Dear Lumentum Stockholders:

We are pleased to invite you to attend the Annual Meeting of stockholders of Lumentum Holdings Inc. on November 17, 2023 at 8:00 a.m. (Pacific Time), which will be a “virtual meeting” of stockholders, conducted via the Internet.

We recently completed our eighth year as a standalone public company, and we have achieved significant growth over those years. Our solutions address attractive end markets that are driven by long-term, secular trends and which are increasingly turning to advanced photonics as a key enabling technology for continued growth. By focusing on developing the most innovative products and technologies ahead of our competition, we have positioned ourselves as an industry leader in the markets we serve and an indispensable partner to our customers.

With this technology leadership strategy, along with successful, strategic acquisitions, we grew revenue to a new record level of \$1.77B in fiscal 2023. This performance was despite the substantial impact of industry-wide inventory corrections that began mid-way through the fiscal year. Over the past year, we have added to our leadership position by introducing many highly differentiated new products and by winning new design-ins with market-leading customers. The strategic acquisitions we closed in fiscal 2023 have expanded our share of the optical communications and data infrastructure end markets, in addition to adding to our overall revenue and scale. The strategic rationale of these acquisitions has been borne out, and these transactions have been well received by our customers. To date, we are tracking ahead of our acquisition synergy goals and, as a result, we have increased our targets significantly.

In each of our focused end markets, there are growth catalysts that we believe are expanding our opportunities. We are at a pivotal stage in the digital transformation of all aspects of work and life that is driving the use of optical technologies to handle the relentless growth of data flowing through the world’s optical networks and data centers. The pace of that growth is accelerating even faster with the widespread adoption of artificial intelligence and machine learning applications. Lumentum’s products are essential parts of the cloud data center infrastructure that enables these applications today, and, as newer generative AI tools gain traction, we expect the demand for our products to only increase. Our strong organic and inorganic investments in both new products and foundational technologies position us well for these sizable opportunities.

Advancements in computer and machine vision and augmented and virtual reality are transforming a wide range of industries, including automotive, warehouse automation, and transportation and logistics. Lumentum participates in all of these trends, and in particular, we expect our photonic integration capabilities to enable greater proliferation across a broader set of applications. Higher levels of precision, new sustainable materials, and factory and energy efficiency needs are causing manufacturers around the world to increasingly turn to laser-based approaches and to the types of industrial lasers we supply. Our laser products are increasingly essential to high-growth markets such as solar cell, electric vehicle, and battery manufacturing, providing us with robust, long-term tailwinds.

As we execute on our strategy, we continue to focus on creating value for our stakeholders and are committed to the highest standards of social, ethical, and environmental conduct and responsibility. This includes promoting diverse, inclusive, and safe workplaces, free from discrimination and harassment. We encourage our employees to engage and make meaningful contributions to society and our local communities.

Our results and accomplishments to date both underscore the significant progress we have made towards our strategic goals and position us well for further growth. These accomplishments, along with the growth catalysts we see across our business, make it a very exciting time at Lumentum for all of our stakeholders, and we believe that the future ahead is even brighter now than over the past eight years.

Our virtual Annual Meeting can be accessed by visiting www.virtualshareholdermeeting.com/LITE2023 where you will be able to listen to the meeting live, submit questions, and vote online. Details regarding how to attend the Annual Meeting online and the business to be conducted at the Annual Meeting are more fully described in the accompanying Notice of Annual Meeting and Proxy Statement.

We are pleased to provide access to our proxy materials over the Internet under the U.S. Securities and Exchange Commission’s “notice and access” rules.

Your vote is important and we hope you will vote as soon as possible, regardless of whether you plan to attend the meeting. You may vote by proxy over the Internet or by telephone, or, if you received paper copies of the proxy materials by mail, you may also vote by mail by following the instructions on the proxy card or voting instruction card.

Thank you for your ongoing support of and interest in Lumentum.

Sincerely,

Alan S. Lowe

The virtual Annual Meeting can be accessed by visiting www.virtualshareholdermeeting.com/LITE2023, where you will be able to listen to the meeting live, submit questions, and vote online. The Notice of Internet Availability of Proxy Materials and this proxy statement for the Annual Meeting (“Proxy Statement”) and the accompanying form of proxy were first distributed and made available on the Internet to stockholders on or about September 22, 2023. Lumentum’s annual report on Form 10-K for the fiscal year ended July 1, 2023, filed with the U.S. Securities and Exchange Commission (the “SEC”) on August 23, 2023 (“Annual Report”), will be available with this Proxy Statement by following the instructions in the Notice of Internet Availability of Proxy Materials.

Internet Availability of Proxy Materials

In accordance with SEC rules, we are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our Proxy Statement and Annual Report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper or email copies of our proxy materials if they so choose. We believe this process makes the proxy distribution process more efficient and less costly and helps conserve natural resources.

The information provided in the “question and answer” format below is for your convenience only and is merely a summary of the information contained in this Proxy Statement. You should read this entire Proxy Statement carefully. Information contained on, or that can be accessed through, our website is not intended to be incorporated by reference into this Proxy Statement and references to our website address in this Proxy Statement are inactive textual references only.

- For **“1 YEAR”** on the approval of a non-binding, advisory vote for the frequency of future advisory votes to approve the compensation of our named executive officers;

Who is entitled to vote?

Holders of our common stock as of the close of business on September 18, 2023, the record date, may vote at the Annual Meeting. As of the record date, there were 66,999,815 shares of our common stock outstanding. In deciding all matters at the Annual Meeting, each stockholder will be entitled to one vote for each share of our common stock held by them on the record date. We do not have cumulative voting rights for the election of directors.

Stockholder of Record: Shares Registered in Your Name. If, on the record date, your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the Annual Meeting or vote by telephone, by Internet, or by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If, on the record date, your shares were held on your behalf in a stock brokerage account or by a bank or other nominee, then you are considered the beneficial owner of those shares held in street name. Accordingly, the Notice of Internet Availability, Proxy Statement and any accompanying documents have been provided to your broker or nominee, who in turn provided the materials to you. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by using the voting instruction card or by following their instructions for voting on the Internet or by telephone.

How many votes are needed for approval of each proposal?

- **Proposal No. 1:** Each director must be elected by the affirmative vote of a majority of the votes cast with respect to that director. This means that, to be elected, the number of votes cast for a director must exceed the number of votes cast against that director. Abstentions and broker non-votes are not counted as votes cast for or against such director's election and therefore will have no impact on the outcome of the vote.
- **Proposal No. 2:** The approval of the non-binding advisory vote on the compensation of the Company's named executive officers requires the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. As a result, abstentions will have the same effect as votes against the proposal. Broker non-votes will have no effect on the outcome of this vote.
- **Proposal No. 3:** The alternative among one year, two years or three years that receives the highest number of votes cast at the Annual Meeting by stockholders entitled to vote thereon will be deemed to be the frequency preferred by our stockholders. Abstentions and broker non-votes will have no effect on this proposal.
- **Proposal No. 4:** The approval of the Amended and Restated 2015 Equity Incentive Plan requires the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. As a result, abstentions will have the same effect as votes against the proposal. Broker non-votes will have no effect on the outcome of this vote. This vote will also constitute approval under the Nasdaq Listing Rules.
- **Proposal No. 5:** The ratification of the appointment of Deloitte & Touche LLP requires the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. As a result, abstentions will have the same effect as votes against the proposal. Brokers will have discretion to vote on this proposal.

What is a quorum?

A quorum is the minimum number of shares required to be present at the Annual Meeting for the Annual Meeting to be properly held under our amended and restated bylaws and Delaware law. The presence, in person or by proxy, of a majority of all issued and outstanding shares of our common stock entitled to vote at the Annual Meeting will constitute a quorum at the Annual Meeting. Abstentions, withhold votes and broker non-votes are counted as shares present and entitled to vote for purposes of determining a quorum.

How do I vote?

If you are a stockholder of record, there are four ways to vote:

- **at the Annual Meeting, via the virtual meeting website** – any stockholder can attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/LITE2023, where stockholders may vote and submit questions during the meeting. The Annual Meeting starts at 8:00 a.m. Pacific Time on Friday, November 17, 2023. Please have your 16-digit control number to join the Annual Meeting. Instructions on how to attend and participate via the Internet, including how to demonstrate proof of stock ownership, are posted at www.proxyvote.com;
- **by Internet** at <http://www.proxyvote.com>, 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on November 16, 2023 (have your proxy card in hand when you visit the website);
- **by toll-free telephone** at 1-800-690-6903 (have your proxy card in hand when you call); or
- **by completing and mailing your proxy card** (if you received printed proxy materials).

Proxy cards submitted by mail must be received by November 16, 2023 to be voted at the Annual Meeting. Please note that the Internet and telephone voting facilities will close at 11:59 p.m. Eastern Time on November 16, 2023. Submitting your proxy, whether via Internet, by telephone or by mail, will not affect your right to vote via the virtual meeting website should you decide to attend the Annual Meeting. If you are not the

stockholder of record, please refer to the voting instructions provided by your nominee to direct your nominee on how to vote your shares. Your vote is important. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure that your vote is counted including how to attend and vote at the Annual Meeting.

All proxies will be voted in accordance with the instructions specified on the proxy. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the Annual Meeting, your shares will be voted in accordance with the recommendations of our board of directors stated in this proxy.

Can I change my vote?

Yes. If you are a stockholder of record, you can change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by Internet or by telephone;
- returning a later-dated proxy card; or
- delivering to the Secretary of Lumentum Holdings Inc., by any means, a written notice stating that the proxy is revoked.

Additionally, you can change your vote or revoke your proxy by attending and voting at the Annual Meeting (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

If you are a street name stockholder, your broker, bank or other nominee can provide you with instructions on how to change your vote.

How can I attend the Annual Meeting?

You are entitled to participate in the Annual Meeting if you were a holder of Lumentum shares as of the record date of September 18, 2023. You will be able to attend online and submit your questions during the meeting by visiting www.virtualshareholdermeeting.com/LITE2023. You also will be able to vote your shares electronically at the Annual Meeting. To participate, you will need the 16-digit control number included on your Notice of Internet Availability of Proxy Materials, on your proxy card or on the instructions that accompanied the proxy materials, or follow your broker's instructions.

Beginning 30 minutes prior to the start of and during the online Annual Meeting, we will have a support team ready to assist stockholders with any technical difficulties they may have accessing or hearing the audio webcast of the meeting. If you encounter technical difficulties accessing the audio webcast, please call our support team at 800-586-1548 (US) or 303-562-9288 (International).

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. Alan Lowe, Wajid Ali, and Judy Hamel have been designated as proxies by our board of directors. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our board of directors as described above. If any matters not described in this Proxy Statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote the shares. If the Annual Meeting is adjourned, the proxy holders can vote the shares on the new Annual Meeting date as well, unless you have properly revoked your proxy instructions, as described above.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a full set of proxy materials?

In accordance with the rules of the SEC, we have elected to furnish our proxy materials, including this Proxy Statement and our Annual Report, primarily via the Internet. As a result, we are mailing to many of our stockholders a Notice of Internet Availability of Proxy Materials. All stockholders receiving the notice will have the ability to access the proxy materials over the Internet and request to receive a paper copy of the proxy materials by mail or e-mail. Instructions on how to access the proxy materials over the Internet or to request a paper or e-mail copy may be found in the Notice of Internet Availability of Proxy Materials. In addition, the notice contains instructions on how you may request access to proxy materials in printed form by mail or electronically on an ongoing basis.

How are proxies solicited for the Annual Meeting?

Our board of directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by us. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending our proxy materials to you if a broker or other nominee holds shares of our common stock on your behalf. In addition to using the Internet, our directors, officers and employees may solicit proxies in person and by mailings, telephone, facsimile, or electronic transmission, for which they will not receive any additional compensation.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of our common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker will have discretion to vote your shares on our sole “routine” matter: the proposal to ratify the appointment of Deloitte & Touche LLP. Your broker will not have discretion to vote on the election of directors, the approval of the non-binding, advisory vote on the compensation of our named executive officers, the approval of the non-binding, advisory vote on the frequency of future votes on the compensation of our named executive officers, or the approval of our Amended and Restated 2015 Equity Incentive Plan, each of which are “non-routine” matters, absent direction from you.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K that we will file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K within four business days after the Annual Meeting, we will file a Current Report on Form 8-K to publish preliminary results and will provide the final results in an amendment to such Current Report on Form 8-K as soon as they become available.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called “householding,” which the SEC has approved. Under this procedure, we deliver a single copy of the Notice of Internet Availability of Proxy Materials and, if applicable, our proxy materials, to multiple stockholders who share the same address unless we have received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs, and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will deliver promptly a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, our proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these materials. To receive a separate copy, or, if a stockholder is receiving multiple copies, to request that we only send a single copy of the Notice of Internet Availability of Proxy Materials and, if applicable, our proxy materials, such stockholder may contact our Investor Relations at 1(408) 546-5483 or by mail at the following address:

Lumentum Holdings Inc.
Attention: Investor Relations
1001 Ridder Park Dr.
San Jose, California 95131

Stockholders who beneficially own shares of our common stock held in street name may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

What is the deadline to propose actions for consideration at next year’s Annual Meeting of stockholders or to nominate individuals to serve as directors?

Stockholder Proposals

Stockholders may present proper proposals for inclusion in our Proxy Statement and for consideration at the next Annual Meeting of stockholders by submitting their proposals in writing to our Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2024 Annual Meeting of stockholders, our Secretary must receive the written proposal at our principal executive offices no later than May 25, 2024. In addition, stockholder proposals must comply with the requirements of Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Stockholder proposals should be addressed to:

Lumentum Holdings Inc.
Attention: Secretary
1001 Ridder Park Dr.
San Jose, California 95131

Our amended and restated bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our amended and restated bylaws provide that the only business that may be conducted at an annual meeting is business that is (i) specified in our proxy materials with respect to such meeting, (ii) otherwise properly brought before the annual meeting by or at the direction of our board of directors, or (iii) properly brought before the annual meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our Secretary, which notice must contain the information specified in our amended and restated bylaws. To be timely for our 2024 Annual Meeting of stockholders, our Secretary must receive the written notice at our principal executive offices:

- not earlier than August 19, 2024; and
- not later than the close of business on September 18, 2024.

In the event that we hold our 2024 Annual Meeting of stockholders more than 30 days before or more than 60 days after (other than as a result of adjournment) the one-year anniversary of the 2023 Annual Meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no later than the close of business on the later of the following two dates:

- the 90th day prior to such annual meeting; or
- the 10th day following the day on which public announcement of the date of such annual meeting is first made.

If a stockholder who has notified us of his, her or its intention to present a proposal at an annual meeting does not appear to present his, her or its proposal at such annual meeting, we are not required to present the proposal for a vote at such annual meeting.

Recommendation and Nomination of Director Candidates

You may propose director candidates for consideration by our Governance Committee. Any such recommendations should include the candidate's name and qualifications for membership on our board of directors and should be directed to our Secretary at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see "Corporate Governance—Governance Committee."

In addition, our amended and restated bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our amended and restated bylaws. In addition, the stockholder must give timely notice to our Secretary in accordance with our amended and restated bylaws, which, in general, require that the notice be received by our Secretary within the time period described above under "Stockholder Proposals" for stockholder proposals that are not intended to be included in a proxy statement. In addition, to comply with Rule 14a-19 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), stockholders must provide notice of the intent to solicit proxies in support of director nominees (other than our nominees) for the 2024 Annual Meeting of stockholders by notifying our Secretary no later than the dates set forth above with respect to nominations. Please note that the notice requirement under Rule 14a-19 is in addition to the applicable notice requirements under our amended and restated bylaws.

Availability of Bylaws

A copy of our amended and restated bylaws may be obtained by accessing our public filings on the SEC's website at www.sec.gov. You may also contact our Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

CORPORATE GOVERNANCE

Our business affairs are managed under the direction of our board of directors. As of September 18, 2023, our board of directors consisted of nine (9) members, eight of whom qualified as “independent” under the Nasdaq listing standards.

Director Independence

Our board of directors has determined that the following directors are independent under the Nasdaq listing standards: Harold L. Covert, Pamela F. Fletcher, Penelope A. Herscher, Isaac H. Harris, Julia S. Johnson, Brian J. Lillie, Ian S. Small and Janet S. Wong.

Board Leadership Structure

Our board of directors has determined that it is in the best interests of the Company to maintain the board chair and chief executive officer positions separately. Ms. Herscher, an outside, independent director, serves as our board chair. The board believes that having an outside, independent director serve as chair is the most appropriate leadership structure, as this enhances its independent oversight of management and the Company’s strategic planning, reinforces the board of directors’ ability to exercise its independent judgment to represent stockholder interests, and strengthens the objectivity and integrity of the board. Moreover, we believe an independent chair can more effectively lead the board in objectively evaluating the performance of management, including the chief executive officer, and guide it through appropriate board governance processes.

