For more than 25 years, I've used cell engineering and microbiology to find solutions to societal needs like pain treatment, cancer, vaccines, and renewable energy.

Experience

CEO and Co-Founder

Neurocarrus

Dec 2015 – Present · 2 yrs 11 mos

Professor

University of Nebraska

1990 – Present · 28 yrs

Adjunct Professor

University of California, Santa Cruz

Jan 2017 – Present · 1 yr 10 mos
California

Microbiology and Environmental Toxicology

Education

Stanford University School of Medicine

Postdoctoral

UC Berkeley

Postdoctoral

University of California, Davis

Doctor of Philosophy - PhD, Microbiology, General

Skills & Endorsements

Biochemistry · 7

Endorsed by David D. Dunigan, who is highly skilled at this

Microbiology · 7

Gulnara Bekieva and 6 connections have given endorsements for this skill

Cell Culture · 6

Gulnara Bekieva and 5 connections have given endorsements for this skill
