Risk Factors

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

No guarantee of return: Investors are entitled to receive a return on their investment only through the securities offered. The return to Investors and the future value of the investment will depend on several factors which cannot be predicted and may be beyond the control of the Company. No assurance can be given as to the ultimate success of the Company. The likelihood of the success of the Company depends on many factors, including general, local, and industry-related economic conditions. If the Company does not generate sufficient revenues, the Investors may not receive any return at all and may lose all their investment. If the Company ceases operations, liquidates, dissolves, winds up, has its assets assigned to creditors, or otherwise

experiences an event that causes a change in control, (“Change in Control”) Investors may not recoup part or all their investment from the Company.

No market and no liquidity: The securities in this Offering are illiquid. That means there is no ready market for the sale of such securities, that it may be difficult or impossible to sell or otherwise dispose of this investment, and Investors should be prepared to hold this investment indefinitely.

Investors will not become owners of the company: Investors will not become owners, members, officers, directors, or partners of the Company and shall have no voting rights. Investors are not entitled to any of the Company's assets, cash flow or profits, other than specific rights set forth in the security Offering.

Securities are unsecured obligations: The Company's obligations under the securities offered are unsecured obligations. This means the security is not protected by a guarantor or collateralized by a lien on specific assets of the borrower in the case of a bankruptcy or liquidation or failure to meet the terms for repayment, except as specifically detailed in the Offering statement and security agreement.

Limited operating history: The Company was formed on 1/28/2020 and has limited operating history. The Company's prospects must be considered in light of the risks frequently encountered by early-stage companies.

Unpredictability of future results: The projected results of the Company's financial position and business operations as reflected in the Financial Projections are based upon certain assumptions and estimates made by Company's management. Actual future financial performance and operating results of the Company may be subject to fluctuations resulting from several factors, many of which are outside the control of the Company. Under no circumstances should such information be construed to represent or predict that the Company will achieve any particular results. We may not be able to generate sufficient cash flow from operations to make scheduled principal and interest payments on the Security. The default provisions are detailed in the Security Agreement.

Management's discretion as to use of proceeds: Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and use of the proceeds of the Offering. While the use of the proceeds as detailed in the Offering Materials is management's intent, management will have discretion to adjust the use of proceeds as it deems appropriate and in the best interest of the Company.

Right to extend the offering deadline: The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Amount even after the Offering Deadline is reached. You have the right to cancel your investment up to 48 hours before an Offering Deadline; however, if you choose to not cancel your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Target Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Amount, at which time it will be released to the Company. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. If the Company reaches the Target Amount prior to the Offering Deadline, they may conduct the first of multiple closings of the Offering prior to the Offering Deadline, provided that the Company gives notice to the investors of the closing at least five business days prior to the closing (absent a material change that would require an extension of the Offering and reconfirmation of the investment commitment). Thereafter, the Company may conduct additional closings until the Offering Deadline. The Company may also end the Offering early; if the Offering reaches its target

offering amount after 21-calendar days but before the deadline, the Company can end the Offering with 5 business days' notice. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to participate.

Additional capital may be required: Although the Company believes the proceeds of this Offering will provide adequate funding to develop and successfully support its business plan, the Company offers no such assurances. If the Company's cash requirements exceed current expectations, the Company may need to raise additional capital. Additional capital could include conducting another crowdfunding raise. There is no guarantee that securing additional capital on acceptable terms will be available when needed. The inability to obtain capital when needed could have a material adverse effect on the Company, including requiring to the Company to experience a change in control or possibly terminate its operations. In either of these scenarios, Investors could lose all, or a significant portion of, their investment. If we incur additional debt, your security may be subordinate to the payment of principal or interest on such future debt and our ability to pay our obligation on the Security may be adversely affected.

Small team of professionals with limited industry experience: The company currently depends upon the ability, skill, and experience of its key personnel. If some key personnel are unable to perform their duties as anticipated, either through unforeseen health issues or premature death, the ability to execute the business plan will be negatively affected.

Supplier relationships: The Company will rely on various suppliers within its supply chain. If the Company is unable to continue these supplier relationships, it may have a material adverse effect on the Company's operational and financial performance.

No audited or reviewed financial statements: The Company has not had its financial information audited or reviewed by an independent certified public accountant and there is no assurance that it will do so in the future. All financial information provided in the Offering Materials has been prepared by the Company's management team.

Tax returns have not yet been filed: Craftspace, Inc. was established on January 28, 2020 and has not yet filed any tax returns.

Unforeseen risks: In addition to the risks listed above, businesses are often subject to unforeseen risks. It is not possible to foresee all risks. Investors are encouraged to carefully analyze the risks and merits of an investment in the Securities prior to making an investment.