Ms. Herscher assists in developing the agenda for the board meetings, is the primary liaison between the Board and management, chairs meetings of the Board and executive sessions and assists with stockholder communications as requested. Ms. Herscher’s strong leadership skills, independent thinking and professional experience assist the Board in providing effective oversight of management, Company strategy and board effectiveness.

Board Committees and Meetings

During fiscal 2023, the board of directors held 12 meetings. The board of directors has three committees: an Audit Committee, a Compensation Committee, and a Governance Committee. The members of the committees during fiscal 2023 are identified below.

Each director attended at least 80% of the aggregate of all meetings of the board of directors and any committees on which he or she served during fiscal 2023 after becoming a member of the board of directors or after being appointed to a particular committee. The Company encourages, but does not require, the members of its board of directors to attend the Annual Meeting. All members of our board of directors who were directors at the time attended our 2022 Annual Meeting.

Audit Committee

MEMBERS:

Harold L. Covert (Chair)
Julia S. Johnson
Janet S. Wong
Pamela F. Fletcher

MEETINGS: 8

The Audit Committee is responsible for the appointment, qualification and oversight of the independent auditor, including the determination of the auditor’s independence, as well as for assisting the full board of directors in fulfilling its oversight responsibilities relative to:

- the Company’s financial statements;
- financial reporting practices;
- systems of internal accounting and financial control;
- internal audit function;
- annual independent audits of the Company’s financial statements; and
- such legal and ethics programs as may be established from time to time by management and the board of directors.

The board has determined that all members of the Audit Committee are “independent” as defined in the applicable rules and regulations of the SEC and the Nasdaq listing rules. The board of directors has further determined that Harold L. Covert and Janet S. Wong are each an “audit committee financial expert” as defined by Item 407(d)(5) of Regulation S-K of the Exchange Act. A copy of the Audit Committee charter can be viewed at the Company’s website at www.lumentum.com.

Compensation Committee

<p>MEMBERS: Ian S. Small (Chair)* Brian J. Lillie Isaac H. The Compensation Committee has the authority to engage the services of outside advisors, experts, and others to provide assistance as needed. During fiscal 2023, the Compensation Committee engaged Semler Brossy to assist the Compensation Committee with its analysis and review of the compensation of our executive officers, including a risk analysis of our compensation programs. Semler Brossy provides advice relating to our compensation peer group selection as well as support and specific analysis with regard to compensation data and formulation of recommendations for executive compensation. Semler Brossy reports directly to our Compensation Committee, and the Compensation Committee has determined that Semler Brossy is independent from management and that the work of Semler Brossy has not raised any conflicts of interest. Semler Brossy attends most Compensation Committee meetings, works directly with the Compensation Committee Chair and Compensation Committee members, and sends all invoices, including descriptions of services rendered, to the Compensation Committee Chair for review and payment approval. All work performed for the Company by Semler Brossy in fiscal 2023 was in support of the Compensation Committee and authorized by the Compensation Committee.

The board has determined that all members of the Compensation Committee are "independent" as that term is defined in the applicable rules and regulations of the SEC and the Nasdaq listing rules. Each member of the Compensation Committee is a non-employee director under Rule 16b-3 promulgated under the Exchange Act. A copy of the Compensation Committee charter can be viewed at the Company's website at www.lumentum.com. Additional information on the Compensation Committee's processes and procedures for consideration of executive compensation are addressed in the section entitled "Compensation Discussion and Analysis – Compensation Decision Processes."

The Board has determined that all members of the Governance Committee are "independent" as that term is defined in the applicable Nasdaq listing rules. A copy of the charter can be viewed at the Company's website at www.lumentum.com.

Considerations in Evaluating Director Nominees

In identifying and reviewing potential candidates for the board of directors, the Governance Committee considers the individual's experience in the Company's industry, the general business or other experience of the candidate, the needs of the Company for an additional or replacement director, the personality of the candidate, diversity, the candidate's interest in the business of the Company, as well as numerous other subjective criteria. Of greatest importance is the individual's integrity, willingness to be involved and ability to bring to the Company experience and knowledge in areas that are most beneficial to the Company. It is the Governance Committee's goal to nominate candidates with diverse backgrounds and capabilities, to reflect the diverse nature of the Company's stakeholders (security holders, employees, customers and suppliers), while emphasizing core excellence in areas pertinent to the Company's long-term business and strategic objectives. The Governance Committee intends to continue to evaluate candidates for election to the board of directors on the basis of the foregoing criteria. While we do not have a formal written policy regarding consideration of diversity in identifying candidates, as discussed above, diversity is one of the numerous criteria that the Governance Committee considers when reviewing potential candidates. A detailed description of the criteria used by the Governance Committee in evaluating potential candidates may be found in the charter of the Governance Committee.

From time to time the Governance Committee has engaged a third-party search firm to assist in identifying and reviewing candidates for membership on our board of directors.

Stockholder Recommendations and Nominations to the Board of Directors

As provided in the charter of the Governance Committee, Stockholders may recommend candidates to the Governance Committee for potential nomination. The Governance Committee will consider and make recommendations to the board of directors regarding any stockholder recommendations for candidates to serve on the board of directors. Stockholders wishing to recommend candidates for consideration by the Governance Committee may do so by writing to the Company's Corporate Secretary at Lumentum Holdings Inc., 1001 Ridder Park Drive, San Jose, California 95131. Such writing must provide the candidate's name, biographical data and qualifications, a document indicating the candidate's willingness to act if elected, and evidence of the recommending stockholder's ownership of Company stock not less than 90 days prior to the first anniversary of the date of the preceding year's annual meeting to assure time for meaningful consideration by the Governance Committee. There are no differences in the manner in which the Governance Committee evaluates candidates for director based on whether the candidate is recommended by a stockholder. In addition, pursuant to our amended and restated bylaws, stockholders may nominate candidates for the board. Our amended and restated bylaws specify in greater detail the requirements as to the timing, form and content of the stockholder's notice of nomination. Such nominations must be delivered to or mailed and received at the principal executive offices of the Company not less than 60 days nor more than 90 days prior to the first anniversary of the date of the preceding year's annual meeting as first specified in the notice for such meeting. The nominating stockholder must also provide the information specified in our amended and restated bylaws. We recommend that any stockholder wishing to nominate a director review a copy of our amended and restated bylaws, which may be obtained by accessing our public filings on the SEC's website at www.sec.gov.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is or has been an officer or employee of our Company or has had any relationship requiring disclosure under Item 404 of Regulation S-K during the last fiscal year. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee (or other board committee performing equivalent functions) of any entity that has one or more of its executive officers serving on our board of directors or Compensation Committee.

Communications with the Board of Directors

Interested parties wishing to communicate with our board of directors or with an individual member or members of our board of directors may do so by writing to our board of directors or to the particular member or members of our board of directors, and mailing the correspondence to our General Counsel at Lumentum Holdings Inc., 1001 Ridder Park Drive, San Jose, California 95131. Each communication should set forth (i) the name and address of the stockholder as it appears on our books, and if the shares of our common stock are held by a nominee, the name and address of the beneficial owner of such shares, and (ii) the number of shares of our common stock that are owned of record by the record holder and beneficially by the beneficial owner.

Our General Counsel, in consultation with appropriate members of our board of directors as necessary, will review all incoming communications and, if appropriate, all such communications will be forwarded to the appropriate member or members of our board of directors, or if none is specified, to the Chair of our board of directors.

Corporate Governance Guidelines and Code of Business Conduct

Our board of directors has adopted Corporate Governance Guidelines that address items such as the qualifications and responsibilities of our directors and director candidates and corporate governance policies and standards applicable to us in general. In addition, our board of directors has adopted a Code of Business Conduct that applies to all of our employees, officers and directors, including our chief executive officer, chief financial officer, and other executive and senior financial officers. The full text of our Corporate Governance Guidelines and our Code of Business Conduct is posted on the Investors page under the Corporate Governance portion of our website at www.lumentum.com. We will post amendments to our Code of Business Conduct and waivers of our Code of Business Conduct for directors and executive officers on the same website.

Risk Management

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational. We have designed and implemented processes to manage risk in our operations. Management is responsible for the day-to-day management of risks the Company faces, while our board of directors, as a whole and assisted by its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are appropriate and functioning as designed.

Our board of directors believes that open communication between management and our board of directors is essential for effective risk management and oversight. Our board of directors meets with our chief executive officer and other members of the senior management team at quarterly meetings of our board of directors, where, among other topics, they discuss strategy and risks facing the Company, as well as such other items as they deem appropriate. We periodically assess the material risks of the Company to ensure that changes in the risk environment and related risk management is proactive. As part of this approach, our board of directors also assesses both the materiality of a risk and its immediacy in making strategic decisions and helping management prioritize resources.

While our board of directors is ultimately responsible for risk oversight, our board committees assist our board of directors in fulfilling its oversight responsibilities in certain areas of risk. Our Audit Committee assists our board of directors in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and procedures, and legal and regulatory compliance, and discusses with management and the independent auditor guidelines and policies with respect to risk assessment and risk management. Our Audit Committee also reviews our major financial risk exposures and the steps management has taken to monitor and control these exposures. Our Audit Committee also monitors certain key risks on a regular basis throughout the fiscal year, such as regulatory risk, liquidity risk and cybersecurity risk. Our Governance Committee assists our board of directors in fulfilling its oversight responsibilities with respect to the management of risk associated with board organization, membership and structure, and corporate governance, as well as oversight of our corporate social responsibility efforts. Our Compensation Committee assesses risks created by the incentives inherent in our compensation policies. Finally, our board of directors reviews strategic and operational risk in the context of reports from the management team, receives reports on all significant committee activities at each regular meeting, and evaluates the risks inherent in significant transactions.

Our board of directors and its committees engage outside advisors and experts from time to time to assist in understanding threats, trends, and our risk environment in general. Our board of directors believes its current leadership structure supports the risk oversight function of the board.

Compensation Program Risk Assessment

Consistent with SEC disclosure requirements, in fiscal 2023, a team composed of senior members of our human resources, finance and legal departments and our compensation consultant, Semler Brossy, inventoried and reviewed elements of our compensation policies and practices. This team then reviewed these policies and practices with our management team in an effort to assess whether any of our policies or practices create risks that are reasonably likely to have a material adverse effect on the Company. This assessment included a review of the primary design features of our compensation policies and practices, the process for determining executive and employee compensation and consideration of features of our compensation program that help to mitigate risk. Management reviewed and discussed the results of this assessment with the Compensation Committee, which consulted with Semler Brossy. Based on this review, we believe that our compensation policies and practices, individually and in the aggregate, do not create risks that are reasonably likely to have a material adverse effect on the Company.

Sustainability

Lumentum's Sustainability Council develops our sustainability strategy and drives performance. Led by the Sustainability Council Chair (currently our Director of Product Compliance and Corporate Social Responsibility) and the Executive Sponsor (currently our SVP Global Operations), the team is composed of representatives from a majority of our business departments. Sustainability Council activities are reported quarterly to the CEO and board of directors. The Governance Committee is responsible for oversight of policies and programs that support our sustainability strategy. The Sustainability Liaison, member of the board of directors, works closely with the Sustainability Council to guide efforts and provide a continuous feedback loop between recommendations of the board of directors and implementation by the Sustainability Council.

We have renamed our corporate social responsibility program to sustainability this year. We feel the term Sustainability more closely aligns with the evolution of our program, terminology used in standards and emerging legislation, and better captures the full scope of our efforts. Our sustainability vision remains the same.

We aim to illuminate the path forward to a more sustainable future. We recognize that our actions affect the people and communities where we live and work. We take our responsibility to the global community seriously, and to live up to that responsibility, we have built our sustainability program upon three pillars:

Planet: Lighter Impact

- Lighten our environmental footprint by reducing our energy consumption, greenhouse gas (GHG) emissions, water consumption, and waste generation.
- Commit to the procurement or generation of renewable energy at all sites.

People: Positive Impact

- Invest in career and professional development for all employees.
- Operate to the highest social, ethical, and safety standards within our facilities and propagating that model across our value chain.
- Create a diverse and inclusive culture that values differences.
- Contribute to the communities in which we live and operate.

Innovation: Breakthrough Impact

- Push the boundaries to design products and processes that deliver value and delight our customers.
- Continuously improve our products and processes to create the safest and most efficient products with the highest standards.

Our annual Corporate Sustainability Report covering fiscal year activities aligned to these pillars can be viewed at the Company's website at www.lumentum.com.

Impact on Climate

As global citizens, we are impacted by climate change and are committed to addressing climate risks posed to our business. Since 2017, we annually complete the CDP Climate Change Questionnaire, which aligns to the Task Force for Climate-related Financial Disclosures ("TCFD") recommendations, to disclose our efforts. In fiscal 2023, we received a B rating for our 2022 CDP Climate Change disclosure for the first time. The B score indicates that Lumentum has addressed its environmental impacts and ensures good environmental management. The score is above average for the North American region and the electrical and electronic equipment sector, reflecting progress in our approach and dedication to transparency.

We are proud of our commitment to achieve net-zero GHG emissions (Scope 1 and 2) by 2030. To further this effort, in fiscal 2023, we sourced 61% renewable electricity for our global operations. Our Scope 1 and Scope 2 emissions decreased by 25% compared to fiscal 2022, even with the growth of our company through acquisitions during the fiscal year. We started solar panel installations at our San Jose, California corporate headquarters and our largest manufacturing facility in Navanakorn, Thailand, with an estimated completion date in the first half of fiscal 2024. We reduced our GHG intensity and are on track to meet our goal of 25% GHG intensity reduction by the end of fiscal 2024 from a fiscal 2021 baseline. Last year we committed to setting a science-based emissions reduction target, in line with the Science Based Targets initiative ("SBTi"). This year, we focused on quantifying our emissions to form a comprehensive baseline, adding several Scope 3 categories to our inventory. This information will allow us to align our GHG and energy reduction goals with validated SBTi targets in 2024.

As part of our commitment to a sustainable future, our goals regarding climate change include:

- Net-zero GHG emissions from our global operations (Scope 1 and 2) by 2030
 - In fiscal 2023, our Scope 1 and 2 GHG emissions decreased by 25% (13,586 MT CO₂e), compared to fiscal 2022;
- Reduce GHG emissions intensity by 25% by fiscal 2024 from a fiscal 2021 baseline
 - In fiscal 2023, our Scope 1–3 GHG emissions intensity decreased by 21% compared to fiscal 2021;

- Reduce our GHG emissions from air travel by 20% annually*
 - In fiscal 2023, our air travel emissions increased from fiscal 2022, but decreased by 45% compared to fiscal 2020.

*Air travel has represented less than 1% of our emissions during fiscal 2023. We are retiring this target in favor of new targets that will be validated by SBTi in fiscal 2024.

Human Rights

Lumentum is committed to upholding the human rights of all workers and to treat each person with dignity and respect. Lumentum enforces several policies to protect the rights of its workers. We acknowledge our primary human rights risk exists in our supply chain and we expect all suppliers to apply the same level of protection to workers' rights as we do. We prohibit the use or support of any form of child labor, forced labor or human trafficking at Lumentum and at our suppliers. This requirement is embedded in our Corporate Social Responsibility Policy, Code of Business Conduct, Supplier Code of Conduct and through our membership in the Responsible Business Alliance. In addition, we ensure there is transparency in our own business and in our approach to tackling modern slavery throughout our supply chain, consistent with obligations under the UK Modern Slavery Act and the California Transparency in Supply Chains Act.

Lumentum understands the risks of forced labor. We have implemented practices to ensure forced labor does not exist in our operations nor in our supply chain. Lumentum pays all fees associated with recruitment and ongoing employment, and prohibits suppliers, including subcontractors and recruitment agencies, from charging workers any fees or deposits for employment. This applies to all types of workers, including migrant, temporary or subcontracted. All Lumentum sites require official government identity documents to verify age and right to work. Identity documents are used for verification purposes only and retained by the employee. Employment is at-will, and each employee is provided an employment agreement with clearly defined terms and conditions. Suppliers are expected to follow these same requirements.

Lumentum does not tolerate harassment, intimidation, or discrimination of any kind, which is clearly stated in our Code of Business Conduct and Supplier Code of Conduct. As an equal opportunity employer, Lumentum is committed to providing a workplace free of harassment, discrimination, and retaliation, as well as disrespectful, abusive, or unprofessional conduct.

Talent Management

The performance of Lumentum relies upon the strength of our team. Consequently, our ability to recruit and retain the services of executive, engineering, sales and marketing, and support personnel is of critical importance. Highly qualified individuals – in particular, engineers in specialized technical areas and salespeople specializing in the service provider, enterprise, and commercial laser markets are in high demand, and competition for such individuals is intense. Therefore, we understand the importance of creating an attractive work environment for our employees and managing our brand in the job market.

