LOCATION

Rule G Brewing Company is poised to enter the market of microbreweries and tap rooms with solid market research, an excellent location, and a well-grounded business plan. Rule G will fill a gap in the local craft brew scene that currently lacks any local competition. In addition, the owner of the location have expressed their excitement at having a microbrewery on their premises, which will equate to increased traffic and business for the plaza as a whole. There is currently no immediate competition from other breweries, with the closest located 10 miles away. Coconut Creek is a busy and affluent area, and Rule G found a site that is well-trafficked and easily accessible. The owner always wanted to start such a venture, and now he is taking the leap!

There is currently no microbrewery in Coconut Creek to serve the 57,000+ population

An already customer base exists surrounding our location in an excellent shopping and other plaza centered area in Coconut Creek, Florida, and is adjoined by several restaurants and other businesses.

Coconut Creek in Broward County is part of the Miami-Fort Lauderdale-West Palm Beach, FL Metropolitan Statistical Area with a median age of 40.8 yrs old population

The surrounding community of individuals and families looking for a unique, safe, accessible place to dine and enjoy other events are who we will serve

Rule G Brewing Company is a local-first brewery which will concentrate on offering a variety of delicious, creative beers brewed on-site

The demand for locally produced, craft beer is on the increase in Florida, as well as the rest of the country

OUR STORY

Family-based team who truly enjoy seeking out craft brewers wherever they travel. Have dreamed of opening their own business in the craft brew industry, and after careful consideration, they are taking the leap.

The more the dream was pursued, the more doors began to open

Rule G Brewing Company will be operated by Dr. Rapa whose son, Cameron, will also be learning the ropes. The Rapa's will be supported by three other core team members who will help grow and evolve the brewing company into a successful mainstay in the community

All are ready, willing, and eager to take on this once in a lifetime opportunity to create a relaxing, social, and fun filled environment

As stated in an earlier update, the membership of SMART Local 33, the union for locomotive engineers and conductors for the local Tri-Rail commuter train service, are supporting us as well. We raise a glass to them and frankly, to ALL of you who are making this dream a reality

Rule G's Brewing Equipment enroute!

Hello everyone, and Happy Belated Thanksgiving! We at Rule G are thankful to all of you for your interest and investment in our dream! Latest from the flight deck: our plumbing work is scheduled to be completed in the next week, and our brewing equipment is expected to be delivered on January 11 and installed soon after. We had to make some unforeseen changes to the fire sprinkler system, and that stopped work for a few days but we are back on track.

We are currently in the process of kicking off another round of crowdfunding investments here on Mainvest, and we hope to have this ready to go by next week. I will send out an update to inform you all. If you know of anyone who wants in on the Rule G action, this will probably be the last time. If you haven't invested yet, or if you would like to increase your investment, you will have the opportunity shortly!

Thanks again for your support; stay tuned...and thirsty!

Ralph and the Rule G Team!

November 4 Buildout Update!!

Greetings all!

We are moving and shaking at Rule G. See the attached photos and compare them with those taken back in September of last year, when we first acquired the location. See my update from the same day in this chain of updates.

Demolition is complete, the ceiling is removed to the bare bones, and the center office area is removed. The bar area is already framed out, as is the kitchen and brewing area, as well as the cold storage. Excavation for plumbing is evident, and underway.

Stay tuned! More to come!

Demo-Day Plus 8!

Greetings all,

Well, if you scroll down to the September 4, 2021 Update, you will see what we used to look like! Now, it is an empty shell, ceilings and walls removed, ready for installation of equipment. As mentioned before, our walk-in refrigeration is already on site, and we will be installing a new set of double doors on the front of the building.

In addition, the faux-wooden floor has been pulled up completely, leaving just the concrete. We plan to start the plumbing and electrical work very shortly. If you are in the area, you can stop by and peek in the windows!

More info coming shortly, thanks
Ralph

OCTOBER 11TH, 2022
Demolition starts 10/17!

Here we go folks, finally!

I had a final notice to proceed meeting with DBuilttek, our architectural and build out firm, and we are starting the demo on Monday, 10/17! We are aiming to have the brewing system delivered and on site by the first week of December. Yes, this pushes back the opening date, but Rome was not built in a day...good things come for those who wait!

DBuilttek will video the demo and stages of construction, and I will share that on our website.

As a reminder, I will be starting another campaign here on Mainvest in the next couple of weeks. If you know of anyone else who is interested in investing, or you are inclined to invest a little more, you will have your chance.

Stay tuned folks, and thanks for your support!

Ralph E. Rapa, Owner

Greetings all! It is October 1 and marks the beginning of our buildout...finally! I managed to raise additional funds over the last several months, and now we have about \$425K wrapped up in the project. Our architectural team will start demolition this week, and you will be seeing more frequent updates with photos as the build out progresses.

Rule G had its first full team meeting yesterday, which included myself, Lisa, Rex, Cameron and Ed. Ed Reardon III is our Operations Manager, and a photo/bio will follow. A marketing campaign, and an additional round of crowdfunding is coming in the next few weeks. If you know of anyone interested in becoming a part of Rule G, you will have your chance shortly!

We hope to be open (soft opening) by the year's end. Stay tuned! Thanks for your support!

SEPTEMBER 20TH, 2022

September Update!

Greetings all Rule G investors and followers,

Here is our latest update. Everything is set to start the build out. I am making the final arrangements for gaining the last bit of financing that I need in order to afford the plumbing and electrical work, as well as demolition. If all goes well, I will have the funds ready this week. Yes, we are a little behind schedule, but are still ready to move once this last piece is in place.

