In order to enable all of our stockholders to participate fully and equally from any place in the world at little to no cost, the Annual Meeting will once again be held as a virtual live audio webcast.

Stockholders of record as of the close of business on May 30, 2023 will either receive a Proxy Card or a Notice of Internet Availability of Proxy Materials for the Annual Meeting. The notice contains instructions on how to access our Proxy Statement and Annual Report for the fiscal year ended March 31, 2023 and submit your proxy online.

Your vote is important to us. Even if you plan to attend the Annual Meeting, we recommend that you promptly submit your proxy with your voting instructions. You may do this over the Internet, as well as by telephone or mail. Please review the instructions regarding each of these options on your Proxy Card or Notice of Internet Availability of Proxy Materials.

I hope that you can join us for our 2023 Annual Meeting so that you can hear firsthand about the progress we are making as an independent company. The relentless pursuit of our strategic priorities - expanding our capabilities with global strategic alliance partners, deploying new ways of working and advanced automation to further enhance the services we deliver, and growing our valued customer relationships - has created a clear path for future growth.

Corporate Governance and Board Matters

Proposal 1—Election of Directors

Our Board currently consists of 10 members and, until the conclusion of our 2027 Annual Meeting of stockholders, will be divided into three classes, with each class consisting, as nearly as possible, of one-third of the total number of directors. This temporary classified Board structure is intended to provide continuity of leadership during Kyndryl's first years of operation as an independent, public company. The directors designated as Class I directors have terms expiring at the 2025 Annual Meeting, the directors designated as Class II directors have terms expiring at the 2023 Annual Meeting and the directors designated as Class III directors have terms expiring at the 2024 Annual Meeting. Any director elected at the 2023 or 2024 Annual Meeting will belong to the class whose term expires at such Annual Meeting and will hold office for a three-year term or until his or her successor has been duly elected and qualified.

CLASS I	CLASS II	CLASS III
TERMS EXPIRING AT THE 2025 ANNUAL MEETING	NOMINEES FOR ELECTION AT THE 2023 ANNUAL MEETING	TERMS EXPIRING AT THE 2024 ANNUAL MEETING
<ul style="list-style-type: none"> • Janina Kugel • Denis Machuel • Rahul N. Merchant 	<ul style="list-style-type: none"> • John D. Harris II • Jana Schreuder • Howard I. Ungerleider 	<ul style="list-style-type: none"> • Dominic J. Caruso • Stephen A. M. Hester • Shirley Ann Jackson • Martin Schroeter

Beginning at the 2025 Annual Meeting, and at each annual meeting thereafter, all of our directors up for election at such meeting will be elected annually and will hold office until the following Annual Meeting or until his or her successor has been duly elected and qualified or until his or her earlier resignation or removal. Effective as of the conclusion of the 2027 Annual Meeting, our Board will therefore no longer be divided into three classes.

Upon the recommendation of the Nominating and Governance Committee, the Board has considered and nominated the following slate of Class II nominees for a three-year term expiring at our 2026 Annual Meeting or until their successors are duly elected and qualified: **John D. Harris II, Jana Schreuder and Howard I. Ungerleider.**

Unless otherwise instructed, the persons named in the form of Proxy Card (proxyholders) attached to this Proxy Statement intend to vote the proxies held by them for the election of John D. Harris II, Jana Schreuder and Howard I. Ungerleider. If any of these nominees ceases to be a candidate for election by the time of the 2023 Annual Meeting (a contingency which the Board does not expect to occur), such proxies may be voted by the proxyholders in accordance with the recommendation of the Board.

The Board recommends that you vote **FOR** the election of each of the Class II nominees set forth above.

Director Nomination Process

OVERVIEW

Our Nominating and Governance Committee is responsible for recommending qualified candidates for election to the Board, consistent with the criteria approved by the Board and set forth in our Board Corporate Governance Guidelines and Nominating and Governance Committee Charter. The Board is responsible for selecting nominees for election.

Our Nominating and Governance Committee and the Board seek to ensure that the Board, as a whole, possesses the expertise, qualifications, attributes and skills to carry out its oversight responsibilities effectively and to align with our long-term strategies. Accordingly, our Board Corporate Governance Guidelines provide that individuals are selected to join the Board based on all appropriate criteria, which may include strength of character, mature judgment, familiarity with our business and industry, independence of thought, ability to work collegially, existing commitments to other businesses, potential conflicts of interest with other pursuits, legal considerations such as antitrust issues, business or professional experience, the diversity of their background and their array of talents and perspectives.

Business or Professional Experience

Industry and/or other relevant business or professional experience, including leadership experience, corporate governance background, financial and accounting background, technology background, compliance background, cybersecurity background and/or executive compensation background

Array of Talents and Perspectives

The particular talents, areas of expertise and diverse perspectives, including international perspectives, relevant technical skills, and/or relevant business or government acumen they bring to the Board

Diversity

Diversity of experience and background, including gender, ethnic and age diversity

Because the evaluation of these criteria involves the exercise of careful business judgment, the Nominating and Governance Committee and the Board do not have specific minimum qualifications that are applicable to all director candidates.

DIVERSITY

The charter of the Nominating and Governance Committee provides that, as part of its ongoing responsibility to search for qualified individuals for election as directors, the Committee actively identifies and recruits diverse candidates, including women and minority candidates. While there is no formal diversity policy, the Nominating and Governance Committee and the Board carefully consider the importance of ethnic and gender diversity along with diversity of backgrounds and perspectives when evaluating whether the Board has the right mix of skills, experience and expertise to effectively oversee the management and governance of the Company.

DIRECTOR CANDIDATE SEARCH

The Nominating and Governance Committee and the Board identify candidates through a variety of means, including:

Recommendations from members of the Committee and the full Board

Recommendations from stockholders

Suggestions from management

A third-party search firm, periodically

In identifying prospective director candidates, the Nominating and Governance Committee may seek referrals from other members of the Board, management, stockholders and other sources. The Nominating and Governance Committee also may, but is not required to, retain a third-party search firm in order to assist it in identifying qualified candidates. The Nominating and Governance Committee and the Board use the same criteria for evaluating director candidates regardless of the source of the referral.

STOCKHOLDER RECOMMENDATIONS AND NOMINATIONS

The Nominating and Governance Committee will consider director candidates recommended by stockholders. Any recommendation submitted to the Secretary of the Company should be in writing and should include any supporting material the stockholder considers appropriate in support of that recommendation, but must include information that would be required under the rules of the SEC to be included in a Proxy Statement soliciting proxies for the election of such candidate and a written consent of the candidate to serve as one of our directors if elected.

Stockholders wishing to propose a candidate for consideration may do so by submitting the information described in this section to the attention of:

Kyndryl Holdings, Inc.
Attention: Corporate Secretary
One Vanderbilt Avenue
15th Floor
New York, New York 10017

All recommendations for nomination received by the Secretary that satisfy our Bylaw requirements relating to director nominations will be presented to the Nominating and Governance Committee for its consideration. Stockholders must also satisfy the notification, timeliness and information requirements set forth in our Bylaws. See “Frequently Asked Questions—18. How do I submit an item of business for the 2024 Annual Meeting?”

In addition, our Bylaws permit a stockholder, or a group of up to 20 stockholders, that has continuously owned for three years at least 3% of the Company's outstanding common stock, to nominate and include in the Company's annual meeting proxy materials up to the greater of two directors or 20% of the number of directors to be elected at the annual meeting (Proxy Access), provided that the stockholder(s) and the nominee(s) satisfy the requirements specified in our Bylaws, which are posted on our investor relations website at investors.kyndryl.com. Stockholder requests to include stockholder-nominated directors in the Company's proxy materials for our 2024 Annual Meeting of stockholders pursuant to our Proxy Access bylaw must be received by the Company no earlier than January 16, 2024 and no later than February 15, 2024.

Director Attendance

All directors are expected to make every effort to attend all meetings of the Board, meetings of the committees of which they are members and the Annual Meeting of Stockholders. In the Company's 2023 fiscal year:

- The Board met 8 times and the committees collectively met 16 times;
- Each director attended 75% or more of the total number of meetings of the Board and of the Committees on which each such director served;
- Overall, our directors attended over 95% of the total number of meetings of the Board and of the Committees on which they served; and
- All 10 of our directors attended the Company's 2022 Annual Meeting of Stockholders.

Director Independence

Under our Board Corporate Governance Guidelines and NYSE rules, a director is not independent unless our Board affirmatively determines that he or she does not have a direct or indirect material relationship with us or any of our subsidiaries.

Our Board Corporate Governance Guidelines define independence in accordance with current NYSE standards for listed companies and require that our Nominating and Governance Committee and our Board review the independence of all directors at least annually.

After review of all relevant facts and circumstances, our Board has affirmatively determined that each of Dominic J. Caruso, John D. Harris II, Stephen A.M. Hester, Shirley Ann Jackson, Janina Kugel, Denis Machuel, Rahul N. Merchant, Jana Schreuder and Howard I. Ungerleider is independent under the guidelines for director independence set forth in the Board Corporate Governance Guidelines and under all applicable NYSE rules, including with respect to committee membership.

In making its independence determinations, our Board reviewed all information known to it (including information identified through annual directors' questionnaires), including the various commercial transactions and relationships between IBM and/or us and our subsidiaries and the entities with which certain of our directors are or have been affiliated. The Board determined that the transactions identified were not material and did not affect the independence of any of our non-employee directors under either our Board Corporate Governance Guidelines or the applicable NYSE rules.

Board Leadership Structure

MARTIN SCHROETER

Chairman of the Board and Chief Executive Officer

STEPHEN A. M. HESTER

Lead Independent Director

Selecting a company's leadership structure is one of the most important tasks of any Board. There is not a one-size-fits-all model for board leadership, which is why our Bylaws provide that the Board has the duty to elect a Chairman of the Board from among its members annually. The Board believes that Kyndryl and its stockholders are best served by maintaining this flexibility and that a permanent leadership policy is not appropriate. Therefore, our governing documents enable the Board to determine the appropriate Board leadership structure for the Company and allow the roles of Chairman of the Board and Chief Executive Officer to be filled by the same or different individuals. Additionally, our Board Corporate Governance Guidelines provide for a Lead Independent Director whenever the Chairman of the Board is a non-independent director.

Currently, Mr. Schroeter serves as Chairman of the Board and Chief Executive Officer. Combining the role of Chairman and Chief Executive Officer at this time ensures that the Chairman has significant experience in the technology services business and ongoing executive responsibility for the Company. In the Board's view, this approach enables the Board to better understand the Company and work with management to enhance stockholder value. In addition, the Board believes that this structure enables it to better fulfill its risk oversight responsibilities and allows the Chief Executive Officer to more effectively communicate the Board's view to management.

The Lead Independent Director position provides strong, independent leadership for the Board. It is the opinion of the Board that Mr. Hester's diverse, international executive leadership and public company board experience make him exceptionally qualified to lead the independent members of the Board in their

oversight of management as Kyndryl establishes itself as an independent public company. Mr. Hester's leadership experience includes roles as a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, as well as serving as Chairman of the Board for multiple companies in diverse industries. Under our Board Corporate Governance Guidelines, Mr. Hester as the Lead Independent Director has significant and robust duties and responsibilities, including:

- presiding at all meetings of the Board at which the Chair is not present, including executive sessions of the independent directors;
- serving as liaison between the Chair and the independent directors;
- approving information sent to the Board;
- approving meeting agendas for the Board;
- approving meeting schedules to assure that there is sufficient time for discussion of all agenda items;
- authority to call meetings of the independent directors; and
- if requested by major stockholders, ensuring that he is available, as necessary after discussions with the Chairman and Chief Executive Officer, for consultation and direct communication.

The Board considers its current leadership structure to be appropriate for the Company at this time. The Board believes that the responsibilities of the Lead Independent Director and the highly independent composition of the Board help to ensure appropriate oversight of the Company's management by the Board and optimal functioning of the Board.

Board and Committee Oversight of Strategy and Risk Management

The Board is responsible for the overall oversight of management in the execution of its responsibilities. In this oversight role, the Board regularly reviews the Company's long-term business strategy and works with management to set the short-term and long-term strategic objectives of the Company and to monitor progress on those objectives.

One of the most important oversight responsibilities for our Board is with respect to risk management related to us and our business. The Board executes this oversight with a multi-tiered approach through oversight by the entire Board, as well as through its Audit Committee, Compensation and Human Capital Committee and Nominating and Governance Committee, each of which assists the Board in overseeing a part of our overall risk management and regularly reports to the Board, as discussed below. In that way, risk oversight responsibilities are shared by all committees of the Board, with each committee responsible for oversight of matters most aligned with the responsibilities set forth in its charter. We believe that allocating responsibility to a committee with relevant knowledge and experience provides a more focused and deeper oversight of risk.

Our senior leadership team is responsible for managing our enterprise risk management program under the oversight of the Audit Committee. Responsibility for managing each of our highest priority risks is assigned to one or more members of our senior leadership team. Our enterprise risk management program is designed to identify, assess and manage our risk exposures, and management regularly reports to the Board and its committees on our material operational, strategic and financial risks (over the short-, intermediate-, and long-term) and plans to monitor, manage and mitigate these risks, as described below. Each committee also, when desired by the applicable committee, meets with outside advisors (including consultants and experts) in executing its risk oversight responsibilities.

The **Board** is responsible for the overall oversight of our enterprise risk management program and receives regular updates from management on our material operational, strategic and financial risks (over the short-, intermediate-, and long-term) and plans to monitor, manage and mitigate these risks. With respect to operational and strategic risks, the Board receives periodic updates from: our Chief Information Security Officer, Chief Information Officer, Global Practice Leader, Security & Resiliency and Chief Privacy and Regulatory Officer with respect to cybersecurity and data privacy matters; our Chief Human Resources Officer on inclusion, diversity and equity matters; and our VP, Corporate Social Responsibility & Citizenship and ESG and VP, Chief Sustainability Officer with respect to environmental and corporate responsibility matters. The Board considers the foregoing matters so critical to our business that it maintains concurrent oversight over them with its Audit Committee, Compensation and Human Capital Committee and Nominating and Governance Committee, respectively.

The **Audit Committee** represents the Board by periodically reviewing our accounting, reporting and financial practices and risk exposures, including with respect to the integrity of our financial statements, our administrative, financial and disclosure controls, our compliance with legal and regulatory requirements, our cybersecurity and data privacy controls and our enterprise risk management program. Through its regular meetings with management, including the finance, legal, internal audit and information security functions, the Audit Committee reviews and discusses all significant areas of our business and related risks and summarizes for the Board areas of risk, including cyber risk, and any mitigating factors. With respect to compliance matters, the Audit Committee receives regular updates from our Chief Compliance Officer, who reports to our General Counsel. With respect to enterprise risk management, the Audit Committee receives regular updates from our SVP & General Auditor. With respect to cyber matters, the Audit Committee receives regular updates from our Chief Information Officer or Chief Information Security Officer.

The **Compensation and Human Capital Committee** considers, and discusses with management, management’s assessment of certain risks, including whether any risks arising from our compensation policies and practices for our employees are reasonably likely to have a material adverse effect on us. The Compensation and Human Capital Committee also receives input from its independent compensation consultant as to whether any risks arising from our compensation policies and practices for our employees are reasonably likely to have a material adverse effect on us. The Compensation and Human Capital Committee also reviews and assesses risks relating to our human capital practices. In this capacity, the Compensation and Human Capital Committee oversees executive succession planning, oversees our ongoing inclusion and diversity initiatives and assesses the ability of our compensation programs to attract and retain the best, diverse talent.

The **Nominating and Governance Committee** oversees and evaluates programs and risks associated with Board organization, membership and structure and corporate governance, including director independence and related person transactions. The Nominating and Governance Committee also oversees and assesses risks associated with our corporate responsibility initiatives, including our environmental and sustainability goals and initiatives.

Board and Committee Self-Evaluation Process

As part of the Company’s ongoing efforts to implement and enhance its governance practices and policies, the full Board, on the recommendation of the fully independent Nominating and Governance Committee, adopted a robust board and committee self-evaluation process in its first full fiscal year. Our multi-part process is designed to elicit honest and candid feedback from directors in multiple formats and at different times to ensure that the Board and its committees are operating effectively and that its processes reflect best practices. The steps below outline the formal evaluation process; however, the totality of the evaluation process is dynamic and ongoing with feedback discussed throughout the year.

Process	Kyndryl Leadership	Key Events
1 1-on-1 Interviews	Chairman of the Board	Prior to the formal self-evaluation, the Chairman solicits feedback from individual directors in a 1-on-1 format so directors can discuss their views on an individual basis.
2 Each Individual Committee Conducts Self-Evaluation	Committee Chairs	Each committee performs its own self-evaluation in an executive session on an annual basis. These committee sessions are led by the Chair of each committee and promote candid discussion in a smaller committee setting of matters that are specific to each committee.
3 Full Board Conducts Self-Evaluation	Lead Independent Director	<p>The Lead Independent Director leads the entire Board in an annual self-evaluation to review the effectiveness of the Board. Among other items, the Board focuses on areas such as:</p> <ul style="list-style-type: none"> • Board composition, including the diversity of skills and experience of our directors; • Board culture and rapport among directors; • Scope and quality of the Board meeting materials; • Board access to the Company’s management team; • Appropriateness of the Company’s controls environment; and • Overall Board performance and effectiveness of the Board and each of its committees.
4 Evaluation of Feedback	Full Board	At a subsequent meeting, the full Board collectively discusses insights from each of these evaluation sessions.
5 Board and Committee Enhancements	Full Board	After a fulsome discussion of the feedback from the Board and committees’ self-evaluations, the Board and/or its committees implement enhancements to its existing policies and practices, as appropriate.