Within Lumentum, the strategic emphasis on leadership development programs takes center stage as a catalyst for nurturing internal talent and cultivating a robust pipeline of future leaders. In fiscal 2023, Lumentum embarked on a journey by implementing five distinct leadership development programs which were designed to equip our internal workforce with the skillsets, knowledge, and experiential insights needed to confidently embrace new leadership roles or navigate expanding roles within our organization. By investing strategically in leadership development, Lumentum ensures a seamless flow of adept individuals who are primed to shoulder greater responsibilities, effectively fueling our growth and pioneering innovative solutions.

Our suite of leadership programs underscores our dedication to internal talent growth, starting with the Aspire program designed for employees displaying high potential, followed by the Emerging Leader program for individuals transitioning to leadership roles. The Influential Leader program is for mid-level managers aspiring to senior positions, and the Women in Leadership initiative helps amplify diversity within our leadership team. These initiatives exemplify our commitment to diversity, inclusion, and belonging. Completion is marked by certificates from Duke University, signifying advanced leadership proficiencies.

The Innovation Leadership program, our newest addition, emphasizes cultivating creativity and innovation among non-technical leaders through design thinking principles.

Effective leadership development relies on identifying and cultivating high-potential employees for pivotal roles in our future. Recognizing succession planning's importance, we ensure the seamless transfer of institutional knowledge and smooth transitions when leaders seek new horizons or retire. By nurturing our internal talent pool for leadership roles, we preempt disruptions and reinforce our growth trajectory.

Several strategic initiatives align to fortify our workforce progression.

- Our annual talent review process identifies individuals vital to our operations and future growth.
- Embedded within our strategy is mentorship, 360-degree feedback, personalized coaching, and personality assessments for improved communication.

- Our robust e-learning platform empowers employees with diverse learning opportunities.

At Lumentum, leadership development programs align with company goals for growth and talent retention. Our commitment to employee development fosters loyalty and engagement, resulting in reduced turnover rates. This fortifies Lumentum's capacity for resilience, positioning us to attain significant growth milestones while safeguarding our internal talent.

Diversity, Inclusion and Belonging

At Lumentum, we recognize and appreciate the importance of creating an environment in which all employees feel included and empowered to do their best work and bring great ideas to the table. Individual social, economic, and cultural identities shape and influence experiences and perspectives. Our employees' ability to work to their potential is enhanced by ensuring diversity in our workforce.

Our diversity, inclusion, and belonging ("DIB") program is led by our DIB Council, co-chaired by our Chief Executive Officer and our Executive Vice President, Chief Human Resources and Diversity Officer. We set annual goals to increase the representation of traditionally underrepresented groups in our organization. These DIB goals are taken into consideration in performance evaluations, including for executives and management. See our fiscal 2023 DIB goals below:

FY23 DIB Goal

Increase the percentage of women in senior leadership positions

Increase the percentage of early career hires

Increase the percentage of underrepresented groups (U.S. only)

Increase the percentage of underrepresented groups at the Director and Senior Director levels (U.S. only)

Increase the percentage of underrepresented groups at the Vice President and above levels (U.S. only)

Less than a 2% gender pay gap, globally

Less than a 2% pay gap for underrepresented groups (U.S. only)

At Lumentum, we remain committed to our pledge as a member of the Silicon Valley Leadership Group and as a participant and supporter of the CEO Action for Diversity and Inclusion pledge. In support of our commitment to a more inclusive workplace, our Commercial Lasers Business Unit maintains its endowed scholarship program for underrepresented students, in partnership with the College of Optics and Photonics at the University of Central Florida. We continue to enjoy our university relations program and partnerships to engage with the National Society of Black Engineers, the Society of Women Engineers, and the Society of Hispanic Professional Engineers.

We are committed to developing leaders who are inclusive and dedicated to the success of their employees. Our Inclusive Leadership journey is designed to provide leaders at all levels with information and skills around treating their team members equitably as well as providing the resources and support employees need to achieve their full potential. This program teaches Situational Leadership concepts to increase agility and foster collaboration within a diverse workforce, drive innovation through cognitive diversity, and build an inclusive team culture that embraces the shift in how, when, and where we work.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Nine (9) directors have been nominated by our board of directors for election at the Annual Meeting, each to serve a one-year term until the 2024 Annual Meeting of Stockholders and until their successors are elected and qualified. All of the nominees are currently members of the board of directors. Ms. Fletcher is standing for election by stockholders for the first time and was recommended for nomination by the Governance Committee and board of directors. All of the director nominees are independent under the Nasdaq listing rules except for Mr. Lowe.

Each director nominee has consented to being named in this proxy statement and we have no reason to believe that the nominees named below will be unable or unwilling to serve as a director if elected.

Director Nominees

The Governance Committee selects nominees from a broad base of potential candidates and seeks qualified candidates with diverse backgrounds and experience who possess the highest ethical and professional character and will exercise sound business judgment. The Governance Committee seeks people who are accomplished in their respective fields and have superior credentials. A candidate must have an employment and professional record which demonstrates, in the Governance Committee’s judgement, that the candidate has sufficient and relevant experience and background, taking into account positions held, and industries, markets and geographical locations served.

Our Governance Committee and our board of directors have evaluated each of the director nominees. Based on this evaluation, the Governance Committee and the board of directors have concluded that it is in the best interest of Lumentum and its stockholders for each of the proposed director nominees listed below to continue to serve as a director of Lumentum. The nominee’s individual biographies below contain information about their experience, qualifications and skills that led our board of directors to nominate them.

Vote Required

Each director will be elected by the affirmative vote of a majority of the votes cast, meaning that the number of votes cast "FOR" a director nominee exceeds the number of votes cast "AGAINST" that nominee. Abstentions and broker non-votes are not counted as votes cast for or against such director's election and therefore will have no impact on the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION TO THE BOARD OF EACH OF THE NOMINEES NAMED ABOVE.

Director Compensation

The compensation program for our non-employee directors (“Outside Directors”) is designed to attract and retain high quality directors and to align director interests with those of our stockholders. The compensation program was amended in February 2022 upon recommendation by the Compensation Committee and approval by the board of directors, with input from Semler Brossy regarding competitive practices. In June 2023, the Board approved a temporary reduction in cash compensation of 10% from July 2, 2023 through the end of December 2023 as part of company-wide cost reduction efforts. The compensation of our Outside Directors is reviewed regularly by the board of directors upon recommendation from the Compensation Committee, which review includes a market assessment and an analysis by Semler Brossy. As part of this analysis, Semler Brossy reviews non-employee director compensation trends and data from peer companies. Our Outside Directors receive compensation in the form of equity granted under the terms of our 2015 Equity Incentive Plan (the “2015 Plan”) and cash, as described below:

Equity Compensation

Initial Award. On the date of the first meeting of our board of directors or Compensation Committee occurring on or after the date on which the individual first became an Outside Director, such Outside Director is granted an initial award of restricted stock units (“RSUs”) with a value equal to \$100,000 (the “Initial RSU Award”). The Initial RSU Award vests in three annual installments from the commencement of the individual’s service as an Outside Director, subject to continued service as a director through the applicable vesting date. If a director’s status changes from an employee director to an Outside Director, he or she does not receive an Initial RSU Award.

Annual Awards. On the date of each annual meeting of our stockholders, each Outside Director is granted an award of RSUs with a value equal to \$220,000 (the “Annual RSU Award”) upon election. For Outside Directors that were elected less than one-year prior to the annual meeting date, the Annual RSU Award is pro-rated for the time served for that year. The Annual RSU Award vests upon the earlier of the day prior to the next year’s annual meeting or one year from the grant date, subject to continued service as a director through the applicable vesting date.

The number of shares subject to equity awards is calculated by dividing the value by the average of the volume weighted average trading price of our common stock during the calendar month preceding the grant date.

Under the terms of the 2015 Plan, no Outside Director may be granted equity awards within any fiscal year which exceeds, in the aggregate, that number of shares equal to the quotient of \$500,000 divided by the closing price on the last trading day immediately preceding the date on which the applicable equity award is granted to the Outside Director.

Upon retirement of an Outside Director, all unvested RSUs automatically vest in full. The treatment of unvested RSUs held by an Outside Director upon a change in control is determined by the terms of the 2015 Plan.

Cash Compensation

Annual Fee. Each Outside Director receives an annual cash retainer of \$85,000 for serving on our board of directors (the “Annual Fee”), paid quarterly. In addition to the Annual Fee, the non-employee board chair receives an additional cash retainer of \$100,000. In June 2023, the board of directors approved a temporary cash compensation reduction of 10% effective as of July 2, 2023 through the end of December 2023.

Meeting Fees. Each Outside Director will receive \$3,000 for each Board meeting attended in excess of eighteen (18) meetings per year.

Committee Service. The chairs of the three standing committees of our board of directors receive the following annual cash retainers, paid quarterly. There are no meeting fees for committee service.

Board Committee	Chairperson Fee (\$)
Audit Committee	35,000
Compensation Committee	23,000

PROPOSAL NO. 2

ADVISORY VOTE TO APPROVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and SEC rules, we are seeking the approval of the Company's stockholders, on a non-binding, advisory basis, of the compensation of our NEOs as disclosed in this Proxy Statement.

Our executive compensation program is designed to attract, retain and motivate employees and to serve the long-term interests of our stockholders. Our executive compensation program promotes performance-based compensation and has evolved to be more aligned with recognized best practices and to address market realities.

The items below contain a few highlights from our compensation program:

- 92% of CEO pay and 87% of NEO pay is driven by company financial, non-financial and stock price performance;
- Our Compensation Committee regularly reviews pay levels and practices against external market industry best practice; and
- We maintain policies to promote sound compensation practices and corporate governance.

The Compensation Discussion and Analysis section of this Proxy Statement contains a detailed discussion of our compensation philosophy and the alignment of our NEOs' compensation with our performance. We are asking our stockholders to vote, on a non-binding, advisory basis, to approve the compensation paid to our NEOs, as described in the Compensation Discussion and Analysis and the compensation table sections of this Proxy Statement. We currently hold our advisory vote to approve the compensation paid to our NEOs on an annual basis. Our board of directors is recommending that stockholders approve an advisory vote in favor of continuing to hold such votes on an annual basis and expect that our next such vote will be at our 2024 Annual Meeting.

The board of directors recommends that stockholders vote "FOR" the following resolution:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in this Proxy Statement for the 2023 Annual Meeting of stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table, and other related tables and disclosures."

Vote Required

The approval of the non-binding advisory vote on the compensation of the Company's named executive officers requires the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. As a result, abstentions will have the same effect as votes against the proposal. Broker non-votes will have no effect on the outcome of this vote.

This "say on pay" vote is advisory and therefore not binding on the Company, the board of directors or the Compensation Committee. However, the board of directors and the Compensation Committee value the opinions of our stockholders and will take into account the outcome of this vote in considering future compensation arrangements.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL, ON A NON-BINDING, ADVISORY BASIS, OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 3

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES TO APPROVE COMPENSATION FOR OUR NAMED EXECUTIVE OFFICERS

In addition to providing stockholders with the opportunity to cast a “say on pay” advisory vote on the compensation of our named executive officers (“NEOs”), in accordance with SEC rules, we are asking our stockholders to vote, on an advisory basis, on how frequently we should seek an advisory vote on the compensation of our NEOs in the future. This non-binding advisory vote is commonly referred to as a “say-on-frequency” vote. Under this proposal, our stockholders may indicate whether they would prefer to have an advisory vote on executive compensation every one year, two years, or three years.

The Compensation Committee and our board of directors believe that the advisory vote on executive compensation should be conducted every year because we believe this frequency will enable our stockholders to vote, on an advisory basis, on the most recent executive compensation information that is presented in our proxy statement, leading to more meaningful and timely communication between the Company and our stockholders on the compensation of our named executive officers. Stockholders are not voting to approve or disapprove the board of directors’ recommendation. Instead, you may cast your vote on your preferred voting frequency by choosing any of the following four options with respect to this proposal: “one year”, “two years”, “three years” or “abstain”. For the reasons discussed above, our board of directors is recommending a vote for a frequency of “one year”.

Vote Required

The alternative among one year, two years or three years that receives the highest number of votes cast at the Annual Meeting by stockholders entitled to vote thereon will be deemed to be the frequency preferred by our stockholders. Abstentions and broker non-votes will have no effect on this proposal.

The say on frequency vote is advisory and therefore not binding on the Company, the board of directors, or the Compensation Committee. However, the board of directors and the Compensation Committee value the opinions of our stockholders in their vote on this proposal and will consider the option that receives the most votes in determining the frequency of future advisory votes to approve the compensation of our named executive officers.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR “ONE YEAR”.

PROPOSAL NO. 4

APPROVAL OF THE AMENDED AND RESTATED 2015 EQUITY INCENTIVE PLAN

We are seeking stockholder approval to amend our Amended and Restated 2015 Equity Incentive Plan (the “2015 Plan”) to increase the number of shares of our Common Stock reserved for issuance under the plan by an additional 3,000,000 shares.

Our board of directors approved the amended and restated 2015 Plan in September 2023, subject to stockholder approval at the 2023 Annual Meeting. Our board of directors has determined that it is in our best interests and the best interests of our stockholders to approve this proposal. Our board of directors recommends that stockholders vote for this proposal at the 2023 Annual Meeting.

If stockholders approve this proposal, the amended and restated 2015 Plan will become effective as of the date of stockholder approval. If stockholders do not approve this proposal, the share increase will not become effective and our 2015 Plan will continue to be administered in its current form. The remaining shares reserved for issuance under the 2015 Plan may be insufficient to meet our incentive, recruiting and retention objectives during fiscal 2024 and each fiscal year thereafter while the 2015 Plan remains in effect. This will restrict our ability to attract and retain the individuals necessary to drive our performance and increase long term stockholder value.

Two key developments underscore the importance of these proposed amendments. First, our eligible global headcount has increased by 32% since the last fiscal year, primarily due to mergers and acquisitions. Second, our recent stock buyback program has successfully reduced our total shares outstanding.

Our executive officers and directors are eligible to receive equity awards under the 2015 Plan and therefore have an interest in this proposal. The remainder of this discussion, when referring to the 2015 Plan, refers to the amended and restated 2015 Plan as if this proposal is approved by our stockholders, unless otherwise specified or the context otherwise references the 2015 Plan prior to amendment and restatement.

Plan Background

On June 23, 2015, we adopted, and the board of directors of JDS Uniphase Corporation (“JDSU” and now, Viavi Solutions Inc.) approved, the 2015 Plan under which 8,500,000 shares of our Common Stock were authorized for issuance. In connection with our separation from JDSU on July 31, 2015, outstanding JDSU equity-based awards held by service providers continuing in service after the separation were converted into equity-based awards under the 2015 Plan reducing the number of shares remaining available for grant under the 2015 Plan. As of immediately following our separation from JDSU, 2,100,901 shares of our Common Stock were reserved pursuant to outstanding equity-based awards under the 2015 Plan that were converted from JDSU equity-based awards, leaving us with 6,399,099 shares of our Common Stock available to grant new awards.

In 2016, we amended and restated the 2015 Plan to increase the number of shares authorized for issuance by 3,000,000 shares to a total of 11,500,000, and this was approved by our stockholders in November 2016. We amended and restated the 2015 Plan again in 2021 to increase the number of shares authorized for issuance by 3,000,000 shares to a total of 14,500,000, which was approved by our stockholders in November 2021. We also amended and restated the 2015 Plan again in 2022 to increase the number of shares authorized for issuance by 900,000 shares to a total of 15,400,000, which was approved by our stockholders in November 2022.

Reasons for Voting for this Proposal

Equity awards are a key element of our compensation program. The Company believes a compensation policy that includes a balanced mix of cash and equity is the most effective way to attract and retain talented employees whose interests are aligned with stockholders. Without approval of the additional shares, we may be constrained to pay competitively and at a serious competitive disadvantage going forward. The key reasons for approving this proposal are as set forth below.

I. Long-Term Equity is a Key Component of our Compensation Objective

Our overall compensation objective is to compensate our personnel in a manner that attracts and retains the highly talented employees necessary to manage and staff a high-growth business in an innovative and competitive industry. Our employees are our most valuable asset, and we strive to provide them with compensation packages that are competitive, that reward personal and company performance, and help meet our retention needs. Equity awards, whose value depends on our stock performance, and which require continued service over time before any value can be realized, help achieve these objectives and are a key element of our compensation program. Equity awards also reinforce employees’ incentives to manage our business as owners, aligning employees’ interests with those of our stockholders.

We believe we must continue to use equity compensation on a broad basis to help attract, retain and motivate employees to continue to grow our business, develop new products and ultimately increase stockholder value. As of August 31, 2023, approximately 3,164 of our regular, full-time employees held outstanding equity awards. We anticipate headcount may continue to grow as Lumentum grows organically and as we actively consider other strategic growth opportunities.