11. How will the issuer complete the transaction and deliver securities to the investors?

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the Investor.

1. Eligible Investor Questionnaire - The Investor will be required to complete and submit an Eligible Investor Questionnaire along with a requested investment amount.

2. Investment Agreement - The Investor will also execute an investment agreement with the Company using the Investor's electronic signature.
3. Acceptance of the Investment - If the investment agreement is complete, the Investor's commitment will be recorded. After the Offering closes, either through an initial closing or a final closing, the investment agreement will be counter-signed by the Company. The executed investment agreement will then be delivered to the Investor via email.
4. Investor Transfer of Funds - Upon receiving confirmation that an investment agreement has been accepted, the Investor will be responsible for transferring funds from a source that is acceptable by the Escrow Agent into an Escrow Account held by the Escrow Agent.

The Company has the right to refuse any subscription in its sole discretion for any reason, including the Company's belief that an Investor does not meet the applicable suitability requirements. The Company may make or cause to be made such further inquiry and obtain such additional information as it deems appropriate regarding the suitability of Investors. The Company reserves the right to modify the suitability standards with respect to prospective Investors to comply with any applicable state or local laws, rules, or regulations.

The investment agreement provides the Company the right to cancel the Offering for any reason before the Offering Termination Date.

If the sum of the investment commitments from all Investors does not equal or exceed the target offering amount at the time of the Offering Termination Date, no securities will be sold in the Offering, investment commitments will be cancelled and committed funds will be returned.

Investors shall direct all payments to the Escrow Agent (the "Escrow Agent") to be deposited into the Escrow Account (the "Escrow Account") until the target offering amount has been reached as stated in the disclosure document and provided for in the terms of the escrow agreement. The Escrow Agreement details all terms of the escrow agreement and process and should any information in this document be different than the information contained in the Escrow Agreement, the Escrow Agreement will govern.

The Offering is contingent upon the Company's receipt of the target offering amount prior to the Termination Date. All funds received from Investors will be held in an Escrow Account established by the Escrow Agent until the Minimum Offering Amount has been reached. When the target offering amount has been reached and funds have been received by the Escrow Agent and deposited into the Escrow Account pursuant to the terms of the escrow agreement, and provided that there have been no material changes that would require an extension of the Offering and recommitment of the investment, then, and only then, the Escrow Agent can begin an initial closing consisting of a transfer of Investor funds (net of the escrow fee to be paid to the Escrow Agent), from the Escrow Account to a deposit account maintained by the Company.

Escrow Agent shall release Offering proceeds, less Escrow Agent's fee to the Company only if:

- the aggregate funds deposited into the Escrow Account from all Investors is equal to or greater than the target offering amount;
 - the target offering amount has been deposited into the Escrow Account by the target date;
 - this Form C and the information of this securities offering has been posted and publicly available on the Funding Portal for at least 21 days;
 - the Issuer chooses to close the offering earlier than the target date to reach the target offering amount;
- and,

- the Issuer has notified the investor of the new deadline for the securities offering at least 5 business days prior to the new deadline and investor does not cancel his or her investment commitment at least 48 hours prior to the new deadline (as described in Question 12 below.)

Escrow Agent shall return Investor's funds to the Investor if:

- the target offering amount has not been reached by the target date;
- prior to the target offering amount being reached, Investor gives notice to the Company that it is cancelling its commitment to invest in the Offering and is requesting a return of its funds; or,
- the Company terminates the Offering for any reason prior to the target offering amount is reached by the target date.

If there is a material change to the terms of the Offering or the information provided to the Investor about the Offering and/or the Company, the Investor will be provided notice of the change and must reconfirm their investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, they will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the Investor is required to receive. If a material change occurs within five business days of the maximum number of days the Offering is to remain open, the Offering will be extended to allow for a period of five business days for the Investor to reconfirm.

12. How can an issuer cancel and investment commitment?

Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met.

If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled, and the committed funds will be returned.

The company was formed in January 2020 and has been focusing on research & development of our modular container units. We are gearing up to launch our new website and begin an aggressive marketing and sales program. We have been operating on a very lean budget and have been covering some of our initial operating expenses using funds from loans made by owners of the company. The company has invested approximately \$25,000 in the R&D phase of our modular container units.

As of December 31, 2020, we have realized gross revenue of approximately \$45,572, most of which has been generated by custom projects & consulting fees. Our current Net Income after expenses is approximately (\$60,011). Long-term loans/liabilities to owners are approximately \$60,202.

We currently have one custom project that is pending contract approval and is expected to generate \$200K in gross revenue over the next 12 months, but at this time we need to inject capital to cover costs for building our initial modular container units and overhead associated with bringing the models to market.
