## Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

*INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.*

#### PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

| Name of Holder | No. and Class of Securities Now Held | % of Voting Power Prior to Offering |
|----------------|--------------------------------------|-------------------------------------|
| Gary Skulnik   | 623268.0 Common shares               | 26.49                               |

*INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.*

*To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control – as, for example, a co-trustee) they should be included as being "beneficially owned." You should include an explanation of these circumstances in a footnote to the "Number and Class of Securities Now Held." To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.*

#### BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

*INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and "read more" links in an uncollapsed format. All videos will be transcribed.*

*This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.*

#### RISK FACTORS

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the**

accuracy or completeness of any offering document or literature.

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

The Company has only a limited operating history on which investors may base their evaluation of us and there are various particular risks associated with the Company's community solar business.

Your ability to liquidate your investment is limited because of transfer restrictions, and the lack of a trading market.

We expect to have further needs for capital following this offering, which will result in further need to get new investment.

**Ability to Implement and Manage Growth Strategy.** Although the Company expects to experience significant growth in a relatively short period of time, and its operations may grow rapidly, the Company's revenues may not continue to grow at the same rate. Implementation of the Company's growth strategy may impose a significant strain on the Company's management, operating systems and financial resources. Failure by the Company to manage its growth, or unexpected difficulties encountered during expansion, could have a material adverse impact on the Company's results of operations or financial condition.

We could be adversely affected by changes in customer preferences and technology.

The community solar project industry is subject to rapid and significant changes in customer preferences, needs and technology. There can be no assurance as to the effect of such technological changes on the Company or that the Company will not be required to expend substantial financial resources in the development or implementation of new competitive technologies in the future. There can be no assurance that the occurrence of any of these events would not have a material adverse effect on the Company's business and the results of its operations.

There are many risks associated with our expansion.

The Company plans to initiate and then expand a distribution network, including through representative agreements and/or through licensing arrangements. Any expansion of operations the Company may undertake will entail risks since any expansion may involve specific operational activities which may negatively impact the profitability of the Company. Expansion of operations may ultimately involve expenditure of funds beyond those available to the Company and may divert management's attention and resources away from its existing operations.

There are ongoing and future risks from the COVID-19 pandemic that may impact our ability to scale. If the economic fall-out from COVID-19 worsens, there may be less community solar projects financed and built. Stay-at-home orders impact our ability to acquire new customers.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.*

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

- any director or officer of the issuer;
- any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
- if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
- or (4) any immediate family member of any of the foregoing persons.

Yes  
 No

For each transaction specify the person, relationship to issuer, nature of interest in transaction, and amount of interest.

*INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.*

*Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.*

*The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.*

*Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.*

## FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

- Yes  
 No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

### Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

#### Overview

Neighborhood Sun runs the Sun Engine(tm) advanced software platform, which provides customer acquisition and management to connect thousands of residents to community shared solar projects. Our team of 25+ is dedicated to bringing the promise of solar to everyone, not just the select few.

We want to be a national company with more than 300,000 customers as part of our distributed utility of the future. Community solar is the start for us, because it helps fight climate change and save people money, but we are excited to expand into related clean energy business lines. Forward-looking projections cannot be guaranteed.

#### Milestones

Neighborhood Sun Benefit Corp was incorporated in the State of Maryland in November 2016.

Since then, we have:

- Proven track record of success- kilowatts under management grew 550% in 2021.
- Sun Engine (tm) advanced software platform is best in breed, fueling rapid growth.
- Community Solar is the hottest part of the entire solar space. Massive growth ahead (not guaranteed).
- Senior management and board have the experience, industry connections, and knowledge to succeed.
- A mission-focused company with a B Corp score that leads the entire community solar industry!
- Recent merger with Astral Power gives us access to massive New York market and stronger mgt team.
- Customer acquisition model beats the competition.

#### Historical Results of Operations

- **Revenues & Gross Margin.** For the period ended December 31, 2020, the Company had revenues of \$893,222 compared to the year ended December 31, 2019, when the Company had revenues of \$727,676. Our gross margin was 33.52% in fiscal year 2020, compared to 91.79% in 2019.
- **Assets.** As of December 31, 2020, the Company had total assets of \$291,163, including \$197,061 in cash. As of December 31, 2019, the Company had \$39,542 in total assets, including \$16,533 in cash.
- **Net Loss.** The Company has had net losses of \$1,089,584 and net losses of \$211,339 for the fiscal years ended December 31, 2020 and December 31, 2019, respectively.
- **Liabilities.** The Company's liabilities totaled \$302,487 for the fiscal year ended December 31, 2020 and \$161,876 for the fiscal year ended December 31, 2019.

#### Related Party Transaction

Refer to Question 26 of this Form C for disclosure of all related party transactions.

## Liquidity & Capital Resources

To-date, the company has been financed with \$153,000 in debt, \$1,155,000 in equity, \$1,975,000 in convertibles, and \$95,000 in SAFEs.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 18 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

## Runway & Short/Mid Term Expenses

Neighborhood Sun Benefit Corp cash in hand is \$670,135, as of March 2022. Over the last three months, revenues have averaged \$109,058/month, cost of goods sold has averaged \$20,640/month, and operational expenses have averaged \$323,287/month, for an average burn rate of \$234,869 per month. Our intent is to be profitable in 18 months.