2. Requested Share Reserve Increase is Reasonable

When we amended the 2015 Plan in 2022, we believed the shares of our Common Stock reserved for issuance under the 2015 Plan would be sufficient to enable us to grant equity awards through fiscal 2024. This estimate was based on forecasts that took into account our anticipated rate of growth in hiring, the number of shares needed for assumed awards for acquisitions, an estimated range of our stock price over time, and our anticipated forfeiture and overhang rates.

We are requesting shares earlier than originally anticipated due to several factors that increased share usage in the past year: an uncommonly strong labor market in our equity-eligible roles; requirements for awards related to our significant acquisition activity this year which increased our employee population; and our unanticipated decline in share price which resulted in the need to use more shares to deliver market-competitive grants for retention and incentives. Our board of directors believes that additional shares are necessary to meet our anticipated equity compensation needs for approximately one year from the Annual Meeting.

The forecasted usage of equity awards remains below the median usage rate of our peer companies and takes into account PSUs as if they were earned at maximum. Our equity forecast includes only RSUs and PSUs as we do not intend to grant options and currently do not have any outstanding options under the Plan.

Our board of directors considered the following when determining the increase in the number of shares of Common Stock reserved for issuance under the amended and restated 2015 Plan.

- **Number of Shares Remaining under the 2015 Plan.** As of August 31, 2023, the number of shares of our Common Stock that remained available for issuance under the 2015 Plan was 510,081 plus any shares of our Common Stock subject to outstanding equity awards granted under our 2015 Plan that return to the 2015 Plan due to forfeitures, expiration, or events set forth in the 2015 Plan under its existing terms. As of the same date, the outstanding equity awards under the 2015 Plan covered a total of 4,345,722 shares of our Common Stock (assuming achievement of performance-based awards at target).
- **Overhang.** As of August 31, 2023, 4,345,722 shares of our Common Stock were subject to outstanding equity awards under our 2015 Plan and 510,081 shares of our Common Stock were available for future awards under our 2015 Plan. This represents approximately 7.2% of the outstanding shares of our common stock as of August 31, 2023, which is lower than the approximately 9.5% median overhang among our peer group.
- **Historical Grant Practices.** Our board of directors considered the number of equity awards that we granted last fiscal year. In fiscal 2023, we granted equity awards covering 2,345,342 shares of our Common Stock (assuming achievement of performance-based awards at target). This resulted in an annual burn-rate of 3.5%. Annual burn-rate measures the total shares granted over the total number of shares outstanding during a given year. The 3-year average burn rate for fiscal years 2021 through 2023 was 2.73%.
- **Policies of our Long-term Investors.** Our board of directors considers the policies and viewpoints of our long-term investors regarding equity plan design and appropriate granting practices.
- **Proxy Advisory Firm Guidelines.** To assist in its assessment of the appropriate number of shares to seek to add to the 2015 Plan, our board of directors also considered proxy advisory firm guidelines with respect to plan cost, plan features, and grant practices.

3. The 2015 Plan Requires Additional Shares to Meet our Forecasted Needs

We believe we must continue to use equity compensation on a broad basis to help attract, retain, and motivate employees to continue to grow our business, develop new products and ultimately increase stockholder value. As such, we have shifted our annual incentive plan practices in fiscal 2023 to further emphasize this belief. For directors and above, 70% of Annual Incentive Plan payouts are now delivered in performance stock units.

The 2015 Plan has 510,081 shares of Common Stock available for grant as of August 31, 2023. We are requesting additional shares to be reserved for issuance under our 2015 Plan to provide us with flexibility to meet our estimated near-term equity compensation needs.

If stockholders do not approve the amended and restated 2015 Plan, the 2015 Plan will continue without this amendment. In that case, the shares reserved for issuance under the 2015 Plan may be insufficient to achieve our incentive, recruiting and retention objectives during fiscal 2024 and each fiscal year thereafter while the 2015 Plan remains in effect. If the shares available for issuance under the 2015 Plan run out, our goals of using the 2015 Plan for recruiting, retaining and motivating talented employees will be more difficult to meet. We do not believe

increasing cash compensation to make up for any shortfall in equity compensation would be practical or advisable, because we believe that a combination of equity awards and cash compensation provide a more effective compensation strategy than cash alone for attracting, retaining and motivating our employees long term and aligning employees' and stockholders' interests. In addition, any significant increase in cash compensation in lieu of equity awards could substantially increase our operating expenses and reduce our cash flow from operations, which could adversely affect our business results and business strategy, including using cash flow for strategic acquisitions, research and development of innovative new products, and improvements in the quality and performance of existing products.

4. The 2015 Plan Includes Compensation and Governance Best Practices

The 2015 Plan includes provisions that are considered best practice for compensation and corporate governance purposes. These provisions protect our stockholders' interests, as follows:

- **Administration.** The 2015 Plan is administered by the Compensation Committee, which consists entirely of independent non-employee directors.
- **Share Counting Provisions.** Shares of our Common Stock that are actually issued under the 2015 Plan generally will not be available for future issuance under the 2015 Plan, except that if unvested shares of Common Stock are forfeited or repurchased by us for an amount not greater than their original purchase price, those shares shall become available for future grant under the 2015 Plan. However, shares that are tendered by holders or withheld by us to pay the exercise price of an award or to satisfy tax withholding obligations related to an award will not be available for future awards.
- **Repricing or Exchange Programs are Not Allowed.** The 2015 Plan does not permit outstanding awards to be repriced or exchanged for other awards without the approval of the majority of stockholders.
- **Annual Limits on Awards.** The 2015 Plan sets annual limits as to the maximum number of shares or dollars subject to an award that can be granted to an individual in any fiscal year.
- **Annual Limits on Compensation to Non-Employee Directors.** The 2015 Plan sets reasonable, annual limits as to the compensation that non-employee directors may receive during each fiscal year.
- **Minimum Vesting Requirements.** In general, awards granted under the 2015 Plan will vest in full no earlier than the 1-year anniversary of the grant date although up to 5% of the shares reserved in the 2015 Plan may be granted without this minimum vesting requirement.
- **No Single-Trigger Vesting Acceleration upon a Corporate Transaction.** The 2015 Plan provides that only awards that are not assumed or replaced will vesting accelerate on a Corporate Transaction.
- **Limited Transferability.** Awards under the 2015 Plan generally may not be sold, assigned, transferred, pledged, or otherwise encumbered, unless otherwise approved by the administrator.
- **No Tax Gross-ups.** The 2015 Plan does not provide for any tax gross-ups.
- **No Dividends, Distributions or Dividend Equivalents on Awards.** The 2015 Plan provides that a participant has no right to receive dividends, distributions or dividend equivalents on the unvested portion of any 2015 Plan award.
- **Forfeiture Events.** The 2015 Plan provides the flexibility for the administrator to subject awards to forfeiture or recoupment provisions. It also requires certain individuals who are subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 to reimburse us if we are required to prepare an accounting restatement under circumstances described in the Plan.

Our executive officers and directors have an interest in the approval of the 2015 Plan because they are eligible to receive equity awards under the 2015 Plan.

Summary of the 2015 Equity Incentive Plan, as Amended and Restated

The following is a summary of the operation and principal features of the 2015 Plan. However, this summary is not a complete description of all of the provisions of the 2015 Plan and is qualified in its entirety by the specific language of the 2015 Plan. A copy of the 2015 Plan is provided as Appendix A to this Proxy Statement.

Purpose

The purpose of the 2015 Plan is to provide incentives to attract, retain, and motivate eligible persons whose present and potential contributions are important to our success by offering them an opportunity to participate in our future performance. These incentives may be provided through the granting of stock options, stock appreciation rights, dividend equivalent rights, restricted stock awards, restricted stock units, performance units, and performance shares.

Authorized Shares

There are currently 15,400,000 shares of Common Stock reserved under the 2015 Plan. The stockholders are now being asked to approve an additional 3,000,000 shares to become available for future issuance under the 2015 Plan to increase the total number of shares of our Common Stock reserved for issuance under the amended and restated 2015 Plan to 18,400,000. As of August 31, 2023, approximately 510,081 shares remained available for grant under the 2015 Plan, and this would increase to 3,510,081 shares of our Common Stock if this proposal is approved. Each share subject to an award under the 2015 Plan counts against the numerical limits of the 2015 Plan as one share for every one share subject thereto. Shares that actually are issued under the 2015 Plan will not be returned to the 2015 Plan and will not be available for future issuance under the 2015 Plan, except that if unvested shares are forfeited or repurchased by us for an amount not greater than their original purchase price, such shares will become available for future grant under the 2015 Plan. For stock options and stock appreciation rights that are exercised, the gross number of shares subject to the award will cease to be available under the 2015 Plan, whether or not the award is net settled for a lesser number of shares, or if the shares are utilized to exercise an award. If shares are withheld to pay any tax withholding obligations applicable to an award, then the gross number of shares subject to the award will cease to be available under the 2015 Plan.

Administration of the 2015 Plan

Our board of directors, or a committee appointed by the board of directors, administers our 2015 Plan. The administrator has the power to select the employees, directors, and consultants to whom awards may be granted, to determine whether and to what extent awards are granted, to determine performance-based equity awards and the applicable performance criteria, performance period, and performance award formula, to approve forms of award agreements for use under the 2015 Plan, to determine the terms and conditions of awards granted under the 2015 Plan, to amend the terms of any outstanding awards granted under the 2015 Plan (provided that any amendment that would have a materially adverse effect on the grantee's rights under an outstanding award will not be made without the grantee's written consent), to construe and interpret the terms of the 2015 Plan and awards, to establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable non-U.S. jurisdictions, and to take other action, not inconsistent with the terms of the 2015 Plan, as the administrator deems appropriate. The administrator may only institute an exchange program whereby the exercise prices of outstanding awards may be reduced or outstanding options or stock appreciation rights may be surrendered or canceled in exchange for awards with a lower exercise price, full value awards, or payments in cash if we obtain an affirmative vote of holders of the majority of its stockholders.

Eligibility

All types of awards may be granted to our employees, non-employee directors, and consultants of our parent or subsidiary corporations. Incentive stock options may be granted only to employees who, as of the time of grant, are employees of ours or any parent or subsidiary corporation of ours. As of August 31, 2023, we had approximately 7,148 employees (including five executive officers), eight non-employee directors and 51 consultants. Except with respect to 5% of the maximum number of shares issuable under the Plan, no award will vest earlier than one year following the date of grant; provided, however, that vesting of an award may be accelerated upon the death, disability, or involuntary termination of the service of the grantee, or in connection with a corporate transaction, as defined in the 2015 Plan.

Stock Options

Stock options may be granted under our 2015 Plan. Each option is evidenced by an award agreement that specifies the exercise price, the term of the option, forms of consideration for exercise, and such other terms and conditions as the administrator determines, subject to the terms of the 2015 Plan. The exercise price of options granted under our 2015 Plan must be at least equal to the fair market value of our common stock on the date of grant, except in special, limited circumstances as set forth in the 2015 Plan. The maximum term of an option will be specified in an award agreement, provided the term of an option will be no more than 8 years. However, with respect to any participant who owns more than 10% of the voting power of all classes of our outstanding stock, the term must not exceed five years and the per share exercise price must equal at least 110% of the fair market value of a Share on the grant date. Generally, the fair market value of our common stock is the closing sales price on the relevant date as quoted on the Nasdaq stock market.

Options will be exercisable at such times and under such conditions as determined by the administrator and as set forth in the applicable award agreement. An option is deemed exercised when we receive notice of exercise and full payment of the Shares to be exercised, together with applicable tax withholdings. No option granted to an employee who is a non-exempt employee for the purposes of the Fair Labor Standards Act of 1938, as amended (the "FLSA") will be first exercisable until at least 6 months following the date of grant of such option.

After termination of an employee, director or consultant, he or she may exercise his or her option for the period of time stated in the option agreement. Generally, if termination is due to death or disability, the option will remain exercisable for twelve months. In all other cases, the option will generally remain exercisable for 90 days. However, an option may not be exercised later than the expiration of its term.

Stock Appreciation Rights

Stock appreciation rights may be granted under our 2015 Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. Each stock appreciation right is evidenced by an award agreement that specifies the exercise price, the term of the award (which may not exceed eight years), and other terms and conditions as determined by the administrator, subject to the terms of the 2015 Plan and provided that no stock appreciation right granted to an employee who is a non-exempt employee for the purposes of the FLSA will be first exercisable until at least six months following the date of grant of such SAR. The per share exercise price for the shares to be issued pursuant to the exercise of a stock appreciation right will be no less than 100% of the fair market value per share on the date of grant. Stock appreciation rights will be exercisable at such times and under such conditions as determined by the administrator and set forth in the applicable award agreement. At the discretion of the administrator, the payment upon exercise of stock appreciation right may be paid in cash or with Shares, or a combination of both.

Dividend Equivalent Rights

Dividend equivalent rights may be granted under our 2015 Plan. Dividend equivalent rights allow the recipient to receive compensation or a credit to the recipient's account measured by cash dividends paid with respect to shares of Common Stock. Each dividend equivalent right is evidenced by an award agreement that specifies terms and conditions as determined by the administrator, subject to the terms of the 2015 Plan. All dividend equivalents will be subject to the same terms and conditions, including vesting conditions, as the awards to which they relate and shall not be paid or settled prior to the time that the underlying award vests. No Dividend Equivalents shall be paid with respect to any shares underlying any unvested portion of a 2015 Plan award.

Restricted Stock Awards

Restricted stock may be granted under our 2015 Plan. Restricted stock awards are grants of shares that are subject to various restrictions, including restrictions on transferability and forfeiture provisions. Each restricted stock award granted will be evidenced by an award agreement specifying the number of shares subject to the award, any period of restriction, and other terms and conditions of the award, as determined by the administrator, subject to the terms of the 2015 Plan. Restricted stock awards may (but are not required to) be subject to vesting conditions, as the administrator specifies, and the shares acquired may not be transferred by the participant until the vesting conditions (if any) are satisfied. The administrator, in its sole discretion, may accelerate the time at which any restrictions will lapse or be removed. Recipients of restricted stock awards generally will have voting rights and rights to dividends and other distributions with respect to such shares upon grant without regard to vesting, subject to the limitations set forth in the 2015 Plan with respect to no receipt of dividends, distributions or dividend equivalents prior to vesting. See "Limitations on Awards" section below.

Restricted Stock Units

Restricted stock units may be granted under our 2015 Plan. Each restricted stock unit granted is a bookkeeping entry representing an amount equal to the fair market value of one share. Each restricted stock unit award will be evidenced by an award agreement that specifies the number of restricted stock units subject to the award, any vesting criteria (which may include accomplishing specified performance criteria or continued service to us), form of payout, and other terms and conditions of the award, as determined by the administrator, subject to the terms of the 2015 Plan. Restricted stock units result in a payment to a participant if any performance goals or other vesting criteria are achieved or the awards otherwise vest. The administrator, in its sole discretion, may accelerate the time at which any restrictions will lapse or be removed. The administrator determines in its sole discretion whether an award will be settled in stock, cash, or a combination of both.

Performance Units and Performance Shares

Performance units and performance shares may be granted under our 2015 Plan. Performance units and performance shares are awards that will result in a payment to a participant if performance criteria established by the administrator are achieved or the awards otherwise vest. Each award of performance units or performance shares will be evidenced by an award agreement specifying the number of units or shares (as applicable), any vesting conditions, the performance period, and other terms and conditions of the award, as determined by the administrator, subject to the terms and conditions of the 2015 Plan. Each performance unit will have an initial dollar value established by the administrator prior to the date of grant. Each performance share will have an initial value equal to the fair market value of a share on the date of grant. The administrator will establish any performance criteria or other vesting criteria (which may include continued service) in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out. After the grant of performance units or performance shares, the administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such performance units or performance shares. The administrator, in its sole discretion, may pay earned performance units or performance shares in the form of cash, in shares, or in some combination of both.

Limitations on Awards

The maximum number of shares with respect to which awards may be granted to any individual in any fiscal year is 1,000,000 shares. The maximum dollar amount that may become payable to any individual in any fiscal year under awards denominated in U.S. dollars (including performance unit awards) is \$20,000,000. However, in connection with an individual's commencement of service or first promotion in any fiscal

year, an individual may be granted awards for an additional 1,000,000 shares or U.S. dollar denominated awards providing for payment in any fiscal year of up to an additional \$20,000,000. The limitations in this paragraph do not apply to non-employee directors, who are instead subject to much lower requirements described in the “Non-Employee Director Compensation Limits” below.

No dividends, Dividend Equivalents, or other distributions shall be paid with respect to any shares underlying any unvested portion of a 2015 Plan award.

