Summary

About:

I'm an entrepreneur with a history as an acclaimed distiller and art director. My interdisciplinary approach to business has given me the opportunity to develop celebrated whiskys, rums, and some of the world's most innovative immersive experiences.

Highlights:

Built a company with over 100 employees and \$10 million in annual revenue.

Raised over \$11 million in funding from institutional investors and the public via JOBS act tools.

Personally developed and patented novel chemical engineering tools in the distilled spirits industry.

Designed and project managed multiple award winning immersive experiences and shows.

Select Accolades:

2023 Best Shows in Las Vegas - Thrillist

2022 Best Drinking Experience - Men's Journal

2022 Best of Las Vegas - LV Weekly