Since the last update, our new Facebook and Twitter fronts are up, running, and receiving a good deal of attention. I have also closed a deal with Touch Bistro, who will provide our POS services. I also had the local Faith Farm Ministry come to clear out all the furniture and items that we do not need...that were left by the previous owner. We plan on doing a LOT of community outreach once we are up and running.

Still aiming to be open by year's end, God willing, and the water doesn't rise! Stay tuned. Feel free to contact me directly with questions.

Thanks!

Ralph

AUGUST 4TH, 2022

August 4 update! Welcome to Lisa Henrie

Greetings Rule G fans and investors! Update from the flight deck: lots going on! First, I would like to welcome Lisa Henrie to the team. See a photo of the lovely Lisa below. She will be handling HR, marketing and social media. She recently re-did our Facebook page, and is in the process of upgrading our website, which is:

RuleGBrewingCompany.com.

The rollout for the new-look website is right around the corner. We are glad to have her on the team!

All of our permits are in place, and we have ordered our walk-in coolers and tap system. Also working on point-of-sale and cable services. We plan to have at least one, possibly two coin-op pool tables; I am currently working on that. We also have a few surprises up our sleeves to add to the fun! Stay tuned for our next update. As usual, you can always reach me for questions,

Thanks,

Ralph

Thanks for your support; have a great Fourth of July!

June 28 Update!

Hello investors and Rule G fans!

We had our kickoff meeting for the buildout this past Friday, and we plan to start interior demolition in the next 2 weeks. It has taken some time, as you well know if you follow us, to get things squared away with the City of Coconut Creek. Onward!

For those of you who are interested in investing with us, but haven't yet, check out our website at RuleGBrewingCompany.com for more details.

Photos of progress to come! Thanks

End of May Update! Great news!

Greetings Rule G fans and investors!

Finally, we have received the news we have been waiting for: we have all of our approvals for the permits from Coconut Creek! I will be signing the final contracts, and then on to demo and build out!

Also good news: our landlord, Phillips Edison Company, will be fronting the over \$50K needed for a third HVAC unit for the property. This will assist us in not having to front the money ourselves. Still on track for a Fall opening. Stay tuned! Thanks,

Ralph

Less than 24 hours left in our round with Mainvest!

Greetings everyone! We have about 16 hours (as of 7:30 am Eastern) for this current round with Mainvest! Thanks so much to everyone who has invested, in either round. Thus far, we have raised almost \$60,000, which will go toward our build-out!

We are one small step away from having our permits approved by the City of Coconut Creek. I had a meeting with our architectural team, DBuilttek, and the owners of the plaza we are in, Phillips Edison (PECO). PECO is going to assist us in pushing through these final comments, and we hope to have that locked down ASAP. I will send out a special update once that occurs.

Thanks again everyone, stay tuned!

April 30 update!

Greetings all!

We have 6 days left in our second, and last round of investment opportunities on Mainvest...if you know of someone who is interested, or you haven't taken the leap yet, there is just a little time remaining!

Updates from the build out. We hope to finally have the permitting done with the City of Coconut Creek this week. We have had to answer a bunch of engineering questions; DBuilttek, the company handling the complete project has been doing a fantastic job, and we are all ready to get this underway. We are still looking at an October opening, all things remaining equal.

More to come! Thanks to all,

Ralph

Thanks to everyone who has invested so far in Rule G Brewing Company, and a special tip of the hat to those who invested in this most recent round! There are still 20 days left in the offering, where you can earn 1.5 times the amount invested. Let's see if we can double the amount!

Happy Passover and Easter Rule G Fans!

Greetings all,

Blessings and peace to you and your families this Season! We keep moving along, and are only \$200 away from our minimum goal of \$10,000 for the current offering from Mainvest! Anybody watching want to play Easter Bunny and put us over the top?

More to come, take care,

Ralph

APRIL 7TH, 2022

Thursday 4/7 Update!

Greetings Rule G Family!

We received more good news yesterday! Our landlord is going to front the money needed for the third HVAC unit needed for the buildout. This is almost \$50K that I don't have to front, and that can be moved immediately to other build out expenses. In addition to the funds that I put down last week for kitchen equipment, to the tune of \$50K, I just plinked down another \$30K for procurement of other necessary materials. We continue to make progress!

In addition to Mainvest, I have been actively seeking other funding that will pay for the project. Tell your friends about this current offering on Mainvest, that only has 29 more days left for investing. We only need \$3,800 to meet our goal this time, and the return is 1.5 times the money invested.

More to come!

Ralph

APRIL 1ST, 2022

April 1 Update!

No fooling here folks...we are on the move! I just put a down payment of \$50K for kitchen equipment and walk in coolers today. We are blessed with an architectural firm, DBuilttek of Miami, FL, who handles the complete management of the project. They take care of gathering bids on all of the necessary equipment and labor. Check them out at DBuilttek.com if you'd like to see their portfolio.

We are still waiting on the final approval from the City of Coconut Creek to begin the demolition of the current interior; this should occur in the next week or so...all things remaining equal.

Thanks to all of our investors, new and old! Stay tuned,

Ralph

MARCH 26TH, 2022

March 26 Update!

Greetings all,

Rule G had its first round of inspections with the State of FL, given our recently-granted beer/wine license. No exceptions taken; they will be back once the brewing system is installed. I am currently working on updating the website, and working a social media expert on launching our marketing campaign. Again, we should have our permits from the City of Coconut Creek in the very near future; all of the work has been done on my part...just waiting for the local government, whose wheels grind slowly...yet exceedingly fine!

We still have 41 days left on the current fundraising round here on Mainvest. We are looking for another \$6500 to reach our goal...pass it on!

More to come, thanks

Ralph

MARCH 19TH, 2022

March 19 Update!

Greetings all,

This is the last update of Winter....hopefully you are ready for Spring. It is HOT here in FL! Time for a cold one....or at least an update about cold ones!