Non-Employee Director Compensation Limits

Our 2015 Plan provides that all non-employee directors will be eligible to receive all types of awards (except for incentive stock options) under the 2015 Plan. However, in any fiscal year, a non-employee director may not be granted equity awards (the value of which will be based on the fair market value determined on the last trading day immediately preceding the date on which the applicable Award is granted to such director) and be provided any other compensation (including without limitation any cash retainers or fees) with an aggregate value of more than \$500,000.

Non-Transferability of Awards

Unless the administrator provides otherwise, our 2015 Plan generally does not allow for the transfer of awards, and only the recipient of an award may exercise an award during his or her lifetime.

Certain Adjustments

In the event of any change in the shares effected without receipt of consideration by us, whether through merger, consolidation, reorganization, reincorporation, recapitalization, reclassification, stock dividend, stock split, reverse stock split, split-up, split-off, spin-off, combination of shares, exchange of shares, or similar change in our capital structure, or in the event of payment of a dividend or distribution to our stockholders in a form other than our Common Stock (excepting regular, periodic cash dividends) that has a material effect on the fair market value of shares, appropriate and proportionate adjustments will be made in the number and kind of shares subject to the 2015 Plan and to any outstanding awards, the maximum number of shares with respect to which awards may be granted individual in any fiscal year of ours, and in the exercise or purchase price per share under any outstanding award in order to prevent dilution or enlargement of rights under the 2015 Plan.

Corporate Transactions

Our 2015 Plan provides that in the event of a corporate transaction, as defined in the 2015 Plan, all outstanding awards will terminate unless they are assumed in connection with the corporate transaction. If a portion of an award is neither assumed nor replaced by the successor entity, such portion of the award will become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at fair market value), immediately prior to the effective date of such corporate transaction.

Forfeiture Events

Our 2015 Plan provides the flexibility for the administrator to subject awards to forfeiture or recoupment provisions. It also requires any participant who is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 to reimburse us if we are required to prepare an accounting restatement due to the material noncompliance, as a result of misconduct, with any financial reporting requirement under the securities laws, for (i) the amount of any payment in settlement of an award received by such participant during the 12-month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever first occurred) of the financial document embodying such financial reporting requirement, and (ii) any profits realized by such participant from the sale of securities of our during such 12-month period.

Plan Amendment; Termination

Our board of directors may amend, suspend, or terminate the 2015 Plan at any time, provided that no suspension or termination of the 2015 Plan will adversely affect any rights under awards already granted under the Plan and no amendment will be made without the approval of our stockholders if such approval is required by applicable laws or would change the powers of the 2015 Plan’s administrator. Unless sooner terminated by our board of directors, the 2015 Plan will terminate on June 23, 2025.

U.S. Federal Income Tax Consequences

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and us of awards granted under the 2015 Plan. Tax consequences for any particular individual may be different.

Incentive Stock Options

A participant recognizes no taxable income as the result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Internal Revenue Code (unless the participant is subject to the alternative minimum tax). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two-or one-year holding periods described above (a “disqualifying disposition”), he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Nonstatutory Stock Options

A participant generally recognizes no taxable income on the date of grant of a nonstatutory stock option with an exercise price equal to the fair market value of the underlying stock on the date of grant. Upon the exercise of a nonstatutory stock option, the participant generally will recognize ordinary income equal to the excess of the fair market value of the shares on the exercise date over the exercise price of the option. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any subsequent gain or loss, generally based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss.

Stock Appreciation Rights

A participant generally recognizes no taxable income on the date of grant of a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant. Upon exercise of the stock appreciation right, the participant generally will be required to include as ordinary income an amount equal to the sum of the amount of any cash received and the fair market value of any shares received upon the exercise. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Any additional gain or loss recognized upon any later disposition of the shares would be treated as long-term or short-term capital gain or loss, depending on the holding period.

Dividend Equivalents

Dividend equivalents will generally be subject to tax as dividends as if they were paid on the vesting date of the underlying award.

Restricted Stock, Restricted Stock Units, Performance Awards and Performance Shares

A participant generally will not have taxable income at the time an award of restricted stock, restricted stock units, performance shares, or performance units is granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. However, the recipient of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award (less any cash paid for the shares) on the date the award is granted.

Section 409A

Section 409A of the Code (“Section 409A”) provides certain new requirements for non-qualified deferred compensation arrangements with respect to an individual’s deferral and distribution elections and permissible distribution events. Awards granted under the Plan with a deferral feature will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with Section 409A’s provisions, Section 409A imposes an additional 20% tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

Tax Effects for the Company

We generally will be entitled to a tax deduction in connection with an award under the 2015 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a non-qualified stock option). However, special rules limit the deductibility of compensation paid to certain current or former executive officers. Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000.

THE FOREGOING IS ONLY A SUMMARY OF THE TAX EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO

THE GRANT AND EXERCISE OF AWARDS UNDER THE 2015 PLAN AS OF THE DATE OF THIS FILING. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A SERVICE PROVIDER'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE, OR NON-U.S. COUNTRY IN WHICH THE SERVICE PROVIDER MAY RESIDE.

Summary

Our board of directors believes that it is in the best interests of us and our stockholders to continue to provide employees, consultants, and directors with the opportunity to acquire an ownership interest in us through the grant of equity awards under the amended and restated 2015 Plan and thereby encourage them to remain in our service and more closely align their interests with those of our stockholders.

Number of Awards Granted to Employees and Non-Employee Directors

The number of awards that an employee, or non-employee director may receive under the 2015 Plan is in the discretion of the administrator and therefore cannot be determined in advance. The following table sets forth the aggregate number of RSUs and PSUs (at target) granted under the 2015 Plan during fiscal year 2023 to each of our named executive officers; executive officers, as a group; directors who are not executive officers, as a group; and all employees who are not executive officers, as a group.

Vote Required

The approval of the amended and restated 2015 Plan requires the affirmative vote of a majority of the shares of our common stock present or represented by proxy at the Annual Meeting and entitled to vote thereon. As a result, abstentions will have the same effect as a vote against the proposal. Broker non-votes will have no effect on the outcome of this proposal. This vote will also constitute approval of the amended and restated 2015 Plan under the Nasdaq Listing Rules.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE AMENDED AND RESTATED 2015 EQUITY INCENTIVE PLAN.

PROPOSAL NO. 5

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our independent registered public accounting firm for the fiscal year ended July 1, 2023 was Deloitte & Touche LLP (“Deloitte”). Our Audit Committee has re-appointed Deloitte to audit our consolidated financial statements for our fiscal year ending June 29, 2024. At the Annual Meeting, we are asking our stockholders to ratify the appointment of Deloitte as our independent registered accounting firm for fiscal 2024. Although ratification by stockholders is not required by law, our Audit Committee is submitting the appointment of Deloitte to our stockholders because we value our stockholders’ views on our independent registered public accounting firm and as a matter of good corporate governance. In the event that the appointment of Deloitte is not ratified by our stockholders, the Audit Committee will review its future selection of Deloitte as our independent registered public accounting firm. Representatives of Deloitte are expected to be present at the Annual Meeting, in which case they will be given an opportunity to make a statement at the Annual Meeting if they desire to do so and will be available to respond to appropriate questions. Notwithstanding the appointment of Deloitte, and even if our stockholders ratify the appointment, our Audit Committee, in its discretion, may appoint another independent registered public accounting firm at any time during our fiscal year if our Audit Committee believes that such a change would be in the best interests of our company and our stockholders.

Executive Compensation Highlights

- Program design is informed by feedback from our stockholders. We engage with stockholders regularly and will continue to do so.
- Fiscal 2023-25 PSUs are based on 3-year revenue targets and 3-year sustainability goals, balancing long-term growth goals with our commitment to responsible corporate citizenship.
- Our annual incentive plan reflects our continuous discipline around profitable growth. For fiscal 2023, executives who participated in the annual incentive plan received payout in the second half of fiscal 2023 in the form of performance stock units to further tie their compensation to stockholder value creation.
- 92% of CEO pay and 87% of NEO pay is driven by company financial, non-financial and stock price performance.
- Our Compensation Committee regularly reviews pay levels and practices against external market best practices.
- We maintain policies that promote sound compensation practices and corporate governance.

2023 Say on Pay Vote and Stockholder Outreach

Our executive compensation program received 82% support from our stockholders in November 2022. As this was a decrease in support from 94% in November 2021, we engaged with stockholders to understand their concerns. We will continue to engage with stockholders regularly to discuss strategic matters including executive compensation.

During 2023, we extended invitations to 25 of our largest stockholders representing 70% ownership of our shares. We met with 8 of our stockholders representing approximately 40% ownership of our shares, and discussed, among other things, our executive compensation program, sustainability program, board diversity and equity plan changes. Stockholder feedback related to our executive pay programs highlighted the following areas for potential improvement:

- disclosure around performance metrics for our short- and long-term incentive plans;
- inclusion of metrics for our sustainability and diversity goals; and
- inclusion of a strategic component of our performance awards as part of our long-term incentive plans.

The Compensation Committee was encouraged by these conversations that the executive pay program is generally meeting the objectives and delivering rewards commensurate with both financial and non-financial performance, and has endeavored to address the concerns raised by stockholders.

The Company values and seeks ongoing feedback from stockholders on all elements of our business. The Compensation Committee will continue to engage with and consider feedback from stockholders to ensure that the executive compensation program remains effective.

Our Approach to Executive Compensation

Our executive compensation program is aligned with our overarching philosophy of paying for demonstrable performance. The program intends to meet several objectives:

- Total compensation should attract, motivate and retain the talent necessary to achieve our business objectives in order to increase long-term value and drive stockholder returns as well as balance financial success with responsible corporate behavior to foster a healthy and successful corporate culture.
- Superior executive talent should be motivated and retained through a strong pay for performance compensation system that provides the opportunity to earn above-average compensation that is aligned with stockholder return for achieving long-term business and financial success.
- Our compensation practices should continue to evolve to align compensation with recognized best practices and to address current market realities.

We adhere to best practices in executive compensation and corporate governance. These provisions protect our stockholders’ interests, as follows:

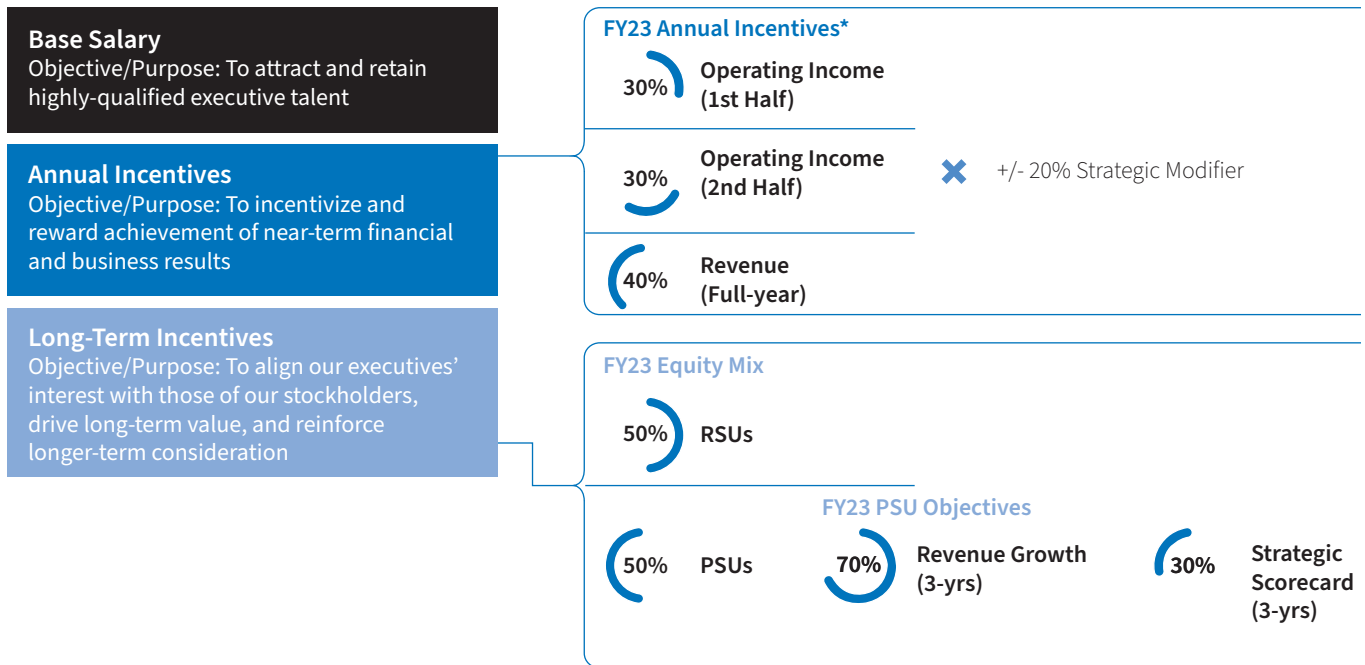

What We Do

- Pay for Performance: Approximately 92% of our CEO’s and 87% of our other NEOs’ fiscal 2023 total target direct compensation was subject to achievement of our strategic, financial or market performance goals
- Maintain Stock Ownership Guidelines for our CEO, NEOs and outside directors
- Maintain a Clawback Policy that provides for the recapture of both time-based and performance-based awards in the event of a financial restatement
- Require “Double-Trigger” for equity acceleration in connection with a change in control
- Maintain an independent compensation committee
- Engage an independent compensation advisor
- Conduct an annual risk review of our compensation programs

What We Don’t Do

- Minimal perquisites awarded to our executive officers
- No tax gross-ups upon a change in control
- No hedging or pledging of Lumentum securities by employees or directors

Fiscal 2023 Executive Compensation Program Elements

Compensation Decision Processes

The Compensation Committee administers and determines the parameters of the executive compensation program. In carrying out its functions, the Compensation Committee seeks input from Semler Brossy, a national compensation consulting firm, as the independent compensation advisor to the Compensation Committee, as well as our management.

Our CEO and Chief Human Resources Officer present to the Compensation Committee performance reviews and compensation recommendations for our NEOs (other than our CEO), taking into account input from Semler Brossy and referencing materials and data prepared by Semler Brossy for the Compensation Committee to assist in the analysis and decision-making process.

The Compensation Committee approves all compensation for our NEOs (other than our CEO). The Compensation Committee reviews and recommends to the board of directors our CEO's compensation, which is reviewed and approved by the board of directors.

No member of the management team is present for the discussion or approval of his or her own compensation.

Peer Group

The Compensation Committee, with input from Semler Brossy, reviews the compensation practices at similarly situated companies that comprise our peer group. The Compensation Committee regularly reviews the peer group to determine if it is appropriate for Lumentum. The Compensation Committee considers input from our management team, Company performance, individual performance and experience, and each NEO's role and/or retention and incentive objectives when making its compensation decisions. The Compensation Committee references peer data for purposes of aligning realized pay and ongoing opportunity with absolute and relative performance.

Fiscal 2023 Base Salary

BASE SALARY

Objective/Purpose: To attract and retain highly-qualified executive talent

Base salary represents the fixed portion of our NEOs' compensation and is intended to attract and retain highly talented individuals. In determining base compensation levels, our Compensation Committee analyzes base salary information for similar positions and titles at companies in our compensation peer group and the survey data, and also considers the input from our management team as described above. In fiscal 2023, we made the following changes to bring salaries more in line with desired percentiles of market comparables.

	Fiscal Year 2023 (\$) ⁽¹⁾	Fiscal Year 2022 (\$)	% Increase
Alan Lowe	1,000,000	900,000	11.1%
Wajid Ali	556,000	520,000	6.9%
Vincent Retort	556,000	520,000	6.9%
Jason Reinhardt	475,000	452,000	5.1%
Judy Hamel	489,000	457,000	7.0%

(1) Actual salaries paid during these periods are described below under the section titled "Summary Compensation Table." For fiscal 2023, the base salary increases were effective September 1, 2022. In June 2023, the Board approved a temporary reduction in cash compensation of 10% for Mr. Lowe, a reduction of 7.5% for Messrs. Ali, Retort and Reinhardt, as well as other employees at the EVP level, a reduction of 5% for Ms. Hamel and all other employees at the SVP level, and a reduction of 2.5% for employees at the VP level, effective from July 2, 2023 through the end of December 2023 as part of company-wide cost reduction efforts.

Annual Incentive Plan

ANNUAL INCENTIVES

Objective/Purpose: To incentivize and reward achievement of near-term financial and business results

We operate an annual incentive plan ("AIP") under our Executive Officer Performance-based Incentive Plan, which plan is intended to reward our NEOs for achieving annual financial goals.

Fiscal 2023

The Compensation Committee approved consolidated revenue and adjusted operating income dollars as the primary performance measures under the AIP for determining incentive amounts for our NEOs in fiscal 2023. These measures reflect the Company's success in sustaining and growing the customer base while maintaining profitability, which the Compensation Committee believes are critical measures for Lumentum on an ongoing basis.

