Entrex Carbon Market presents at Emerging Growth Conference Announcing OTC:UNSS PIPE and ESG Green Bond Initiative

Boca Raton, Fla., June 11, 2021: Entrex (OTC:UNSS) announced the launch of two ESG funding initiatives at the Emerging Growth Conference on Wednesday – a PIPE or Private Investment in a Public Equity for Entrex, the parent company (OTC:UNSS), and another, a Green Bond initiative for project working capital for the Entrex Carbon Market. “The volume of projects introduced by our Entrex Carbon Market representative team has produced opportunities in excess of one billion metric tonnes of carbon offsets,” said Stephen H. Watkins, CEO of Entrex and the Entrex Carbon Market, a majority-owned subsidiary of Entrex (OTC: UNSS). “We soon expect to start the registration through minting process and feel ESG investors (Environmental, Social, Governance) would be interested in the equity and debt risk profiles of the investment opportunities.”

“Our sales team has found a lot of issuers and users of offsets are tired of the small resellers that push non-United Nations offsets which, in the end, don't help clients attain their carbon neutrality goals. The Entrex Carbon Market offers the only regulatory-compliant marketplace to buy, sell and retire carbon offsets – something customers appreciate,” said Thomas Harblin of Entrex Carbon Market.

“We are finding amazing national and global opportunities,” continued Harblin. “Corporate carbon neutral initiatives - including Carbon Neutral Beef, Chicken, Fish and Fuel show the creativity that companies go through to meet customer demand.”