News Flash!: Rule G has been granted its alcohol licenses! This was confirmed yesterday, and restaurant license will follow shortly. Also, I completed a final step with our architects, DBuilttek, and the City of Coconut Creek to have our permits finalized. I want to begin the buildout no later than mid April. According to DBuilttek, we would be looking now at an October opening.

Our second round with Mainvest is a week old; thanks to those of you who have invested so far! If you are on the fence, hop over! Join the only microbrewery-restaurant in Coconut Creek FL, serving Coconut Creek, Parkland, Deerfield Beach, Coral Springs, Margate, and all points! All aboard!

Thanks

Ralph

MARCH 11TH, 2022

March 11 update from Rule G

Greetings all!

Just a quick hello and update. According to DBuilttek, our architectural team, we anticipate the approval of permitting for the build-out by March 18. This would be the necessary authorization from the City of Coconut Creek prior to work commencing.

As for a projected opening date, due to the curves that the world has been throwing at everyone lately, we are looking at October...in time for an Oktoberfest! Again, all things remaining equal.

We had a Zoom meeting with Brian Watson, Brewmaster...live from New Zealand! Brian was a master brewer for Heineken, and is giving us a hand with recipes. Rex Reed, our brewing manager, will be introducing his take on a hoppy porter! More to come...don't want to let the cat out of the bag too soon.

As you know, we have started another round of fund-raising here at Mainvest; tell your friends and family! This one is for the build-out; as you well know, the cost of everything has gone up recently. We thank all of you who have recently invested!

Stay tuned for another update. Happy St. Patrick's Day in the meantime!

Presidents' Day Update from Rule G!

Greetings all!

Here is a quick progress update. My sons and I picked up about 60 kegs from Due South Brewing, which we recently purchased. My garage is quickly filling up with equipment, including the glycol chiller, which arrived just after the New Year. I also met with the architects this past Friday to discuss figures and the bottom line for the buildout, as well as progress with obtaining permits from the City of Coconut Creek. I am happy say that this is progressing well despite the curveballs!

I am looking at starting another round of fund-raising here through Mainvest to cover the costs of the build-out, which will eventually be reimbursed to Rule G by the owner of our building.

Stay tuned and spread the word to anyone who wants to get in on the action! More to come, thanks

February 1 Update for Rule G! Great news!

Greetings all!

Forgive the delay in getting this out to you; in addition to my being sick over the Holidays, most of my family was as well. Thank God we are finally over that!

Great news! I have just received word from our corporate attorney that the Federal Brewer's Notice for Rule G Brewing Company has been approved! We are officially a brewery! Finally, all of the paperwork is falling into place.

In addition, we have submitted the state brewery and retail alcohol license applications to The City of Coconut Creek Zoning on January 20th and they said they are still processing the applications. More on this as it develops.

Our team has a meeting with our brewmaster on recipes next week, so if you have any suggestions, fire away!

I also just purchased about 60 new, empty kegs from a local firm, and will have them delivered to our storage shortly. Actually, it is just my garage until we get the permits from the city! We are moving and shaking, and expect the brewing equipment to be on site by the end of March. Tentative opening date May 1.

Stay tuned!

Thanks

End of Year Report!

Greetings all, and Happy New Year!

I hope you have had fun with those you love over the Holidays! I wish you and yours all the best for 2022. Rule G is waiting to hear back from the City of Coconut Creek regarding our building plans, and we have received favorable consideration from Broward County. DBuilttek has applied for a demolition permit, so we can start the build-out in earnest.

I expect our brewing equipment to arrive in mid-February, so stay tuned! Thanks again for your support! If you have not seen our new website, check out RuleGBrewingCompany.com.

Thanks!

December 15 Update!

Greetings Rule G Fans, here is the update from the Engineer's Seat:

Our architect, DBuilttek, is finalizing its package to present to the City of Coconut Creek for approval.

All the licensing paperwork is in; just playing the waiting game...

Our temporary insurance is bonded and in place.

I did our first report to SBA for the grant we received; I do not plan on spending money from that pool until the buildout.

Our revamped website is up!! RuleGBrewingCompany.com

The glycol chiller for our brewing system has arrived, and is resting comfortably in my garage until it is installed on the roof of our location.

I wish all of you the Happiest of Holidays, which ever one's you celebrate, and a Happy and Prosperous New Year...for all of us! More to come, thanks

Ralph

DECEMBER 1ST, 2021
December 1 Update!

Good morning everyone, and Happy Holidays! Forgive the delay in getting out an update for you; frankly, we are playing the waiting game on the licenses and permits at this point. The latest, good, news is that our equipment is beginning to arrive. We just received our glycol chiller for our brewing system, and expect the system itself to be shipped within the next couple of weeks. We had been held up due to the "supply chain crisis"....getting a container to ship the system in. Things are moving again, thanks be to God!

More soon....things are finally moving into the build-out phase. Thanks,

Ralph

Latest Rule G Investor Update, 10/1/21

Greetings all,

As you can see from our normal updates, we are on the move with regard to licensing, lease, build-out and brewing equipment. We have learned that our brewing equipment will ship in mid-October (thank you Covid-19), and is due to arrive in mid-late-November. We anticipate a soft opening by the end of the year, all things remaining equal. Feel free to fire away with questions!

Thanks,

Ralph

SEPTEMBER 24TH, 2021

September 24 Update!

Greetings all!

Our architects are now in tandem with the manufacturer of our brewing equipment, and the plans/permitting phase of our build-out has begun in earnest. This AWESOME new space in nearby Coconut Creek will afford us enough area for a central bar, as well as a private party room and lots of lounge and table space. I have been gathering up items from my railroad collection for decorating, as well as some awesome prints and signs. The previous owner left us a LOT of furniture that we can use, along with several big screen TVs and a projector/big screen for the big games!