For fiscal 2023, the bonus pool under the AIP was measured (i) 30% based on first half adjusted operating income, which was paid after the close of our second quarter, and (ii) 30% based on second half adjusted operating income and 40% based on full year revenue, which was paid after the close of our fiscal 2023. The operating income targets were set at the beginning of our fiscal year for each half year with measures based upon our annual operating plan. Revenue is measured on a full year basis based on our annual operating plan. No bonus pool is created if operating income dollars are below zero, regardless of revenue achieved. Our rationale for having a higher emphasis on operating income than revenue is to ensure that growth is achieved profitably. The 70% of the AIP based on second half operating income and full year revenue was granted as a share-based award that vests after one-year performance. The use of shares for this portion of the award for the first time in 2023 was done to further underscore alignment with stockholder feedback. To determine the number of shares subject to the share-based portion of each award, the dollar value at target was divided by the volume weighted average price for the month of July 2022 and the result was increased by 25% with such increase intended to mitigate risk associated with potential stock price fluctuation.

We also continued to use a strategic measure to the AIP for fiscal 2023 that acts as a modifier to the AIP payout. The Compensation Committee believes that focusing on specific operational objectives is important to measuring success and that these strategic measures help drive improvements in operational execution. The Compensation Committee has the discretion to adjust payouts by up to 20% in either direction for achievement of the strategic modifier based on the Compensation Committee's subjective assessment with management's input of certain operational measures in our business during fiscal 2023. The modifier impacts payouts for the first half of the year separately from payouts for the second half of the year.

COMPENSATION DISCUSSION AND ANALYSIS

Historically, our Compensation Committee has used this modifier conservatively. Since 2016, we applied a decrease of 10% three times (in the first and second halves of fiscal 2017, and in the first half of fiscal 2018), a decrease of 7.5% once in the first half of fiscal 2022, and an increase of 10% once (in the second half of fiscal 2020).

AIP Measures

The bonus pool created under the AIP with respect to any performance measure is based on a linear interpolation between threshold performance (50% payout) and target, and from target to maximum performance (200% payout). Target performance, which results in funding of 100%, is a narrow range (instead of a single target) to provide flexibility if performance is close to target levels.

1st Half Fiscal 2023 Op. Income (% of target)	2nd Half Fiscal 2023 Op. Income (% of target)	Fiscal 2023 Revenue (% of target)	Payout
125% or more	125% or more	110% or more	200%
100%	100%	100%	100%
60%	60%	80%	50%
Less than 60%	Less than 60%	Less than 80%	0%

Fiscal 2023 Annual Incentive Plan

Fiscal 2023 Annual Incentive Plan Achievement

Following the end of fiscal 2023, the Compensation Committee reviewed the achievement of the performance measures under the AIP and determined that we achieved positive operating income for the first half of fiscal 2023, did not achieve operating income above the threshold for the second half of fiscal 2023, and achieved revenue above the full year target as shown below. No strategic modifiers were applied.

	Target (\$)	Modifier Applied	Performance as % of Target (%)
1st Half Adjusted Operating Income – 30% weight	250.2M	--	106.2
2nd Half Adjusted Operating Income – 30% weight	273.1M	—	0.0
Full year Consolidated Revenue – 40% weight	2,176.0M	—	53.0

Total fiscal 2023 AIP payouts for our NEOs were as follows:

	Fiscal 2023 AIP IH Target (30%)	Fiscal 2023 AIP IH Cash Payout		Fiscal 2023 AIP 2H PSU Target ⁽¹⁾		
	Target (\$)	Payout (\$)	IH Payout (%)	shares granted at target (#)	shares that vested upon achievement (#)	% of 2H Target Earned (%) ⁽²⁾
Alan Lowe	360,000	382,320	106.2%	12,835	3,887	30.3%
Wajid Ali	150,120	159,427	106.2%	5,352	1,621	30.3%
Vincent Retort	150,120	159,427	106.2%	5,352	1,621	30.3%
Jason Reinhardt	128,250	136,202	106.2%	4,572	1,384	30.3%
Judy Hamel	110,025	116,847	106.2%	3,922	1,188	30.3%

(1) Includes 25% premium for stock price risk. See "Fiscal 2023 Annual Incentive Plan" above.

(2) Total AIP payout for fiscal 2023 was 53%. This is calculated at 106.2% for 1H operating income performance for 30% of target, 0% for 2H operating income performance for 30% of target, and 53.0% for full year revenue performance for 40% of target.

Equity Incentive Awards

LONG-TERM INCENTIVES

Objective/Purpose: To align our executives' interest with those of our stockholders, to promote long-term value creation, and to drive longer-term operational goals that are not adequately captured in the annual incentive

We use annual equity awards to deliver long-term incentive compensation opportunities to our NEOs and periodically make additional equity awards to address special situations as they may arise from time to time, such as in connection with promotions to provide an additional retention incentive. Our equity incentive awards are intended to align the interests of our NEOs with those of our stockholders. Equity awards are subject to time or performance vesting requirements to drive performance and encourage retention.

In fiscal 2023, 50% of each NEO's annual equity awards was in the form of PSUs with a three-year performance period, with the remaining 50% of each NEO's annual equity awards in the form of time-based RSUs. PSU awards related to AIP are described above under Annual Incentive Plan and not included in this section. The Compensation Committee believes that multi-year performance requirements are important to further enhance the link between the interests of our stockholders and our NEOs. Time based RSUs are granted to our NEOs in fiscal 2023 vest 1/3 after one year and quarterly for the next two years thereafter subject to the NEO's continued service through each vesting date.

The size of annual equity awards for our NEOs is determined by the Compensation Committee's taking into account each executive's role, performance, and current market information.

	2023 Annual Equity Awards				Total Value of Equity Awards at Target (\$)	Number of Equity Shares Awarded at Target ⁽¹⁾
	Target Value of PSUs (\$)	Number of PSUs at Target ⁽¹⁾⁽²⁾	Target Value of RSUs (\$)	Number of RSUs ⁽¹⁾		
Alan Lowe	5,100,000	62,345	5,100,000	62,346	10,200,000	124,691

(1) The number of actual shares per grant award was determined using the volume weighted average price for the month of July 2022, which was \$81.8020.

(2) The PSUs in this table do not include PSUs granted as part of the AIP which are described in the Annual Incentive Plan section.

Fiscal 2023 PSU Structure

<p>3-yr Revenue Growth (70%)</p>	<ul style="list-style-type: none"> ● 70% of the fiscal 2023 PSUs (the “2023 Revenue PSUs”) are based on our achievement of revenue goals over three years ● Up to 1/3 of the target award related to revenue can be “banked” in each of year 1 and year 2 for achievement of the annual revenue goal ● “Banked” units are not vested until the end of year 3 when performance for the entire period is certified. The Committee believes that this “banking” structure appropriately balances long-term achievement with the year to year variability in the business environment ● Maximum payout for this metric is 300%, with vesting upon certification of achievement at the end of the performance period, however the total maximum vesting of the 2023 PSU is 250% of target

Stock Ownership Guidelines

Our stock ownership guidelines require all executive officers and directors to maintain a significant equity investment in Lumentum based upon a multiple of his or her base salary or annual cash retainer, respectively. The ownership requirement for non-employee directors was changed from 3x to 5x of annual cash retainer in February 2022.

Title	Ownership Requirement
CEO	5x base salary
All Other Executive Officers	2x base salary
Directors	5x annual cash retainer

Shares owned outright, unvested and vested restricted stock and restricted stock units, and any stock options exercisable within 60 days count toward the ownership requirements. These ownership levels must be attained within five years from the later of the date that changes to the guidelines were approved if serving as a non-employee director at the time of approval or the date of initial election or appointment to the board of directors, or within five years following appointment in the case of an executive officer. All directors and executive officers were in compliance or on track to achieve compliance with the guidelines based on the Compensation Committee's review.

Post-Employment Compensation

Our NEOs are provided certain protections in the event of their termination of employment under specified circumstances, including following a change in control of the Company. We believe that these protections serve our retention objectives by helping our NEOs maintain continued focus and dedication to their responsibilities to maximize stockholder value, including in the event of a transaction that could result in a change in control of the Company. In September 2021, the Compensation Committee, in consultation with Semler Brossy, reviewed market practices and our retention goals for our NEOs and the Board of Directors and Compensation Committee made certain amendments to their severance and change in control-related benefits. See "Employment Agreement with Mr. Lowe" and "2015 Change in Control and Severance Benefits Plan, as amended" sections below.

Hedging and Pledging Policy

In addition to forbidding the trading of securities (of Lumentum or otherwise) on material nonpublic information, our insider trading policy strictly prohibits hedging or pledging of our securities, as well as engaging in any other derivative securities transaction, using our securities as collateral for loans, and holding our securities in margin accounts.

Clawback Policy

The Compensation Committee amended our clawback policy in August 2023. The clawback policy allows our board of directors the discretion to recover cash incentive plan awards and time-based and performance-based equity awards that are earned based on financial results, if those results are restated within three years of being earned as a result of fraudulent or illegal conduct. The policy covers our executive officers. We intend to adopt a clawback policy that meets the Nasdaq listing rules before December 1, 2023.

Federal Income Tax Consequences

Internal Revenue Code Section 162(m) limits the deductibility of compensation paid by most publicly held companies to certain of their executive officers and other covered employees to \$1,000,000 per year. While the Compensation Committee considers the deductibility of compensation as a factor in making compensation decisions, the Compensation Committee retains the flexibility to provide compensation that is consistent with our goals for our executive compensation program even if such compensation is not fully tax deductible. The Compensation Committee may make decisions that result in compensation expense that is not fully deductible when it believes that such payments are appropriate to attract, retain or motivate executive talent.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis section with management. Based on its review and discussions with management, the Compensation Committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended July 1, 2023.

Brian J. Lillie (former Chair)

(1) Actual salary earned during fiscals 2023, 2022, or 2021, as applicable.

(2) Amounts shown do not reflect compensation actually received by the NEO. Instead, the amounts shown are the grant date fair value in the period presented as determined pursuant to FASB ASC Topic 718 which fair value is based on the closing market price of our common stock on the date of grant for RSUs, RSAs and PSUs. The amounts shown include PSU awards which are calculated based on achievement at target. as follows: for fiscal 2023 PSUs, including AIP PSU awards, \$6,848,898 (Mr. Lowe), \$2,436,470 (Mr. Ali), \$2,826,195 (Mr. Retort), \$1,864,270 (Mr. Reinhardt), and \$1,443,115 (Ms. Hamel); for fiscal 2022 PSUs, \$4,429,599 (Mr. Lowe), \$1,650,662 (Mr. Ali), \$2,027,583 (Mr. Retort), \$1,273,740 (Mr. Reinhardt), and \$935,781 (Ms. Hamel); and for fiscal 2021 PSUs, \$4,282,520 (Mr. Lowe), \$1,650,662 (Mr. Ali), \$1,886,376 (Mr. Retort). Assuming the highest level of performance is achieved under the applicable performance measures for 2023 PSUs, the maximum possible value of the PSUs using the fair value of our common stock on the date that such awards were granted for accounting purposes is: for fiscal 2023 PSUs, including AIP PSU awards, \$16,537,611 (Mr. Lowe), \$5,847,390 (Mr. Ali), \$6,821,705 (Mr. Retort), \$4,452,421 (Mr. Reinhardt), and \$3,429,140 (Ms. Hamel); for fiscal 2022 PSUs, \$11,073,998 (Mr. Lowe), \$4,126,655 (Mr. Ali), \$5,068,958 (Mr. Retort), \$3,184,351 (Mr. Reinhardt), and \$2,339,453 (Ms. Hamel); and for fiscal 2021 PSUs, \$8,211,730 (Mr. Lowe), \$2,955,922 (Mr. Ali), \$3,615,558 (Mr. Retort), \$2,149,714 (Mr. Reinhardt), and \$1,465,833 (Ms. Hamel).

(3) Non-Equity Incentive Plan Compensation for fiscals 2023, 2022, and 2021 was paid pursuant to the Lumentum Annual Incentive Plan. For fiscal 2023, the Non-Equity Incentive Plan Compensation reflects the cash payout for the first half of Fiscal 2023. The second half payout for fiscal 2023 was paid in PSUs and is reflected in the Stock Award column assuming achievement at target. See "Annual Cash Incentive Plan" for an additional discussion.

(4) All amounts represent 401(k) matching, imputed income for GTL and HSA employer matching contributions by Lumentum. In fiscal 2023, All Other Compensation for Mr. Retort included \$14,478 of imputed income for GTL.

2023 Grants of Plan-Based Awards Table

The following table sets forth information with respect to plan-based compensation in fiscal 2023 to each NEO, including cash incentive opportunities for 1H fiscal 2023 under the AIP and equity in the form of RSUs and PSUs, including PSU awards for 2H fiscal 2023 under the AIP. The terms of the AIP opportunities are described in “Compensation Discussion and Analysis – Annual Incentive Plan,” and the material terms of the equity awards are described in “Compensation Discussion and Analysis – Equity Incentive Awards”. - (1) Amounts reflecting market value of RSUs and PSUs are based on the price of \$56.73 per share, which was the closing price of our common stock as reported on NASDAQ on July 1, 2023, the last trading day of our most recent fiscal year. The PSUs are calculated based on achievement at 100% of target for any performance periods not yet completed.
- (2) PSUs that vest based upon the Company's performance in fiscals 2021, 2022 and 2023 and cumulative performance for fiscals 2021, 2022 and 2023, in each case relative to EPS targets and strategic objectives set by the Compensation Committee. The PSU share amounts and values in the table above are based on achievement at 66.67% of target and vested on August 19, 2023.
- (3) PSUs that vest based upon the Company's performance in fiscal 2021 relative to EPS targets set by the Compensation Committee. The PSU share amounts and values in the table above are based on achievement at 152.5% of target and vested over three years through August 19, 2023.
- (4) PSUs that vest based on the Company's performance in fiscals 2022, 2023 and 2024 and cumulative performance for fiscals 2022, 2023 and 2024, in each case relative to EPS targets and strategic objectives set by the Compensation Committee. The PSU share amounts and values in the table above are based on achievement at targets. These PSUs vest, once achievement is determined, on the third anniversary of the grant date.
- (5) PSUs that vest based upon the Company's performance in fiscal 2023 for full year revenue and second half operating income targets under the Annual Incentive Plan. The PSU share amounts and values in the table above are based on actual achievement of 53.01% for full year revenue performance and vested on August 24, 2023. No shares vested based on achievement of second half operating income targets.
- (6) PSUs that vest based upon the Company's performance in fiscals 2023, 2024 and 2025 and cumulative performance for fiscals 2023, 2024 and 2025, in each case relative to revenue targets and strategic objectives set by the Compensation Committee. The PSU share amounts and values in the table above are based on achievement at target. These PSUs vest, once achievement is determined, on the third anniversary of the grant date.
- (7) Time-based RSUs that vest 1/3 of the awarded units on the first anniversary of the grant date and the remainder of the units in equal quarterly installments for two years thereafter.

Stock Vested in 2023

The following table sets forth information on vesting of equity awards during fiscal 2023 for each NEO. The table includes: (i) the number of shares received from the vesting of RSUs and PSUs and (ii) the aggregate dollar value realized upon the vesting of such RSUs and PSUs.

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) ⁽¹⁾
Alan Lowe	117,810	9,324,386

Vincent Retort	53,192	4,213,998
Jason Reinhardt	31,206	2,456,664
Judy Hamel	20,674	1,609,507

(1) Represents the amounts realized based on the product of the number of shares acquired and the closing price of our common stock on Nasdaq on the vesting date.

CEO Pay Ratio

Our CEO pay ratio is calculated in accordance with Item 402(u) of Regulation S-K and provides a reasonable estimate of the ratio of our CEO's annual total compensation to the median of the annual total compensation of all employees other than the CEO.

CEO total compensation as reported in Summary Compensation Table:	\$13,905,732
Median employee annual total compensation:	\$18,426
Ratio of our CEO to median employee:	755 to 1

We used the methodology, assumptions and estimates described below to determine the annual total compensation of the "median employee":

- We identified the median employee by reviewing the fiscal 2023 salary (or wages plus overtime and other compensation components, as applicable) and annual cash bonus paid to all employees worldwide as of July 1, 2023;
- We included employees working on a full-time, part-time, or interim basis, as well as contractual employees (as determined by the legal framework in a particular jurisdiction for contractual status);
- We annualized the base salary, but not the cash incentive paid for the fiscal year, for any full-time employees who were hired in fiscal 2023 but did not work for us for the entire fiscal year;
- Cost of living adjustments were not applied;
- For employees not paid in U.S. dollars, we applied a local currency-to-U.S. dollar exchange rate from Bloomberg on the last business day of the fiscal year; and
- Annual total compensation for the median employee was then calculated using the same methodology we use for calculating CEO pay as outlined in the Summary Compensation Table.

