan in September 2012 to replace the 2003 Plan, effective January 1, 2013, at which time the 2003 Plan and the H&R Block, Inc. 2008 Deferred Stock Unit Plan for Outside Directors (the “DSU Plan”) terminated except with respect to outstanding awards thereunder. The 2003 Plan was approved by our shareholders in September 2002 to replace the 1993 Long-Term Executive Compensation Plan, effective July 1, 2003. Our shareholders approved the DSU Plan in September 2008 to replace the 1989 Stock Option Plan for Outside Directors, which terminated upon the DSU Plan’s effectiveness, except with respect to outstanding awards thereunder.

## AUDIT COMMITTEE REPORT

The Company’s management is responsible for preparing financial statements in accordance with accounting principles generally accepted in the United States (GAAP) and the financial reporting process, including the Company’s disclosure controls and procedures and internal control over financial reporting. The Company’s independent registered public accounting firm is responsible for (i) auditing the Company’s financial statements and expressing an opinion as to their conformity to GAAP and (ii) auditing management’s assessment of the Company’s internal control over financial reporting and expressing an opinion on such assessment. The Audit Committee of the Board of Directors, composed solely of independent directors, meets periodically with management, including the Vice President, Audit Services (the Company’s internal auditor) and others in the Company, and the Company’s independent registered public accounting firm to review and oversee matters relating to the Company’s financial statements, audit services (internal audit) activities, disclosure controls and procedures, and internal control over financial reporting and non-audit services provided by the independent accountants. In addition, the Audit Committee pre-approved all audit and non-audit fees paid to such firm.

The Audit Committee has reviewed and discussed with management and Deloitte & Touche LLP (“Deloitte”), the Company’s independent registered public accounting firm, the Company’s audited financial statements for the fiscal year ended April 30, 2015. The Audit Committee has also discussed with Deloitte the matters required to be discussed by Auditing Standard No. 16, “Communications with Audit Committees” issued by the Public Company Accounting Oversight Board (“PCAOB”). In addition, the Audit Committee received from Deloitte the written disclosures and the letter required by applicable requirements of the PCAOB regarding Deloitte’s communications with the Audit Committee concerning independence, discussed with Deloitte its independence from the Company and the Company’s management, and considered whether Deloitte’s provision of non-audit services to the Company is compatible with maintaining the auditor’s independence.

The Audit Committee conducted its own self-evaluation and evaluation of the services provided by Deloitte during the fiscal year ended April 30, 2015. Based on its evaluation of Deloitte, the Audit Committee reappointed Deloitte as the Company’s independent registered public accounting firm for the fiscal year ended April 30, 2016.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors of the Company that the Company’s audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended April 30, 2015, for filing with the SEC.

#### AUDIT FEES

The following table presents fees for professional services rendered by Deloitte for the audit of the Company’s annual financial statements for the years ended April 30, 2015 and 2014, and fees billed for other services rendered by Deloitte for such years. Fees disclosed below include fees actually billed and expected to be billed for services relating to the applicable fiscal year. Amounts previously disclosed for fiscal year 2014 have been adjusted to reflect actual billings.

<i>Fiscal Year</i>	<i>2015</i>	<i>2014</i>
Audit Fees	\$3,009,426	\$3,090,710
Audit-Related Fees	\$ 100,000	\$ 133,335
Tax Fees	\$ 264,037	\$ 371,686
All Other Fees	\$ 36,750	\$ 35,000
Total Fees	\$3,410,213	\$3,630,731

Audit Fees consist of fees for professional services rendered for the audit of the Company’s financial statements and review of financial statements included in the Company’s quarterly reports and services normally provided by the independent auditor in connection with statutory and regulatory filings or engagements.

Audit-Related Fees are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements or that are traditionally performed by the independent auditor. Amounts included consist of fees incurred relating to support of business acquisition and divestiture activities, independent assessments of internal controls, audits of employee benefits plan financial statements, and other audit-related services.

Tax Fees consist of fees for the preparation or review of original and amended tax returns, claims for refunds and tax payment-planning services for tax compliance, tax planning, tax consultation, and tax advice. Amounts included above consist of fees incurred relating to transfer pricing studies, technical consultation related to international tax matters, and other tax advisory services.

All Other Fees are fees billed for professional services that were not the result of an audit, review, or tax-related services, and consist primarily of subscriptions to human resources publications and related items.

