GlobeChat Vision

One unified
communications network to
connect the entire planet

GlobeChat enables people anywhere in the world to connect with others on Android, Apple and Windows mobile devices, tablets, laptops and desktops regardless of language or location.

GlobeChat translates multiple real-time messages in 41 languages within one-to-one, private group and public global chat environments.

GlobeChat allows live video chats with anyone anywhere in the world.

GlobeChat utilizes a colorful user-friendly map based design to provide a simple and intuitive visual experience.

GlobeChat has the ability to reach more than four billion people, appeals to every age demographic, and launched in 200+ Countries on April 1, 2016.
