### Our Team

**Mary June Makoul** CEO and Founder

25+ years of high tech management and marketing with numerous awards and accolades for innovation in branding and strategic vision.

Many storage applications require optimum humidity, temperature and air flow to achieve long term positive results. There was a need for a miniaturized smart atmospheric control technology that can benefit multiple industries.

**Jon Siann** CTO and Founder

Previous company generated \$24M cash exit leveraging less than \$2.8M in Angel investments in less than 15 months.

### High Tech Smart Storage Solutions

Creating a new category of products that solve critical quality, safety and preservation challenges for multiple industries through proprietary, miniaturized Intelligent Atmospheric Control (IAC) Technology.
