ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On December 11, 2009 Abakan Inc. (the “Company”) entered into an Investment Agreement (“Agreement”) with MesoCoat, Inc., an Ohio based advanced nanocomposite ceramic-metallic (cermet) coatings company (“MesoCoat”) and Powdermet Inc., its majority shareholder. MesoCoat is in the process of building a diversified, patented product platform that consists of environmentally friendly coating compositions and breakthrough methods of applying coatings to large surface areas.

Pursuant to the Agreement, the Company subscribed to a fully diluted thirty four percent (34%) equity interest in MesoCoat in exchange for \$1,400,000 and a series of options to acquire up to one hundred percent (100%) of MesoCoat on the satisfaction of certain conditions. The closing of the Agreement also entitled the Company to appoint two directors to MesoCoat’s five person board of directors.

The initial option entitles the Company to subscribe to an additional seventeen percent (17%) equity interest in MesoCoat in exchange for two million eight hundred thousand dollars (\$2,800,000) within twelve (12) months of the closing date of the Agreement. Exercise of the initial option would increase the Company’s holdings to a fully diluted fifty one percent (51%) of MesoCoat and entitle the Company’s management to offer an independent director to serve as one of the five appointed to the MesoCoat board of directors. Further, the exercise of the initial option would cause the Shareholders Agreement, executed concurrently with the Agreement, to become effective. The Shareholders Agreement governs the actions of MesoCoat shareholders in certain aspects of corporate action and creates an obligation for existing shareholders and any new shareholders to be bound in like manner.

The second option entitles the Company is to subscribe to an additional twenty four percent (24%) equity interest in MesoCoat in exchange for sixteen million dollars (\$16,000,000) within twelve (12) months of the exercise of the initial option. Exercise of the second option would increase the Company’s holdings to a fully diluted seventy five percent (75%) of MesoCoat and entitle the Company’s management to appoint a fourth director to MesoCoat’s five person board of directors.

The third option entitles outside shareholders of MesoCoat, for a period of twelve (12) months after the exercise of the second option, to cause the Company to pay an aggregate amount of fourteen million six hundred thousand dollars (\$14,600,000) payable in shares of the Company’s common stock or a combination of cash and stock, as provided in the Agreement, in exchange for all remaining shares of MesoCoat, on a fully diluted basis, not then held by the Company.

ITEM 3.02 UNREGISTERED SALES OF EQUITY SECURITIES

On December 1, 2009 the Company authorized the issuance of 4,600,000 restricted shares of common stock and authorized the delivery of 2,300,000 share purchase warrants for cash consideration of \$2,300,000 in connection with an equity financing to six investors or affiliates pursuant to the exemptions from registration provided by Regulation S and Section 4(2) of the Securities Act of 1933, as amended (the “Securities Act”) as follows:

<i>Investor</i>	<i>Units</i>	<i>Consideration</i>	<i>Exemption</i>	<i>Shares</i>	<i>Warrants</i>
JTE Finanz AG	1,750,000	\$875,000	Reg. S	1,750,000	875,000
Cat Brokerage AG	1,750,000	\$875,000	Reg. S	1,750,000	875,000
MeesPierson (C.I.) Limited	700,000	\$350,000	Reg. S	700,000	350,000
Prosper Financial Inc.	260,000	\$130,000	Sec. 4(2)	260,000	130,000
DPG Ventures LLC	90,000	\$45,000	Sec. 4(2)	90,000	45,000
Stratton SA	50,000	\$25,000	Reg. S	50,000	25,000

No commission was paid in connection with the offering.

