These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

- (11) HAIK KOACHARIAN IS A PART TIME OFFICER, IT IS LIKELY THAT THE COMPANY WILL NOT MAKE THE SAME
PROGRESS AS IT WOULD IF THAT WERE NO THE CASE.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer’s business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified. Add additional lines and number as appropriate.

THE OFFERING

9. What is the purpose of this offering? TO BUILD UP WORKING CAPITAL FOR GENERAL CORPORATE PURPOSE WHICH INCLUDES SPECIFIC ITEMS LISTEN IN ITEM 10 BELOW:

10. How does the issuer intend to use the proceeds of this offering?

	If Target Offering Amount Sold	If Maximum Amount Sold
Total Proceeds	\$ 50,000	\$ 100,000
Less: Offering Expenses		
(A) WE FUNDER FEE	3,750	7,500
(B)		
(C)

(A) PRODUCTION COSTS	37,500	75,000
(B) EDTING	8,750	17,500
(C)

INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity.

DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

If we reach our target offering amount prior to the deadline, we may conduct an initial closing of the offering early if we provide notice about the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Wefunder will notify investors if we conduct an initial closing. Thereafter, we may conduct additional closings from time to time at our and Wefunder's discretion until the deadline date.

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the investor.

1. Investor Commitment. The Investor will submit, through Wefunder Portal, a requested investment amount. When doing so, the Investor will also execute an investment contract with the Company ("Investment Agreement"), using the Investor's electronic signature.
2. Acceptance of the Investment. If the Investor Agreement is complete, the Investor's commitment will typically be recorded within a few minutes. The commitment will also be available on the Investor's "My Investments" screen on the wefunder.com website. After the offering closes, the contract will be counter-signed by the Company. The executed investment contract will then be sent to the investor via email, and is also available to download on the "My Investments" screen.
3. Investor Transfer of Funds. Upon receiving confirmation that an investment has been accepted, the Investor will be responsible for transferring funds from a source that is accepted by Wefunder Portal into an escrow account held with a third party bank on behalf of issuers offering securities through Wefunder Portal.
4. Progress of the Offering. The Investor will receive periodic email updates on the progress of the offering, including total amounts raised at any given time, and will be notified by email and through the "My Investments" screen when the target offering amount is met.
5. Closing: Original Deadline. Unless we meet the target offering amount early, Investor funds will be transferred from the escrow account to the Company on the deadline date identified in the Cover Page to this Form C and the Company's Wefunder Portal Profile.
6. Early Closings. If the target offering amount is met prior to the original deadline date, we may close the offering earlier, but no less than 21 days after the date on which information about the Company, including this Form C, is posted on our Wefunder Portal Profile. We will reschedule the offering deadline, and at least five days prior to the new deadline, investors will receive notice of it by email and through the "My Investments" screen. At the time of the new deadline, your funds will be transferred to the Company from the escrow account, provided that the target offering amount is still met after any cancellations.
7. Book Entry. Investments may be in book entry form. This means that the Investor may not receive a certificate representing his or her investment. Each investment will be recorded in our books and

records and will be recorded in each Investors' "My Investments" screen. The Investor will also be emailed the Investment Agreement again. The Investment Agreement will also be available on the "My Investments" screen. At the option of the Company, you may receive an electronic certificate.

12. How can an investor cancel an investment commitment?

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the

investment, or the offering does not close, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

In addition, we may cap at 450 the total number of investors who will be allowed to invest through the offering that are not "accredited investors," as defined in Rule 501(a) of Regulation D under the Securities Act of 1933. In the event that more than 450 non-accredited investors are initially accepted into an offering in step (2) described in Question 11, the Company may cancel investments based on the order in which payments by Investors were received, or other criteria at the discretion of the Company, before the offering deadline.

Ownership and Capital Structure

THE OFFERING

13. Describe the terms of the securities being offered.

The company is issuing promissory notes to investors. The principal amount of each note is the amount invested by the investor. Assuming \$100,000 is raised in the Wefunder offering, the company will use 20% of its adjusted net profit to pay back principal on the notes. If the Wefunder Offering raises a lower amount, the company will use such lower proportionate percentage of Company Adjusted Net Profit. Each Lender in the offering will receive their Pro-Rata Share of the total Profit Percentage for any year, up to the Repayment Amount. For purposes of clarity, if the offering raises \$50,000, the Profit Percentage will be 10% of Adjusted Net Profit.

