Prospectus Cover Page, page i

1. We note your disclosure elsewhere that you expect the ordinary shares and warrants to begin separate trading on the 90th day following the date of your prospectus unless Chardan determines that an earlier date is acceptable. Please revise your cover page to disclose when you expect separate trading to occur and the factors Chardan will consider in determining whether to allow separate trading.

Summary

Market Opportunity, page 3

2. We note your disclosure that you intend to focus on businesses within the fintech business space, including the “insurtech” area. Please revise to provide a more specific discussion of “insurtech,” including a clear description of the services that may be provided within that area.
3. Please disclose the name and date of each third-party publication and report from which you have derived the market and industry data that is used throughout the prospectus at first use. In this regard, we note you reference certain market and industry data from reports prepared by Accenture and KPMG.

Investment Criteria , page 4

4. You disclose that you intend to acquire companies or assets with an enterprise value between \$200 million and \$1 billion. Please expand your disclosure to clarify that if you consummate a business combination in accordance with your intended criteria, additional consideration may be required to supplement the estimated net proceeds from this offering of \$50,000,000 and discuss alternative financing methods you will consider in order to complete such transaction. In addition, please reconcile this disclosure with your disclosure at page 39 that you believe the net proceeds of this offering will be sufficient to allow you to consummate a business combination.

Risk Factors, page 19

5. The description of your officers' and directors' experience on pages 88 and 89 indicates that your officers and directors are located outside of the United States. Please advise whether your executive officers and directors reside in the United States. If not, please include a risk factor addressing the risk to U.S. stockholders of effecting service of process, enforcing judgments and bringing original actions in foreign courts to enforce liabilities based on the U.S. federal securities laws.

Use of Proceeds, page 56

6. We note you disclose that you intend to repay \$126,000 in loans and advances from your initial shareholder from the proceeds of this offering and that you will repay \$25,050 to an affiliate of your initial shareholder upon consummation of this offering. We also note that footnote (2) to your capitalization table on page 44 indicates that you intend to repay \$135,000 to a related party and third party concurrently with this offering. Please reconcile these disclosures and revise your tabular disclosure here and the disclosure on page 64 to quantify the amount of net proceeds that will be used to repay loans and advances from these related parties.
