5. Please revise your disclosure to address the competition you will face in launching and sustaining your product. Please also revise your risk factors to address the risks associated with this competition, including the risk that your timing in reaching the market and your fee structure relative to other bitcoin ETPs could have a detrimental effect on the scale and sustainability of your product.
6. Please discuss in your risk factors the extent to which material aspects of the business and operations of bitcoin trading platforms are not regulated. Also discuss the risks of manipulation, front-running, security failures or operational problems at bitcoin trading platforms.