Regulation S provides generally that any offer or sale that occurs outside of the United States is exempt from the registration requirements of the Securities Act, provided that certain conditions are met. Regulation S has two safe harbors. One safe harbor applies to offers and sales by issuers, securities professionals involved in the distribution process pursuant to contract, their respective affiliates, and persons acting on behalf of any of the foregoing (the “issuer safe harbor”), and the other applies to resales by persons other than the issuer, securities professionals involved in the distribution process pursuant to contract, their respective affiliates (except certain officers and directors), and persons acting on behalf of any of the foregoing (the “resale safe harbor”). ARTICLE 10

Options to Purchase Shares

10.1 Grant of 51% Option. Subject to the conditions and requirements set forth below in Sections 10.1(a) through (e), the Company hereby grants an exclusive option to ABK to purchase an additional amount of shares to increase ABK’s shareholding in the Company, from the amount of the Purchased Shares, by an additional 17% equity interest to an aggregate amount of shares equal 51% of the Total Number of Shares (the “51% Option”):

- (a) ABK may, at its sole discretion, exercise the 51% Option for a period of 12 months after the Closing Date;
- (b) The 51% Option shall have an exercise price of \$2,800,000; and
- (c) The 51% Option shall be exercisable by giving written notice (the “Notice”) to the Company of ABK’s intention to exercise the 51% Option. Upon receipt of the Notice and the exercise price, the Company shall cause the allotment and issuance of that number of shares for which the 51% Option was exercised within 5 business days of receipt of the Notice and the exercise price by the Company.

- (d) Concurrent with the execution of this Agreement each of the Company, Powdermet and ABK shall execute and deliver the Shareholders' Agreement in the form attached hereto as Schedule G; and thereafter the Company and Powdermet shall negotiate and enter into an amendment to the Powdermet License Agreement that will expand on the ownership of intellectual property developed thereunder, control of defense and maintainance of intellectual property licensed thereunder, compliance with Bayh-Dole Act and other applicable laws, and, to the extent appropriate or necessary, achievement of certain milestones; and the Company shall use commercially reasonable efforts to cause any Convertible Security Holders to execute and deliver the Shareholders' Agreement.

10.2 Grant of 75% Option. The Company hereby grants an exclusive option to ABK, effective after the exercise of the 51% Option, to purchase an additional amount of shares to increase ABK's shareholding in the Company, from a 51% equity interest, by an additional 24% equity interest to an aggregate amount of shares equal 75% of the Total Number of Shares (the "75% Option"):

- (a) ABK may, at its sole discretion, exercise the 75% Option for a period of 12 months after the exercise of the 51% Option;
- (b) The 75% Option shall have an exercise price of \$16,000,000; and
- (c) The 75% Option shall be exercisable by giving written notice (the "Notice") to the Company of ABK's intention to exercise the 75% Option. Upon receipt of the Notice and the exercise price, the Company shall cause the allotment and issuance of that number of shares for which the 75% Option was exercised within 5 business days of receipt of the Notice and the exercise price by the Company.

10.3 Put Option. ABK hereby grants to each of the shareholders of the Company an exclusive option (the "Put Option") to require ABK (or, if ABK is owned by a parent corporation or if there exists an affiliated corporation of ABK or its parent corporation that has control over, or common control with, ABK or its parent corporation, in each case, the "ABK Parent") to purchase all of the Put Option Shares. The Put Option may be exercised (upon the sole election of Powdermet) as follows:

- (a) the Put Option may only be exercised for a period of 12 months after the exercise of the 75% Option or upon a Change in Control of either ABK (or the ABK Parent);
- (b) The purchase price to be paid by ABK (or the ABK Parent) for the Put Option Shares upon the exercise of the Put Option shall be a total of \$14,600,000, which shall be payable, at the election of Powdermet (on behalf of all other shareholders of the Company), as follows: (i) all in shares of common stock of ABK (or the ABK Parent) based on the average closing price of the shares of ABK (or the ABK Parent) for the ten days previous to the date of the notice given pursuant to section 10.3(c) below; or (ii) by mutual consent, \$4,000,000 in cash, by wire transfer of immediately available funds to an account designated by Powdermet, and \$10,600,000 in shares of common stock of ABK (or the ABK Parent) based on the average closing price of the shares of ABK (or the ABK Parent) for the ten days previous to the date of the notice given pursuant to section 10.3(c) below; provided, however, if ABK (or the ABK Parent) is not publicly-traded or listed companies, then the valuation of ABK (or the ABK Parent) for purposes of exercising the Put Option shall be conducted by a valuation expert selected by Powdermet and ABK;