Pay Versus Performance

The following table shows, for the past three fiscal years, the total compensation for our NEOs as set forth in the Summary Compensation Table, above the “compensation actually paid” to our Principle Executive Officer (“PEO”) and on an average basis, our other NEOs (“non-PEO NEOs”) (in each case, as determined under SEC rules), our total shareholder return (“TSR”), our peer group TSR (NASDAQ 100 Technology Sector Index), our net income, and revenue.

(1) The dollar amounts reported in column (b) are the amounts of total compensation reported for PEO (Lowe) for each corresponding year (which was Alan Lowe for each year) as shown in the “Total” column of the Summary Compensation Table. Refer to “Executive Compensation – Executive Compensation Tables – Summary Compensation Table.”

(2) The dollar amounts reported in columns (c) and (e) represent the amount of “compensation actually paid” (“CAP”), as computed in accordance with SEC rules. “Compensation actually paid” does not mean that the applicable NEO was actually paid those amounts, but is a dollar amount derived by starting with the summary compensation table total compensation and then applying certain adjustments under applicable SEC rules. We do not have a defined benefit plan so no adjustment for pension benefits is included in the table below. Similarly, no adjustment is made for dividends as dividends are factored into the fair value of the award, and we have never paid a dividend. No stock awards granted during a fiscal year vest during that same fiscal year.

The following table details these adjustments for each fiscal year for our PEO and for our non-PEO NEOs on average:

Fiscal Year		Summary Compensation Table Total (a)	Subtract Grant Date Fair Value of Stock Awards (b)					CAP

(a) The dollar amounts reported in the Summary Compensation Table for the applicable year.

(b) The grant date fair value of equity awards represents the total of the amounts reported in the “Stock Awards” column in the Summary Compensation Table for the applicable year.

COMPENSATION DISCUSSION AND ANALYSIS

(c) In accordance with applicable SEC rules, the fair values of unvested and outstanding equity awards to our NEOs were remeasured as of the end of each fiscal year, and as of each vesting date, during the years displayed in the table above. Specifically, we measured the fair value of restricted stock units based on the closing price on the relevant measurement date and the fair value of PSUs, based on the probability of achievement on the relevant measurement date.

(3) The dollar amounts reported in column (d) represent the average of the amounts reported for the Company's non-PEO NEOs as a group in the "Total" column of the Summary Compensation Table in each applicable year.

The names of each of the non-PEO NEOs in each applicable year are as follows:

Fiscal years 2021 through 2023

Wajid Ali, Vincent Retort, Jason Reinhardt, and Judy Hamel

(4) TSR determined in Column (f) is based on the cumulative value of an initial fixed investment of \$100 in our common stock as of June 28, 2020 (the last trading day prior to the start of fiscal year 2021). TSR determined in Column (g) is based on the cumulative value of an initial fixed investment of \$100 in the NASDAQ 100 Technology Sector Index (the peer group used in our stock performance graph in our Annual Report on Form 10-K) as of June 28, 2020, assuming reinvestment of all dividends until the last day of each reported fiscal year.

Relationship Between Compensation Actually Paid and Performance Measures

The graphs below illustrate the relationship between compensation actually paid to our PEO and the average of the compensation actually paid to our Non-PEO NEOs, with (i) our TSR and the NASDAQ 100 Technology Section Index (our peer group TSR), (ii) our net income, and (iii) our Revenue, in each case, for the fiscal years 2021 through 2023.

Employment Agreement with Mr. Lowe

Lumentum entered into an employment agreement with Alan Lowe in August 2015, which was amended and restated in September 2021. The amended employment agreement has a term of three years from September 1, 2021 and automatically renews for one year terms unless either party provides written notice of non-renewal at least 90 days prior to the end of the term. The employment agreement generally provides Mr. Lowe an annual base salary, an annual target bonus, and equity awards. The amended agreement makes Mr. Lowe eligible to participate in the employee benefit plans maintained by Lumentum or its subsidiary, Lumentum Operations LLC (the “LLC”), and generally applicable to the senior executives of the Company. The employment agreement also provides Mr. Lowe lump sum cash payments and vesting acceleration of outstanding Lumentum equity awards under certain terminations of his employment. For additional information concerning Mr. Lowe’s change of control benefits, see “Potential Payments Upon a Termination or Change in Control”.

CEO Change in Control and Termination Benefits

If Mr. Lowe’s employment is terminated without “cause,” he resigns for “good reason,” (each as defined in his employment agreement) or his employment terminates due to death or disability, during a period between a potential change in control date and ending 18 months following the consummation of a change in control (the “Coverage Period”), Mr. Lowe will receive from the Company (subject to Mr. Lowe signing and not revoking a release of claims with Lumentum and the LLC that becomes effective in accordance with the agreement):

- i a lump sum cash payment of 200% of his base salary for the year in which his employment is terminated plus 200% of the greater of his target annual bonus for the year in which his employment terminated or the mean average of his annual bonuses paid in the 3 years preceding the year in which his employment was terminated;
- ii vesting acceleration of 100% of Mr. Lowe’s outstanding Lumentum equity awards (including accelerated vesting of any performance-based awards at actual achievement for completed performance periods and at 100% of the target achievement level for uncompleted performance periods) (effective the later of the date of termination or the date of the consummation of the change in control); and
- iii a lump sum cash payment of 24 multiplied by the monthly health insurance continuation premiums for the health, dental, and vision insurance options in which Mr. Lowe and his eligible dependents are enrolled on the termination date.

If Mr. Lowe’s employment is terminated without “cause,” or he resigns for “good reason”, in either case, outside the Coverage Period, he will receive (subject to Mr. Lowe signing and not revoking a release of claims with Lumentum and the LLC that becomes effective in accordance with the agreement):

- i a lump sum cash payment equal to 200% of his base salary for the year in which his employment is terminated and 200% of the greater of his target annual bonus for the year of termination or the average of annual bonus paid in the 3 years preceding the year of termination;
- ii acceleration of Mr. Lowe’s outstanding time-based Lumentum equity awards such that Mr. Lowe will be vested in the number of Lumentum time-based equity awards that Mr. Lowe would have been vested in had Mr. Lowe remained continuously employed for an additional 12 months following the termination date, and acceleration of performance-based equity awards as follows:
 - a if Mr. Lowe’s termination date occurs before the end of the applicable performance period that relates to a portion of a performance-based equity award, then acceleration of vesting is the product of (i) the target number of units or shares subject to such portion of the performance-based equity award, as applicable, multiplied by (ii) the quotient derived from the number of full months that Mr. Lowe remained in continuous service from the beginning of the performance period through termination date, over the total months from the beginning of the performance period through the end of the applicable vesting period for such portion, plus
 - b if Mr. Lowe’s termination date occurs on or after the end of the applicable performance period that relates to a portion of a performance-based equity award, then acceleration of vesting is the number of units or shares subject to such portion of the performance-based equity award, as applicable, which have been earned, but not yet vested as of the termination date (or in the event that the determination of the achievement for such completed performance period has not yet been approved by the compensation committee as of the termination date, then the number of units or shares subject to such earned award that will be earned as of the date the compensation committee determines the achievement of the performance objective for such performance period); and
- iii a lump sum cash payment equal to 18 multiplied by the monthly health insurance continuation premiums for the health, dental, and vision insurance options in which Mr. Lowe and his eligible dependents are enrolled on the termination date.

If Mr. Lowe’s employment is terminated due to his death or disability outside the Coverage Period (subject to Mr. Lowe (or his successor) signing and not revoking a release of claims with Lumentum and the LLC that becomes effective in accordance with the agreement):

- i vesting acceleration of 100% of Mr. Lowe’s outstanding Lumentum equity awards (including accelerated vesting of any performance-based awards at actual achievement for which the applicable performance period has been completed, or at 100% of the target achievement level for performance periods that are not completed).

2015 Change in Control and Severance Benefits Plan, as amended

In April 2015, the board of directors of Viavi approved the Lumentum 2015 Change in Control and Severance Benefits Plan (the “Lumentum CIC Plan”), which was last amended by the Lumentum Compensation Committee in September 2021. Pursuant to the plan, eligible executives, including the NEOs (except for the CEO), will receive cash payments, COBRA reimbursements, and accelerated vesting of options, restricted stock units and other securities under the following circumstances.

In the event an eligible executive’s employment is terminated without “cause” (as defined in the Lumentum CIC Plan) or the eligible executive resigns for “good reason” (as defined in the Lumentum CIC Plan), in either case, occurring outside the date beginning on the public announcement of an intent to consummate a change in control of Lumentum and ending 12 months following the consummation of the change in control, the eligible executive will be entitled to receive from the Company (subject to the executive signing and not revoking a release of claims that become effective in accordance with the Lumentum CIC Plan):

- i accelerated vesting of unvested Lumentum time-based equity awards held at the time of termination as to the number of shares that otherwise would vest over the nine-month period following the termination date, and acceleration of performance-based equity awards as follows:
 - a if an eligible executive’s termination date occurs before the end of the applicable performance period that relates to a portion of a performance-based equity award, then acceleration of vesting as to the product of (i) the target number of units or shares subject to such portion of the performance-based equity award, as applicable, multiplied by (ii) the quotient derived from the number of full months the eligible executive remained in continuous service from the beginning of the performance period through termination date, over the total months from the beginning of the performance period through the end of the applicable vesting period for such portion, plus
 - b if an eligible executive’s termination date occurs on or after the end of the applicable performance period that relates to a portion of a performance-based equity award, then acceleration of vesting is the number of units or shares subject to such portion of the performance-based equity award, as applicable, which have been earned, but not yet vested as of the termination date (or in the event that the determination of the achievement for such completed performance period has not yet been approved by the compensation committee as of the termination date, then the number of units or shares subject to such earned award that will be earned as of the date the compensation committee determines the achievement of the performance objective for such performance period);
- ii a lump sum payment (less applicable tax and other withholdings) equal to 12 months of base salary plus 100% of the greater of the eligible executive’s target annual bonus for the year in which employment terminated or the mean average of the eligible executive’s annual bonuses paid in the 3 years preceding the year in which employment was terminated; and
- iii reimbursement of COBRA premiums for the lesser of 12 months or the maximum allowable COBRA period.

In the event of a qualifying termination (as defined below), each of the eligible executives will be entitled to receive:

- i accelerated vesting of outstanding Lumentum equity awards (including accelerated vesting of any performance-based awards at actual achievement for completed performance periods and at 100% of the target achievement level for uncompleted performance periods) (effective as of the later of the date of termination or the date of the consummation of the change in control);
- ii a lump sum payment (less applicable tax and other withholdings) equal to two years’ base salary plus 200% of the greater of the eligible executive’s target annual bonus for the year in which employment terminated or the mean average of the eligible executive’s annual bonuses paid in the 3 years preceding the year in which employment was terminated; and
- iii reimbursement of COBRA premiums for the lesser of 18 months or the maximum allowable COBRA period.

A qualifying termination under the Lumentum CIC Plan is (i) any involuntary termination without cause or resignation for good reason during the period beginning upon the public announcement of an intent to consummate a change in control of Lumentum and ending 12 months following the consummation of the change in control, or (ii) any termination due to disability or death occurring within 12 months following a change in control of Lumentum.

A change in control of Lumentum includes the acquisition by any person of more than 50% of the fair market value or voting power of outstanding Lumentum voting stock, a merger of Lumentum unless the Lumentum stockholders retain more than 50% of the voting power of the securities of the surviving entity and the Lumentum directors constitute a majority of the surviving entity’s board of directors, or a sale of substantially all of the assets of Lumentum.

In the event an eligible executive’s employment is terminated due to death or disability outside of a change in control period, (subject to the executive, or their successor, signing and not revoking a release of claims that becomes effective in accordance with the agreement), the eligible executive will receive vesting acceleration of 100% of outstanding Lumentum equity awards (including accelerated vesting of any performance-based awards at actual achievement for which the applicable performance period has been completed, or at 100% of target achievement level for performance periods that are not completed).

Eligible executives are those employed in the United States or Canada who are (i) the Chief Executive Officer, (ii) an Executive Vice President, (iii) a Senior Vice President, (iv) a Section 16 “Officer” within the meaning of 17 C.F.R. § 240.16a-1(f), or (v) designated in writing by the Chief Executive Officer as being an Eligible Executive, subject to subsequent review and ratification by the Compensation Committee at its discretion. Mr. Lowe does not participate in this plan, and instead is covered under his employment agreement, as described above.

The Lumentum CIC Plan is administered by the Compensation Committee of our board of directors.

Potential Payments upon a Termination or Change in Control

The following table describes potential payments and benefits that would have been received or receivable by each NEO if employment had been terminated under various circumstances on July 1, 2023, the last day of our most recent fiscal year, under the Lumentum CIC Plan as amended in September 2021 and under the Amended and Restated CEO Agreement with respect to Mr. Lowe. For equity awards, we used a price per share of \$56.73, the closing stock price on June 30, 2023, the last trading day of our most recent fiscal year.

 - iv to approve forms of Award Agreements for use under the Plan;
 - v to determine the terms and conditions of any Award granted hereunder including, for the avoidance of doubt, the ability to determine that an award may continue to vest after the termination of a Grantee's Continuous Active Service and to establish the requirements for the continuation of vesting;
 - vi to amend the terms of any outstanding Award granted under the Plan, provided that any amendment that would have a materially adverse effect the Grantee's rights under an outstanding Award shall not be made without the Grantee's written consent;
 - vii to construe and interpret the terms of the Plan and Awards, including without limitation, any notice of award or Award Agreement, granted pursuant to the Plan;

 - ix to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.
- c Option or SAR Repricing. Without the affirmative vote of holders of a majority of the shares of Common Stock cast in person or by proxy at a meeting of the stockholders of the Company at which a quorum representing a majority of all outstanding shares of Common Stock is present or represented by proxy, the Administrator shall not approve a program providing for either (i) the cancellation of outstanding Options or SARs having exercise prices per share greater than the then Fair Market Value of a Share ("Underwater Awards") and the grant in substitution therefore of new Options or SARs having a lower exercise price, Full Value Awards or payments in cash, or (ii) the amendment of outstanding Underwater Awards to reduce the exercise price thereof. This Section 4(c) shall not be construed to apply to (i) "issuing or assuming a stock option in a transaction to which Section 424(a) applies," within the meaning of Section 424 of the Code, (ii) adjustments pursuant to the assumption of or substitution for an Option or SAR in a manner that would comply with Section 409A, or (iii) an adjustment pursuant to Section 10.

- b Participation in the Plan. Awards are granted solely at the discretion of the Administrator. Eligibility to be granted an Award shall not entitle any person to be granted an Award, or, having been granted an Award, to be granted an additional Award. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards.

6 Terms and Conditions of Awards.

- a Type of Awards. The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) cash or (iii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of Performance Criteria or other conditions. Such awards include, without limitation, Options, SARs, Restricted Stock, Restricted Stock Units, Dividend Equivalent Rights, Performance Units or Performance Shares, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.
- b Designation of Award. Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company) exceeds \$100,000, such excess Options, to the extent of the Shares covered thereby in excess of the foregoing limitation, shall be treated as Non-Qualified Stock Options. For this purpose, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option.
- c Conditions of Award. Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any Performance Criteria established by the Administrator. Partial achievement of any specified Performance Criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement.
- d Acquisitions and Other Transactions. The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.
- e Deferral of Award Payment. Consistent with the requirements of Section 409A, if applicable, and other Applicable Laws, the Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of Performance Criteria, or other event that absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.
- f Separate Programs. The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.
- g Limitations on Awards.
 - i Annual Limits. The maximum number of Shares with respect to which Awards may be granted to any Grantee in any fiscal year of the Company shall be 1,000,000 Shares. The maximum dollar amount that may become payable to any Grantee in any fiscal year of the Company under Performance Unit Awards or other Awards denominated in U.S. dollars shall be \$20,000,000. In connection with a Grantee's (i) commencement of Continuous Active Service or (ii) first promotion in any fiscal year of the Company, a Grantee may be granted Awards for up to an additional 1,000,000 Shares or U.S. dollar denominated Awards providing for payment in any fiscal year of the Company of up to an additional \$20,000,000, which shall not count against the limits set forth in the preceding sentences of this subsection (g). The foregoing limitations shall not apply to any Awards issued to Directors who are not also Employees; instead the limitations under Section 6(g)(ii) shall apply to such Directors. In addition, the foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. If any Awards are canceled, the canceled Awards shall continue to count against the maximum number of Shares or dollar amount with respect to which Awards may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount

on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR. If the vesting or receipt of Shares under the Award is deferred to a later date, any amount (whether denominated in Shares or cash) paid in addition to the original number of Shares subject to the Award will not be treated as an increase in the number of Shares subject to the Award if the additional amount is based either on a reasonable rate of interest or on one or more predetermined actual investments such that the amount payable by the Company at the later date will be based on the actual rate of return of a specific investment (including any decrease as well as any increase in the value of an investment).