Committees of the Board

Our Board has three standing committees—Audit Committee, Compensation and Human Capital Committee and Nominating and Governance Committee. Each Committee is comprised solely of directors who satisfy the independence criteria established by the Board, which reflect the standards of the NYSE and the rules of the SEC, including the heightened independence requirements that apply to Audit Committee and Compensation and Human Capital Committee members. Each Committee has a written charter that sets forth the Committee’s duties and responsibilities.

The Kyndryl Code of Conduct can be found on our website at investors.kyndryl.com under Corporate Responsibility: Governance: Governance Documents: The Kyndryl Code of Conduct.

To the extent applicable, we will disclose within four business days any substantive changes in, or waivers of, The Kyndryl Code of Conduct granted to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website as set forth above rather than by filing a Current Report on Form 8-K. In the case of a waiver for an executive officer or a director, the required disclosure also will be made available on our website within four business days of the date of such waiver.

Board Corporate Governance Guidelines

ESG at Kyndryl

Kyndryl has embedded our Environmental, Social, and Governance (ESG) strategy into our business operations from day one.

BOARD OVERSIGHT OF ESG STRATEGY

An essential aspect of executing our ESG strategy is the role our Board plays. As part of becoming an independent, public company, in our first few months, we implemented Board oversight of ESG matters to ensure cross-functional alignment in reaching our ESG goals. The Board established the oversight structure below to support management’s execution of our ESG strategy, which has the full support of our CEO and senior management.

OUR ESG STRATEGY AND PROGRESS

   Our ESG strategy aligns with our mission to drive a positive impact on our business and create a just and sustainable future for all. In our first fiscal year, we already have experienced a tremendous amount of progress, highlighted in more detail below.

Environment

Addressing climate risk and environmental operational efficiency

In the past year, Kyndryl has developed our scope 1, 2, and 3 greenhouse gas baseline and inventory aligned with the Greenhouse Gas Protocol (GHG Protocol) and is completing third party verification. This baseline and inventory have been used to define our net zero targets in line with the leading scientific frameworks and scientific recommendations of the Intergovernmental Panel on Climate Change.

NET ZERO BY 2040

Kyndryl has committed to achieving net zero emissions and has adopted near-term goals to support our sustainability journey:

50%

Near-term target of a 50% reduction in our emissions by 2030 against our fiscal year 2023 baseline.

75%

Near-term target of a 75% reduction in our scope 1 and 2 emissions by 2030 against our fiscal year 2023 baseline.

100%

Use of 100% renewable energy by 2030.

Kyndryl has committed to validating our targets through the Science Based Targets initiative (SBTi).

As Kyndryl works towards our net zero targets, we continue to make progress in addressing our environmental impact. With 44 data centers in 20 countries, Kyndryl is one of the largest participants in the EU Code of Conduct for Energy Efficiency in Data Centres. Six of our data centers are also Leadership in Energy and Environmental Design (LEED) certified. And Kyndryl enables the annual generation of 18,000 MWh of solar energy through solar arrays at three of our data centers. Over the last year we have also established our water and waste baselines and targets.

Managing system performance

In order to monitor and maintain material compliance with applicable government requirements and support our sustainability strategy, Kyndryl has established a cross-functional group to build Kyndryl's integrated Environmental and Energy Management system, which will be certified against ISO (International Organization for Standardization) standards for ISO 14001 and 50001, and aligned with 14064 associated with our greenhouse gas management system. ISO standards are internationally agreed upon standards that govern best practice for a variety of activities.

In April, Kyndryl received a Silver Award from EcoVadis, a sustainability rating agency, exemplifying the progress we have made in our ESG work over the past year. Kyndryl will report more extensively on our environmental progress in our first ESG report later this year, which will include reporting aligned to frameworks such as the Carbon Disclosure Project (CDP), the Task Force for Climate Related Disclosures (TCFD), and the Sustainability Accounting Standards Board (SASB). These frameworks allow us to meet ESG regulatory requirements, like the Non-Financial Reporting Directive (NFRD) which require information about the management of our performance.

Engaging our employees in sustainability

Kyndryl continues to build out our environmental education and training program to enable our employees to help us meet our environmental and net zero goals. Kyndryl is working with the Carbon Literacy Trust to help Kyndryl employees train and become certified as Carbon Literate. The Carbon Literacy Trust developed the Carbon Literacy Project to help raise individuals' and organizations' awareness of the impact of human activity on the climate and the consequences of climate change. Kyndryl UKI and USA have been awarded bronze Carbon Literate Organization status by the Carbon Literacy Trust for Kyndryl's creation of our bespoke Carbon Literacy education programs and leadership participation. This education effort also includes our bespoke Mission Net Zero: Sustainability at Kyndryl course, launched for Earth Day 2023.

Driving market differentiation

Kyndryl's customers often ask us about our ESG strategies and how our solutions can support their sustainability efforts. In the last year we have developed ESG customer enablement materials to communicate our ESG progress with our customers and to assist in processing customer ESG inquiries and RFP/RFIs. During the past year, we have also launched our internal Green Guild. Kyndryl's Green Guild

brings together over 300 employees who work with Kyndryl offerings as well as our alliance partners to co-create and innovate sustainable solutions for our customers. These include solutions related to sustainable data centers, cloud migration, and digitizing the workplace.

Evolving the Kyndryl Culture

Last year, we introduced The Kyndryl Way – how we define our differentiating services-led culture as we aim to be the employer and partner of choice. The Kyndryl Way is defined as operating a fast, flat and focused business with engaged employees – “Kyndryls” – who are restless, empathetic and devoted. Since then, we have been transforming our culture through new behaviors, systems and symbols to embody these principles and ways of working.

We are making the right investments in our people to equip them to role model The Kyndryl Way and associated Leadership Behaviors. We launched Leadership Development@Kyndryl – a one-stop shop for equipping and inspiring people-centric leaders with new, contemporary curriculum, workshops, resources and tools to further hone their leadership skills. And we trained nearly all 6,000 managers in workshops focused on adopting the Leadership Behaviors to advance The Kyndryl Way.

We are seeing the positive impact of these programs. We are proud that our engagement score improved 3.4 points from a year ago and is higher than industry benchmarks. And, we are making good progress on advancing our culture. 88% of employees agree that their manager’s behavior is consistent with The Kyndryl Way.

We also know that career and skill development is important to our employees, necessary for our business transformation and an essential part of our “restless to power the future” and “devoted to our customers” culture. We are putting Kyndryl development and skills at the heart of our business.

78%

PARTICIPATION

78% of Kyndryls participated in our Annual Engagement Survey

For example, we made important changes to our global Internal Job Posting Policy, focusing on increasing internal job movement and visibility into non-executive and executive job postings for Kyndryls. It is foundational to filling open job roles and empowering Kyndryls to own their careers and advance their skills. We also introduced our new Global Skills and Career Framework as the new foundation for Kyndryl career journeys. It further empowers Kyndryls to own their careers by providing market-based, transparency into: their role, the skills and competencies expected for their role, and how they fit into the larger Kyndryl, as well as how jobs are organized and the variety of career paths across Kyndryl. This is a symbol and system that enables Kyndryl to be fast, flat and restless to power the future, focused on continual learning and skill development.

This is part of our mission to continuously support our employees and equip them with the tools and skills they need to better serve our customers and grow their careers at Kyndryl.

Inclusion, Diversity & Equity at Kyndryl

Driving a culture where every employee feels a sense of inclusion and belonging is rooted in The Kyndryl Way. This past year we created the foundation for an equitable environment, where Kyndryls can power human progress and innovate. As we continue to progress, inclusion, diversity and equity (ID&E) will be embedded and strengthened in every aspect of our business. As we reflect, our goals have been achieved through an alignment to our four strategic priorities: Connected and Inclusive Culture, Diverse and Representative Teams, Embedding ID&E in Business and Operations and Community Engagement and Advocacy.

Our Empathy & Inclusion Index score is nearly best-in-class – 6 points above industry average – showing that Kyndryls have a strong sense of belonging and that we are making progress against our goal of building an inclusive culture. 91% of Kyndryls feel they are treated with respect and 87% feel they can be themselves at work.

We refined fundamental policies committing to Equal Opportunity Employment, Workforce Diversity & Inclusion, and Non-discrimination and Harassment. We created new partnerships to empower communities to build inclusive and equitable economies, and to engage Kyndryls in impactful volunteerism. Partners include Echoing Green, who find emerging leaders with strong social innovation solutions and set them on a path to lifelong impact. This January, we launched Cyber Rakshak in India which will provide cyber skills for village women.

We are also embedding inclusion, diversity and equity into our business operations.

Our Commitment to Our Community

In addition to our commitment to inclusion, diversity and equity, Kyndryl is focused on supporting our employees and the communities where we live and work. Our Corporate Social Responsibility (CSR) strategy guides our employee and community engagement programming. We align our impact to United Nations Sustainable Development Goals (UN SDGs), and our CSR strategy is centered around three focus areas to drive focused impact; Future Forward Education, Climate Action and Inclusive Economies. In the last year, we have continued to scale the adoption of our employee engagement platform that allows all global employees to volunteer or donate to nonprofits and focus on making impact across our three focus areas.

In addition to our employee engagement platform, we have also partnered with several nonprofits to expand our positive impact. You can read more about our programs and partnerships on our Corporate Social Responsibility: About Us website on Kyndryl.com.

25K
KYNDRYLS

We currently have over 25K Kyndryls registered on our volunteering and giving platform and have impacted over 1,600 organizations worldwide

Our Commitment to Human Rights

Respect for human rights is an integral part of our ESG strategy to ensure the safe and sustainable operations of our business, and we adhere to the United Nations (UN) Guiding Principles on Business and Human Rights. We maintain a commitment to respecting human rights through our membership in the Responsible Business Alliance (RBA) and uphold this commitment through the processes and procedures outlined in our Human Rights Policy.

Governance

ESG Executive Committee

In addition to establishing Board oversight of our ESG strategy, Kyndryl established a management-level ESG Executive Committee in 2022 that meets regularly to address ESG issues and ensure progress against our goals. The ESG Executive Committee is responsible for overseeing the working groups dedicated to each of the three ESG domains. As set forth below, the ESG Executive Committee is a cross-functional team comprised of senior management executives across the finance, human resources, legal, operations, sustainability and corporate affairs functions to ensure that all of Kyndryl's internal stakeholders are represented in our key ESG initiatives and policies.

Operating Ethically & Safely

Kyndryl continues to develop strong governance structures that support our mission to embed accountability, transparency and risk management into our business as embodied in the launch of our refreshed Kyndryl Code of Conduct during fiscal year 2023.

For the second consecutive year, we achieved a 100% completion rate for business ethics employee training for non-exempted employees*

100%
COMPLETION RATE

We also provide global cyber security training to all global employees, contractors and vendors.

* 100% of the non-exempted employees completed our Kyndryl Code of Conduct training as of March 17, 2023. Employees on leave of absence, extended sickness or accident leave, pending termination of employment or similar circumstances may be exempted.

In order to promote sustainable operations throughout our supply chain, Kyndryl joined the Responsible Business Alliance (RBA). The RBA is the world's largest industry coalition dedicated to responsible business conduct in global supply chains. As a member of the RBA, we uphold high standards of environmental as well as corporate responsibility and commit to respecting human rights and ensuring sustainable operations. Further, we are working with EcoVadis to manage our supplier program to meet customer and regulatory requirements. In addition to our membership with the RBA, Kyndryl maintains a supplier diversity program and is committed to ensuring sustainable and equitable operations.

Risk Management

In addition to the ESG Executive Committee and Board oversight of ESG issues, we also support ESG risk mitigation through the Enterprise Risk Management group. The "Board and Committee Oversight of Strategy and Risk Management" section of this Proxy Statement has more details on the overall risk oversight and strategy of the Company.

Certain Relationships and Related Person Transactions

POLICY ON RELATED PERSON TRANSACTIONS

The Board has adopted a written Policy on Related Person Transactions to guide its review, approval and ratification of related person transactions and to assist us in the preparation of related disclosures required by the SEC.

The Policy on Related Person Transactions does not prohibit related person transactions covered by the policy, but provides that such transactions must be reviewed, approved or ratified and disclosed in accordance with the SEC's rules regarding related person transactions.

Under our Policy on Related Person Transactions, information about transactions in which the Company was or is to be a participant and in which any related person had or will have a direct or indirect interest, other than transactions that would not be required to be disclosed pursuant to Item 404(a) of Regulation S-K (Related Person Transactions), are reviewed, approved or ratified by the independent directors on our Board or by any committee designated by the Board that is comprised solely of independent directors. Related persons include our directors, director nominees and executive officers, beneficial owners of more than five percent of our common stock, as well as immediate family members of any of the foregoing. If the related person at issue is a director, or a family member of a director, then that director will not participate in those discussions.

In reviewing Related Person Transactions, the independent directors on our Board (or the designated committee) will consider all relevant facts and circumstances, including:

- the relationship of the Related Person to the Company;
- the nature and extent of the Related Person's interest in the Transaction;
- the material terms of the Transaction;
- the importance and fairness of the Transaction both to the Company and to the Related Person;
- the business rationale for engaging in the Transaction;
- whether the Transaction would likely impair the judgment of a director or executive officer to act in the best interest of the Company;
- whether the value and the terms of the Transaction are substantially similar as compared to those of similar transactions previously entered into by the Company with non-Related Persons, if any; and
- with respect to a non-employee director or nominee, whether the transaction would compromise the director's independence under the NYSE rules (including those applicable to committee service) and Rule 10A-3 of the Exchange Act, if such non-employee director serves on the Audit Committee, or status as a "non-employee director" under Rule 16b-3 of the Exchange Act, if such non-employee director serves on the CHC Committee.

The independent directors on our Board (or the designated committee) will not approve or ratify a Related Person Transaction unless they determine that the Transaction is in, or is not inconsistent with, the best interests of the Company. The independent directors on our Board (or the designated committee) will prohibit any Related Person Transaction if they determine it to be inconsistent with the interests of the Company and its stockholders.

In addition to our Policy on Related Person Transactions, The Kyndryl Code of Conduct requires that all employees, officers and directors avoid any situation that involves or appears to involve a conflict of interest between their personal and professional relationships. Our Audit Committee provides oversight regarding compliance with The Kyndryl Code of Conduct. The Kyndryl Code of Conduct also requires that all employees seek approval from senior management and Kyndryl counsel prior to accepting membership on the board of directors, advisory board, advisory council or similar position at another company.

AGREEMENTS WITH IBM

We were spun off from IBM on November 3, 2021. In order to govern the ongoing relationships between us and IBM after the Spin-off and to facilitate an orderly transition, IBM implemented agreements with us providing for various services and rights following the Spin-off, and under which we and IBM indemnify each other against certain liabilities arising from our respective businesses. During our 2023 fiscal year, IBM was a related party, as a result of its Kyndryl stock ownership, until it completed its disposition of its Kyndryl shares on August 11, 2022 (IBM Disposition). The following summarizes the terms of the material agreements in place with IBM.

Separation and Distribution Agreement

The Separation and Distribution Agreement was in place with IBM in advance of the distribution in the amount of one share of our common stock for every five shares of IBM common stock (Distribution). The Separation and Distribution Agreement sets forth our agreements with IBM regarding the principal actions to be taken in connection with the Spin-off. It also sets forth other agreements that govern certain aspects of our ongoing relationship with IBM following the Spin-off and contains terms governing the allocation of legal claims and liabilities, the release of claims between us and IBM and the indemnification obligations following the Distribution.

Transition Services Agreement

Under the Transition Services Agreement, IBM provides us with certain specified services for a limited time to ensure an orderly transition following the Distribution. The services IBM will provide predominantly consist of information technology services, among others. The services are generally intended to be provided for a period no longer than two years following the Distribution. Each party may terminate the agreement in its entirety in the event of a material breach of the agreement by the other party that is not cured within a specified time period. We may also terminate the services on an individual basis upon prior written notice to IBM, provided that a partial termination of a service will require mutual agreement between us and IBM. The Transition Services Agreement provides for customary indemnification and limits on liability. Given the short-term nature of the Transition Services Agreement, we are in the process of increasing our internal capabilities to eliminate reliance on IBM for the transition services. During the 2023 “fiscal year” beginning on April 1, 2022 through the IBM Disposition, we incurred fees of \$149 million under the Transition Services Agreement, which fees were paid to IBM under the terms of such agreement.

Tax Matters Agreement

The Tax Matters Agreement governs the respective rights, responsibilities and obligations of IBM and us after the Distribution with respect to all tax matters (including tax liabilities, tax attributes, tax returns and tax contests). The Tax Matters Agreement imposes certain indemnification obligations to IBM on us and certain restrictions on us and our subsidiaries that are designed to preserve the tax-free status of the Spin-off and related transactions. These restrictions may limit our ability to pursue strategic transactions or engage in new businesses or other transactions that may maximize the value of our business, and might discourage or delay a strategic transaction that our stockholders may consider favorable.

Employee Matters Agreement

The Employee Matters Agreement addresses employment and employee compensation and benefits matters. The Employee Matters Agreement addresses the allocation and treatment of assets and liabilities relating to employees and compensation and benefit plans and programs in which our employees participated prior to the Spin-off, including the treatment of outstanding incentive awards and certain

retirement and welfare obligations, both inside and outside of the United States. The Employee Matters Agreement also imposes obligations on us to establish certain compensation and benefit plans for the benefit of our employees following the Spin-off.

