00:12 We address 4 key challenges of the Crypto industry
00:16 First key challenge is "No Independent Structured Rating Agency for Crypto Assets"
00:21 we believe in solving this problem with our Crypto Asset Rating Platform - CARP
00:26 Crypto asset rating is any independent structured rating agency that brings transparency to help investors
00:34 we cover 4 risks in our analysis
00:36 business risk
00:38 technology risk
00:39 legal risk
00:40 and finally financial risk
00:42 second key challenge in crypto world is "no liquidity for illiquid asset market"
00:47 we solve this problem with our tokenization asset platform
00:51 tokenization asset platform - TAP is the software as a service platform to create compliant digital securities
00:58 TAP offers issuers & brokers-dealers the opportunity to tokenize assets using smart contract
01:05 TAP platform offers lock period, vesting, securities recovery process, e-signature, compliance, counsel approvals, transfer restrictions etc.
01:15 According to FINOA expected tokenization market by 2027 is 24 trillion dollars
01:22 TAP has a great potential to tokenize these assets in a regulated way by transforming capital markets
