Dear Mr. Sisk:

We have reviewed your draft registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by providing the requested information and either submitting an amended draft registration statement or publicly filing your registration statement on EDGAR. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing the information you provide in response to these comments and your amended draft registration statement or filed registration statement, we may have additional comments.

General

1. Please supplementally provide us with copies of all written communications, as defined in Rule 405 under the Securities Act, that you, or anyone authorized to do so on your behalf, present to potential investors in reliance on Section 5(d) of the Securities Act, whether or not they retain copies of the communications, as applicable.
2. We note that you have included images in the prospectus. If there are other graphics, maps, photographs, and related captions or other artwork including logos that you intend to use in the prospectus, please provide us with copies and note that such graphics and

pictorial representations should not be included in any preliminary prospectus distributed to prospective investors prior to our review.

3. We note your disclosure on page 63 that, in a concurrent transaction with the public offering, Melco International intends to purchase ordinary shares from you in the form of ADSs needed for the distribution in specie and that the purchases will be at the public offering price of the ADSs. Please provide us with your analysis as to how this separate transaction and distribution will be exempt from registration and consistent with Section 5 of the Securities Act.
4. We note your disclosure on page 24 that you are in the early stages of development of the remaining project. Please revise your disclosure, where applicable, to provide the anticipated completion date, scope of development, costs incurred to date and budgeted costs. Finally, please tell us the status of the extension on the land concession contract you requested with the Macau government.

Use of Proceeds, page 54

5. Please revise to describe the interest rate and maturity of the indebtedness. If any of the indebtedness was incurred within the past year, please revise to disclose the uses to which the proceeds of such indebtedness were put. Refer to Item 3.C.4 of Form 20-F.

Dilution, page 57

6. Please revise to provide the information required by Item 9.E.1. of Form 20-F or tell us why such revisions are not necessary.

7. We note your disclosure on pages 70-71 in regards to Studio City Casino's gross gaming revenues and the recognized revenue after the Gaming Operator deducted tax and costs incurred in connection with its operation of Studio City Casino. Please revise your disclosure here and elsewhere to discuss in greater detail the deducted tax and costs incurred along with any relevant terms of the agreements between Studio City and Melco Resorts related to the tax and costs.

Statement of Operations, page F-4

8. Please revise your Statements of Operations to disclose related party amounts associated with the line items presented. Reference is made to Rule 4-08(k) of Regulation S-X.

Please tell us how you considered the guidance in ASC 810 in determining that Gaming Operator is not a variable interest entity and you should not consolidate it. Include in your analysis the following:
 - An explanation of the design and purpose of Gaming Operator and the Company along with the effect regulations had on the designs of the respective entities;
 - Your consideration of the Company and Gaming Operator being under common control on your analysis; and

Please revise to provide qualitative financial statement disclosures of the potential impact that this standard will have on your financial statements when adopted. In this regard, include a description of the effects of the accounting policies that you expect to apply, if determined, and a comparison to your current revenue recognition policies. Describe the status of your process to implement the new standard and the significant implementation matters yet to be addressed. In addition, to the extent that you determine the quantitative impact that adoption of Topic 606 is expected to have on your financial statements, please also disclose such amounts.