In addition, the Employee Matters Agreement provides that we indemnify IBM for certain employee-related liabilities associated with the failure to establish benefit plans or in connection with joint-employer liability claims by our employees.

Agreements Governing Intellectual Property

ALLOCATION OF INTELLECTUAL PROPERTY

The agreements with IBM governing intellectual property provide for (i) us to own certain specified patents and patent applications, trademarks, domain names, copyrights in proprietary software and documentation, database rights and certain other intellectual property rights solely developed by or exclusively related to our business and (ii) IBM to retain any of its other intellectual property rights related to our business. Intellectual property rights were generally allocated to us if those rights were solely developed by our business (including with respect to software, database rights and certain other technologies) or are exclusively related to our business. Any intellectual property and technologies that are not allocated to us will be retained by IBM.

INTELLECTUAL PROPERTY AGREEMENT

The Intellectual Property Agreement with IBM, provided that IBM granted us perpetual and irrevocable, non-exclusive, royalty-free licenses to certain proprietary software and documentation, databases, trade secrets and certain other intellectual property rights (excluding patents and trademarks) that are used in our business but are being retained by IBM. The foregoing licenses exclude IBM's commercial software, which is subject to IBM's standard commercial terms if we choose to use it in our business. Additionally, we granted to IBM perpetual and irrevocable, non-exclusive, royalty-free licenses to certain proprietary software and documentation, databases, trade secrets and certain other intellectual property rights (excluding patents and trademarks) that were allocated to us (other than certain restricted software and research assets, to which IBM was granted limited or no rights). In addition, pursuant to the Intellectual Property Agreement, we are permitted to continue using certain of IBM's trademarks, trade names and service marks with respect to the "IBM" brands in connection with certain limited transitional uses. The permitted transitional uses generally do not exceed one to two years. The Intellectual Property Agreement also provides that we will use commercially reasonable efforts to cease using such IBM trademarks as soon as reasonably practicable.

OTHER INTELLECTUAL PROPERTY ARRANGEMENTS

The patent cross-license agreement with IBM, provided that we granted to IBM, and IBM granted to us, a non-exclusive, worldwide, fully paid-up license to our respective patent portfolios as of the Spin-off. The license will continue until the expiration of the last to expire of the licensed patents, unless earlier terminated. IBM will also separately be licensed under any patents issuing from applications we file based on invention disclosures assigned to us in the Spin-off.

In addition, we were granted licenses under certain of IBM's patent cross-license agreements with third parties that have been identified as being relevant to our business, and IBM will work together with us to extend us rights under these agreements to the extent permitted thereunder.

Real Estate Matters Agreement

The Real Estate Matters Agreement with IBM governs the allocation and transfer of real estate between IBM and Kyndryl and the colocation of IBM and Kyndryl following the Spin-off. Real estate assets were predominantly allocated such that properties with greater than 50% occupancy by one company are allocated in full to such company and the non-majority company moves to another location, except that the

non-majority company is not required to vacate earlier than the expiration date of any applicable lease or sublease entered into pursuant to the Real Estate Matters Agreement.

Commercial Arrangements

We also have commercial arrangements with IBM. The IBM International Client Relationship Agreement that governs transactions by which we may order from IBM its branded programs, services and products and third-party products and services for use in our internal business and to service our customers.

The Master Subcontracting Framework Agreement governs relationships where either we or IBM can serve as the prime contractor or subcontractor with respect to a particular customer. The Master Subcontracting Framework Agreement (i) sets forth the general principles by which we and IBM may establish subcontracting relationships, (ii) provides a template for developing the subcontract for each particular engagement and (iii) establishes standard terms and approaches to be applied in the ordinary course of subcontracting between us and IBM.

During the 2023 “fiscal year” beginning on April 1, 2022 through the IBM Disposition, we incurred fees of \$1.31 billion under these Commercial Arrangements, which fees were paid to IBM under the terms of such arrangements.

Stockholder Registration Rights Agreement

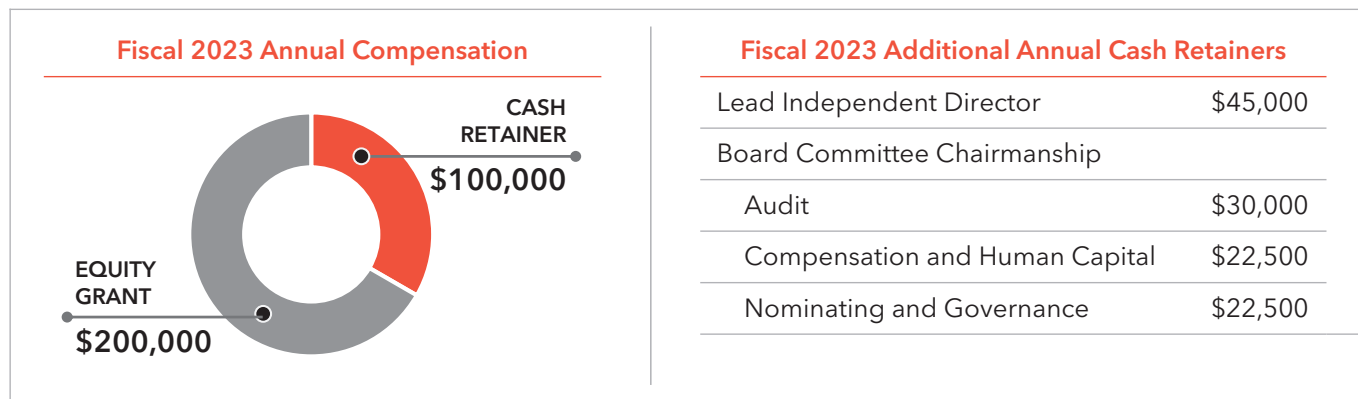

The Stockholder and Registration Rights Agreement, which terminated in accordance with its terms upon the IBM Disposition, pursuant to which, upon the request of IBM, subject to certain limitations, we would use our reasonable best efforts to effect the registration under applicable federal or state securities laws of any shares of our common stock retained by IBM; the agreement also contained customary “piggyback” registration rights. We were generally responsible for all registration expenses in connection with the performance of our obligations under the registration rights provisions in the agreement, and IBM was responsible for its own internal fees and expenses, any applicable underwriting discounts or commissions and any stock transfer taxes. The agreement also contained customary indemnification and contribution provisions by us for the benefit of IBM and, in limited situations, by IBM for the benefit of us with respect to the information provided by IBM included in any registration statement, prospectus or related document, which indemnification terms survived the termination of the agreement. In addition, IBM agreed to vote the shares of our common stock that it retained immediately after the Distribution in proportion to the votes cast by our other stockholders. In connection with such agreement, IBM granted us a proxy to vote its shares of our retained common stock in such proportion. Such proxy, however, was automatically revoked as to a particular share upon any sale or transfer of such share from IBM to a person other than IBM, and neither the Stockholder and Registration Rights Agreement nor proxy limited or prohibited any such sale or transfer.

Director Compensation

Our Board has adopted a director compensation program for fiscal 2023, as described below, pursuant to which each of our non-employee directors receives a cash retainer and an annual equity award in the form of restricted stock units (RSUs) for their services to the Board and its committees. Mr. Schroeter, Chairman and Chief Executive Officer, does not receive separate compensation for his service on the Board.

The Board believes that annual compensation for non-employee directors should consist of both a cash component, designed to compensate members for their service on the Board and its committees, and an equity component, designed to align the interests of directors and stockholders. In addition, each director will be reimbursed for out-of-pocket expenses in connection with his or her services.

This program enables continued attraction and retention of highly qualified directors and to address the time, effort and accountability required by active board membership. Director compensation is periodically reviewed by the Nominating and Governance Committee and the Board, usually on an annual basis.

The cash retainer is paid in installments and prorated for partial years of service. The annual RSU grant is made on the date of the annual meeting each year, has an annual target value of \$200,000 and fully vests on the earlier of the anniversary of the grant date and the date of our next annual meeting following the grant date (provided that the date of the meeting is at least 50 weeks after the grant date). Accordingly, on July 28, 2022, we granted each of our non-employee directors 19,399 RSUs that vest in full on the date of the 2023 Annual Meeting, subject to the director's continued service through such date.

Our directors are subject to the Stock Ownership Guidelines described under "2023 Executive Compensation—Compensation Discussion and Analysis—Additional Compensation Information—Stock Ownership Guidelines." Pursuant to such guidelines, our non-employee directors are required to retain 100% of the shares of our common stock underlying the RSUs, net of any amounts required to pay taxes, until they achieve the ownership required by the guidelines.

The table below sets forth information regarding the compensation of each of our non-employee directors for the fiscal year ended March 31, 2023.

Proposal 2—Advisory Vote to Approve Executive Compensation

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, Kyndryl is asking that stockholders vote, on a non-binding basis, to approve the compensation of the named executive officers as discussed in the Compensation Discussion and Analysis on pages 43 to 61 and the compensation tables on pages 63 to 79, including accompanying narrative disclosure. The Company currently intends to hold such votes annually. Accordingly, the next such vote is expected to be held at the Company's 2024 Annual Meeting. While the Board intends to consider carefully the results of this vote, the vote is advisory in nature and is not binding on the Company or the Board.

As described in the Compensation Discussion and Analysis, our executive compensation programs are designed to be consistent with our compensation philosophy to **pay for performance, align with stockholders** and **pay competitively**.

In deciding how to vote on this proposal, the Board encourages you to read the Compensation Discussion and Analysis, particularly the Executive Summary. In making executive compensation decisions, our Compensation and Human Capital Committee performed a market check against a compensation peer group. In addition, our Compensation and Human Capital Committee selected goals and metrics to motivate the named executive officers to execute, and reward them for their progress in the execution of, the Company's strategy to return to profitability.

For the reasons expressed above and discussed in the Compensation Discussion and Analysis, the Compensation and Human Capital Committee and the Board believe that our compensation policies and programs are aligned with the interests of our stockholders and designed to reward performance and pay competitively.

The Board recommends that stockholders vote **FOR** the following resolution:

"RESOLVED, that the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the executive compensation tables and the narrative discussion, is approved."

The Board recommends that you vote **FOR** the approval of the compensation of the named executive officers.

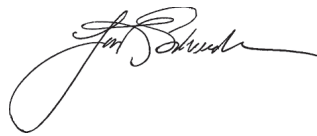

A Message from the Compensation and Human Capital Committee Chair

Dear Stockholders,

Fiscal year 2023 marked Kyndryl's first full financial year as an independent company with our own stand-alone compensation programs. We successfully implemented our fiscal year 2023 compensation design that we previewed in our 2022 proxy. We believe our programs support our strategy to return to profitability and growth. We continue to believe our annual and long-term incentive programs support the Company's business strategy and we therefore kept a similar approach for fiscal year 2024 - building upon the foundation with short and long-term compensation programs aligned to our financial, operational, and strategic objectives which drive shareholder value creation.

We encourage you to carefully review our CD&A and the executive compensation information that follows. The Committee welcomes and is committed to responding to stockholder feedback. As a flat, fast and focused company, we each play a role in our growth story and commitment to being restless, empathetic and devoted to our stakeholders as we bring to life The Kyndryl Way.

Sincerely,

JANA SCHREUDER
Chair of the Compensation and
Human Capital Committee of the Board

Compensation Discussion and Analysis

I. EXECUTIVE SUMMARY

Fiscal 2023 Overview

In the fiscal year ended March 31, 2023 (fiscal 2023), Kyndryl's first full fiscal year operating as an independent company, the Company began to implement its strategy to return to profitability and growth. Kyndryl met or exceeded all of its strategic objectives, referred to as the "three-A's" initiatives, for fiscal 2023:

- Alliances initiative - the Company leveraged its partnerships with leading technology companies, achieving its goal for contract signings tied to cloud hyperscaler alliances;
- Advanced Delivery initiative - the Company strengthened its automation capabilities, allowing it to redeploy delivery professionals to serve new revenue streams and backfill attrition and exceed related cost savings objectives; and
- Accounts initiative - the Company started to address customer relationships with substandard margins to deliver on its fiscal 2023 profit improvement goal.

Incremental to the benefits from the three-A's initiatives, the Company has driven growth in Kyndryl Consult, Kyndryl's business outcomes-led consulting, and across its global practices.

In setting financial performance goals for the Company's NEOs for fiscal 2023, the Compensation and Human Capital Committee ("CHC Committee") considered that the Company's financial results in fiscal 2023 would be largely driven by actions taken and contracts entered into prior to the Spin-off. The CHC Committee also recognized that the Accounts initiative could negatively impact revenues in the near-term, as management focuses on addressing unprofitable accounts. Based on these factors, the CHC Committee determined to set fiscal 2023 financial performance goals for the Company's NEOs at a lower level than the financial performance the Company achieved in fiscal 2021, which goals it believed would nonetheless be difficult to achieve.

For fiscal 2023, the Company achieved:

- Revenues of \$17 billion, a decline of 7%, or 0% in constant currency*, compared to the twelve months ended March 31, 2022; and
- Adjusted EBITDA of \$2 billion*, compared to adjusted EBITDA of \$2.2 billion* in the twelve months ended March 31, 2022.

*Constant currency and adjusted EBITDA are non-GAAP financial measures. The Company used adjusted EBITDA as a financial performance measure for determining the annual cash bonus paid to our NEOs. For a definition of constant currency and a reconciliation of adjusted EBITDA to net loss, see Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Segment Results in our Fiscal 2023 10-K.

In addition, the Company achieved key ESG objectives of:

- Establishing the Company's carbon baseline and announcing Science-Based Targets initiative targets;
- Increasing global employee engagement;
- Advancing key diversity goals globally; and
- Establishing a foundation for the culture, systems and platforms for enhancing governance, ethics and transparency.

See "Proxy Summary - Our Commitment to ESG" for a detailed discussion of our ESG accomplishments.

The foregoing considerations and achievements resulted in the cash incentive-based payments for fiscal 2023 described below under “Elements of Compensation and Compensation Decisions—Annual Cash Bonus.”

NEOs

Kyndryl’s NEOs for fiscal year 2023 were the following five executive officers:

MARTIN SCHROETER

Chairman and Chief Executive Officer

DAVID WYSHNER

Chief Financial Officer

ELLY KEINAN

Group President

EDWARD SEBOLD

General Counsel and Secretary

MARYJO CHARBONNIER

Chief Human Resources Officer

Our Compensation Philosophy

Our CHC Committee bases its compensation decisions with respect to the compensation of our executive officers on the following principles:

PAY FOR PERFORMANCE

- At target, 75%-90% of our NEOs’ compensation opportunity is performance-based
- Incentive compensation is driven and differentiated by both company and individual performance

ALIGN WITH STOCKHOLDERS

- Incentives are tied to both short-term and long-term performance goals to balance risk while rewarding for delivering financial, operating and strategic performance aligned with our business strategy and stockholder interests
- A significant portion of NEO compensation is delivered in equity, further aligning their interest with stockholders
- NEOs are required to retain shares earned until minimum share ownership levels are achieved per our stock ownership guidelines

PAY COMPETITIVELY

- Total target compensation is aligned competitively to market to ensure we attract and retain critical talent
- Actual pay levels are driven and differentiated by company and individual performance

2022 Say-on-Pay Vote

Our Board and CHC Committee value the perspectives of our stockholders and are committed to responding to stockholder feedback. The 2022 annual vote on an advisory resolution to approve the compensation of our NEOs (“say-on-pay”), which related to compensation decisions made by our former parent prior to the Spin-off and our CHC Committee after the Spin-off with respect to the compensation of our NEOs in fiscal 2021, passed with approximately 81% of the votes in favor. Given this support, as well as stockholder feedback we received during our engagement with our stockholders, both in connection with our 2022 Annual Meeting and as described under “Corporate Governance and Board Matters–Investor Engagement,” the CHC Committee believes that our stockholders are generally supportive of the executive compensation program the CHC Committee put in place following the Spin-off for periods after 2021. Accordingly, the CHC Committee did not modify this executive compensation program, which is described in detail below and differs significantly from the Company’s fiscal 2021 executive compensation program.

How Our NEOs Are Paid

The table below presents the primary compensation elements of our executive compensation program as applied to our NEOs.

	Payment Form	Performance and/or Service Condition	Compensation Objective
BASE SALARY	<ul style="list-style-type: none"> Cash 	<ul style="list-style-type: none"> NA 	<ul style="list-style-type: none"> Provide market-competitive, fixed level of compensation Attract and retain critical talent

	<ul style="list-style-type: none"> Equity–Restricted Stock Units (35% of Long-Term Equity Incentive) 	<ul style="list-style-type: none"> Vesting ratably over four years, subject to employment through each applicable vesting date 	<ul style="list-style-type: none"> Attract and retain critical talent Align NEOs’ interests with that of stockholders

In addition, our CHC Committee determined that it is appropriate to provide the NEOs with benefits generally available to all employees and certain limited perquisites the CHC Committee determined were necessary to perform their duties efficiently and minimize distractions. See “–Other Compensation” below.

Target Compensation Mix

Consistent with our compensation philosophy, the compensation of our NEOs is long-term focused and primarily performance-based. The following pie charts show the fiscal 2023 target annual compensation mix for our CEO and our other NEOs.

