**Re: Ares Ventures Corp.
Amendment 1 to Registration Statement on Form S-1
File No. 333-154455
Filed November 10, 2008**

Dear Mr. Ellis:

We have limited our review of your filing to the issues we have addressed in our comments. Where indicated, we think you should revise your registration statement. If you disagree, we will consider your explanation as to why our comments are inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you might have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Outside Front Cover Page of Prospectus

1. We note that you intend to provide notification regarding the extension of the offering by registered mail. This is not sufficient. Given that the extension of the offering represents a material change to the offering, you need to file a post-effective amendment to alert subscribers about the extension or to file a new registration statement registering the extended offering. If you wish to file a post-effective amendment, the post-effective amendment must thoroughly update the information contained in the registration statement, including the financial statements. It should also advise persons who have already subscribed to the offering that their money will be refunded unless such persons provide you with an affirmative statement indicating that they wish to subscribe to the extended offering. Note that to extend the offering by means of a post-effective

amendment, the reconfirmations must be received prior to the termination of the original offering or the funds must be promptly refunded.

Closing Comments

Please amend your registration statement in response to these comments. You may wish to provide us with marked copies of the amendment to expedite our review. Please furnish a cover letter with your amendment that keys your responses to our comments and provides any requested supplemental information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event the company requests acceleration of the effective date of the pending registration statement, it should furnish a letter, at the time of such request, acknowledging that

- should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;
- the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- the company may not assert this action as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in connection with our review of your filing or in response to our comments on your filing.

We will consider a written request for acceleration of the effective date of the registration statement as a confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement. We will act on the request and, pursuant to delegated authority, grant acceleration of the effective date.

We direct your attention to Rules 460 and 461 regarding requesting acceleration of a registration statement. Please allow adequate time after the filing of an amendment for further review before submitting a request for acceleration. Please provide this request at least two business days in advance of the requested effective date.

Please contact John Lucas at (202) 551-5798 or, in his absence, Carmen Moncada-Terry at (202) 551-3687 with any questions.

Sincerely,

H. Roger Schwall
Assistant Director