- (c) The Put Option shall be exercisable by Powdermet (on behalf of all other shareholders of the Company) giving written notice to ABK of its intention to exercise the Put Option. Upon receipt of such written notice, ABK (or the ABK Parent) shall pay the cash portion of the purchase price, by wire transfer of immediately available funds to an account designed in writing by Powdermet, and that number of shares of ABK (or the ABK Parent) determined under Section 10.3(b) to Powdermet (for distribution to each other shareholder of the Company in accordance with such shareholder's respective ownership in the Company) against the delivery by Powdermet and all other shareholders of the Company to ABK (or the ABK Parent) of the Put Option Shares and any Convertible Securities that they hold in the Company duly executed for transfer. The payment and delivery of the purchase price and delivery of the Put Option Shares shall take place not more than 15 business days after the receipt of such written notice. Any shares so delivered shall be legended in accordance with any applicable securities legislation.
- (d) During the period beginning on the date that the 51% Option is exercised and ending on the date that this Agreement is terminated in accordance with its terms, ABK shall not undertake or agree to any transaction that would result in a Change in Control of ABK, and shall use its best efforts to cause the ABK Parent not to undertake or agree to any transaction that would result in a Change in Control or transfer of ownership of the ABK Parent, without the prior written consent of Powdermet, such consent not to be unreasonably withheld or delayed.
- (e) For purposes of this Agreement, a "Change in Control" of ABK (or the ABK Parent, as the case may be) shall be deemed to have occurred if:
 - (i) any person or group of persons acting in concert with one another, directly or indirectly, acquires (as a result of a transfer from an existing stockholder(s) of such corporation or as a result of an issuance of additional securities by such corporation) securities representing 50% or more of the voting power of such corporation's then outstanding voting securities;
 - (ii) the stockholders of such corporation approve a merger or consolidation of such corporation, with any other person, other than a merger or consolidation which would result in the voting securities of such corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of such corporation or such surviving entity outstanding immediately after such merger or consolidation, provided that any such surviving entity shall agree to be bound by the terms of this Agreement and assume the obligations of such corporation under this Agreement, including such corporation's obligations under this section 10.3;
 - (iii) the redemption or repurchase by such corporation of equity securities that results in such corporation no longer being a reporting issuer as defined in the Securities Act; or
 - (iv) the stockholders of such corporation approve a plan of complete liquidation of such corporation or an agreement for the sale or disposition by such corporation of all or substantially all of its assets.

ARTICLE 11
Investment Rights

11.1 Exclusive Right and Right of First Refusal. The Company hereby grants to ABK the exclusive right to finance 100% of any offering by the Company (the “New Offering”) of equity securities of the Company or other securities of the Company convertible into equity securities of the Company that the Company requires or proposes during the period of twelve (12) months from the Closing Date. During this initial exclusive 12 month period, the Company will only conduct New Offerings provided ABK has provided prior written consent to the terms of such New Offerings. Thereafter ABK shall have the right of first refusal to participate for up to 100% of any such New Offerings for an additional 12 month period. During the period of the right of first refusal the Company will notify ABK in writing (the “New Offering Notice”) of the terms of the New Offering. To exercise its right of first refusal, ABK must provide notice in writing to the Company (the “Acceptance Notice”) within 10 days of receipt of the New Offering Notice that it will participate in the New Offering on the terms set out in the New Offering Notice. If ABK fails to provide the Acceptance Notice within such time period, the Company may issue the securities being offered in the New Offering to other parties on the same terms or on terms no less favorable to the Company than those set out in the New Offering Notice.

ARTICLE 12
Closing

12.1 Time and Place. Subject to the terms and conditions hereof, the closing of the transactions contemplated by Article 3 (the “Closing”) shall take place remotely via the exchange of documents and signatures on the Closing Date, or in such other manner and such other time as the Company and ABK shall agree in writing. For computational purposes, the Closing shall be deemed to have occurred as of 7:00 a.m. Eastern Daylight Time on the Closing Date.