- ii Nonemployee Director Compensation Limits. No Director who is not also an Employee shall be granted within any fiscal year of the Company one or more Awards pursuant to the Plan (the value of which will be based on the Fair Market Value determined on the last trading day immediately preceding the date on which the applicable Award is granted to such Director) and be provided any other compensation (including without limitation any cash retainers or fees) which in the aggregate have a value in excess of \$500,000.
 - iii Minimum Vesting. Except with respect to five percent (5%) of the maximum number of Shares issuable under the Plan pursuant to Section 3(a), no Award shall vest earlier than one year following the date of grant of such Award; provided, however, that such limitation shall not preclude the acceleration of vesting of such Award upon the death, disability, or involuntary termination of Service of the Grantee or in connection with a Corporate Transaction, as determined by the Administrator in its discretion.
 - iv Dividends, Dividend Equivalents, and Other Distributions. No dividends, Dividend Equivalents, or other distributions shall be paid with respect to any Shares underlying any Awards underlying any unvested portion of an Award.
 - h Early Exercise. The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.
 - i Term of Award. The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term of an Option or SAR shall be no more than eight (8) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement. Subject to the foregoing, unless otherwise specified by the Administrator in the grant of an Option or SAR, each Option and SAR shall terminate eight (8) years after the date of grant of such Award, unless earlier terminated in accordance with its provisions.
 - j Transferability of Awards. Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent and distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee. Other Awards shall be transferable by will and by the laws of descent and distribution, and during the lifetime of the Grantee, by gift or pursuant to a domestic relations order to members of the Grantee's Immediate Family to the extent and in the manner determined by the Administrator. Notwithstanding the foregoing but subject to Applicable Laws and local procedures, the Grantee may designate a beneficiary of the Grantee's Award in the event of the Grantee's death on a beneficiary designation form provided by the Administrator.
 - k Time of Granting Awards. The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such later date as is determined by the Administrator.
- 7 Award Exercise or Purchase Price, Consideration and Taxes.
- a Exercise or Purchase Price. The exercise or purchase price, if any, for an Award shall be as follows:
 - i In the case of an Incentive Stock Option:
 - (A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or
 - (B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.
 - ii In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.
 - iii In the case of a SAR, the base amount on which the stock appreciation is calculated shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.
 - iv In the case of other Awards, such price as is determined by the Administrator.
 - v Notwithstanding the foregoing provisions of this Section 7(a), in the case of an Award issued pursuant to Section 6(d) above, the exercise or purchase price for the Award shall be determined in accordance with the provisions of the relevant instrument

evidencing the agreement to issue such Award.

- b Consideration. Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant). In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following, provided that the portion of the consideration equal to the par value of the Shares must be paid in cash or other legal consideration permitted by the Delaware General Corporation Law:
- i cash;
 - ii check;
 - iii surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised, provided, however, that Shares acquired under the Plan or any other equity compensation plan or agreement of the Company must have been held by the Grantee for such period, if any, as required by the Company to avoid adverse accounting treatment;
 - iv with respect to Options, by delivery of a properly executed exercise notice followed by a procedure pursuant to which (A) the Company will reduce the number of Shares otherwise issuable to the Grantee upon the exercise of the Option by the largest whole number of shares having a Fair Market Value that does not exceed the aggregate exercise price for the Shares with respect to which the Option is exercised, and (B) the Grantee shall pay to the Company in cash the remaining balance of such aggregate exercise price not satisfied by such reduction in the number of whole Shares to be issued;
 - v with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or
 - vi any combination of the foregoing methods of payment.
- c Taxes.
- i Tax Withholding in General. No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any non-U.S., federal, state, or local income and employment tax (including social insurance) withholding obligations, including, without limitation, obligations incident to the receipt of Shares or the disqualifying disposition of Shares received on exercise of an Incentive Stock Option. Upon exercise of an Award the Company or Related Entity employing the Grantee shall withhold or collect from Grantee an amount sufficient to satisfy such tax obligations.
 - ii Withholding in or Directed Sale of Shares. The Company shall have the right, but not the obligation, to deduct from the Shares issuable to a Grantee upon the exercise or settlement of an Award, or to accept from the Grantee the tender of, a number of whole Shares having a Fair Market Value, as determined by the Company, equal to all or any part of the tax withholding obligations of the Company or Related Entity employing the Grantee. The Fair Market Value of any Shares withheld or tendered to satisfy any such tax withholding obligations shall not exceed the amount determined by the applicable minimum statutory withholding rates. The Company may require a Grantee to direct a broker, upon the vesting, exercise or settlement of an Award, to sell a portion of the Shares subject to the Award determined by the Company in its discretion to be sufficient to cover the tax withholding obligations of the Company or Related Entity employing the Grantee and to remit an amount equal to such tax withholding obligations to such employer in cash.
- 8 Exercise of Award.
- a Procedure for Exercise.
 - i Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement; provided however, that no Option or SAR granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, shall be first exercisable until at least six (6) months following the date of grant of such Option or SAR (except in the event of such Employee's death, disability or retirement, upon a Corporate Transaction, or as otherwise permitted by the Worker Economic Opportunity Act).
 - ii An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(v).
 - b Exercise of Award Following Termination of Continuous Active Service.
 - i An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Active Service only to the extent provided in the Award Agreement.

- i Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Active Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.
 - ii Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Active Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.
- 9 Conditions Upon Issuance of Shares.
- a Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares pursuant thereto shall comply with all Applicable Laws, and shall be further subject to the approval of counsel for the Company with respect to such compliance.
 - b As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.
- 10 Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company and the requirements of Sections 409A and 424 of the Code to the extent applicable, in the event of any change in the Common Stock effected without receipt of consideration by the Company, whether through merger, consolidation, reorganization, reincorporation, recapitalization, reclassification, stock dividend, stock split, reverse stock split, split-up, split-off, spin-off, combination of shares, exchange of shares, or similar change in the capital structure of the Company, or in the event of payment of a dividend or distribution to the stockholders of the Company in a form other than Common Stock (excepting regular, periodic cash dividends) that has a material effect on the Fair Market Value of Shares, appropriate and proportionate adjustments shall be made in the number and kind of shares subject to the Plan and to any outstanding Awards, the maximum number of Shares with respect to which Awards may be granted to any Grantee in any fiscal year of the Company set forth in Section 6(g)(i), and in the exercise or purchase price per Share under any outstanding Award in order to prevent dilution or enlargement of Grantees' rights under the Plan. For purposes of the foregoing, conversion of any convertible securities of the Company shall not be treated as "effected without receipt of consideration by the Company." Any fractional share resulting from an adjustment pursuant to this Section shall be rounded down to the nearest whole number and the exercise or purchase price per share shall be rounded up to the nearest whole cent. The Administrator in its discretion, may also make such adjustments in the terms of any Award to reflect, or related to, such changes in the capital structure of the Company or distributions as it deems appropriate, including modification of Performance Criteria, Performance Award Formulas and Performance Periods. The adjustments determined by the Administrator pursuant to this Section shall be final, binding and conclusive.
- 11 Corporate Transactions.
- a Termination of Award to Extent Not Assumed in Corporate Transaction. Effective upon the consummation of a Corporate Transaction, all outstanding Awards under the Plan shall terminate. However, all such Awards shall not terminate to the extent they are Assumed in connection with the Corporate Transaction.
 - b Acceleration of Award Upon Corporate Transaction. Except as provided otherwise in an individual Award Agreement, in the event of a Corporate Transaction, for the portion of each Award that is neither Assumed nor Replaced, such portion of the Award shall automatically become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at fair market value) for all of the Shares at the time represented by such portion of the Award, immediately prior to the specified effective date of such Corporate Transaction.
 - c Effect of Acceleration on Incentive Stock Options. Any Incentive Stock Option the exercisability of which is accelerated under this Section 11 in connection with a Corporate Transaction shall remain exercisable as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded. To the extent such dollar limitation is exceeded, the excess Options shall be treated as Non-Qualified Stock Options.
- 12 Compliance with Section 409A. The Plan and all Awards granted hereunder are intended to comply with, or otherwise be exempt from, Section 409A. The Plan and all Awards granted under the Plan shall be administered, interpreted, and construed in a manner consistent with Section 409A, as determined by the Administrator in good faith, to the extent necessary to avoid the imposition of additional taxes under Section 409A(a)(1)(B) of the Code. It is intended that any election, payment or benefit which is made or provided pursuant to or in connection with any Award that may result in Section 409A Deferred Compensation shall comply in all respects with the applicable requirements of Section 409A. In connection with effecting such compliance with Section 409A, the following shall apply:
- a Notwithstanding anything to the contrary in the Plan, to the extent required to avoid tax penalties under Section 409A, amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the Plan on account of, and during the six (6) month period immediately following, the Grantee's termination of Continuous Active Service shall instead be paid on the first payroll date after the six-month anniversary of the Grantee's "separation from service" within the meaning of Section 409A (or the Grantee's death, if earlier);

- a Neither any Grantee nor the Company shall take any action to accelerate or delay the payment of any amount or benefits under an Award in any manner which would not be in compliance with Section 409A;
 - b Notwithstanding anything to the contrary in the Plan or any Award Agreement, to the extent that any Section 409A Deferred Compensation would become payable under the Plan by reason of a Corporate Transaction, such amount shall become payable only if the event constituting the Corporate Transaction would also constitute a change in ownership or effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Section 409A. Any Award which would result in the payment of Section 409A Deferred Compensation and which would vest and otherwise become payable upon a Corporate Transaction as a result of the failure of the Award to be Assumed or Replaced in accordance with Section 11(b) shall vest to the extent provided by such Award but shall be converted automatically at the effective time of such Corporate Transaction into a right to receive, in cash on the date or dates such Award would have been settled in accordance with its then existing settlement schedule, an amount or amounts equal in the aggregate to an amount which preserves the compensation element of the Award at the time of the Corporate Transaction;
 - c Should any provision of the Plan, any Award Agreement, or any other agreement or arrangement contemplated by the Plan be found not to comply with, or otherwise be exempt from, the provisions of Section 409A, such provision shall be modified and given effect (retroactively if necessary), in the sole discretion of the Administrator, and without the consent of the holder of the Award, in such manner as the Administrator determines to be necessary or appropriate to comply with, or to effectuate an exemption from, Section 409A;
 - d Notwithstanding the foregoing, neither the Company nor the Administrator shall have any obligation to take any action to prevent the assessment of any tax or penalty on any Grantee under Section 409A and neither the Company nor the Administrator will have any liability to any Grantee for such tax or penalty.
- 13 Term of Plan. The Plan shall continue in effect until June 23, 2025, unless sooner terminated. Subject to Applicable Laws, Awards may be granted under the Plan upon its becoming effective.
- 14 Amendment, Suspension or Termination of the Plan.
- a The Board may at any time amend, suspend or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by Applicable Laws, or if such amendment would change any of the provisions of Section 4(b)(vii) or this Section 14(a). Notwithstanding any other provision of the Plan to the contrary, the Board may, in its sole and absolute discretion and without the consent of any participant, amend the Plan or any Award Agreement, to take effect retroactively or otherwise, as it deems necessary or advisable for the purpose of conforming the Plan or such Award Agreement to any present or future law, regulation or rule applicable to the Plan, including, but not limited to, Section 409A.
 - b No Award may be granted during any suspension of the Plan or after termination of the Plan.
 - c No suspension or termination of the Plan (including termination of the Plan under Section 13, above) shall adversely affect any rights under Awards already granted to a Grantee.
- 15 Reservation of Shares.
- a The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.
 - b The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.
- 16 Rights as a Stockholder.
- a A Grantee shall have no rights as a stockholder with respect to any Shares covered by an Award until the date of the issuance of such Shares (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company). No adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date such Shares are issued, except as provided in Section 10 or another provision of the Plan.
 - b During any period in which Shares acquired pursuant to an Award remain subject to vesting conditions, the Grantee shall have all of the rights of a stockholder of the Company holding shares of Common Stock, including the right to vote such Shares and to receive all dividends and other distributions paid with respect to such Shares, subject to the limitations set forth in Section 6(g)(iv) of the Plan.
- 17 Delivery of Title to Shares. Subject to any governing rules or regulations, the Company shall issue or cause to be issued the Shares acquired pursuant to an Award and shall deliver such Shares to or for the benefit of the Grantee by means of one or more of the following: (a) by delivering to the Grantee evidence of book entry shares of Common Stock credited to the account of the Grantee, (b) by depositing such Shares for the benefit of the Grantee with any broker with which the Grantee has an account relationship, or (c) by delivering such Shares to the Grantee in certificate form.
- 18 Fractional Shares. The Company shall not be required to issue fractional shares upon the exercise or settlement of any Award.
- 19 No Effect on Terms of Employment/Consulting Relationship. The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Active Service, nor shall it interfere in any way with his or her right or the right of the Company or any Related Entity to

terminate the Grantee's Continuous Active Service at any time, with or without Cause, and with or without notice. The ability of the Company or any Related Entity to terminate the employment of a Grantee who is employed at will is in no way affected by its determination that the Grantee's Continuous Active Service has been terminated for Cause for the purposes of this Plan.

- 20 No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Retirement Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.
- 21 Forfeiture Events.
- a The Administrator may specify in an Award Agreement that the Grantee's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of Continuous Active Service for Cause or any act by a Grantee, whether before or after termination of Continuous Active Service, that would constitute Cause for termination of Continuous Active Service, or any accounting restatement due to material noncompliance of the Company with any financial reporting requirements of securities laws as a result of which, and to the extent that, such reduction, cancellation, forfeiture, or recoupment is required by applicable securities laws, including, without limitation, Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.
 - b If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, any Grantee who knowingly or through gross negligence engaged in the misconduct, or who knowingly or through gross negligence failed to prevent the misconduct, and any Grantee who is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, shall reimburse the Company for (i) the amount of any payment in settlement of an Award received by such Grantee during the twelve- (12-) month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever first occurred) of the financial document embodying such financial reporting requirement, and (ii) any profits realized by such Grantee from the sale of securities of the Company during such twelve- (12-) month period.
- 22 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (a) limit, impair, or otherwise affect the Company's or a Related Entity's right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or (b) limit the right or power of the Company or a Related Entity to take any action which such entity deems to be necessary or appropriate.
- 23 Unfunded Obligation. Grantees shall have the status of general unsecured creditors of the Company. Any amounts payable to Grantees pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Related Entity shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Grantee account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Related Entity and a Grantee, or otherwise create any vested or beneficial interest in any Grantee or the Grantee's creditors in any assets of the Company or a Related Entity. The Grantees shall have no claim against the Company or any Related Entity for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.
- 24 Choice of Law. Except to the extent governed by applicable federal law, the validity, interpretation, construction and performance of the Plan and each Award Agreement shall be governed by the laws of the State of California, without regard to its conflict of law rules.

APPENDIX B

Reconciliation of GAAP and Non-GAAP Financial Measures

The Compensation Discussion and Analysis section (“CD&A”) of this Proxy Statement contains non-GAAP financial measures for gross margin and operating margin. Lumentum believes this non-GAAP financial information provides additional insight into the Company’s on-going performance and has therefore chosen to provide this information to investors for a more consistent basis of comparison and to help them evaluate the results of the Company’s on-going operations and enable more meaningful period to period comparisons. Specifically, the Company believes that providing this information allows investors to better understand the Company’s financial performance and, importantly, to evaluate the efficacy of the methodology and information used by management to evaluate and measure such operating performance. However, these measures may be different from non-GAAP measures used by other companies, limiting their usefulness for comparison purposes. The non-GAAP financial measures used in this Proxy Statement should not be considered in isolation from measures of financial performance prepared in accordance with GAAP. Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. In particular, many of the adjustments to our GAAP financial measures reflect the exclusion of items that are recurring and will be reflected in our financial results for the foreseeable future. Further, these non-GAAP financial measures may not be comparable to similarly titled measurements reported by other companies.

Non-GAAP gross margin and non-GAAP operating margin exclude (i) stock-based compensation, (ii) inventory write-downs and fixed asset impairment due to cancelled programs, plans to exit certain lines of business and other costs and contingencies unrelated to current and future operations, (iii) acquisition and disposition related costs, (iv) integration related costs, (v) amortization of acquired intangibles, (vi) amortization of fair value adjustments, (vii) restructuring and related charges, (viii) non-cash interest expense, (ix) foreign exchange (gains) losses, net, (x) impairment charges, (xi) transferring product lines to Thailand, (xii) excess and obsolete inventory charges driven by the decline in demand from Huawei, (xiii) certain expenses related to the COVID-19 outbreak, and (xiv) non-cash income tax provision impacts. The presentation of these and other similar items in Lumentum’s non-GAAP financial results should not be interpreted as implying that these items are non-recurring, infrequent or unusual.

A quantitative reconciliation between GAAP and non-GAAP financial data with respect to historical periods is included in the table below.
