Published on LinkedIn

Cloud DX needs your help with the Interface Health Challenge 2016. Last year we previewed part of our XPRIZE submission, the Vitaliti wearable, and we came in second place. This year we are previewing another element of XPRIZE submission, our acoustic cough analyzing app that diagnoses 7 different respiratory illnesses by "listening" to your cough and processing the acoustical signature of your cough via our mobile app. This app will bring diagnostic...