The Audit Committee has adopted policies and procedures for pre-approving audit and non-audit services performed by the independent auditor so that the provision of such services does not impair the auditor's independence. All fees reported above were approved pursuant to the policy. Under the Audit Committee's pre-approval policy, the terms and fees of the annual audit engagement require specific Audit Committee approval. Other types of services are eligible for general pre-approval. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific Audit Committee pre-approval. In addition, any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee.

General pre-approval granted under the Audit Committee's pre-approval policy extends to the next fiscal year following the date of pre-approval. The Audit Committee reviews and pre-approves services that the independent auditor may provide without obtaining specific Audit Committee pre-approval on an annual basis and revises the list of general pre-approved services from time to time. In determining whether to pre-approve audit or non-audit services (regardless of whether such approval is general or specific pre-approval), the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee will also consider whether the independent auditor is best positioned to provide the most effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole and no one factor is necessarily determinative. The Audit Committee will also consider the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services. The Audit Committee may determine for each fiscal year the appropriate ratio between fees for Audit Services and fees for Audit-Related Services, Tax Services, and All Other Services.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The Audit Committee has concluded that the provision of non-audit services provided to the Company by Deloitte during the 2015 fiscal year was compatible with maintaining its independence.

Proposal 2

**PROPOSAL 2 – RATIFICATION OF APPOINTMENT OF THE  
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board's Audit Committee has appointed Deloitte & Touche LLP ("Deloitte") as the Company's independent registered public accounting firm to audit the Company's financial statements for the fiscal year ending April 30, 2016. As a matter of good corporate governance, the Audit Committee submits its selection of Deloitte to our shareholders for ratification, and will consider the vote of our shareholders when appointing our independent registered public accounting firm in the future. A representative of Deloitte is expected to attend the annual meeting to respond to appropriate questions and will have an opportunity to make a statement, if desired. For additional information regarding the Company's relationship with Deloitte, please refer to the "Audit Committee Report" and "Audit Fees" sections above.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" PROPOSAL 2.**

The Board  
unanimously  
recommends a  
vote **FOR**  
Proposal 3

### PROPOSAL 3 – ADVISORY APPROVAL OF THE COMPANY’S NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and Section 14A of the Securities Exchange Act of 1934 (the “Exchange Act”) require that we permit our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in the “Compensation Discussion and Analysis” section, the Summary Compensation Table and accompanying executive compensation tables, and the related narrative disclosure beginning on page 46. At our 2011 annual meeting, our shareholders approved, on an advisory basis, that an advisory vote on executive compensation should be held annually. Based on such result, our Board determined that the advisory vote on executive compensation will be held every year until the next advisory vote on the frequency of future advisory votes on executive compensation, which will be no later than the Company’s 2017 annual meeting of shareholders.

We believe that our compensation programs and policies reflect an overall pay-for-performance culture that is strongly aligned with the interests of our shareholders. We are committed to utilizing a mix of incentive compensation programs that will reward success in achieving the Company’s financial objectives and growing value for shareholders, and continuing to refine these incentives to maximize Company performance. The Compensation Committee of the Board has overseen the development of a compensation program designed to achieve pay-for-performance and alignment with shareholder interests, as described more fully in the “Compensation Discussion and Analysis” section beginning on page 21. The compensation program was designed in a manner that we believe is reasonable, competitive and appropriately balances the goals of attracting, motivating, rewarding and retaining our executives.

The Company and the Board continually evaluate our compensation policies and practices to ensure they are meeting our objectives and are consistent with corporate governance best practices. As part of that process, the Compensation Committee and the Board consider the results of our shareholder advisory vote on executive compensation. At our 2014 annual meeting of shareholders held on September 11, 2014, our shareholders approved our fiscal year 2014 compensation awarded to our NEOs with approximately 98% of the votes cast in favor of the proposal. We believe this overwhelming level of support represents a clear message from our shareholders that they approve of our NEOs’ compensation arrangements, as well as our executive compensation practices generally. We value the opinions of our shareholders and consider the outcome of say-on-pay votes, as well as feedback received throughout the year, when making compensation decisions for our NEOs. Consistent with our shareholders’ support, the Compensation Committee decided to retain the core design features of our executive compensation program in fiscal year 2016, as it believes the current compensation program design features continue to properly reward our executives for their performance, motivate them to work towards achieving our long term objectives, and, with 80% of our executives’ long term incentive awards being performance-based, strengthen the alignment of their interests with the interests of our shareholders. The Compensation Committee will continue to routinely evaluate and, as appropriate, taking into account the views of our shareholders, enhance our compensation program.

