## The Future Of Fintech

As a founder and CEO of a **disruptive FinTech** company I believe what we are doing is very important to so many people, exciting, and something that I and my Co-Founders are **incredibly proud to create**.

To support our recent growth we are conducting a **Regulation CF (Crowdfunding)** round of funding which **you can be part of!**

This next round of funding will help the company grow its technology platform, user base, and global reach.

Since you follow CalTier it's safe to say you **like what we do**, the service we provide, and the platform we have created to give access to typically **hard-to-reach alternative investments** such as real estate.

***Please stay tuned and watch for the updates to come.***

Thanks,

Matt

Co-Founder and CEO

## The Power of the Crowd

We are now only **days away** from CalTier's funding launch.

As one of the leaders in the alternative investment crowdfunding space, we have been operating the [CalTier](#) real estate fund and have seen the benefits. ***Clearly, we believe in the power of the crowd and wholeheartedly buy into that concept as the future of financing.***

*In fact, According to [Pitchbook](#) data, global crowdfunding exploded from \$8.61 billion in 2020 to \$113.52 billion last year – thats **a 1,021% increase.***

It is for that reason we are using Regulation Crowdfunding (Reg CF) for the next round of funding for the continued **growth of the company**. In a few days, the round will open and you will be able to become a **shareholder in CalTier, Inc** which is the company that manages the platform, real estate fund, and investments.

For as little as **\$1,000 entry point** you can own shares in CalTier, Inc.

I sincerely hope you take a close look at joining us because we are incredibly excited about the future of this industry.

Much more to follow as we get closer to launch day.

Thanks

Matt