Our equipment should be ready to ship very soon. The shipping container crisis is gradually letting up. More info to come. Cheers!

Ralph

SEPTEMBER 14TH, 2021

September 14 Update for Rule G

Greetings all,

We are progressing! DBuilttek of Miami, our architect and contractor team, is in the process of finalizing their proposal to Rule G for the design and build out. I have completed the paperwork for our Federal and State licenses, and the applications are in process.

Our brewing equipment will be delayed now several weeks, into October, due to a shortage of shipping containers. Apparently, this shortage is affecting shipping in many countries...so we will have to play along until we can secure a container. This will push back our opening date by a month...so looking now for November/December...in time for the Holidays, all things remaining equal.

Stay tuned friends, and thanks for your support!

Ralph

SEPTEMBER 4TH, 2021

Photos of the new Rule G site, pre-build out!!!

Here we go folks! I met with the architect today, and we have a lot to work with. The area is 2800 sq. ft., with a dining area, kitchen, center office (that will be demolished for a central bar), and a private party room! More photos to come. I will continue to update you; we may have to push our opening into November due to delays with Parkland. We are MUCH happier with our Coconut Creek location! Stay tuned!

Ralph

AUGUST 28TH, 2021

OK! Finally!!!

Greetings investors and Rule G supporters! I have FINALLY signed a lease for a new location in Coconut Creek. The address is 4800 W. Hillsboro Blvd. Suite A12-13, Coconut Creek FL, 33073. This is a 2800+ square foot facility, and if you are familiar with the area, it is in Westcreek Plaza, the same plaza as Duffy's and Publix.

The team is VERY excited! Hats off to our realtors, Shary Thur and Peter Obre who secured us the deal of the century! The plaza owner is giving us \$159,000 for the build-out! That doubles our 'war chest'!!! God is good. Now, DBuilttek of Miami has a free reign to start the design and building process.

Stay tuned! Brewing equipment arrives next month!

Ralph

AUGUST 10TH, 2021

August 10 Update

Greetings patient Rule G fans! I hope to have a lease signed on the new place within the next week. I had better...the brewing equipment arrives in September! Once the lease is signed, it is full speed ahead with licenses, build-out, etc. Still aiming for late October...

Stay tuned!

JULY 26TH, 2021

New Property Update for Rule G Brewing!

Greetings all,

We have found what I hope to be the landing zone for Rule G Brewing Company. We are currently working with the City of Coconut Creek to obtain permission to occupy a 2500 sq. ft. property that is ready for build-out...a completely clean slate! As mentioned in previous updates, everything else is ready to go...just need to find a place to land.

This location, for you locals, is in the West Creek shopping plaza, where the Duffy's is on Lyons and Hillsboro. It is only 1.3 miles from our planned original location, and is still right in the middle of our target market. If this goes through, the owner has agree to assist with funding the build-out! Keep you fingers crossed, say a prayer, and hang on!

More to follow, thanks

Ralph

JULY 12TH, 2021

Property update: Rule G Brewing Company

Greetings all,

Well, after 3 months of sparring with the City of Parkland, and the City Commission, it has become clear that the original planned location is no longer feasible. This is disappointing, especially since we had so much support from the City in the beginning. Apparently, the City is very tight about the type of businesses it is willing to accept, since we adjoin a residential area.

Do not despair; I am currently looking another...better...location within the Coral Springs/Coconut Creek area. This will still be very close to Parkland, only a mile or two down the road. With our equipment coming in September, I am still planning to open as close to October as possible. Stay tuned!

Thanks

Ralph

JULY 7TH, 2021

President/Owner

Greetings investors, as you know, we are still in the process of finalizing our permitting through the City of Parkland before proceeding with the build out. Our equipment arrives in September; should Parkland doddle, we will push out the opening to November. More to follow.

Thanks

Ralph

JUNE 30TH, 2021

June 30 Update

Greetings all,

Just a quick update; this is the calm week before a flurry of activity after the Fourth of July. From that point on, it will be 0-60 in 3 seconds, beginning with our final application to the City of Parkland for our business permit. Then DBuiltek, our architect, steps in for the build out.

Stay tuned, more to come,

Ralph

JUNE 23RD, 2021

June 23rd Update!

Hello investors and followers of Rule G Brewing!

We will be looking over one last proposal for an architect for the build out this coming Friday morning; the company is called DBuiltek, and they are

located in Miami for those of you who wish to view their portfolio. Parkland City Commission will have a final meeting on July 7 to adopt the new changes in their code, allowing us to brew on site. After that, we can make a formal application to the planning department and move on to our own plans and build-out.

We continue with bi-weekly meetings with the manufacturer of our brewing equipment; everything is on schedule with them.

Stay tuned folks!

Thanks,

Ralph

JUNE 16TH, 2021

Only 6 days left in our campaign!

Greetings all,

We are moving along with the business; our next step is finalizing building-out plans and permits, and then comes the build-out itself. It has been very exciting to see Rule G come together; thanks for everyone's support!

If you are still considering investing with us, you have 6 more days to do so. After that, our campaign with Mainvest will end. Don't miss out on a great opportunity! More to come, thanks

Another progress update on Rule G!

Hello followers, investors and future patrons of Rule G Brewing Company!

Here's an update. We have several architects working on bids for our build out, which we would like to begin by the end of June. We are also working on the necessary licenses, insurance and permits. There are only 11 days left in our funding campaign through MAINVEST, so if you are interested in becoming a part of the dream, now is your chance! Our MAINVEST account stands at \$40,700, just shy of our overall goal of \$50,000.