12.2 Deliveries by the Parties. At the Closing,

- (a) ABK will deliver to the Company (i) the Purchase Price; (ii) the Certificate of Incorporation of ABK certified by the Secretary of State of the State of Nevada within a reasonably short period of time prior to the Closing Date; and (iii) a certificate of the Secretary of State of the State of Nevada as to the good standing of ABK dated within a reasonably short period of time prior to the Closing Date; and
- (b) the Company will deliver to ABK (i) share certificates representing the Purchased Shares, and (ii) a certificate of the Secretary of State of the State of Nevada as to the good standing of the Company dated within a reasonably short period of time prior to the Closing Date.

ARTICLE 13
Termination

13.1 Termination. Notwithstanding anything to the contrary set forth in this Agreement, this Agreement may be terminated as follows:

- (a) upon the mutual agreement of all of the parties hereto;
- (b) automatically without any action of any of the parties hereto upon the first anniversary of the Closing Date if ABK has not exercised the 51% Option;

- (c) by Powdermet, if ABK has breached any of its representations or warranties, or has failed to perform any of its covenants or agreements, contained in this Agreement, which breach or failure to perform is not cured within 30 days after Powdermet has notified ABK of its intention to terminate this Agreement pursuant to this clause except in the case of a breach of section 5.1(f), in which case ABK shall have 60 days after Powdermet has notified ABK of its intention to terminate to cure such breach; or
- (d) by ABK, if the Company or Powdermet has breached any of its representations or warranties, or has failed to perform any of its respective covenants or agreements, contained in this Agreement, which breach or failure to perform is not cured within 30 days after ABK has notified the Company and Powdermet of its intention to terminate this Agreement pursuant to this clause; provided, however, that ABK may not terminate this Agreement pursuant to this clause for any breach of this Agreement by the Company after ABK has exercised the 51% Option.

13.2 Effect of Termination. Each party's right of termination under Section 13.1 is in addition to any other rights it may have for breach of this Agreement or otherwise, and the exercise of a right of termination will not be an election of remedies. If this Agreement is terminated pursuant to Section 13.1, written notice thereof must be given by the terminating party to all other parties specifying the provision(s) of Section 13.1 pursuant to which such termination is made, and this Agreement will terminate and become void and of no further force and effect and there will be no further liability or obligation on the part of any party hereto, except that the provisions of Article 13 and Article 14 will survive any termination of this Agreement. Nothing in this Section 13.2 will relieve any party of liability for any breach of this Agreement prior to the effective date of termination.

ARTICLE 14 General

14.1 Transactional Expenses. It is agreed that each party to this Agreement will bear their own respective costs incurred in negotiating and preparing this Agreement, in closing and carrying out the transaction contemplated hereunder. 14.5 Successors and Assigns. This Agreement will be binding upon and enure to the benefit of the parties hereto and their respective heirs and executors and permitted successors and assigns as the case may be, provided that no party may assign its rights or delegate its obligations under this Agreement to any person without the consent of the other parties hereto.

14.6 Arbitration. All matters in difference between the parties in relation to this Agreement shall be referred to the arbitration under the New York Arbitration Act by a single arbitrator, if the parties agree upon one, otherwise to three arbitrators, one to be appointed by each party and a third to be chosen by the first two named before they enter upon the business of arbitration. The award and determination of the arbitrator or arbitrators or any two of the three arbitrators shall be binding upon the parties and their respective heirs, executors, administrators and assigns.

14.7 Entire Agreement. This Agreement constitutes the entire agreement between the parties and supersedes all prior letters of intent, agreements, representations, warranties, statements, promises, information, arrangements and understandings, whether oral or written, express or implied.

14.8 Publicity. All news releases or other public announcements or disclosures to clients of the parties or others will be mutually agreed upon and in any event will be subject to regulatory requirements.