Our Executive Compensation Best Practices

Our CHC Committee reviews the Company's executive compensation program on an ongoing basis to evaluate whether it supports the CHC Committee's executive compensation philosophies and objectives and is aligned with stockholder interests. Our executive compensation practices include the following, each of which the CHC Committee believes reinforces our executive compensation objectives:

What We Do

- ✓ Significant percentage of target annual compensation delivered in the form of variable compensation tied to performance
- ✓ Long-term objectives aligned with the creation of stockholder value
- ✓ Market comparison of executive compensation against a relevant peer group
- ✓ Use of an independent compensation consultant reporting directly to the CHC Committee and providing no other services to the Company
- ✓ Robust stock ownership guidelines (6 times base salary for CEO and 3 times base salary for other NEOs)
- ✓ Clawback policy
- ✓ Non-competition and non-solicitation agreements for senior executives where not prohibited by local law
- ✓ Limited perquisites
- ✓ One-year minimum vesting condition under our long-term incentive plan
- ✓ Annual compensation risk review and assessment

What We Don't Do

- ✗ Provide tax gross-ups
- ✗ Provide "single-trigger" change in control severance benefits
- ✗ Provide excessive severance benefits
- ✗ Provide "single-trigger" change in control equity vesting
- ✗ Allow hedging or pledging of Company shares by our executive officers
- ✗ Have an evergreen provision in our long-term incentive plan
- ✗ Permit repricing of underwater stock options without stockholder approval
- ✗ Have multi-year employment agreements
- ✗ Have guaranteed annual bonus or equity payments

II. EXECUTIVE COMPENSATION DECISION-MAKING AND OVERSIGHT

Role of Our CHC Committee, Our Independent Directors and Management

Our CHC Committee is responsible for defining and articulating our overall executive compensation philosophy and key compensation policies. With respect to the compensation of our Chief Executive Officer, Mr. Schroeter, the CHC Committee reviews and approves the corporate goals and objectives relevant to such compensation, evaluates, together with the other independent members of the Board, his performance in light of those goals and objectives, and recommends his compensation level for approval by the other independent members of the Board. Our CHC Committee administers and approves all elements of the compensation of our other executive officers. In setting the compensation of our other executive officers, the CHC Committee takes into account Mr. Schroeter's review of each executive officer's performance and his recommendations with respect to his or her compensation. Mr. Schroeter does not participate in the determination of his own compensation. Because an extensive review of executive officer compensation was undertaken following the Spin-off at the end of calendar year 2021, no changes were made to the compensation levels of our NEOs in fiscal 2023. Our CHC Committee undertook its annual review of executive officer compensation for fiscal 2024 in April 2023.

Role of Compensation Consultants

In connection with the Spin-off, our CHC Committee engaged FW Cook to serve as the CHC Committee's independent compensation consultant. FW Cook and its affiliates do not provide any services to the Company or any of the Company's affiliates other than advising the CHC Committee on executive compensation and the Nominating and Governance Committee on director compensation. At the CHC Committee's request, in fiscal 2023, FW Cook advised the CHC Committee on general marketplace trends in executive compensation, made proposals for executive compensation programs, assisted in the development of a group of peer companies for inclusion in competitive market analyses of compensation and otherwise advised the CHC Committee with regard to the compensation of our Chief Executive Officer and other executives. FW Cook also reviewed this Compensation Discussion and Analysis and advised the CHC Committee with respect to the SEC's new pay vs. performance disclosure requirement. The CHC Committee has assessed the independence of FW Cook pursuant to the applicable rules and determined that its engagement does not raise any conflict of interest.

Use of Competitive Data

Our CHC Committee believes it is important to clearly understand the relevant market for executive talent to inform its decision-making and ensure that our compensation program for executive officers attracts and retains key talent. Accordingly, the CHC Committee, working with FW Cook, has developed a group of peer companies to inform the Company's executive compensation decisions, which is reviewed annually to ensure that the companies constituting the peer group continue to provide meaningful and relevant compensation comparisons. The peer group was initially established in November 2021 following the Spin-off and subsequently reviewed in October 2022, when the CHC Committee determined that no changes were necessary. The peer group for fiscal 2023 (Peer Group) consisted of the 15 companies set forth below.

• Accenture plc	• Cognizant Technology Solutions Corporation	• Leidos Holdings, Inc.
• Aon plc	• DXC Technology Company	• Marsh & McLennan Companies, Inc.
• Automatic Data Processing, Inc.	• Fidelity National Information Services, Inc.	• Salesforce, Inc.
• Booz Allen Hamilton Holding Corporation	• Fiserv, Inc.	• Science Applications International Corporation
• Cisco Systems, Inc.	• Hewlett Packard Enterprise Company	• VMware, Inc.

The CHC Committee believes the Peer Group companies are an appropriate reference to inform the Company's executive compensation decisions based on several important criteria:

- their listing on a U.S. stock exchange and subjection to reporting obligations similar to Kyndryl's;
- the similarity of their industry classification to Kyndryl's classification;
- the extent to which they compete with Kyndryl for executive talent and for investors;
- the similarity in the scale of their business to that of Kyndryl's; and
- general comparability of key size measures, primarily revenue and number of employees.

At the time the Peer Group was reviewed and approved in October 2022, the Company's revenue was at approximately the 60th percentile of the Peer Group.

While our CHC Committee reviews compensation levels for comparable roles within the Peer Group to inform its determinations regarding the compensation of our executive officers, our CHC Committee does not rely solely on data from the Peer Group in establishing the compensation for our executive officers nor does our CHC Committee target a specific competitive position versus the Peer Group. Our CHC Committee also refers to other resources, including published compensation data from other third-party surveys. The compensation data of the Peer Group and such other resources are considered alongside the Company's pay-for-performance and long-term value creation objectives in determining the compensation for our executive officers that best aligns management's interests with those of our stockholders.

III. ELEMENTS OF COMPENSATION AND COMPENSATION DECISIONS

Base Salaries

[LINK TO
COMPENSATION
PHILOSOPHY](#)

Base salary is intended to provide a market-competitive, fixed level of compensation and attract and retain the best, diverse talent. Base salaries are expected to be reviewed annually, and the CHC Committee may adjust individual base salaries from time to time to recognize outstanding performance, changes in duties or roles with the Company, and/or changes in overall labor market dynamics.

Following the Spin-off, our CHC Committee, with the input of FW Cook, conducted a review of the compensation of our NEOs. Because the post-Spin-off compensation review took place late in 2021, no changes were made to the base salaries of our NEOs in fiscal 2023. The table below sets forth the annual base salaries at the end of fiscal 2021 and the end of fiscal 2023.

Name	Annual Base Salary as of December 31, 2021 (\$)	Annual Base Salary as of March 31, 2023 (\$)
Martin Schroeter	1,000,000	1,000,000
David Wyshner	780,000	780,000
Elly Keinan	800,000	800,000
Edward Sebold	666,667	666,667
Maryjo Charbonnier	615,000	615,000

Annual Cash Bonus

[LINK TO
COMPENSATION
PHILOSOPHY](#)

Annual cash bonus opportunities are intended to encourage NEOs, as well as other employees, to focus on multiple performance objectives that are key to creating stockholder value by delivering financial, operating and strategic performance that is aligned with our business strategy and stockholder interests.

The CHC Committee annually evaluates a broad range of financial and non-financial metrics, including metrics relating to the Company's environmental, social and governance (ESG) strategies, to determine the appropriate annual bonus award metrics.

The CHC Committee determined to award the NEOs two cash bonus opportunities under the Kyndryl Annual Incentive Plan for Executives in calendar year 2022 to align with the three-month transition period resulting from the Company's decision to change its fiscal year-end from December 31 to March 31 and our new fiscal year. Target amounts for both cash bonus opportunities were equal to 200% of their respective base salaries for Messrs. Schroeter and Keinan and 125% of their respective base salaries for Messrs. Wyshner and Sebold and Ms. Charbonnier. As part of its review and market check in November 2021, the CHC Committee determined that setting the NEOs' target short-term cash incentives at these levels furthered the CHC Committee's objective of awarding compensation opportunities that are majority performance-based and tied to the Company's business results.

TRANSITION PERIOD CASH BONUS OPPORTUNITY

The NEOs' target cash bonus opportunity for the three-month transition period was prorated to reflect the three-month performance period (January 1, 2022 through March 31, 2022) and the payout was capped at 200% of target. The table below sets forth the performance metrics selected by the CHC Committee, their relative weightings, the target amounts approved by the CHC Committee with respect to each metric based on the Company's budget for the transition period and the CHC Committee's rationale for the selection of each metric.

Metric	Weighting	Target Amount	Rationale for Selection
Revenue	50%	\$4.311 billion	<ul style="list-style-type: none"> Used by management to assess our financial performance Used by investors to assess our business
Adjusted EBITDA ⁽¹⁾	50%	\$556 million	<ul style="list-style-type: none"> Used by management to assess our financial performance Used by investors to assess our business CHC Committee believes this metric provides a reliable indicator of the strength of our financial results

The outcome of our performance with respect to the revenue and adjusted EBITDA goals set forth above was subject to adjustment of 10% upwards or downwards based on the Company's achievement of strategic goals. The table below sets forth the strategic goals selected by the CHC Committee and the rationale for its selection.

Strategic Goal	Rationale for Selection
Year-over-year ⁽¹⁾ Kyndryl Consult (formerly Advisory & Implementation Services, or A&IS) signings growth of 20%	<ul style="list-style-type: none"> Kyndryl Consult signings are expected to produce higher profit margins and therefore are expected to lead to greater profitability

(2) April 1, 2022 vs. January 1, 2021

The following tables set forth the payout percentages for threshold, target and maximum achievement as a percentage of the target revenue and adjusted EBITDA amounts. To the extent that performance fell between the applicable threshold, target or maximum levels for each of these metrics, payouts were determined using linear interpolation. To the extent that performance fell below the applicable threshold levels no payouts would have been made in connection with our performance with respect to such goal.

Revenue (50% Weighting)	Below Threshold	Threshold	Target	Maximum
% of Goal Attainment	<95%	95%	100%	106%
% of Target Payout	0%	20%	100%	200%

Adjusted EBITDA (50% Weighting)	Below Threshold	Threshold	Target	Maximum
% of Goal Attainment	<90%	90%	100%	110%
% of Target Payout	0%	50%	100%	200%

Automatic Adjustments and CHC Committee Discretion

The financial results for the transition period were subject to adjustment up or down to remove the impact of currency movements and any material impact of changes in GAAP or other accounting standards. In addition, with CHC Committee approval, the financial results for the transition period were subject to adjustment up or down for unplanned acquisitions or divestitures, loss of contracts not novated in the Spin-off, extraordinary changes, material changes to commercial agreements driven by a change in the strategies of the Company's former parent, or, in exceptional circumstances, impairments, if such situations occurred and adjustment was recommended by the CEO. Finally, under the Kyndryl Annual Incentive Plan for Executives, the CHC Committee has discretion to change the incentive formula or increase, reduce or eliminate a participant's award, in each case at any time up to the date of payment.

Determination of Transition Period Achievement and Payouts

The table below shows the actual results based on the Company's transition period performance and the payouts associated with each of the transition period metrics as a percentage of target. The amounts set forth in the table reflect the Company's actual performance, adjusted to remove the impact of currency movements and IBM content flow-through. The CHC Committee exercised its discretion to adjust for content flow-through from the Company's former parent, which are consulting and maintenance services that are delivered by the Company's former parent as part of the client contracts novated to Kyndryl in the Spin-off. The CHC Committee determined this adjustment was appropriate as revenues, costs and expenses from IBM content flow-through are due to services performed by IBM, rather than the Company. Adjusted EBITDA is a non-GAAP measure and defined as net income (loss) excluding net interest expense, depreciation and amortization (excluding depreciation of right-of-use assets and amortization of capitalized contract costs), charges related to ceasing to use leased/fixed assets, charges related to lease terminations, transaction-related costs, pension costs other than pension servicing costs and multi-employer plan costs, stock-based compensation expense, workforce rebalancing charges, impairment expense, significant litigation costs and foreign currency impacts of highly inflationary countries, with a further adjustment to reflect the currency rates used in initial target setting.

	Revenue	Adjusted EBITDA
Actual performance, as adjusted	\$4.338 billion	\$544 million
% of Target Payout	111%	89%

The results set forth above produced a weighted payout percentage of **100% of target**. Despite the Company's achievement of both strategic goals, with Kyndryl Consult signings growth of 48% year-over-year and fiscal year 2023 year-beginning-backlog improvement of -2.0%, the CHC Committee determined that an upward revision of the weighted payout percentage was not appropriate in the context of the overall attainment results. Based on the performance achieved, each of the NEOs earned a cash bonus for the transition period as follows, which amounts are reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table:

Name	Base salary (prorated)	Target bonus as a percentage of base salary	Target bonus potential	Weighted payout percentage	Transition period bonus payment
Martin Schroeter	\$250,000	200%	\$500,000	100%	\$500,000
David Wyshner	\$195,000	125%	\$243,750	100%	\$243,750
Elly Keinan	\$200,000	200%	\$400,000	100%	\$400,000
Edward Sebold	\$166,667	125%	\$208,333	100%	\$208,333
Maryjo Charbonnier	\$153,750	125%	\$192,188	100%	\$192,188

FISCAL 2023 CASH BONUS OPPORTUNITY

The NEOs' cash bonus for the Company's 2023 fiscal year beginning April 1, 2022 and ending March 31, 2023 was capped at 200% of their respective target cash bonus opportunity. The tables below set forth the performance metrics selected by the CHC Committee, their relative weightings, the target amounts and qualitative goals approved by the CHC Committee with respect to each metric based on the Company's fiscal 2023 budget and ESG strategy and the CHC Committee's rationale for the selection of each metric. In particular, the revenue goal reflected the fact that fiscal year 2023 revenue was expected to decline, in part due to the Company's anticipated strategic Accounts initiative to address low margin accounts, and, due to the nature of the Company's business, was primarily driven by actions taken and contracts entered into prior to the Spin-off. The CHC Committee also determined to decrease the relative weighting of the revenue goal for the foregoing reasons and to reflect the Company's focus on profitability.

Metric	Weighting	Target Amount	Rationale for Selection
Adjusted EBITDA	60%	\$2.352 billion	<ul style="list-style-type: none"> Used by management to assess our financial performance Used by investors to assess our business CHC Committee believes this metric provides a reliable indicator of the strength of our financial results
Revenue	30%	\$17.434 billion	<ul style="list-style-type: none"> Used by management to assess our financial performance Used by investors to assess our business
ESG	10%	⁽¹⁾	<ul style="list-style-type: none"> Encourages management to focus on the achievement of environmental, social, and governance goals that the CHC Committee believes furthers the Company's strategy

(1) The strategic ESG objectives and four specific related qualitative goals are as follows:

Strategic ESG Objectives

E: Environmentally Sound Practices

Goal

Establish our carbon baseline, set targets and announce Science Based Targets initiative (SBTi) targets by fiscal year 2023 year-end

S: Attract, retain and motivate our workforce, ensuring critical skills to enable growth and a thriving culture

Increase global employee engagement

Advance key diversity goals globally

G: Governance, Ethics and Transparency

Establish foundation for the culture, systems and platforms for enhancing governance, ethics and transparency

The CHC Committee retained discretion to determine the relative weightings of the four qualitative goals within the ESG metric.

For each NEO, the outcome of our performance with respect to the revenue, adjusted EBITDA and ESG goals set forth above was subject to adjustment upwards (but not above 200% of target) or downwards based on individual performance, provided that the sum of the individual payouts could not exceed the total overall funding level of the executive officer pool.

The following tables set forth the payout percentages for threshold, target and maximum achievement as a percentage of the target revenue and adjusted EBITDA amounts. To the extent that performance fell between the applicable levels for each of these metrics set forth in the table below, payouts were determined using linear interpolation. To the extent that performance fell below the applicable threshold levels, no payouts would have been made in connection with our performance with respect to such goal.

Revenue (30% Weighting)	Below Threshold	Threshold	Target	Maximum
% of Goal Attainment	<95%	95%	98%	105%
% of Target Payout	0%	20%	90%	200%

Adjusted EBITDA (60% Weighting)	Below Threshold	Threshold	Target	Maximum
% of Goal Attainment	<90%	90%	95%	110%
% of Target Payout	0%	50%	80%	200%

Automatic Adjustments and CHC Committee Discretion

The financial results for fiscal 2023 were subject to adjustment to remove the impact of currency movements and any material impact of changes in GAAP or other accounting standards. In addition, with CHC Committee approval, the financial results for the 2023 fiscal year were subject to adjustment for unplanned acquisitions or divestitures, loss of contracts not novated in the Spin-off, special items adjusted for in the Company's public disclosures including without limitation impairments and gains and losses on divestitures or sales of assets, and material changes to commercial agreements driven by a change in the strategies of the Company's former parent if such situations occurred. Finally, under the Kyndryl Annual Incentive Plan for Executives, the CHC Committee has discretion to change the incentive formula or increase, reduce or eliminate a participant's award, in each case at any time up to the date of payment.

Determination of Fiscal 2023 Achievement and Payouts

The table below shows the actual results based on the Company's fiscal 2023 performance and the payouts associated with each of the fiscal 2023 metrics as a percentage of target. The dollar amounts set forth in the table reflect the Company's actual performance, adjusted to remove the impact of currency movements.

	Revenue	Adjusted EBITDA	ESG
Actual performance, as adjusted	\$18.055 billion	\$2.202 billion	⁽¹⁾
% of Target Payout	157%	72%	100%

- (1) The % of target payout with respect to the ESG objectives was determined based on the Company's achievement of key ESG goals of establishing the Company's carbon baseline and announcing Science-Based Targets initiative targets, increasing global employee engagement, advancing key diversity goals globally and establishing a foundation for the culture, systems and platforms for enhancing governance, ethics and transparency. Adjusted EBITDA is a non-GAAP measure and defined as net income (loss) excluding net interest expense, depreciation and amortization (excluding depreciation of right-of-use assets and amortization of capitalized contract costs), charges related to ceasing to use leased/fixed assets, charges related to lease terminations, transaction-related costs, pension costs other than pension servicing costs and multi-employer plan costs, stock-based compensation expense, workforce rebalancing charges, impairment expense, significant litigation costs and foreign currency impacts of highly inflationary countries, with a further adjustment to reflect the currency rates used in initial target setting.