We have conference calls every two weeks with the manufacturer of our brewing equipment, which we are planning to receive in September. We have ordered a 4 by 10 barrel system that should meet the needs and demands of thirsty patrons. Stay tuned! We are still aiming at an opening in October!

Thanks from Ralph and Veronica!

2 weeks to go with our MAINVEST campaign! June 1 update

Greetings all!

With two weeks left in our fundraising campaign, we have a total of \$39,000...fantastic! We are hoping to reach a few more investors before this ends, and would LOVE to top \$50,000. This money will greatly assist the business!

Our financial position is excellent, and have put together quite a war chest...thanks be to God for His assistance! We are ready to begin the build out. We met with one architect last Friday (before the Holiday), and we plan to get quotes from at least two more.

We are still on track for an October opening, all things remaining equal. As this campaign winds down, now is the time to jump on board if you haven't yet! Again, thanks to everyone for their support. More to come!

Rule G tops \$35,000 in funds! Challenge to those of you still watching!

Greetings all!

It is FANTASTIC news that we have topped our initial goal line of \$35,000! Now, Veronica and I don't have to sell our kidneys, or kids. We still could use more funds for the build-out, so if you are still watching and haven't committed yet, please do so! MAINVEST has a contest going on this weekend, with funding prizes for those businesses that receive the most investments over the Memorial Day Weekend.

Veronica and I plan a little thank you for all of our investors; we will set up some kind of arrange so that everyone who invests has a gift from us once we are up and running. More on that when we figure it out!

For those of you in the local area of Coral Springs, Parkland, Coconut Creek, Boca Raton, Margate and Deerfield Beach, remember...this will be YOUR PLACE TO BE! Join us!

Thanks,

Meet Rex Reed, Rule G Brewing Company's Brewing Manager

Introducing a key member of the Rule G Team! Rex Reed is a native of Houston, Texas, and has been a locomotive engineer for almost 20 years. He was previously a freight "hogger" for the Union Pacific in Kansas City, Missouri, and is now with Tri-Rail.

Rex is an experienced hobby brewer, having built his first home brewery in his Brookside, Missouri, basement some 11 years ago. He enjoyed brewing a wide variety of beers that correlate with the different seasons that Missouri had to offer. He brings his expertise to the Florida market, and the tastes of the locals!

Rex also loves water sports, motorcycles, and yachting. In fact, upon moving to Florida, he spent his first 5 years living on his boat, cruising between Florida and the Bahamas.

Rex is excited to join the team at Rule G Brewing and continue his passion for making great beer! Photo to follow shortly, stay tuned!

Rule G Update: Wednesday, May 19

Greetings all!

A special note of thanks to Prince and Melissa Donnahoe, whose investment put us half way to our goal of \$50,000! We really appreciate it, and can't wait to lift a beer in your honor! We are now only \$3,800 from our "drop dead line" with Mainvest; that is, we need to make it to \$35,000 to make it count...if we don't get there, everyone gets their money back, and Veronica and I will have to sell a kidney or two. Jump on folks if you are still interested; we are on the move!

I have a meeting with an architect next week to plan the build-out. As mentioned previously, the licensing and insurance paperwork is already underway.

Thanks again for your support!

Update from Rule G Brewing

Greetings all,

As you can see, we added a bit more time to our funding campaign. There are now 35 days left in this round.

We have forwarded our water results to the brewing equipment manufacturer, so they can adjust the filtration system. Our attorney is hard at work with the licensing; keep in mind that this is a 90 day process, all things remaining equal. We are working with an insurance agent in obtaining a policy. Lastly, we have identified an architect who will work on our drawings for the buildout.

Stay tuned! Thanks again,

Ralph and Veronica

Investment offering in Rule G is winding down...

Greetings all,

Our investment offering is winding down, and we would like to reach out again in the final 9 days to those of you interested in the opportunity to be a part of Parkland's First and Only Microbrewery: Rule G Brewing Company. The funds that we would obtain from your investments will go for the building out of the property, which we anticipate to begin by June 1. If you are looking for a great site, great location, great demographics, look no further than Parkland, FL, and Rule G Brewing Company.

Thanks for your support!

And now, licensing!

Greetings all,

Rule G has retained the Baker Law Firm of Wesley Chapel, FL (north of Tampa) to handle all of our licensing needs. Here is what we are applying for:

Beer/wine, including growlers.

Restaurant, and

Tobacco (we plan to sell cigars)

This is about a 3 month process, and it is finally underway. Next on the list: architectural drawings and permits. More as things develop.

If you haven't invested yet, we still have 13 days left in our campaign!

Thanks

Success at Parkland Farmers Market Sunday, April 25

Good morning everyone,

We had a very good day at the Parkland Farmers Market yesterday! We had a LOT of people stop by. Quite a few knew about us already due to the ads that Mainvest is posting on Facebook and other social media, and everyone expressed their excitement about the project. We firm up several investors as well!

We handed out train whistles and wind-up locomotives to the kids, and they went wild about them...almost as much as their parents who will now have a microbrewery they can walk to! The Mayor and Vice-Mayor were also there, and were happy to see our progress. Hats off to the Parkland City Government for being so accommodating to us!

Here are some photos.

More to come,

Investors and Potential Investor Update: April 22

Hello again,

As you can tell, we have been moving a quick pace to get Rule G up and running. It's been exhilarating, perplexing, at times scary, and overall quite an experience! We appreciate those who have invested thus far, and encourage those of you who are considering investing to act now. Here is what we have done with our own funds to this point:

Secured a 5 year lease with Riverstone Shoppes in Parkland,

Have prepaid rent and security deposits down, and paid through November 1,

Ordered and placed the down payment on the SMARTBREW system, and

Engaged a lawyer to assist with all the licensing requirements.

