File No. 333-146341**

Dear Mr. Schreiber:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with additional information so we may better understand your disclosure. After reviewing this information, we may or may not raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

For purposes of this comment letter, we refer to the pagination in a courtesy copy of your Form S-1 filed on September 27, 2007 that was provided to us by counsel.

General

1. Please note that any sales literature that is to be used in connection with this offering must be submitted to us prior to use, including sales literature intended for broker-dealer use only. Please submit all written sales materials proposed to be transmitted to prospective investors, orally or in writing. Please be aware that we will need time to review these materials. In addition, note that sales materials must set forth a balanced presentation of the risks and rewards to investors and should not contain any information or disclosure that is inconsistent with or not also provided in the prospectus. For guidance, refer to Item 19.D of Industry Guide 5.
2. Please provide us with copies of any graphics, maps, photographs, and related captions or other artwork including logos that you intend to use in the prospectus. Such graphics and pictorial representations should not be included in any preliminary prospectus distributed to prospective investors prior to our review.
3. Please be advised that you are responsible for analyzing the applicability of the tender offer rules to your proposed share repurchase plan and for determining the availability of any exemption under Rule 13e-4 and Regulation 14E. We urge you to consider all the elements of your share repurchase program in determining whether the program is consistent with relief granted by the Division of Corporation Finance in prior no action letters. See, for example, *T REIT Inc.* (Letter dated June 4, 2001), *Wells Real Estate Investment Trust II, Inc.* (Letter dated December 3, 2003) and *Hines Real Estate Investment Trust, Inc.* (Letter dated June 4, 2004). To the extent you have questions as to whether the program is entirely consistent with the relief previously granted by the Division of Corporation Finance, you may contact the Division's Office of Mergers and Acquisitions.
4. We note that you may conduct the share repurchase program during the offering period of the shares being registered under this registration statement. Please advise us how the repurchases of shares will be conducted in a manner that is consistent with the restrictions on activities by issuers during distributions of securities set forth in Regulation M. See *Allston & Bird LLP* (Letter dated October 22, 2007).

As appropriate, please amend your registration statement in response to these comments. You may wish to provide us with marked copies of the amendment to

expedite our review. Please furnish a cover letter with your amendment that keys your responses to our comments and provides any requested supplemental information. We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event the company requests acceleration of the effective date of the pending registration statement, it should furnish a letter, at the time of such request, acknowledging that:

- should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;
- the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- the company may not assert staff comments and the declaration of effectiveness as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in connection with our review of your filing or in response to our comments on your filing.

We will consider a written request for acceleration of the effective date of the registration statement as a confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement. We will act on the request and, pursuant to delegated authority, grant acceleration of the effective date.

We direct your attention to Rules 460 and 461 regarding requesting acceleration of a registration statement. Please allow adequate time after the filing of any amendment for further review before submitting a request for acceleration. Please provide this request at least two business days in advance of the requested effective date.