The results set forth above produced a weighted payout percentage of 100% of target. The CHC Committee determined not to adjust the weighted payout percentage for the individual performance of any of the NEOs. Based on the performance achieved, each of the NEOs earned a cash bonus for fiscal 2023 as follows, which amounts are reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table:

Name	Base salary	Target bonus as a percentage of base salary	Target bonus potential	Weighted payout percentage	Fiscal 2023 bonus payment
Martin Schroeter	\$1,000,000	200%	\$2,000,000	100%	\$2,000,000
David Wyshner	\$ 780,000	125%	\$ 975,000	100%	\$ 975,000
Elly Keinan	\$ 800,000	200%	\$1,600,000	100%	\$1,600,000
Edward Sebold	\$ 666,667	125%	\$ 833,333	100%	\$ 833,333

Long-Term Equity Incentives

LINK TO COMPENSATION PHILOSOPHY

Long-term equity incentive awards are intended to ensure that our NEOs have a continuing stake in our long-term success, are motivated to achieve longer-term performance objectives linked to our business strategy and receive compensation tied to stockholder value creation. We grant long-term equity incentive (LTI) awards under the Amended and Restated Kyndryl 2021 Long-Term Performance Plan (LTPP).

In determining the size and award mix of the annual long-term incentive opportunity, the CHC Committee considers a number of factors, including competitive market data. The CHC Committee currently awards a mix of performance share units (PSUs) and time-vesting restricted stock units (RSUs) to NEOs as part of the annual long-term incentive opportunity.

Once performance share unit awards have been granted, the number of shares that an NEO will receive on vesting, if any, depends on the Company's attainment of specific financial or strategic targets.

Finally, the CHC Committee considers time-vesting restricted stock units an important tool to retain key talent and ensure that executives have a continuing stake in our long-term success.

As part of the review of the compensation of our NEOs undertaken by the CHC Committee in November 2021 following the Spin-off, our CHC Committee reviewed the target long-term equity incentives of each of the NEOs, including in comparison to market data. Because the compensation review was undertaken late in 2021, no changes were made to the NEOs' target long-term equity incentives in fiscal 2023. The target LTI amounts for the NEOs are set forth below and represent the following percentages of their respective total target compensation:

Name	Target LTI (\$)	Target LTI (% of Total Target Compensation)
Martin Schroeter	10,500,000	78%
David Wyshner	4,000,000	70%
Elly Keinan	7,600,000	76%
Edward Sebold	1,500,000	50%
Maryjo Charbonnier	1,000,000	42%

In August 2022, the CHC Committee granted the fiscal 2023 annual long-term equity incentive awards under the LTPP in the form of PSUs and RSUs. The CHC Committee determined to balance its goals of tying our NEOs' compensation to achievement of business objectives and attracting and retaining the best talent by awarding 65% of the total target award opportunity in the form of PSUs and 35% of the total target award opportunity in the form of time-vesting RSUs for each of our executive officers.

The CHC Committee determined to link the vesting of the PSUs to the achievement of the Company's business objectives and the creation of stockholder value by basing the vesting of the PSUs on the Company's adjusted operating cash flow, total signings and total shareholder return (TSR) relative to that of the companies in the S&P 400 Mid-Cap Index over the three-year performance period from April 1, 2022 through March 31, 2025 (the Performance Period). The table below sets forth these performance metrics, their relative weightings and the CHC Committee's rationale for the selection of each metric.

Metric	Weighting	Rationale for Selection
Adjusted Operating Cash Flow⁽¹⁾	50%	<ul style="list-style-type: none"> Used by management to evaluate our operating results, plan strategic investments and assess our ability and need to incur and service debt Used by investors to assess our business CHC Committee believes this metric is an indicator of the strength of our operating results
Total Signings⁽²⁾	25%	<ul style="list-style-type: none"> Used by management as a tool to monitor the performance of the business including the business' ability to attract new customers and sell additional scope into our existing customer base Used by investors to assess our business CHC Committee believes this metric is an indicator of future value creation
Relative TSR⁽³⁾	25%	<ul style="list-style-type: none"> Reflects the performance of Kyndryl's stock relative to its peers; payout also capped at target if absolute TSR is negative

- (1) "Adjusted Operating Cash Flow" means cash flow from operations with the following add-backs: separation-related costs, workforce rebalancing and restructuring charges, transaction-related and integration-related items, goodwill and long-lived asset impairment charges, foreign currency impacts of highly inflationary countries, significant litigation costs, amortization of intangible assets, stock-based compensation, and pension costs other than pension servicing costs and multi-employer plan costs.
- (2) "Signings" means an initial estimate of the value of a customer's commitment under a contract. "Total Signings" means the aggregate amount of all Signings during the Performance Period.
- (3) TSR is determined by dividing (a) (x) the average closing stock price of the five trading days ending on the last day of the Performance Period (March 31, 2025), assuming that dividends during the Performance Period are reinvested in additional shares of the issuing entity's stock, less (y) the average closing stock price of the five trading days ending on the first day of the performance period (April 1, 2022) by (b) the average closing stock price of the five trading days ending on the first day of the performance period (April 1, 2022). In order to compare Kyndryl's Relative TSR with that of the companies in the S&P 400 Mid-Cap Index, each company in the S&P 400 Mid-Cap Index as of April 1, 2022 (collectively, the PSU Peer Group) will be ranked in order of its TSR (provided that any company that ceases to be a member of the PSU Peer Group after April 1, 2022 because it ceases to be listed on a securities exchange will cease to be a member of the PSU Peer Group). Kyndryl's percentile rank among the companies in the PSU Peer Group will then be used to determine the percentage vesting of PSUs as further described below.

The table below sets forth the total target value of the fiscal 2023 long-term equity incentive awards made to each NEO as well as the fair market value on the grant date of the RSUs and the target value of the PSUs, assuming that the target level of performance is achieved.

Name	(A) RSU Award Value ⁽¹⁾	(B) 50% of PSU Adj Op Cash Flow ⁽²⁾	(C) 25% of PSU Total Signings ⁽²⁾	(D) 25% of PSU Relative TSR ⁽³⁾	Total LTI Award Value (A+B+C+D)

- (1) The number of RSUs our NEOs received was determined by dividing the values in the table above by the average of the high and low prices of our common stock on the NYSE on the grant date (\$10.615).
- (2) The target number of PSUs our NEOs received that will vest based upon our achievement of Adjusted Operating Cash Flow and Total Signings was determined by dividing the values in the table above by the average of the high and low prices of our common stock on the NYSE on the grant date (\$10.615).
- (3) The target number of PSUs our NEOs received that will vest based upon our achievement of Relative TSR was determined by dividing the values in the table above by the product of the average of the high and low prices of our common stock on the NYSE on the grant date and a Monte Carlo valuation percentage.

RSUs. The RSUs vest in four equal annual installments beginning on the anniversary of the grant date, subject to the NEO's continued employment with the Company through each applicable vesting date.

PSUs. The PSUs vest upon the CHC Committee's certification of the extent to which the performance criteria have been achieved during the Performance Period. The table below sets forth the percentage of PSUs that vest upon our achievement of below threshold, threshold, target and maximum performance for each of the performance criteria.

Performance Level	Adjusted Operating Cash Flow		Total Signings		Relative TSR	
	Kyndryl Performance Rate vs. Target	Percentage of PSUs that vest (out of a target of 50%)	Kyndryl Performance Rate vs. Target	Percentage of PSUs that vest (out of a target of 25%)	Kyndryl Percentile Rank	Percentage of PSUs that vest (out of a target of 25%)
Below Threshold	Below 80%	0%	Below 80%	0%	Below 25 th	0%
Threshold	80%	25%	80%	5%	25 th	12.5%
Target	100%	50%	98%-102%	25%	50 th	25%
Maximum	120%	75%	120%	37.5%	90 th	50%

If actual performance with respect to a performance criterion is determined by the CHC Committee to fall between the Threshold and Target levels of achievement or the Target and Maximum levels of achievement, then the percentage of PSUs that vest will be determined by linear interpolation. Notwithstanding the foregoing, if our TSR at the end of the Performance Period is negative, the percentage of PSUs that vest in respect of Relative TSR will be capped at 100%.

For information about the treatment of the RSUs and PSUs in the event of certain terminations or a change in control, see "Potential Payments upon Termination or Change in Control" below.

Other Compensation

EXECUTIVE SEVERANCE AND RETIREMENT PLAN

The Company maintains the Kyndryl Executive Severance and Retirement Plan (Severance Plan), which is described in detail under “Potential Payments upon Termination or Change in Control” below. Each of the NEOs is entitled to benefits under the Severance Plan, as set forth under “Potential Payments upon Termination or Change in Control.” The CHC Committee considers it important that the Company not have to engage in case-by-case negotiations with respect to executive departures. The CHC Committee also believes that having a severance plan furthers the Company’s ability to attract and retain talented executives and that being covered under the terms of a severance plan would allow executives to focus on their duties and provide them security in the event of proposed extraordinary transactions.

LIMITED PERQUISITES

We provide our NEOs with the limited perquisites set forth in the table below. The CHC Committee has determined that these perquisites are necessary to enable the NEOs to perform their duties efficiently and to minimize distractions, and that the benefits the Company receives from providing these perquisites significantly outweighs the cost of providing them.

Benefit	CEO	Other NEOs	Description and Business Rationale
EXECUTIVE WELLBEING PROGRAM	✓	✓	<ul style="list-style-type: none"> Executive health exams are offered to encourage senior leaders of the Company to be proactive with preventive healthcare.
EXECUTIVE FINANCIAL WELLNESS PROGRAMS	✓	✓	<ul style="list-style-type: none"> Financial planning and tax preparation services are offered to allow our NEOs to focus more fully on their service to the Company without the distraction of sometimes complex tax compliance and financial planning.
PERSONAL USE OF AIRCRAFT	✓		<ul style="list-style-type: none"> We permit Mr. Schroeter, but do not permit any of the other NEOs, to fly on a Company-provided aircraft for personal travel in an amount limited to an aggregate incremental cost to the Company of \$200,000 per calendar year. We provide this benefit to Mr. Schroeter so he can use his travel time more productively for the Company, for security purposes and to ensure that he can be immediately available to respond to business priorities.
COMPANY CAR AND DRIVER	✓	Group President	<ul style="list-style-type: none"> A Company car and driver are provided when necessary for security and/or productivity reasons. Messrs. Schroeter and Keinan (and their families) are provided use of a Company car and driver. No other NEO is provided with a Company car or driver.

It is our policy not to provide tax gross-ups for the perquisites we provide to our NEOs. The incremental cost to the Company to provide these limited perquisites is included in the “All Other Compensation” column of the Summary Compensation Table.

OTHER BENEFITS

Our executives, including our NEOs, are eligible to participate in the following broad-based employee benefit plans, which are generally available to all U.S. salaried employees and in which the NEOs participate on the same basis as such other employees:

- Group medical insurance
- Group AD&D insurance
- Flexible spending accounts
- Group dental insurance
- Group life insurance
- Kyndryl 401(k) Plan
- Group vision insurance

EXCESS PLAN

In addition, we maintain the Kyndryl Excess Plan (Kyndryl Excess Plan), a nonqualified deferred compensation plan that offers eligible employees, including the NEOs, an opportunity to defer up to 80% of their eligible compensation (including base and performance pay, but not any non-recurring compensation) in excess of the limits imposed by the Code under the Kyndryl 401(k) Plan. For eligible employees that transferred from IBM, including Messrs. Schroeter, Keinan and Sebold and Ms. Charbonnier, we will make an annual contribution to the Excess Plan equal to 6% of the eligible pay in excess of the limits under the Code, but will not make any contributions to the Kyndryl Excess Plan for new hires. Distributions are made following death (in a lump sum) or following a separation from service (in a lump sum or installments, based on the employee's distribution election), subject to certain exceptions for compliance with Section 409A of the Code. For additional information about the Kyndryl Excess Plan, as well as IBM's excess plan (in which Messrs. Schroeter, Keinan and Sebold maintain balances distributable following death or a separation from service to Kyndryl), see "Nonqualified Deferred Compensation for Fiscal 2023."

IV. ADDITIONAL COMPENSATION INFORMATION

No Long-Term Employment Agreements

We generally do not enter into employment agreements with our executives. In connection with the Spin-off, we assumed the offer letters each of Messrs. Schroeter, Wyshner and Keinan and Ms. Charbonnier had with IBM, which set forth their initial compensation terms, but did not contain ongoing obligations such as guaranteed salary or bonus levels, guaranteed equity compensation levels or severance terms.

Non-competition and Non-solicitation Agreements

Certain of our executives, including the NEOs, have signed non-competition and non-solicitation agreements. The agreements contain a non-competition covenant that applies during the executive's employment and for twelve months following termination of employment (except in the case where the executive qualifies for continued RSU vesting under the Severance Plan in which case the restrictions extend for 24 months following termination of employment) and a non-solicitation covenant that applies during the executive's employment and for 12 months following termination of employment (or two years following termination of employment in the event of retirement under the Severance Plan).

Stock Ownership Guidelines

To further align management and stockholder interests and discourage inappropriate or excessive risk-taking, our stock ownership guidelines require each of our NEOs, certain other executives and non-employee directors to obtain a substantial equity stake in our common stock within five years of first becoming subject to the guidelines. The multiples of base salary required by the guidelines for our NEOs, other executives subject to the stock ownership guidelines and non-employee directors are as follows:

Position	Stock Ownership Requirement	Compliance Period
CEO	6 times base salary	5 years of first becoming subject to the guidelines
NEOs (other than CEO)	3 times base salary	
Next layers of management, generally encompassing our top non-NEO executives	1 or 2 times base salary, depending on level within organization	
Non-employee directors	5 times annual cash retainer	

Our NEOs, non-employee directors and certain other officers are required to retain 100% of any Company stock received as part of their compensation, net of any amounts required to pay taxes and exercise prices, until the stock ownership guidelines are achieved. For purposes of determining compliance with the stock ownership guidelines, the following are included:

- Shares held directly by the covered person
- Shares held by members of the covered person's household
- Deferred stock units, so long as not forfeitable
- Unvested restricted stock or RSU awards

Unexercised stock options and unvested PSUs are excluded for purposes of determining compliance with the stock ownership guidelines.

Once a person subject to the stock ownership guidelines has acquired a number of shares that satisfies the applicable ownership multiple, such number of shares then becomes the minimum ownership requirement for such person (even if the fair market value of such shares subsequently changes) unless and until the

ownership target increases due to an increase in base salary or annual retainer or such individual sells any such holdings. In the event of an increase in base salary or annual retainer, a covered individual is expected to meet the new applicable ownership target within the later of the original five-year deadline or three years following such increase.

Each of our NEOs and non-employee directors was in compliance with the stock ownership guidelines as of March 31, 2023, having acquired the required number of shares or having more time to do so.

Clawback Policy

To protect Company and stockholder interests in the case of an event that causes significant damage to the Company and deter inappropriate actions or decisions by our executives, we maintain an Executive Compensation Clawback Policy (Clawback Policy) applicable to the NEOs and certain other senior executives of the Company (each, a covered individual). Under the Clawback Policy:

- in the event of a restatement of the Company's financial statements (other than a restatement caused by a change in applicable accounting rule or interpretations), the CHC Committee may, in its sole discretion, recoup incentive compensation paid to a covered individual other than an executive officer during the three-year period preceding the announcement of the restatement that would not have been paid based upon the restated results; and
- in the event a covered individual engages directly or indirectly in, or contributes to, fraudulent or other wrongful conduct by action or omission, which causes material harm to the finances, business, reputation, condition, assets or results of operations of the Company, the CHC Committee may, in its sole discretion, recoup incentive compensation paid to such covered individual at any time since the act of misconduct.

The Company intends to revisit its Clawback Policy when NYSE rulemaking regarding recoupment policies becomes effective, and the policy will be updated to comply with all final requirements.

In addition, under the terms of the LTPP, our CHC Committee may:

- cancel, rescind, suspend, withhold or otherwise limit any outstanding awards held by any plan participant if the participant engages in "Detrimental Activity" (as defined in the LTPP) or is otherwise not in compliance with the terms of the applicable award agreement or the LTPP; and
- during the two-year period following any exercise, payment or delivery of an award, rescind such exercise, payment or delivery if the participant engages in Detrimental Activity during the rescission period established by the CHC Committee (which rescission period shall not be less than six months after any exercise, payment or delivery pursuant to an Award).

Hedging and Pledging of Company Stock

Pursuant to our Securities Trading Policy, directors and officers who are subject to Section 16 under the Exchange Act (Section 16 officers), as well as their spouses, minor children, anyone living in their household, and any of their family members who do not live in their household but whose transactions in Kyndryl securities are directed by them or are subject to their influence or control, partnerships in which they are a general partner, trusts of which they are a trustee, estates of which they are an executor and other entities that they control (collectively, their Related Parties) are prohibited from engaging in hedging or monetization transactions with respect to the Company's securities, such as short-sales, prepaid variable forward contracts, equity swaps, collars and exchange funds and other transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of Kyndryl securities.

Pursuant to our Securities Trading Policy, directors and Section 16 officers and their Related Parties are also prohibited from pledging Kyndryl securities at any time, which includes having Kyndryl securities in a margin account or using Kyndryl securities as collateral for a loan.