We have a pipeline of new projects that we are contracted to manage and many of those projects are coming online for us in Q2 2022. We also have significantly increased sales already in 2022 compared to 2021. On the expense side, our costs have increased significantly as we expanded our team to add financial, technology and sales personnel, which will help fuel further growth in 2022 and beyond.

Our revenue should increase to an average of \$300,000 per month. Our expenses should remain approximately the same as they currently stand (about \$323,000/month) though they may increase with new funding to support the further growth of the company.

We are not yet profitable, and we need about \$2-\$3 mm to fund operations until we reach the point of profitability. However, we are planning to invest further in the company in order to accelerate revenue growth, launch new business lines, and expand to new markets.

We have raised capital outside of Wefunder, which covers our current burn. Additionally, we currently 'testing the waters' for a second equity crowdfunding campaign on Wefunder. And plan to embark on a Series A fundraising campaign in the future. Our current group of investors have supported the company through several rounds of funding and we don't expect that to change.

Any projections in the above narrative are forward-looking and not guaranteed.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*

## FINANCIAL INFORMATION

## OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required

statements, in the light of the circumstances under which they are made, not misleading.

The Company is using the services of XX as part of its offering. XX is comprised of XX Investments, LLC, XX Team LLC, and the Lead Investors who provide services on behalf of XX Team LLC. The services of XX are available to companies that offer securities through Wefunder Portal LLC and to investors who invest in such companies through Wefunder Portal, but XX is not affiliated with Wefunder Portal or its affiliates.

XX Investments is the Company's transfer agent and also acts as custodian, paying agent, and proxy agent on behalf of all investors that enter into the Custodial and Voting Agreement with XX Investments through the Wefunder Portal website ("Investors"). XX Investments holds legal title to the securities the Company issues through Wefunder Portal (which are uncertificated) on behalf of Investors. Investors, in turn, hold the beneficial interests in the Company's securities. XX Investments keeps track of each Investor's beneficial ownership interest and makes any distributions to the Investors (or other parties, as directed by the Investors).

In addition to the above services, at the direction of XX Team, XX Investments votes the securities and take any other actions in connection with such voting on behalf of the Investors. XX Investments acts at the direction of XX Team, because XX Team holds a power of attorney from each Investor that has entered into the Investor Agreement to make voting decisions on behalf of that Investor. XX Investments will not charge Investors for its services. XX Investments does charge the Company \$1,000/year for services; however, those fees may be paid by Wefunder Inc. on behalf of the Company.

As noted, XX Team holds a power of attorney from each Investor that has entered into the Investor Agreement to make voting decisions on behalf of that Investor. Pursuant to the power of attorney, XX Team will make voting decisions and then direct XX Investments to vote and take any other actions in connection with the voting on Investors' behalf. XX Team will act, with respect to the Company, through our Lead Investor, who is a representative of XX Team. As compensation for its voting services, each Investor authorizes XX Investments to distribute to XX Team 10% of any distributions the Investor would otherwise receive from the Company. XX Team will share its compensation with our Lead Investor. XX Team, through our Lead Investor, may also provide consulting services to the Company and may be compensated for these services by the Company; although, fees owed by the Company may be paid by Wefunder Inc. XX Team will share its consulting compensation with our Lead Investor.

The Lead Investor is an experienced investor that we choose to act in the role of Lead Investor, both on behalf of the Company and on behalf of Investors. As noted, the Lead Investor will be a representative of XX Team and will share in compensation that XX Team receives from the Company (or Wefunder Inc. on the Company behalf) or from Investors. The Lead Investor will be chosen by the Company and approved by Wefunder Inc., and the identify of the Lead Investor must be disclosed to Investors before Investors make a final investment decision to purchase the Company's securities. Investors will receive disclosure regarding all fees that may be received by the Lead Investor. In addition to the fees described above, the Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a special purpose vehicle ("SPV") for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that SPV (and as a supervised person of Wefunder Advisors) and may be compensated through that role. Although the Lead Investor may act in multiple roles and be compensated from multiple parties, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of the Company's securities. As a result, the Lead Investor's interests should always be aligned with those of the Investors.

Investors that wish to purchase the Company's securities through Wefunder Portal must agree to (1) hire XX Investments to serve as custodian, paying agent, and proxy agent with respect to the Company's securities; (2) give a power of attorney to XX Team to make all voting decisions with respect to the Company's securities; and (3) direct XX Investments to share 10% of the Investor's distribution from the Company with XX Team. The Company may waive these requirements for certain investors with whom the Company has a pre-existing relationship.

The XX arrangement described above is intended to benefit the Company by allowing the Company to reflect one investor of its capitalization table (XX Investments) and by simplifying the voting process with respect to the Company's securities by having one entity (XX Team), through one person (the Lead Investor), make all voting decisions and having one entity (XX Investments) carry out XX Team's voting instruments and any take any related actions. The XX arrangement also is intended to benefit Investors by providing the services of an experienced Lead Investor (acting on behalf of XX Team) who is expected to make value-maximizing decisions regarding Investors' securities. XX Team (acting through the Lead Investor) may further benefit both the Company and Investors by providing consulting services to the Company that are intended to maximize both the value of the Company's business and also the value of its securities.

*INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:*

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

## ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

**120 days after the end of each fiscal year covered by the report.**

33. Once posted, the annual report may be found on the issuer's website at:

<http://neighborhoodsun.solar/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
