**Re: The Boeing Company
Form 10-K for the Fiscal Year Ended December 31, 2008
Filed February 9, 2009
File No. 1-00442**

Dear Mr. McNerney:

We have limited our review of your filings to disclosure relating to your contacts with countries that have been identified as state sponsors of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. You state on page 107 that you generate revenues from the Middle East, Africa, and Latin America, regions generally understood to include Iran, Syria, Sudan, and Cuba. Iran, Syria, Sudan, and Cuba are identified by the State Department as state sponsors of terrorism, and are subject to U.S. economic sanctions and export controls. We note that your annual report does not include disclosure regarding contacts with Iran, Syria, Sudan, or Cuba.

Please describe to us the nature and extent of your past, current, and anticipated operations in, and other contacts with, Iran, Syria, Sudan, and Cuba, whether through subsidiaries, joint ventures, or other direct or indirect arrangements.

Your response should describe any products, including aircraft and avionics, parts, equipment, components, software, technology, or services you have sold, leased, or otherwise provided into Iran, Syria, Sudan, and Cuba, directly or indirectly, and any agreements, commercial arrangements, or other contacts you have had with the governments of Iran, Syria, Sudan, or Cuba, or entities controlled by those governments.

2. Please discuss the materiality of your contacts with Iran, Syria, Sudan, or Cuba, and whether those contacts constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities for the last three fiscal years and any subsequent period. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you may be aware, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Iran, Syria, and Sudan.