Risk Management and Mitigation of Compensation Policies and Practices

The CHC Committee has reviewed our executive and non-executive compensation programs, discussed the concept of risk as it relates to our compensation programs, considered various mitigating factors and reviewed these items with its independent compensation consultant, FW Cook. In addition, our CHC Committee asked FW Cook to conduct an independent risk assessment of our compensation programs. In particular, the CHC Committee considered that there is appropriate balance in the Company's compensation mix, that policies are in place to mitigate compensation-related risk and that CHC Committee oversight extends below the executive level. Based on these reviews and discussions, the CHC Committee does not believe our compensation program creates risks that are reasonably likely to have a material adverse effect on our business. In particular, the CHC Committee considered:

Attribute	Risk-Mitigating Effect
✓ Emphasis on long-term, equity-based compensation at the executive level	<ul style="list-style-type: none"> Discourages risk-taking that produces short-term results at the expense of building long-term stockholder value
✓ Stock options and RSUs vest over four years and PSUs are subject to a three-year performance and vesting period; all are subject to our Clawback Policy	<ul style="list-style-type: none"> Helps ensure our executives realize their compensation over a time horizon consistent with achieving long-term stockholder value
✓ Number of shares that may be earned under our PSU awards are capped	<ul style="list-style-type: none"> Reduces the possibility that extraordinary events or formulaic payments could distort incentives or over-emphasize short-term over long-term performance
✓ Payments under our Annual Incentive Plan are capped	<ul style="list-style-type: none"> Reduces the possibility that extraordinary events or formulaic payments could distort incentives
✓ Robust stock ownership guidelines	<ul style="list-style-type: none"> Helps ensure our executives' economic interests are aligned with the long-term interests of our stockholders
✓ Prohibition on hedging transactions by Section 16 officers and their Related Parties	<ul style="list-style-type: none"> Helps ensure the alignment of interests generated by our executive officers' equity holdings is not undermined by hedging or similar transactions
✓ Clawback Policy	<ul style="list-style-type: none"> Deters inappropriate actions or decisions by our executives by reducing the potential financial gain to be realized as a result of such actions or decisions
✓ Use of an independent compensation consultant that performs no other services for the Company	<ul style="list-style-type: none"> Helps ensure advice will not be influenced by conflicts of interest

For the foregoing reasons, the CHC Committee has concluded that the programs by which our executives are compensated strike an appropriate balance between short-term and long-term compensation and incentivize our executives to act in a manner that prudently manages enterprise risk.

Compensation and Human Capital Committee Report

The Compensation and Human Capital Committee has reviewed and discussed the foregoing “Compensation Discussion and Analysis” with management. Based upon this review and discussion, the Compensation and Human Capital Committee recommended to the Board that the “Compensation Discussion and Analysis” be included in this Proxy Statement and incorporated by reference into the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2023.

- (1) Amounts in this column reflect the salary earned during the relevant fiscal period, whether paid or deferred under our Excess Plan.
- (2) Amounts in this column reflect the aggregate grant date fair value of stock awards granted to the NEOs during each of the periods presented, computed in accordance with Topic 718 using the assumptions discussed in Note 15 - "Stock-Based Compensation" to the financial statements for the fiscal year ended March 31, 2023 included in our Fiscal 2023 10-K. The amounts for the PSUs granted in fiscal 2023 included within the total amount in the "Stock Awards" column reflect the grant date fair value based upon the probable outcome of the performance conditions (as described under "Compensation Discussion and Analysis - Elements of Compensation and Compensation Decisions - Long-Term Incentives") as of the grant date. If the highest level of performance was achieved then the aggregate grant date fair value of the PSUs granted in fiscal 2023 would have been the following higher amounts: Mr. Schroeter -- \$10,670,654; Mr. Wyshner -- \$4,065,035; Mr. Keinan -- \$7,723,527; Mr. Sebold -- \$1,524,399; and Ms. Charbonnier -- \$1,016,280.
- (3) Reflects the cash incentive bonuses earned by the NEOs. See "Compensation Discussion and Analysis-- Elements of Compensation and Compensation Decisions--Annual Cash Bonus."
- (4) We do not provide any of our executives with any above-market or preferential earnings on non-qualified deferred compensation.
- (5) Amounts shown in this column include the following for fiscal 2023: for Messrs. Schroeter, Wyshner, Keinan and Sebold and Ms. Charbonnier, 401(k) matching contributions of \$15,250, \$8,175, \$18,300, \$18,300 and \$18,300, respectively; for Messrs. Schroeter, Keinan and Sebold and Ms. Charbonnier, automatic contributions by us to the Kyndryl Excess Plan of \$71,700, \$53,700, \$34,200 and \$30,131, respectively. Also shown in this column for Messrs. Schroeter and Keinan, is ground transportation for fiscal 2023 and the transition period of \$36,689 and \$11,452 and \$33,164 and \$6,946, respectively.

Amounts shown in this column also include the following perquisites for fiscal 2023: For Mr. Schroeter, personal financial planning, annual executive physical and personal use of aircraft; for Mr. Wyshner, personal financial planning; for Mr. Keinan, personal financial planning and annual executive physical; for Mr. Sebold, personal financial planning and for Ms. Charbonnier, annual executive physical.

The aggregate incremental cost to the Company of Mr. Schroeter's personal use of company-provided aircraft reported above is based on our actual invoiced amount from a third-party provider for the variable costs incurred on each trip. Since the aircraft is used primarily for business travel, this methodology excludes fixed costs that do not change based on usage, such as management fees. Mr. Schroeter's personal travel on Company-provided aircraft is limited to an aggregate incremental cost to the Company not to exceed \$200,000 per year.

In addition, and in limited circumstances, Messrs. Schroeter and Keinan had family members accompany each on business travel on a company-provided aircraft for which we incurred no incremental costs.

The aggregate incremental cost to the Company of Messrs. Schroeter's and Keinan's personal use of company-provided ground transportation is calculated, for use of both a company-leased and company-owned car and company driver, by multiplying the apportioned personal use by the driver's overtime salary and annual variable vehicle costs. The apportioned personal use includes total driving hours allocated to personal activities. For use of an authorized car service, the incremental cost is the full cost to the company for such service.

Grants of Plan-Based Awards in Fiscal 2023

- (1) Reflects the possible payout under the Annual Cash Bonus awarded to the NEO for fiscal 2023. See "Compensation Discussion and Analysis—Elements of Compensation and Compensation Decisions—Annual Cash Bonus". The amount paid out is included in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.
- (2) Reflects the PSU award granted to the NEO as part of the fiscal 2023 long-term incentive award. Amounts reported in the "Threshold" column assume that 5% of the target PSUs will vest and amounts reported in the "Maximum" column assume that 162.5% of the target PSUs will vest.
- (3) Computed in accordance with Topic 718 using the assumptions discussed in Note 15 - "Stock-Based Compensation" to the financial statements for the fiscal year ended March 31, 2023 included in the Fiscal 2023 10-K.

(1) Stock options vest in four equal annual installments beginning on the anniversary of the grant date.

- (2) For information on vesting upon specified termination events or a change in control, see “Potential Payments upon Termination or Change in Control.”
- (3) These RSUs vest on November 3, 2023.
- (4) These RSUs vest in three equal annual installments on December 16, 2023, December 16, 2024 and December 16, 2025.
- (5) The PSU awards granted on December 16, 2021 will vest, if at all, based on the increase in the Company’s share price from an “Initial Share Price” of \$19.388 over the three-year performance period beginning on December 16, 2021 and ending on December 15, 2024 (the “Performance Period”). The actual number of PSUs that become vested is based on the highest multiple of the Initial Share Price set out in the tiers below which is maintained for at least 90 consecutive calendar days during the Performance Period.

We have reflected the threshold (Tier 1) number of shares for each of the NEOs because our performance as of March 31, 2023 was below threshold. The actual number of shares that will be distributed with respect to these PSU awards is not yet determinable.

	Multiple of Initial Share Price	Performance Vesting Level

Tier 2	1.50x	100%
Tier 3	1.75x	150%
Tier 4	2.00x	200%

- (6) Of these previously disclosed sign-on retention restricted stock units (“RRSUs”), 8,113 vested on October 1, 2023, and 97,333 vest on October 1, 2024.
- (7) These RRSUs vested in full on June 3, 2023.
- (8) These RSUs vested on June 7, 2023.
- (9) Of these RSUs, 50% vested on June 8, 2023 and 50% vest on June 8, 2024.
- (10) These RRSUs vest in full on August 2, 2023.
- (11) These RSUs vest in four equal annual installments beginning on the anniversary of the grant date.
- (12) 50% of the PSU awards granted on August 1, 2022 will vest, if at all, based on the Company’s achievement of the Adjusted Operating Cash Flow metric, 25% of such PSU awards will vest, if at all, based on the Company’s achievement of the Total Signings metric and 25% of such PSU awards will vest, if at all, based on the Company’s achievement of the Relative TSR metric. The number of shares reflected for each of the NEOs represents the target number of shares that would vest based on Adjusted Operating Cash Flow and Total Signings and the maximum number of shares that would vest based on Relative Total Shareholder Return. We have reflected the target number of shares for Adjusted Operating Cash Flow and Total Signings and the maximum number of shares for Relative Shareholder Return for each NEO because our performance as of March 31, 2023 was between threshold and target performance with respect to the Adjusted Operating Cash Flow and Total Signings metrics and between target and maximum performance with respect to the Relative Shareholder Return metric. The actual number of shares that will be distributed with respect to the fiscal 2023 PSU awards is not yet determinable. The fiscal 2023 PSU awards vest in proportion to actual performance over the three-year performance period ending on March 31, 2025. See the description of the fiscal 2023 PSU awards in “Compensation Discussion and Analysis—Elements of Compensation and Compensation Decisions—Long-Term Equity Incentives.”
- (13) The market value is based on the closing price on the NYSE of our common stock on March 31, 2023, the last trading day of 2023 (\$14.76), multiplied by the number of outstanding shares.

- (3) This table does not include Kyndryl RSUs that vested during fiscal 2023 and that relate to equity awards granted to Messrs. Schroeter and Keinan prior to their respective retirements from IBM which, upon their respective retirements, remained outstanding and subject to vesting as if they had been employed by IBM on each applicable vesting date.

Pension Benefits in Fiscal 2023

During fiscal 2023, no NEOs participated in either a tax-qualified or non-qualified defined benefit plan sponsored by the Company.

Non-Qualified Deferred Compensation for Fiscal 2023

The following table provides information regarding contributions, earnings and balances for our NEOs under the Kyndryl Excess Plan, as well as under the IBM Excess 401(k) Plus Plan, in which they participated in fiscal 2021 and maintain balances, but to which they may not make further contributions. Under each of the plans, deferred account balances are fully vested at all times. In addition, neither plan provides any opportunity for above-market or preferential earnings, nor does either plan provide any minimum internal rate of return. Additionally, the Kyndryl Excess Plan and the IBM Excess 401(k) Plus Plan do not permit “hardship” withdrawals. The Kyndryl Excess Plan and the IBM Excess 401(k) Plus Plan are not funded, and plan participants have only an unsecured contractual commitment by the applicable company to pay amounts owed under each plan. Each of these plans is further described below.

- (5) This table does not include Kyndryl RSUs that relate to equity awards granted to Messrs. Schroeter and Keinan prior to their respective retirements from IBM and which, upon their respective retirements, remained outstanding and subject to vesting as if they had been employed by IBM on each applicable vesting date.

IBM Excess 401(k) Plus Plan

IBM maintains the IBM Excess 401(k) Plus Plan (the “IBM Excess Plan”), in which each of our NEOs other than Mr. Wyshner and Ms. Charbonnier participated in 2021. Under the IBM Excess Plan, an eligible employee may elect to defer up to 80% of salary and eligible performance pay, which includes annual incentive program payments. In both cases, the deferral elections must be made prior to the year in which the deferred amounts are earned. Following the Spin-off, our NEOs became ineligible to make deferral elections under the IBM Excess Plan.

Deferrals under the IBM Excess Plan may be allocated among 34 notional investment choices, each of which replicates the performance of the comparable investment funds in the IBM 401(k) Plan. For Messrs. Schroeter, Keinan and Sebold, their transfer to Kyndryl in connection with the Spin-off did not trigger a distribution of the amounts in their accounts in the IBM Excess Plan. Rather, upon their separation of service from Kyndryl, they will receive a distribution of the amounts in their accounts in a lump sum or installments based upon their distribution election.

Kyndryl Excess Plan

In connection with the Spin-off, we adopted the Kyndryl Excess Plan, a nonqualified deferred compensation plan that, starting in calendar year 2022, offers eligible employees an opportunity to defer up to 80% of their eligible compensation (including base and performance pay, but not any non-recurring compensation) in excess of the limits imposed by the Code under the Kyndryl 401(k) Plan.

Employees became eligible to participate in the Kyndryl Excess Plan beginning in 2022 if they (i) were hired as an executive or promoted to an executive position by Kyndryl after September 1, 2021 and prior to November 15, 2021 or (ii) directly transferred from IBM to Kyndryl and either (a) made elective deferrals under the IBM Excess plan for the 2021 plan year or (b) were hired as an executive by IBM between November 15, 2020 and September 1, 2021. Each of the NEOs is eligible to participate in the Kyndryl Excess Plan.

For certain eligible employees that transferred from IBM, including Messrs. Schroeter, Keinan and Sebold and Ms. Charbonnier, we will make an annual automatic contribution to the Kyndryl Excess Plan equal to 6% of their eligible pay in excess of the limits under the Code.

Distributions are made following death (in a lump sum) or following a separation from service (in a lump sum or installments, based on the employee’s distribution election), subject to certain exceptions for compliance with Section 409A of the Code.

Deferrals under the Kyndryl Excess Plan may be allocated among hypothetical investment options that mirror the investment options available under our qualified Kyndryl 401(k) Plan.

Potential Payments upon Termination or Change in Control

The following table describes the potential payments and benefits under the Company’s compensation and benefit plans and contractual agreements to which the NEOs would have been entitled if a termination of employment or change in control occurred on the last business day of fiscal 2023. The only agreements, arrangements or plans that entitle the NEOs to severance, perquisites or other enhanced benefits upon termination of their employment or a change in control are:

- the Severance Plan; and
- the terms of the NEOs’ equity awards.

The amounts shown in the table do not include:

- payments and benefits to the extent they are provided generally to all salaried employees upon termination of employment and do not discriminate in scope, terms or operation in favor of the NEOs; and

- distributions of previously vested plan balances under the Kyndryl 401(k) Plan, the Kyndryl Excess Plan and the IBM Excess Plan (see “–Non-Qualified Deferred Compensation for Fiscal 2023” above for information about the Kyndryl Excess Plan and the IBM Excess Plan).

(1) Cash Severance Payments:

- Under the Severance Plan, as described more fully below, each NEO is entitled to cash severance in the event of a termination without Cause or, solely following a Change in Control, with Good Reason, subject to certain conditions;
- The amounts of the cash severance payments included in the table assume that there is no notice period prior to the termination without Cause; and
- The cash severance payments included in the table assume there would be no cutback of payments to avoid subjecting the NEOs to an excise tax under Section 280G of the Code.

(2) Acceleration of Equity Awards:

- The values under “Acceleration of Equity Awards” are presented as the sum of the values as of the last business day of fiscal 2023 of the additional benefit from the acceleration of vesting, if any, of RSUs, stock options and PSUs that would have occurred as a result of termination under the different circumstances presented.
- The value of accelerated stock options, for purposes of this table, was determined by subtracting the exercise price of the original stock option from the closing stock price on the NYSE of \$14.76 at March 31, 2023, and multiplying the result, if a positive number (in-the-money), by the number of option shares that would vest as a result of termination. Because the stock options held by the NEOs were not in-the-money at March 31, 2023, no amount relating to such options is included in the table.

- With respect to Messrs. Schroeter, Keinan and Sebold, a termination without cause would constitute a “qualifying LTPP retirement” as described under “–Treatment of Outstanding Equity Awards in the Event of Certain Qualifying Terminations” below.

(3) Value of Continuing Benefits:

- Reflects the cost of providing continued group health coverage (on the same basis as actively employed employees of the Company), for a period of 18 months, assuming fiscal 2023 rates; and
- The amounts included in the table assume that there is no notice period prior to the termination without Cause.

(4) Reflects the estimated cost of six months of outplacement services.

Severance Plan

The Severance Plan provides for payment of severance and other benefits to eligible executives, including the NEOs, in the event of a termination of employment with the Company without Cause (as that term is defined in the LTPP and as set forth below) and other than due to death or disability or, solely in connection with a change in control, with Good Reason (as defined below, and each of a termination without Cause and a termination with Good Reason, a “covered termination”), in each case, subject to the executive’s (i) execution and non-revocation of a general release of claims in favor of the Company, (ii) execution of a two-year noncompetition and non-solicitation agreement and (iii) continued compliance with the executive’s Agreement Regarding Confidential Information and Intellectual Property with the Company. The Severance Plan also provides for continued vesting of certain equity awards upon a “qualifying retirement” (as defined below).

In the event of a covered termination, in addition to certain accrued obligations, as of March 31, 2023, the Severance Plan provided for the following payments and benefits to the NEOs:

- a lump-sum pro-rata bonus for the year of termination, based on actual performance;
- a lump-sum payment in an amount equal to 24 months’ base salary in the case of Mr. Schroeter, or 18 months’ base salary in the case of each of the other NEOs, in each case inclusive of any notice period;
- continued health insurance coverage, or reimbursement of premiums for coverage, at substantially the same level as provided immediately prior to such termination, at the same cost as generally provided to similarly situated active Company employees, for a period of 18 months (the “welfare benefit”), inclusive of any notice period; and
- payment of, or reimbursement for, six months of outplacement services (the “outplacement benefit”).