The money raised through MAINVEST, that is, through your kindness, is dedicated to the following major capital costs:

Purchase of kitchen and sanitizing equipment,

Purchase of CO2 system and walk in refrigerator,

Purchase and outfitting of tap system, and

General renovations and reconstruction at the site itself.

Your help is crucial...and it is mutually beneficial to you and to us. We anticipate success, but that success cannot be assured without investors like you. Join us, if you haven't yet, on this adventure, and potentially lucrative business!

Thanks, more to come!

Brewing equipment ordered! Another milestone!

Greetings all,

Veronica and I are happy to announce that we have inked our contract for our brewing equipment! Again, we are investing in a SMARTBREW system; check out their website for details...it really is state of the art! After milling around different configurations, and taking ceiling height into consideration, we finally decided on a 4 by 6.5 barrel system. This model will produce 100 kegs per month, and have a smaller area footprint (150 rather than 180 square feet).

SMARTBREW has given us the good news that, due to the high demand for systems here in Florida, the lead time on getting the unit will be between 120 and 150 days, rather than a minimum of 160 days. All things remaining equal, we hope to have it delivered and set up by the end of September...in time for an October opening.

Stay tuned friends! If you need more info, feel free to drop us a line!

Thanks

Rule G Brewing to attend business expo at Parkland Farmers Market Sunday, April 25

Greetings all,

Once again, thanks to those of you have invested, and those who are watching. If you are local, Veronica and I will be at the Farmers Market in Parkland (at the Equestrian Area) this coming Sunday, April 25 from 9 am to 1 pm. I ordered a bunch of train whistles to hand out to the kids...apologies in advance to the parents! I will post photos from that day; if you are in the area, stop by and say hello!

FINALLY! OUR LEASE IS SIGNED!

Hello investors and potential investors! Finally, we have inked a 5 year lease with Riverstone Shoppes Plaza, LLC, for Rule G Brewing Company's home base. Our business address will now be:

7391 N. State Road 7

Parkland, FL 33067

We get the keys tomorrow, Monday, April 19. Next Sunday, Veronica and I will be at the Parkland Farmer's Market, with our own tent, pitching (no pun intended) the business. Stay tuned for updates! We also expect to finalize the order of our brewing equipment this week as well.

Stay thirsty, my friends!

April 8 investor update

Greetings all! We continue to motor on in the mobilization phase of Rule G Brewing Company. We have finally hashed out the details of our lease agreement, and will be signing for a 5 year commitment within the next few days. The owner of Riverstone Shoppes here in Parkland is excited to have us...the ONLY microbrewery in Parkland! We have a fantastic 2200 square foot site, with outdoor seating in the front, and an area the size of a racquetball court out back...our beer garden!

As you know, we have chosen Smart Brew as our brewing equipment provider. We are currently working out financing the unit. One change: we are purchasing a 5 x 5 barrel unit, rather than the 3 x 10 barrel unit previously discussed...this will optimize our indoor space.

We have also inked a lawyer, who will assist in getting all of the necessary Federal and State licenses, including wine, beer, restaurant, and tobacco...we will offer cigars for our patrons!

More to come; join us on this venture!

Rule G goes with SmartBrew!

Greetings all,

After careful deliberation, Rule G Brewing Company will be purchasing a 3 by 10 barrel brewing system from Smart Brew. Check out SmartBrew.com if you are interested in viewing their products. We will be placing the order shortly; we anticipate a 160 day lead time in having the unit onsite and ready for installation.

Investments keep coming in, now that folks realize we are for real! Thanks to all! Tell your friends!

MARCH 29TH, 2021

Monday, March 29 Update

Greetings all,

Today, we had a very promising meeting with a potential investor, and contributor on the restaurant side of our business. He brings over 30 years of restaurant experience from his work in New York, and has recently located here to flee from the taxes that NY imposes on its resident! He is a personal friend of the owner of the property we will be leasing, and there is a lot of good potential for collaboration. We are still looking at options for the brewing system: it is down to two suppliers.

There are still 44 days left in our funding campaign with MAINVEST. In addition to the war chest of funds that we have assembled personally, the funding from MAINVEST would be used for the prepping of the site, and installation of kitchen and brewing equipment. What a better way to invest your stimulus check or tax refund in a project that will yield you 1.7 times the investment amount. If you are still on the fence, now's your time! We are available for any questions.

Thanks, Ralph

Investor, and potential investor Update, March 27

Greetings all!

Vero and I have managed to firm up commitments from another 10 investors, who will be submitting their investments with MAINVEST shortly. We still have another 46 days in the MAINVEST campaign. In the meantime, we have a war chest of about \$100K that is liquid and ready to go, in addition to financing for the brewing system.

We have a meeting on Monday with the owner of the property we will be leasing, along with his friend who is a potential long-term investor! More on that come Monday.

Cheers!

Rule G finalizing brewing equipment purchase!

Greetings all,

Now that we have come to an agreement with the City of Parkland, Rule G is in the process of choosing its brewing system. We have been in discussions with both SmartBrew, and with Cellar Supply Company. Check them both out on the Web for more information. Our goal is to provide as many styles of beer within the space we have allotted for the machinery. We have 2200 square feet to work with, but we want to leave ample room for seating, the kitchen and bar, as well as any games we have on the inside.

Stay tuned!

Full service kitchen for Rule G!

Yes folks, we are now a restaurant-brew pub. We will have a nice, eclectic menu for all of our patrons. I'm half Polish, half Italian and the wife is Latin...we will keep it interesting!

More to come; will be having an architect scope out the build, and then sign the lease.

Stay tuned,

Overview

Rule G Brewing Company currently has assets that have just topped the \$500,000 mark. Funds have come from crowdfunding, loans, and personal investments. The buildout has been rapidly progressing toward an anticipated opening to welcome the community in early First Quarter 2023.