For the reasons discussed in the “Compensation Discussion and Analysis” section beginning on page 21, the Board recommends that shareholders vote in favor of the following “say-on-pay” resolution:

**“Resolved, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables, narrative discussion and any related material disclosed in this proxy statement, is hereby approved.”**

Because your vote is advisory, it will not be binding upon the Company, the Board, or the Compensation Committee. However, we value the views of our shareholders and the Compensation Committee will continue to take into account the outcome of the vote when considering future executive compensation arrangements.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” PROPOSAL 3.**

## INFORMATION REGARDING SECURITY HOLDERS

### SECURITY OWNERSHIP OF DIRECTORS AND MANAGEMENT

The following table shows the number of shares of common stock beneficially owned by each director and nominee for election as director, by each of the Named Executive Officers, and by all directors and executive officers as a group as of July 1, 2015. The number of shares beneficially owned is determined under rules of the SEC. The information is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership includes any shares as to which the individual has either sole or shared voting power or investment power and also any shares that the individual has the right to acquire within sixty days through the exercise of any stock option or other right. Unless otherwise indicated in the footnotes, each person has sole voting and investment power with respect to shares set forth in the following table.

Name	Number of Shares			Percent of Class
	Beneficially Owned <sup>(1)</sup>	Share Units and Share Equivalents <sup>(2)</sup>	Total	
Paul J. Brown	3,200	28,108	31,308	*

All directors and executive officers as a group (14 persons)	2,726,186 <sup>(5)(6)(7)</sup>	397,421	3,123,607	1.13%

\* Does not exceed 1% based on shares of our common stock outstanding as of July 1, 2015, adjusted as required by the rules promulgated by the SEC.

<sup>(1)</sup> Includes shares that on July 1, 2015 the specified person had the right to purchase as of July 31, 2015 pursuant to options granted in connection with the Company's 1989 Stock Option Plan for Outside Directors, the 2003 Plan or the 2013 Plan, as follows: Mr. Cobb, 1,188,440 shares; Mr. Gerke, 122,380 shares; Mr. Houseworth, 73,373 shares; Mr. Knight, 67,795 shares; Mr. Lewis, 16,000 shares; Mr. Macfarlane, 255,320 shares; and Mr. Seip, 16,000 shares.

<sup>(2)</sup> These amounts reflect share unit balances in the Company's Deferred Compensation Plan for Directors, the Company's Deferred Compensation Plan for Executives, the 2008 Deferred Stock Unit Plan for Outside Directors and/or the 2013 Plan. The value of the share units mirrors the value of the Company's common stock. The share units do not have voting rights.

<sup>(3)</sup> As previously disclosed, Mr. Ellison did not stand for re-election following the completion of his term in September 2014 at the 2014 annual meeting of shareholders. The information provided with respect to Mr. Ellison's holdings is to the best of the Company's knowledge.

<sup>(4)</sup> Ms. Reich shares voting and investment powers as to these shares.

<sup>(5)</sup> Includes shares held by certain family members of such directors and officers or in trusts or custodianships for such members (directly or through nominees) in addition to 1,759,808 shares which such directors and officers have the right to purchase as of July 31, 2015 pursuant to options granted in connection with the Company's stock option plans.

<sup>(6)</sup> All shares are held with sole voting and investment powers unless otherwise noted.

<sup>(7)</sup> As previously disclosed, Mr. Ellison did not stand for re-election following the completion of his term in September 2014 at the 2014 annual meeting of shareholders; as such, he is not included in the total for directors and executive officers as a group. Additionally, Mr. Johnson was not a director during fiscal year 2015 and, therefore, he is not included in the total for directors and executive officers as a group.

## SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, executive officers, and beneficial owners of more than 10% of any class of the Company's equity securities to file reports of ownership and changes in ownership of the Company's common stock. To the best of the Company's knowledge, all required reports were filed on time and all transactions by the Company's directors and executive officers were reported on time.