Notwithstanding the foregoing, in the event such covered termination occurs within the 24-month period following a change in control (as defined in the LTPP), in addition to certain accrued obligations, the Severance Plan provides for the following payments and benefits to the NEOs:

- a lump-sum pro-rata bonus for the year of termination, based on target performance;
- a lump-sum cash severance amount equal to the sum of 24 months’ base salary and two times target annual incentive plan payout in the case of Mr. Schroeter, or the sum of 18 months’ base salary and one and one-half times target annual incentive plan payout in the case of the other NEOs;
- the welfare benefit; and
- the outplacement benefit.

In addition, the Severance Plan provides that, upon a termination in connection with a “qualifying retirement,” subject to the NEO’s (i) provision of six months’ notice of intent to retire, (ii) execution and non-revocation of a general release of claims in favor of the Company, (iii) execution of a two-year noncompetition and non-solicitation agreement and (iv) continued compliance with the Agreement Regarding Confidential Information and Intellectual Property with the Company, notwithstanding anything to the contrary in the LTPP or the award agreements relating to the NEO’s outstanding RSU awards, such

outstanding RSU awards will not be canceled but will instead remain outstanding and subject to vesting in accordance with their terms as if the NEO remained an active employee of the Company through each applicable vesting date.

The Severance Plan provides that if any payments and/or benefits due to a participant (including any NEO) under the Severance Plan and/or any other arrangements will constitute “excess parachute payments” (as defined in Section 280G (“Section 280G”) of the Code), the Company will reduce the amount of payments under the Severance Plan by the minimum amount necessary such that the present value of the participant’s “parachute payments” (as defined in Section 280G) is below 300% of such participant’s “base amount” (as defined in Section 280G), calculated in accordance with the Treasury Regulations promulgated under Section 280G; provided, however, in no event will the amount of any severance payments be reduced unless (a) the net after-tax amount of such payments and benefits as so reduced is greater than or equal to (b) the net after-tax amount of such payments and benefits without such reduction.

For purposes of the Severance Plan:

- a “qualifying retirement” is a termination of employment (other than for Cause as defined the LTPP and set forth below) after attaining the age of 55 and completing at least ten (10) years of service with the Company at the time of termination. For purposes of calculating years of service, years of service to IBM will be counted for participants who transferred employment directly to the Company from IBM in connection with the Spin-off; and
- a termination with “Good Reason” is a termination of employment due to (a) a material diminution in the participant’s authority, duties or responsibilities, (b) a reduction in the participant’s then current base salary or bonus opportunity, (c) a material breach by the Company of an existing agreement between the Company and the participant, (d) the failure of the Company’s successor to assume in writing the Company’s obligations under the Severance Plan or any other agreement with the participant if not assumed by successor by operation of law, or (e) a relocation of more than 40 miles from both the participant’s then current primary place of employment and their assigned primary Company office; provided, however, that the participant must provide the Company with written notice of the circumstance that the participant claims to be good reason within 90 days after such circumstance first occurs, such circumstance is not remedied within 30 days after the Company receives the written notice, and the participant’s termination of employment is effective as soon as practicable after the end of such 30-day cure period.

Treatment of Outstanding Equity Awards in the Event of Certain Qualifying Terminations (Other than Terminations in Connection with a Change in Control)

RSUs

Except as provided in the case of a “qualifying retirement” under the Severance Plan, in the event of termination of employment other than on account of death or disability, all unvested RSUs will be canceled. In the event of the NEO’s death, all unvested RSUs will immediately vest. In the event the NEO becomes disabled (as described in the LTPP), unvested RSUs will remain outstanding and continue to vest in accordance with their terms as if the NEO remained an active employee of the Company through each applicable vesting date.

Stock Options

In the event of termination of employment other than in connection with a “qualifying LTPP retirement” or on account of death or disability, any stock options that are not exercisable will be canceled immediately, and any stock options that are exercisable as of the date of termination of employment (other than for Cause (as defined in the LTPP and set forth below)) will remain exercisable for 90 days after the date of termination, after which any unexercised stock options will be canceled. In the event of termination of employment in connection with a “qualifying LTPP retirement” (which is a termination of employment (other than for Cause) after attaining the age of 55 and completing at least ten (10) years of service with the Company at the time of termination), any unvested stock options will vest and become exercisable, and all stock options that are exercisable as of the date of termination will remain exercisable until the earlier of the

expiration of the full term and the fifth anniversary of the date the NEO's employment terminates. In the event of the NEO's death or in the event the NEO becomes disabled, all stock options will become fully exercisable and remain exercisable until the earlier of the expiration of their full term and the third anniversary of the date the NEO's employment terminates.

PSUs

In the event of a termination of employment other than in connection with a "qualifying LTPP retirement" or on account of death or disability, all unvested PSUs will be canceled. In the event of termination of employment in connection with a "qualifying LTPP retirement" at least one year after the grant date of the PSUs, the NEO will receive a payout that is prorated for the time worked as an active executive during the Performance Period following the CHC Committee's calculation of the PSU payout. In the event of a NEO's death or in the event the NEO becomes disabled, the PSUs will remain outstanding and continue to vest in accordance with their terms.

Treatment of Outstanding Equity Awards in the Event of a Change in Control

In the event of a change in control (as defined in the LTPP):

- if the acquirer or successor company in such change in control has agreed to provide for the substitution, assumption, exchange or other continuation of awards granted pursuant to the LTPP, then, if the participant's employment with or service to the Company or an affiliate is terminated by the Company or affiliate without cause (and other than due to death or disability) on or within 24 months following a change in control, unless otherwise provided by the CHC Committee, all options and stock appreciation rights held by such participant will become immediately exercisable with respect to 100% of the shares subject to such options and stock appreciation rights, and the restricted period (and any other conditions) will expire immediately with respect to 100% of the shares of restricted stock and restricted stock units and any other awards (other than other cash-based awards) held by such participant (including a waiver of any applicable performance conditions); provided that if the vesting or exercisability of any award would otherwise be subject to the achievement of performance conditions, the portion of such award that will become fully vested and immediately exercisable will be based on the assumed achievement of actual or target performance as determined by the CHC Committee;
- if the acquirer or successor company in such change in control has not agreed to provide for the substitution, assumption, exchange or other continuation of awards granted pursuant to the LTPP, then unless otherwise provided by the CHC Committee, all stock options and stock appreciation rights held by such participant will become immediately exercisable with respect to 100% of the shares subject to such stock options and stock appreciation rights, and the restricted period (and any other conditions) will expire immediately with respect to 100% of the shares of restricted stock and restricted stock units and any other awards (other than other cash-based award) held by such participant (including a waiver of any applicable performance conditions); provided that if the vesting or exercisability of any award would otherwise be subject to the achievement of performance conditions, the portion of such award that will become fully vested and immediately exercisable will be based on the assumed achievement of actual or target performance as determined by the CHC Committee; and
- the CHC Committee may, upon at least 10 days' advance notice to the affected participants, cancel any outstanding award and pay to the holders thereof, in cash, securities or other property (including of the acquiring or successor company), or any combination thereof, the value of such awards based upon the price per share received or to be received by other stockholders of the Company in the event (it being understood that any stock option or stock appreciation right having a per-share exercise or hurdle price equal to, or in excess of, the fair market value (as of the date specified by the CHC Committee) of a share subject thereto may be canceled and terminated without any payment or consideration therefor).

Notwithstanding the above, the CHC Committee will exercise such discretion over the timing of settlement of any award subject to Code Section 409A at the time such award is granted. To the extent practicable,

these provisions will occur in a manner and at a time that allows affected participants the ability to participate in the change in control transaction with respect to the shares subject to their awards.

Definition of Cause

“Cause” means, as reasonably determined by Kyndryl, the occurrence of any of the following: (i) embezzlement, misappropriation of corporate funds or other material acts of dishonesty; (ii) commission or conviction of any felony or of any misdemeanor involving moral turpitude, or entry of a plea of guilty or nolo contendere to any felony or misdemeanor (other than a minor traffic violation or other minor infraction); (iii) engagement in any activity that the employee knows or should know could harm the business or reputation of the Company; (iv) failure to adhere to the Company’s corporate codes, policies or procedures; (v) a breach of any covenant in any employment agreement or any intellectual property agreement, or a breach of any other provision of the employment agreement, in either case if the breach is not cured to the Company’s satisfaction within a reasonable period after notice of the breach (no notice and cure period is required if the breach cannot be cured); (vi) failure to perform duties or follow management direction, which failure is not cured to the Company’s satisfaction within a reasonable period of time after a written demand for substantial performance is delivered to the employee (no notice or cure period is required if the failure to perform cannot be cured); (vii) violation of any statutory, contractual or common law duty or obligation to the Company, including, without limitation, the duty of loyalty; (viii) rendering of services for any organization or engaging directly or indirectly in any business which is or becomes competitive with the Company, or which organization or business, or the rendering of services to such organization or business, is or becomes otherwise prejudicial to or in conflict with the interests of the Company; or (ix) acceptance of an offer to engage in or associate with any business which is or becomes competitive with the Company; provided, however, that the mere failure to achieve performance objectives shall not constitute Cause.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K (“Item 402(u)”), the Company is providing the following reasonable estimate of the ratio of the median of the annual total compensation of all of our employees (except Martin Schroeter, our Chief Executive Officer), to the annual total compensation of Mr. Schroeter, calculated in a manner consistent with Item 402(u).

For fiscal 2023, our last completed fiscal year:

- The median of the annual total compensation of all of our employees, excluding our CEO, was \$38,068.
- The annual total compensation of our CEO was \$13,655,346.
- Based on this information, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all of our employees except our CEO was 359:1.

We determined that, as of January 1, 2023, our employee population consisted of 87,708 individuals. Approximately 91% of our employees work outside the U.S., with workforce hubs in India, Poland, Brazil, Japan, Czechia and Hungary.

To identify our “median employee” from this employee population, we obtained from our internal compensation system annual base salary amounts for fiscal 2023 for each employee in the employee population. We believe this consistently applied compensation measure reasonably reflects annual compensation across our employee base. Base salary amounts for employees paid in currencies other than U.S. dollars were converted to U.S. dollars based on the foreign exchange rates as of March 31, 2023. We annualized the base salary amounts for any permanent employees in the employee population who were employed by us for less than the full fiscal year. We then ranked the resulting base salaries for all of the employees in the employee population other than our CEO to determine our median employee.

Pay vs. Performance

In accordance with Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid (calculated as provided in Item 402(v) of Regulation S-K) and certain financial performance of the Company. For further information concerning the CHC Committee's compensation philosophy, including the pay for performance pillar of that philosophy, and how the CHC Committee aligns executive compensation with the Company's performance, see "Executive Compensation - Compensation Discussion and Analysis."

- (4) Cumulative TSR is calculated by dividing the sum of the cumulative amount of dividends (if any) for the measurement period, assuming dividend reinvestment, and the difference between the Company's share price at the end and the beginning of the measurement period by the Company's share price at the beginning of the measurement period. The beginning of the measurement period is November 4, 2021, the date our stock commenced regular-way trading on the NYSE.
- (5) Represents the weighted peer group TSR, weighted according to the respective companies' stock market capitalization at the beginning of each period for which a return is indicated. The peer group used for this purpose is the following published industry index: the S&P 400 IT Sector GICS Level 1 Index, which we also utilize in the stock performance graph required by Item 201(e) of Regulation S-K, included in our Annual Report for the fiscal year ended March 31, 2023.
- (6) The dollar amounts reported represent the amount of net income (loss) reflected in the Company's audited financial statements for the applicable year or period.
- (7) Adjusted EBITDA is defined in "Executive Compensation – Compensation Discussion and Analysis – Annual Cash Bonus."

Financial Performance Measures

As described in greater detail in "Executive Compensation – Compensation Discussion and Analysis," the Company's executive compensation program is based on the CHC Committee's philosophy to pay for performance by making the majority of the executive compensation opportunity performance-based and tied to the Company's business results and individual performance, align our executives' interests with those of our stockholders and pay competitively. The metrics that the Company uses for both our long-term and short-term incentive awards are selected based on the goals of balancing risk while rewarding our NEOs for delivering financial, operating and strategic performance aligned with the Company's business strategy and stockholder interests. The most important financial performance measures used by the Company to link executive compensation actually paid to the Company's NEOs, for fiscal 2023, to the Company's performance are as follows:

- Adjusted EBITDA (as defined in "Executive Compensation – Compensation Discussion and Analysis – Annual Cash Bonus")
- Revenue
- Adjusted Operating Cash Flow (as defined in "Executive Compensation – Compensation Discussion and Analysis – Long-Term Equity Incentives")
- Signings (as defined in "Executive Compensation – Compensation Discussion and Analysis – Long-Term Equity Incentives")
- Relative TSR (the Company's TSR as compared to the companies in the S&P 400 Mid-Cap Index)

Relationships Between Compensation Actually Paid and Company Performance

In executing on its pay for performance philosophy, the CHC Committee uses several performance measures to align executive compensation with Company performance, not all of which are presented in the Pay versus Performance table. In addition, the CHC Committee seeks to balance risk by tying incentives to both short-term and long-term performance goals, and therefore does not specifically align the Company's performance measures with compensation that is actually paid (as computed in accordance with Item 402(v) of Regulation S-K) for a particular year. In accordance with Item 402(v) of Regulation S-K, the Company is providing the following descriptions of the relationships between information presented in the Pay versus Performance table.

Compensation Actually Paid and Cumulative TSR

Compensation Actually Paid and Adjusted EBITDA

Compensation Actually Paid and Net Income

Due to our change in fiscal year-end, the Pay vs. Performance Table and preceding charts include a three month transition period from January 1, 2022 through March 31, 2022. Compensation Actually Paid and Company performance during the transition period is not comparable to fiscal 2021 or fiscal 2023 because it represents a shorter time period.

PEO and non-PEO CAP for fiscal 2021 is greater than fiscal 2023 due to one-time equity awards provided to each of our NEOs in connection with our spin-off from IBM (as described in greater detail in our 2022 proxy statement “Executive Compensation—Compensation Discussion and Analysis—Long-Term Equity Incentives”). The awards were granted outside of our annual compensation program. They consisted of 1/3 of PSUs linked to achievement of share price hurdles, 1/3 of stock options, and 1/3 of RSUs. None of the Spin-off PSUs have been earned as of the end of fiscal 2023.

The change in PEO and non-PEO CAP in each period reflected in the preceding charts is directionally correlated to our TSR and stock price because a significant majority of NEO compensation is granted in the form of equity compensation.

Proposal 3—Approval of Amendment and Restatement of the Amended and Restated Kyndryl 2021 Long-Term Performance Plan

OVERVIEW

On May 25, 2023, upon the recommendation of our CHC Committee, our Board approved an amendment and restatement of the Amended and Restated Kyndryl 2021 Long-Term Performance Plan (as proposed to be amended, the Amended Plan), subject to approval by our stockholders at this 2023 Annual Meeting (the date of this 2023 Annual Meeting, the Effective Date). If approved by stockholders, the Amended Plan will increase the number of shares authorized for issuance under the plan by 17,000,000 shares. No other amendments are proposed.

The Kyndryl 2021 Long-Term Performance Plan was originally approved by IBM as our sole stockholder on October 10, 2021 and was amended and restated by our stockholders on July 28, 2022 (as so amended and restated, the Existing Plan). The Existing Plan is the Company's only compensation plan under which equity-based awards may be made. As outlined in the Compensation Discussion and Analysis section of this Proxy Statement, equity-based incentive compensation is an integral part of our compensation program and is designed to ensure that our executives have a continuing stake in our long-term success, motivate them to achieve longer-term performance objectives linked to our business strategy and tie their compensation to stockholder value. The Amended Plan will permit the Company to continue to reward the efforts of its employees and its non-employee directors, and to attract new employees as a part of a competitive total rewards package by providing incentives in the form of stock-based awards, including restricted stock units, performance share units and other stock-based awards.

IMPORTANCE OF THE AMENDMENT OF THE KYNDRYL 2021 LONG-TERM PERFORMANCE PLAN

If stockholders do not approve the Amended Plan, the shares available for future awards under the Existing Plan will be exhausted and we will be unable to issue stock-settled equity awards and will be reliant on cash awards.

An inability to grant equity-based awards would have significant negative consequences to us and our stockholders, including the following:

- **Loss of a key mechanism to align executives with stockholders.** As described in our "Compensation Discussion and Analysis," a key element of our CHC Committee's compensation philosophy is to align the interests of our executive officers with that of our stockholders. Our CHC Committee fulfills this philosophy in part by paying a meaningful portion of our NEOs' and other executives' variable compensation in the form of stock-based awards, as the CHC Committee believes that aligns employee and stockholder interests and drives long-term value creation.
- **Increase in Cash Compensation.** In order to attract and retain qualified personnel, we would likely be compelled to alter our compensation programs to increase the cash-based components, which would not provide the same benefits as equity awards and would limit cash available for other purposes.