14.9 Amendment. No modification or amendment to this Agreement may be made unless agreed to by the parties thereto in writing.

14.10 Time. Time is of the essence.

14.11 Severability. In the event any provision of this Agreement will be deemed invalid or void, in whole or in part, by any court of competent jurisdiction, the remaining terms and provisions will remain in full force and effect and the parties shall negotiate in good faith to replace any provision that is so adjudged invalid or unenforceable with a provision that will provide to the parties to this Agreement, to the maximum extent possible under applicable law, the rights, obligations and benefits of the invalid or unenforceable provision

14.12 Headings; Construction. The headings contained herein are inserted for convenience only and will not be construed as part of the Agreement. In the event that any representation or warranty or other provision contained in this Agreement is expressly qualified by reference to the “knowledge of Company” or “knowledge of Powdermet”, such knowledge means that it includes the actual knowledge of Andrew J. Sherman.

14.13 Counterparts. This Agreement may be executed in any number of counterparts with the same effect as if all parties to this Agreement had signed the same document and all counterparts will be construed together and will constitute one and the same instrument and any facsimile signature shall be taken as an original.

14.14 Remedies. If any party to this Agreement breaches or threatens to commit a breach of its obligations under this Agreement, any party injured or to be injured by such breach, in addition to being entitled to exercise all rights granted by law, including recovery of damages, will be entitled to specific performance of its rights under this Agreement. The parties agree that the provisions of this Agreement will be specifically enforceable, it being agreed by the parties that the remedy at law, including monetary damages, for breach of such provision will be inadequate compensation for any loss and that any defense in any action for specific performance that a remedy at law would be adequate is waived.

7. Preemptive Rights.

- 7.1 **Preemptive Rights.** Subject to subsection 7.5 and applicable securities laws, if the Company proposes to offer or sell any equity securities or Convertible Securities of the Company (collectively, “New Securities”), the Company shall first offer such New Securities to each Shareholder prior to offering the New Securities to any other Person. Each Shareholder shall be entitled to purchase such Shareholder’s pro rata share of the New Securities based upon the percentage that such Shareholder’s Shares bears to the total number of common shares of the Company then outstanding (on a fully-diluted basis) before giving effect to the issuance of the New Securities.
- 7.2 **Notice and Offer.** Prior to offering the New Securities to any Persons other than the Shareholders, the Company shall give notice (an “Offer Notice”) to each Shareholder stating (i) its bona fide intention to offer such New Securities, (ii) the number of such New Securities to be offered, and (iii) the price and terms, if any, upon which it proposes to offer such New Securities.
- 7.3 **Acceptance.** By notification to the Company in writing within 20 days after the Offer Notice is given, each Shareholder may elect to purchase or otherwise acquire, at the price and on the terms specified in the Offer Notice, up to such Shareholder’s pro rata share of the New Securities. At the expiration of such 20 day period, the Company shall promptly notify each Shareholder that elects to purchase or acquire all the New Securities available to it (each, a “Fully Exercising Shareholder”) of any other Shareholder’s failure to elect to purchase or acquire all of the New Securities available to such Shareholder. During the 10 day period commencing after the Company has given such notice, each Fully Exercising Shareholder may, by giving notice in writing to the Company, elect to purchase or acquire up to all of the New Securities that were not subscribed for by the other Shareholders. If the Fully Exercising Shareholders collectively elect to purchase more New Securities than that remain available to purchased, each Fully Exercising Shareholder will be entitled to purchase its pro rate share of the New Securities that remain available to be purchased based upon the percentage that such Fully Exercising Shareholder’s Shares bears to the total number of common shares held by all Fully Exercising Shareholders (on a fully diluted basis), provided that no Fully Exercising Shareholder will be entitled to purchase a greater number of New Securities than such Fully Exercising Shareholder elected to purchase pursuant to the immediately preceding sentence. The closing of any sale pursuant to this subsection 7.3 shall occur within the earlier of 90 days after the date that the Offer Notice is given or the date of first sale of New Securities pursuant to subsection 7.4.
- 7.4 **Subsequent Issuance and Sale.** If all New Securities referred to in the Offer Notice are not elected to be purchased or acquired as provided in subsection 7.3, the Company may, during the 90 day period following the expiration of the periods provided in subsection 7.3, offer and sell the remaining unsubscribed portion of such New Securities to any Person or Persons at a price not less than, and upon terms no more favorable to the offeree than, those specified in the Offer Notice. If the Company does not enter into an agreement for the sale of the New Securities within such period, or if such agreement is not consummated within 30 days of the execution thereof, such New Securities may not be offered unless first reoffered to the Shareholders in accordance with subsection 7.2.
- 7.5 **Exempted Issuances.** Notwithstanding anything to the contrary in this Agreement, New Securities shall not include any of the following securities: (a) common shares and other equity securities issued upon the conversion or exercise of Convertible securities outstanding as of the date of this Agreement, or (b) the shares of the Company issued to Abakan pursuant to Article 10 in the Investment Agreement.