## REVIEW OF RELATED PERSON TRANSACTIONS

The Board has adopted a Related Party Transaction Approval Policy (the "Policy"), which is administered by the Company's management and the Governance and Nominating Committee. Under the Policy, the Company's management will determine whether a transaction meets the requirements of a Related Party Transaction as defined in the Policy. Upon such a determination, the Governance and Nominating Committee will review the material facts of the Related Party Transaction and either approve or ratify the transaction (subject to certain exceptions which are deemed pre-approved) taking into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than those generally available to an unaffiliated third party under the same or similar circumstances and the extent of the Related Party's interest in the transaction. If advance approval of a Related Party Transaction is not feasible, the Governance and Nominating Committee must ratify the transaction at its next regularly scheduled meeting or the transaction must be rescinded. No director who is a Related Party with respect to a Related Party Transaction may participate in any discussion or approval of such transaction, except that the director must provide all material information concerning the transaction to the Governance and Nominating Committee.

A "Related Party Transaction" is any transaction, arrangement or relationship, or any series of transactions, arrangements or relationships in which the Company or any of its subsidiaries is a participant, the amount involved will or may be expected to exceed \$120,000 in any fiscal year, and a Related Party has or will have a direct or indirect interest.

A “Related Party” under the Policy is any (i) executive officer as designated under Section 16 of the Exchange Act, director, or nominee for election as a director, (ii) greater than 5% beneficial owner of the Company’s common stock, or (iii) immediate family member of any of the foregoing.

The Company did not participate in any Related Party Transactions during fiscal year 2015, other than those transactions described in the “Compensation Disclosure and Analysis” section of this proxy statement.

## SHAREHOLDER PROPOSALS AND NOMINATIONS

For a shareholder proposal to be considered for inclusion in the Company’s proxy statement for the 2016 annual meeting pursuant to Rule 14a-8 of the SEC, the Company must receive notice at our offices at One H&R Block Way, Kansas City, Missouri 64105, Attention: Corporate Secretary, on or before March 30, 2016. Applicable SEC rules and regulations govern the submission of shareholder proposals and our consideration of them for inclusion in next year’s proxy statement and form of proxy.

Pursuant to the Company’s Bylaws, for any business not included in the proxy statement for the 2016 annual meeting to be brought before the meeting by a shareholder, the shareholder must give timely written notice of that business to the Corporate Secretary. To be timely, the notice must be received between May 13, 2016 and June 12, 2016 (between 90 and 120 days before the one-year anniversary of the date on which the corporation held its annual meeting of shareholders the previous year). The notice must contain the information required by the Company’s Bylaws. Similarly, a shareholder wishing to submit a director nomination directly at an annual meeting of shareholders must deliver written notice of the nomination within the time period described in this paragraph and comply with the information and other requirements in our Bylaws relating to shareholder nominations.

As further described in the Company’s Current Report on Form 8-K filed on June 18, 2015, we recently amended our Bylaws to permit a group of shareholders (up to 20) who have owned a significant amount of the Company’s common stock (at least 3%) for a significant amount of time (at least three years) the ability to submit director nominees (up to 20% of the Board) for inclusion in the Company’s proxy materials if the shareholder(s) provides timely written notice of such nomination(s) and the shareholder(s) and the nominee(s) satisfy the requirements specified in the Company’s Bylaws. To be timely for inclusion in the Company’s proxy materials for the 2016 annual meeting, the notice must be received between May 13, 2016 and June 12, 2016 (between 90 and 120 days before the one-year anniversary of the date on which the corporation held its annual meeting of shareholders the previous year). The notice must contain the information required by the Company’s Bylaws, and the shareholder(s) and nominee(s) must comply with the information and other requirements in our Bylaws relating to the inclusion of shareholder nominees in the Company’s proxy materials.

A proxy may confer discretionary authority to vote on any matter at a meeting if we do not receive notice of the matter within the time frames described above. A copy of the Company’s Bylaws is available on our website at [www.hrblock.com](http://www.hrblock.com) under the “About Us” link, by clicking on “Learn More” under the “Investor Relations” tab, then clicking on the “Corporate Governance” link under the “Company” tab, or upon request to: H&R Block, Inc., One H&R Block Way, Kansas City, Missouri 64105, Attention: Corporate Secretary. The Chair of the meeting may exclude matters that are not properly presented in accordance with the foregoing requirements.

---

The Board of Directors knows of no other matters which will be presented at the meeting, but if other matters do properly come before the meeting, it is intended that the persons named in the proxy will vote according to their best judgment.

By Order of the Board of Directors,

SCOTT W. ANDREASEN  
Vice President and Secretary