Current Debt Schedule Provided

The capital raised through Mainvest comprises a portion of funds raised to date. The company has committed, to date, over \$425K into its buildout and preparations to begin operations. The company plans to begin operations in early February, 2023.

Historical Milestones

Rule G Brewing Company, LLC (Company) has been incorporated since and has since achieved the following milestones:

Secured a location in Coconut Creek, FL, in a well-trafficked and successful plaza that is anchored by a Publix supermarket and various other restaurants and businesses

Procured a 4x10 barrel brewing system from SmartBrew, Inc. The system is state of the art, self contained, and as of November 2022, halfway paid off

Secured the services of Jonathon Baker, PA, as its corporate attorney. Through Mr. Baker, the Company has secured its necessary licensing to begin

operations as a microbrewery-restaurant

Secured the services of DBuilttek, Inc. as the Project Manager for design, procurement and buildout. Dbuilttek is a prominent Miami, FL firm that has a proven portfolio of restaurant and commercial construction

Secured all necessary insurance policies through Plastridge Insurance

Secured a contract with POS provider Touch Bistro

Secured a contract with Comcast/Xfinity for internet and TV services

Recruited and retained a core staff team, including brewing manager, operations manager, and HR/PR/Social Media manager

Operations are planned to begin with a soft opening in early February, 2023.

Demographics and Location

Rule G Brewing Company will be the first microbrewery restaurant in Coconut Creek, FL...a community in northwestern Broward County. In 2020, Coconut Creek FL had a population of 57,800 people and a median household income of \$62,000. The rate of home ownership was 65.1%. The median age was 41 years.

Less than a mile away is neighboring Parkland FL. In 2018, Parkland had a population of 30,500, with a median age of 40.3, and a median household income of \$146,094. The area has a home ownership rate of 84.2%; the average home owns 2 cars.

Currently there are no microbreweries in the Coconut Creek area, and a potential location has been identified in the Riverstone Shoppes on US 441, just north of Hillsboro Boulevard. The area adjoins the city of Parkland and is heavily trafficked. Westcreek Plaza hosts a Publix Supermarket, Duffy's Sports Bar, Rotelli Italian restaurant, a Caribbean restaurant, a veterinarian, an optometrist, a preschool, a ladies' apparel shop, and a Dunkin Donuts. There is also a CVS store within the parking lot.

Coconut Creek, and Westcreek Plaza in particular, is an optimal location for a microbrewery restaurant. Rule G Brewing will offer a novel, fun and family-friendly alternative for the local community and tourists alike.

Historical financial performance is not necessarily predictive of future performance.

Risk Factors

You Might Lose Your Money

When you buy a certificate of deposit from a bank, the Federal government (through the FDIC) guarantees you will get your money back. Buying a Note is not like that at all. The ability of Rule G Brewing to make the payments you expect, and ultimately to give you your money back, depends on a number of factors, including many beyond our control.

Limited Services

Rule G Brewing operates with a very limited scope, offering only particular services to potential clients, making them vulnerable to changes in customer preferences.

Lack of Accounting Controls

Larger companies typically have in place strict accounting controls. Smaller companies typically lack these controls, exposing themselves to additional risk.

Competition

The market in which we operate is highly competitive and could become increasingly competitive with new entrants in the market. Rule G Brewing competes with many other businesses, both large and small, on the basis of quality, price, location, and customer experience. Changes in customer preference away from Rule G Brewing's core business or the inability to compete successfully against the with other competitors could negatively affect Rule G Brewing's financial performance.

Reliance on Management

As a securities holder, you will not be able to participate in Rule G Brewing's management or vote on and/or influence any managerial decisions regarding Rule G Brewing. Furthermore, if the founders or other key personnel of Rule G Brewing were to leave Rule G Brewing or become unable to work, Rule G Brewing (and your investment) could suffer substantially.

Financial Forecasts Risks

The financial forecasts provided by us herein are reasonable forecasts by us based upon assumption of stable economic conditions and other various assumptions regarding operations. The validity and accuracy of these assumptions will depend in large part on future events over which Rule G Brewing and the key persons will have no control. Changes in assumptions or their underlying facts could significantly affect the forecasts. To the extent that the assumed events do not occur, the outcome may vary significantly from the projected outcomes. Consequently, there can be no assurance that the actual operating results will correspond to the forecasts provided herein. Additionally, Rule G Brewing is a newly established entity and therefore has no operating history from which forecasts could be projected with.

Inability to Sell Your Investment

The law prohibits you from selling your securities (except in certain very limited circumstances) for 12 months after you acquire them. Even after that one-year period, a host of Federal and State securities laws may limit or restrict your ability to sell your securities. Even if you are permitted to sell, you will likely have difficulty finding a buyer because there will be no established market. Given these factors, you should be prepared to hold your investment for its full term.

The Company Might Need More Capital

Rule G Brewing might need to raise more capital in the future to fund/expand operations, buy property and equipment, hire new team members, market its services, pay overhead and general administrative expenses, or a variety of other reasons. There is no assurance that additional capital will be available when needed, or that it will be available on terms that are not adverse to your interests as an investor. If Rule G Brewing is unable to obtain additional funding when needed, it could be forced to delay its business plan or even cease operations altogether.

Changes in Economic Conditions Could Hurt Rule G Brewing

Factors like global or national economic recessions, changes in interest rates, changes in credit markets, changes in capital market conditions, declining employment, changes in real estate values, changes in tax policy, changes in political conditions, and wars and other crises, among other factors are unpredictable and could negatively affect Rule G Brewing's financial performance or ability to continue to operate. In the event Rule G Brewing ceases operations due to the foregoing factors, it can not guarantee that it will be able to resume operations or generate revenue in the future.