NEWS RELEASE

ABAKAN INVESTS IN NANOCOMPOSITE CERAMIC-METALLIC COATINGS TECHNOLOGY AND COMPLETES PRIVATE PLACEMENT

December 14, 2009 – Miami, Florida – Abakan Inc. (ABKL.OB) is pleased to announce that it has entered into an investment agreement with MesoCoat, Inc., an Ohio based advanced nanocomposite ceramic-metallic (cermet) coatings company (“MesoCoat”) and Powdermet, Inc., its majority shareholder.

MesoCoat is building a diversified, patented product platform that consists of environmentally friendly coating compositions and breakthrough methods of applying coatings to large surface areas. MesoCoat was formed in 2007 to develop and commercialize its line of proprietary nanocomposite coating materials, and its fusion application technologies licensed from Oak Ridge National Laboratories. Initially, MesoCoat is focusing on obtaining product certification to introduce its PComP™ nanocomposite cermet chrome replacement materials in the aerospace and oilfield service industries and MesoCoat’s CermaClad™ nanostructured metallurgically-bonded claddings into the oil and gas pipeline market. In the longer term, MesoCoat will introduce CermaClad™ into broader infrastructure and heavy industrial markets. MesoCoat’s products address both the needs of OEM manufacturers and facility owner-operators, as well as maintenance and repair organizations (MROs) in the infrastructure, transportation, oil and gas, construction, mining, utilities, and agricultural markets.

MesoCoat's suite of nano-enabled coating technologies offers vast performance, economic, and environmental advantages over today’s market-leading cladding and coating solutions to combat wear and corrosion in the world’s toughest environments. MesoCoat's patented PComP™ nanocomposite cermet materials offer the combined advantages of higher performance, and greater toughness and durability at a lower installed cost than competing and emerging alternatives, and are also substantially less toxic than other options. MesoCoat’s patent pending CermaClad™ large area coatings and claddings provide metallurgically bonded coatings that can be applied at a fraction of the cost of the roll-bonded or weld clad products that they replace.

The investment agreement requires a series of investments over time the first of which has caused Abakan to acquire a non-controlling interest in MesoCoat. Additional investment amounts will increase Abakan’s holdings to a controlling interest. MesoCoat has previously benefited from investment by JumpStart Ventures, a Cleveland-based non-profit venture development organization.

The first investment amount will be paid from Abakan’s recently completed private placement of 4.6 million units at \$0.50 per unit. Each unit is comprised of one (1) share of common stock and one half (½) share purchase warrant that entitles the holder to purchase one (1) additional common share in exchange for one (1) share purchase warrant for a period of two (2) years at a purchase price of \$0.75 per share.

Robert Miller, Abakan’s chief executive officer, stated that “MesoCoat’s suite of products represent the rare combination of a technology that is cheaper to utilize, is longer lasting and environmentally superior to the products that it will replace. We are confident that these technologies will transform the economics of multiple industries while offering substantial social benefit.”