Each note will be paid back based on its pro rata share of all notes issued in this offering. The company will make interest payments to the investor annually. The company may prepay principal and interest at any time. The company will continue payments until investors have received 2.0x their principal investment (the repayment amount) , provided however that at any time the company may defer up to 1 such payments upon notice to the Lender.

Upon the occurrence of an event of default (as defined in each note), all unpaid principal, accrued interest and other amounts owing will automatically be immediately due, payable and collectible by the company pursuant to applicable law.

“Adjusted Net Profit” shall mean gross revenues less operating expenses (including accounting services, banking and administrative fees, commissions, legal services, reimbursed operating expenses and payments to independent analysts) and taxes reported on the statement of operations in the Borrower's calendar year financial statements.

“Payment End Date” means May 31, 2030.

“Payment Start Date” means May 31 of the year following the first year for which the Company reports Adjusted Net Profit, subject to a Permitted Deferral.

The notes do not provide investors with any voting rights in the company.

See exact security attached as Appendix B, Investor Contracts.

14. Do the securities offered have voting rights?

- Yes
- No

15. Are there any limitations on any voting or other rights identified above?

- Yes: No Voting Rights
- No

16. How may the terms of the securities being offered be modified?

Any provision of this instrument (other than the Repayment Amount) may be amended, waived or modified as follows: upon the written consent of the Borrower the holders of a majority in principal of the Repayment Amounts of all Notes.

RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term “accredited investor” means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term “member of the family of the purchaser or the equivalent” includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term “spousal equivalent” means a cohabitant occupying a relationship generally equivalent to that of a spouse.

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
--------------------------	--------------------------------------------------	---------------------------------------------------	--------------------------

Class of Security	This is an LLC with no issued units. Securities Reserved for Issuance upon Exercise or Conversion		
Warrants:			
Options:			

Describe any other rights:

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

Because the Investor holds no voting rights in the company, the holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These decisions could affect gross revenues and diminish payments made to Investors.

Based on the risk that the company may never realize revenues that exceeds expenses, realize any revenues at all, or face a Default Event, the Investor may never see any returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

None

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, the members may make decisions with which the Investor disagrees, or that negatively affect the gross revenues or expenses of the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, the members may change the terms of the operating agreement for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. The members may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

The members have the right to redeem their securities at any time. Members could decide to force the Company to redeem their securities at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFEs, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be negatively affected.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

The value of the promissory notes will be determined by the Company's senior management in accordance with U.S. generally accepted accounting principles. For example, the notes may be valued based on principal plus anticipated interest payments over the course of the term of the note.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its management, and the Investor will have no independent right to name or remove an officer or member of the management of the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors including other similar agreements, which may increase expenses and therefore delay or prevent payments to investors. Further, if the investor were to own equity, additional issuances of securities would dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to

make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from members, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As the owner of debt instrument of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company to manage the Company so as to maximize value for members. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company. If the Management of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its unitholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

I am Like You Film, LLC has been formed as a single purpose New York limited liability company to serve solely as a vehicle for the production of the film, I am Like You. Haik Kocharian will serve as the film's writer, director, and supervising producer.

The company aims to achieve success with the film at film festivals. The company will also strive for theatrical, television, and digital media distribution. Ultimately, we hope the film will encourage debate on the relevant topics of animal cruelty and assisted suicide for the terminally ill, among other topics. We also hope for commercial and critical success of the film.

Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future, if any.

Milestones

I AM LIKE YOU FILM, LLC was incorporated in the State of New York in March 2016.

Since then, we have:

- A story of friendship between a wolfdog, Lucky, and a teenage boy, Sean, and the journey of Lucky in search of his best friend.
- \$100K invested. Approx. 75% of the film has been shot; funds raised herein will be used for the last leg of the production and postproduction.
- The film has been registered with and is monitored by The Humane Society; whose representatives are on set during each animal scene.
- Year-long and four-season production, which allows the boy and the wolfdog to grow older in real time and to build a genuine friendship.
- This film is unique because of the multidimensional lead character, Lucky – a wolfdog capable of emotions such as love, longing, and loyalty.
- Established long-term relationships within the community of Bozeman, Montana, hiring local actors, producers, animal trainers, and vendors.
- With millions of national and global dog lovers, this film's market could be significant, attracting large audiences across the world.

Liquidity & Capital Resources

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 8 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.