No Registration Under Securities Laws

The Notes will not be registered with the SEC or the securities regulator of any State. Hence, neither Rule G Brewing nor the Notes will be subject to the same degree of regulation and scrutiny as if they were registered.

Incomplete Offering Information

Title III does not require us to provide you with all the information that would be required in some other kinds of securities offerings, such as a public offering of shares (for example, publicly-traded firms must generally provide investors with quarterly and annual financial statements that have been audited by an independent accounting firm). Although Title III does require extensive information, it is possible that you would make a different decision if you had more information.

Lack of Ongoing Information

Rule G Brewing will be required to provide some information to investors for at least 12 months following the offering. However, this information is far more limited than the information that would be required of a publicly-reporting company; and Rule G Brewing is allowed to stop providing annual information in certain circumstances.

Uninsured Losses

Although Rule G Brewing will carry some insurance, Rule G Brewing may not carry enough insurance to protect against all risks to the business. Additionally, there are some kinds of risks that are very difficult or impossible to insure against, at least at a reasonable cost. Therefore, Rule G Brewing could incur an uninsured loss that could damage its business.

Changes in Laws

Changes in laws or regulations, including but not limited to zoning laws, environmental laws, tax laws, consumer protection laws, securities laws, antitrust laws, and health care laws, could negatively affect Rule G Brewing's financial performance or ability to continue to operate. Specifically, any additional regulation on the industry could significantly negatively affect the business.

Conflict of Interest With Companies and Their Management

In many ways, your interests and the interests of Rule G Brewing's management will coincide: you both want Rule G Brewing to be as successful as possible. However, your interests might be in conflict in other important areas, including these: You might want Rule G Brewing to act conservative to make sure they are best equipped to repay the Note obligations, while Rule G Brewing might prefer to spend aggressively to invest in the business. You would like to keep the compensation of managers low, while managers want to make as much as they can.

Future Investors Might Have Superior Rights

If Rule G Brewing needs more capital in the future and takes on additional debt or other sources of financing, the new investors might have rights superior to yours. For example, they might have the right to be paid before you are, to receive larger distributions, to have a greater voice in management, or otherwise.

The Company is Not Subject to the Corporate Governance Requirements of the National Securities Exchanges

Any company whose securities are listed on a national stock exchange (for example, the New York Stock Exchange) is subject to a number of rules about corporate governance that are intended to protect investors. For example, the major U.S. stock exchanges require listed companies to have an audit committee made up entirely of independent members of the board of directors (i.e., directors with no material outside relationships with Rule G Brewing or management), which is responsible for monitoring Rule G Brewing's compliance with the law. Rule G Brewing will not be required to implement these and other investor protections.

You Have a Limited Upside

Notes include a maximum amount you can receive. You cannot receive more than that even if Rule G Brewing is significantly more successful than your initial expectations.

You Do Have a Downside

Conversely, if Rule G Brewing fails to generate enough revenue, you could lose some or all of your money.

Payments and Return Are Unpredictable

Because your payments are based on the revenue of Rule G Brewing, and the revenue of Rule G Brewing can go up or down (or even disappear altogether) unpredictably, it is impossible to predict how much you will receive and when. And because the payments are unpredictable, so is your ultimate return.

I invested because I want more local breweries nearby - to compete with each other to serve great beer - and to each thrive.

Thanks so much for your investment Rob! Much appreciated! :)

Geraldine T. Coconut Creek, FL over 1 year ago

Just invested as I believe the area needs this industry. Other breweries are 10+ miles away, too far to go & have a few. Here I might be able to even walk home. :) Looking forward to grand opening & your brews!

Ralph R. Parkland, FL over 1 year ago Rule G Brewing Company Entrepreneur

Thanks so much Geraldine! Looking forward to meeting you in person! Ralph and Veronica! :)

Also, as an early investor, can I get any perks when I come in to the Brewery ... :-)

Ralph R. Parkland, FL over 1 year ago Rule G Brewing Company Entrepreneur

Absolutely Prince and Melissa! We will take good care of you! Ralph and Vero :)

Prince and Melissa D. Coral Springs, FL over 1 year ago

I invested because I believe that the Parkland community would strongly support a local brewery, I believe in small businesses with founders who have passion for their craft and I want some place closer to home to go to, to enjoy craft beer with my friends.

Ralph R. Parkland, FL over 1 year ago Rule G Brewing Company Entrepreneur

Thanks so much Melissa and Prince! We agree that Parkland is an "untapped"...pun intended...area. We live here, and know that we need a place for folks to come to. Thanks again! Ralph and Veronica

Rick M. over 1 year ago

I'm interested in this project but wanted to ask first about the Financials forecast. You have Rent Expense at \$216 for Year 1, \$221 for Year 2, etc... Why so low? Tax break or do you own the property? Thanks!

Ralph R. Parkland, FL over 1 year ago Rule G Brewing Company Entrepreneur

Hi Rick, Thanks for your interest! We are paid up through November 1, thanks to a landlord that gave us time to build out. Rent will be \$5000 per month; the figure you see here was from the original business plan that Mainvest downloaded. Also, I built salaries into these figures originally, but will not be taking salaries until things get moving. Thanks again, Ralph

An now, introducing.... Cameron Rapa, my son, and our latest investor! Cameron will be working with our brewing manager, Rex Reed, learning the brewing craft. Thanks for the investment buddy! Ralph (Dad)

Our anticipated opening will be the fall, most likely October...in time for an Oktoberfest, all things remaining equal! Vero and I meet with Parkland's City Council tomorrow (St. Pat's Day), and with the Luck of the Irish, we will settle our permitting and finalize our lease with the property owner. I will be in touch, tell your friends! Ralph