FEATURES OF THE AMENDED PLAN DESIGNED TO PROTECT STOCKHOLDER INTERESTS

The Amended Plan includes several best practices designed to protect stockholder interests:

- ✓ No “evergreen” provision (stockholder approval is required to add additional shares)
- ✓ No discounted stock options or stock appreciation rights
- ✓ No repricing of stock options or stock appreciation rights without stockholder approval
- ✓ No liberal share recycling
- ✓ Awards are subject to clawback/forfeiture pursuant to the Amended Plan and the Company’s Clawback Policy
- ✓ Awards are subject to a one-year minimum vesting condition
- ✓ No payments of dividends or dividend equivalents on equity awards unless the underlying award vests
- ✓ No payment of dividends or dividend equivalents on stock options or SARs
- ✓ No automatic single trigger equity acceleration
- ✓ No 280G tax gross-ups
- ✓ Non-employee director compensation limit

DILUTION

The potential dilution (calculated as defined below) resulting from issuing all of the 17,000,000 additional shares authorized under the Amended Plan, plus the 7,814,152 shares that remain available for grant as of May 30, 2023, and taking into account outstanding awards, would be 16.7%.

The following table provides detail regarding the potential dilution resulting from the Amended Plan as of the Record Date of May 30, 2023:

Number of Outstanding Equity Awards	Number of Shares Remaining Available for Future Grants	Proposed Share Increase	Shares of Common Stock Outstanding as of May 30, 2023	Dilution
20,888,661 ⁽¹⁾	7,814,152 ⁽²⁾	17,000,000 ⁽³⁾	227,844,131	16.7% ⁽⁴⁾

- (1) Consists of the following awards outstanding under the Existing Plan as of May 30, 2023: (a) 3,659,225 stock options, (b) 8,112,667 performance share units (assuming maximum performance with respect to each of the performance measures) and (c) 9,116,769 restricted stock units. The weighted average exercise price of the 3,659,225 stock options outstanding as of May 30, 2023 was \$17.76 and the weighted average remaining term was 4.2 years based on a simplified method due to the Company’s limited history of option exercise and forfeiture activity.
- (2) Represents shares that are available for grant under the Existing Plan as of May 30, 2023.
- (3) Represents the proposed share increase if the Amended Plan is approved by stockholders.
- (4) Dilution is calculated by dividing (a) the sum of (1) the 20,888,661 outstanding equity awards, (2) the 7,814,152 shares remaining available for future grants under the Existing Plan as of May 30, 2023 and (3) the 17,000,000 additional shares requested to be made available for grant if this proposal is approved by stockholders by (b) the sum of (1), (2) and (3) above and the 227,844,131 shares of common stock outstanding as of May 30, 2023.

Assuming approval of the Amended Plan, as of the Effective Date, and subject to changes in capitalization as well as the Amended Plan’s share counting rules, a total of 24,814,152 shares (representing 7,814,152 shares that were available for future grants under the Existing Plan as of May 30, 2023 and 17,000,000 newly added shares) will be authorized and available for awards granted under the Amended Plan, less one share for every one share that was subject to an award granted under the Existing Plan after May 30, 2023 and prior to the Effective Date.

STOCK AWARDS GRANTED UNDER THE AMENDED AND RESTATED KYNDRYL 2021 LONG-TERM PERFORMANCE PLAN

No awards made under the Amended Plan prior to the date of the Annual Meeting were granted subject to stockholder approval of this proposal. The number and types of awards that will be granted under the Amended Plan in the future are not determinable, as the CHC Committee will make these determinations in its sole discretion. The following table sets forth information with respect to the number of outstanding stock options, restricted stock units and performance share units that have been granted to the NEOs and the specified groups set forth below under the Existing Plan as of May 30, 2023. On May 30, 2023, the closing price of the underlying shares of our common stock traded on the NYSE was \$12.50 per share.

SUMMARY OF MATERIAL TERMS OF THE AMENDED PLAN

The following summary of the material provisions of the Amended Plan is not intended to be exhaustive. A copy of the Amended Plan is set forth as Annex A hereto.

Purpose of the Amended Plan

The Amended Plan is designed to attract, motivate and retain certain of our employees and other individuals providing services to us. These objectives are accomplished by making long-term incentive and other awards under the Amended Plan, thereby providing participants with a proprietary interest in our growth and performance.

Term of Amended Plan

The Amended Plan does not have a set term. However, awards will be subject to the duration set forth in the applicable award agreement. In addition, for a stock option to be considered an Incentive Stock Option (ISO), it generally must be granted within the earlier of the date of the adoption of the plan or the date the plan is approved by stockholders, and it must not be exercisable after the expiration of 10 years from the date of grant (or less, if the grantee is a 10% stockholder).

Types of Awards

Under the Amended Plan, we have the flexibility to grant different types of equity compensation awards, including stock options, stock appreciation rights, restricted stock, restricted stock units, cash awards and other awards based, in whole or in part, on the value of our common stock. Awards may be subject to conditions established by the CHC Committee, and set forth in the applicable award agreement, which may include, but are not limited to, continuous service with Company, achievement of specific business objectives, increases in specified indices, attaining growth rates and other measurements of performance, engagement or attainment of goals.

- A **Stock Option** is a grant of a right to purchase a specified number of shares of the Company's common stock at an exercise price which shall be not less than 100% of fair market value on the date of grant of such right, as determined by the CHC Committee, provided that, in the case of a stock option granted retroactively in tandem with or as substitution for another award granted under any plan of the Company, the exercise price may be the same as the purchase or designated price of such other award. Under the Amended Plan, the exercise price is required be paid in full in cash at the time of the exercise or, if permitted by the CHC Committee, by means of tendering shares of our common stock or surrendering another award or any combination thereof. A stock option may be in the form of an ISO that complies with Section 422 of the Code. Grants of ISOs are subject to the individual limit described below. The Amended Plan provides that we may not reset the exercise price of previously granted stock options without obtaining stockholder approval. The Amended Plan also provides that each stock option granted to a participant will expire at the time determined by the CHC Committee at the time of grant; provided, however, no stock option shall be exercisable on or after the tenth (10th) anniversary of its date of grant.

- A **Stock Appreciation Right** is a right to receive a payment, in cash and/or shares of the Company's common stock, equal in value to the excess of the fair market value of a specified number of shares of the Company's common stock on the date the stock appreciation right (SAR) is exercised over the grant price of the SAR, which shall not be less than 100% of the fair market value on the date of grant of such SAR, as determined by the CHC Committee, provided that, in the case of a SAR granted retroactively in tandem with or as substitution for another award granted under any plan of the Company, the grant price may be the same as the exercise or designated price of such other award. The Amended Plan provides that we may not reset the grant price of a previously granted SAR without obtaining stockholder approval.
- A **Stock Award** is an award made in stock and denominated in units of stock. An award made in stock or denominated in units of stock that is subject to restrictions on transfer and/or forfeiture provisions may be referred to as an award of "Restricted Stock" or "Restricted Stock Units." Payment of stock awards may be made in the form of cash, stock or combinations thereof and may include such restrictions as the CHC Committee may determine.
- A **Cash Award** is an award denominated in cash with the eventual payment amount subject to future service and such other restrictions and conditions as may be established by the CHC Committee.
- **Dividends** or **dividend equivalent rights** may be extended to and made part of any award denominated in stock or units of stock (for the avoidance of doubt, excluding stock options or SARs) subject to such terms, conditions and restrictions as the CHC Committee may establish; provided that any dividends or dividend equivalents payable with respect to any award or any portion of an award may only be paid to the participant to the extent the vesting conditions applicable to such award or portion thereof are subsequently satisfied and the award or portion thereof to which such dividend or dividend equivalent relates, and any dividends or dividend equivalents with respect to any award or any portion thereof that does not become vested shall be forfeited. The CHC Committee may also establish rules and procedures for the crediting of interest on deferred cash payments and dividend equivalents for deferred payments denominated in stock or units of stock.

Administration

Our CHC Committee has full discretionary powers to select participants, to interpret the Amended Plan, to grant waivers of award restrictions, to continue, accelerate or suspend exercisability, vesting or payment of an award and to adopt such rules, regulations and guidelines for carrying out the Amended Plan as it may deem necessary or proper. These powers include, but are not limited to, the adoption of modifications, amendments, procedures, subplans and the like as necessary to comply with provisions of the laws and regulations of the countries in which we operate in order to assure the viability of awards granted under the Amended Plan and to enable participants, regardless of where employed, to receive advantages and benefits under the Amended Plan and such laws and regulations. Our CHC Committee may delegate to our officers any of its duties, powers and authorities under the Amended Plan pursuant to such conditions or limitations as our CHC Committee may establish, except that only our CHC Committee or our Board may select, and grant awards to, participants who are subject to Section 16 of the Exchange Act.

Eligibility

Our non-employee directors, current employees and prospective employees or service providers that have accepted an offer of employment or service from us and current employees and prospective employees or service providers of our affiliates that have accepted an offer of employment or service from such affiliates are eligible to receive awards under the Amended Plan, as determined by the CHC Committee (or its delegates, as applicable) in its sole discretion. As of March 31, 2023 approximately 778 employees, including our executive officers, were eligible to participate in programs under the Amended Plan. In addition, the nine non-employee members of our board of directors are eligible to participate in the Amended Plan.

Shares Available for Awards

Assuming approval of the Amended Plan, as of the Effective Date, and subject to changes in capitalization as well as the Amended Plan's share counting rules, a total of 24,814,152 shares (representing 7,814,152 shares that were available for future grants under the Existing Plan as of May 30, 2023 and 17,000,000 newly added shares) will be authorized and available for awards granted under the Amended Plan, less one share for every one share that was subject to an award granted under the Existing Plan after May 30, 2023 and prior to the Effective Date. Subject to changes in capitalization, the maximum aggregate number of shares of our common stock that may be issued under all stock-based awards granted under the Amended Plan is 47,900,000. The aggregate share reserve in the prior sentence reflects the total number of shares that have been historically approved by stockholders for awards granted under the Existing Plan and proposed to be approved under the Amended Plan.

Shares covered by awards that either wholly or in part are not earned, or that expire or are forfeited, terminated, canceled, settled in cash, payable solely in cash or exchanged for other awards, will be available for future issuance under awards. However, shares tendered to or withheld by us in connection with the exercise of stock options or stock appreciation rights, or the payment of tax withholding on any award, will not be available for future issuance under awards.

Substitute Awards

Substitute awards granted under the Amended Plan upon the assumption of, or in substitution for, outstanding equity awards previously granted by a company or other entity in connection with a corporate transaction, will not reduce the shares authorized for grant under the Amended Plan. Additionally, in the event that a company acquired by the Company or any affiliate or with which the Company or any affiliate combines has shares available under a pre-existing plan approved by stockholders and not approved in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for awards under the Amended Plan and will not reduce the shares authorized for grant under the Amended Plan; provided that awards using such available shares will not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not employed by or providing services to the Company immediately prior to such acquisition or combination.

Limitations on Number of Shares Granted

The number of shares of our common stock available for grant in the form of ISOs under the Amended Plan is limited to 47,900,000.

Non-Employee Director Compensation Limit

Non-employee directors may not receive awards for service as non-employee directors in any fiscal year with a value (together with any cash fees) in excess of \$750,000.

Minimum Vesting Condition

The grant, vesting, exercise and settlement of awards granted under the Amended Plan may be subject to the satisfaction of time- or performance-based conditions, as determined at or after the date of grant of an award under the Amended Plan. However, awards may not vest prior to the first anniversary of the date of grant, except that our CHC Committee may (i) accelerate the vesting of awards or otherwise lapse or waive such minimum vesting condition in connection with a termination of employment or due to a change in control and (ii) grant awards that are not subject to the minimum vesting condition with respect to (a) 5% or less of the total shares of common stock available for awards under the Amended Plan, (b) awards made to non-employee directors that occur in connection with our annual meeting of stockholders (which may vest on the earlier of the one-year anniversary of the date of grant or the date of our next annual meeting of stockholders which is at least 50 weeks after the immediately preceding year's annual meeting) and (c) granted in connection with the assumption of awards of an acquired company that were scheduled to vest within the one-year minimum vesting period.

Adjustments

In the event of any corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the CHC Committee is authorized to issue or assume stock options, whether or not in a transaction to which Code Section 424(a) applies, by means of substitution of new stock options for previously issued stock options or an assumption of previously issued stock options. In such event, the aggregate number of shares of common stock available for issuance under the Amended Plan, including individual participant maximums, will be increased to reflect such substitution or assumption.

In the event of any change in our outstanding common stock by reason of a stock split, stock dividend, combination or reclassification of shares, recapitalization, merger, or similar event, our CHC Committee may adjust proportionately:

- (a) the number of shares of our common stock (i) available for issuance under the Amended Plan, (ii) available for issuance under ISOs and (iii) covered by outstanding awards denominated in stock or units of stock;
- (b) the exercise and grant prices related to outstanding awards; and
- (c) the appropriate fair market value and other price determinations for such awards.

Notwithstanding the foregoing, in the event of any change in our outstanding capital stock by reason of a stock split or a reverse stock split, the above-referenced proportionate adjustments, if applicable, will be mandatory. In the event of any other change affecting our capital stock or any distribution (other than normal cash dividends) to holders of our capital stock, such adjustments in the number and kind of shares and the exercise, grant and conversion prices of the affected awards as may be deemed equitable by our CHC Committee, including adjustments to avoid fractional shares, will be made to give proper effect to such event.

Repricing Prohibited

The CHC Committee may not amend the Amended Plan to decrease the exercise price or grant price of a stock option or SAR, or cancel a stock option or SAR and replace it with a new stock option or SAR (with a lower exercise or grant price, as the case may be) or other award or cash in a manner which would either: (1) be reportable in the Company's proxy statement as stock options that have been "repriced"; or (2) result in a "repricing" for financial statement purposes (or otherwise cause the award to fail to qualify for equity accounting treatment), or take any other action that would be treated under the rules of the NYSE as a "repricing" of such stock option or SAR or would otherwise require stockholder approval under the rules of the NYSE, unless such amendment, cancellation or action is approved by the Company's stockholders.

Forfeiture/Clawback

Except to the extent the applicable award agreement specifies otherwise, the CHC Committee may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired, unpaid, or deferred awards at any time if the participant is not in compliance with all applicable provisions of the award agreement and the Amended Plan, or if the participant engages in any "Detrimental Activity," as defined in the Amended Plan. In addition, any awards may be subject to clawback, forfeiture or similar requirements to the extent required by applicable law or the rules of the NYSE. In addition, awards under the Amended Plan are subject to the Company's Clawback Policy as described under "Compensation Discussion and Analysis—Additional Compensation Information—Clawback Policy."

Effect of a Change in Control on Awards

Except as otherwise provided in an award agreement or any other agreement between a participant and us or any of our affiliates, in the event of a change in control, notwithstanding any provision of the Amended Plan to the contrary:

- (i) if the acquirer or successor company in such change in control has agreed to provide for the substitution, assumption, exchange or other continuation of awards granted pursuant to the Amended Plan, then, if the participant's employment with or service to the Company or an affiliate is terminated by the Company or affiliate without cause (and other than due to death or disability) on or within 24 months following a change in control, then unless otherwise provided by the CHC Committee, all options and stock appreciation rights held by such participant will become immediately exercisable with respect to 100% of the shares subject to such options and stock appreciation rights, and the restricted period (and any other conditions) will expire immediately with respect to 100% of the shares of restricted stock and restricted stock units and any other awards (other than other cash-based award) held by such participant (including a waiver of any applicable performance conditions); provided that if the vesting or exercisability of any award would otherwise be subject to the achievement of performance conditions, the portion of such award that will become fully vested and immediately exercisable will be based on the assumed achievement of actual or target performance as determined by the CHC Committee;

- (ii) if the acquirer or successor company in such change in control has not agreed to provide for the substitution, assumption, exchange or other continuation of awards granted pursuant to the Amended Plan, then unless otherwise provided by the CHC Committee, all stock options and stock appreciation rights held by such participant will become immediately exercisable with respect to 100% of the shares subject to such stock options and stock appreciation rights, and the restricted period (and any other conditions) will expire immediately with respect to 100% of the shares of restricted stock and restricted stock units and any other awards (other than other cash-based awards) held by such participant; provided that if the vesting or exercisability of any award would otherwise be subject to the achievement of performance conditions, the portion of such award that will become fully vested and immediately exercisable will be based on the assumed achievement of actual or target performance as determined by the CHC Committee; and
- (iii) the CHC Committee may, upon at least 10 days' advance notice to the affected participants, cancel any outstanding award and pay to the holders thereof, in cash, securities or other property (including of the acquiring or successor company), or any combination thereof, the value of such awards based upon the price per share received or to be received by other stockholders of the company in the event (it being understood that any stock option or stock appreciation right having a per-share exercise or hurdle price equal to, or in excess of, the fair market value (as of the date specified by the CHC Committee) of a share subject thereto may be canceled and terminated without any payment or consideration therefor).

Notwithstanding the above, the CHC Committee will exercise such discretion over the timing of settlement of any award subject to Code Section 409A at the time such award is granted. To the extent practicable, these provisions will occur in a manner and at a time that allows affected participants the ability to participate in the change in control transaction with respect to the shares subject to their awards.

Deferral

With CHC Committee approval, payments may be deferred, either in the form of installments or as a future lump-sum payment, in accordance with such procedures or a separate plan as may be established from time to time by the CHC Committee. Any deferred payment, whether elected by the participant or specified by the applicable award agreement or the CHC Committee, may require the payment to be forfeited as described under "Forfeiture/Clawback" above.

Prohibition on Transfer

No award granted under the Amended Plan will be transferable or assignable, or payable to or exercisable by, anyone other than the participant to whom it was granted, except (1) by law, will or the laws of descent and distribution, (2) as a result of the disability of a participant or (3) to the extent that the CHC Committee (in the form of an award agreement or otherwise) permits transfers of awards by gift or otherwise to a member of a participant's immediate family and/or trusts whose beneficiaries are members of the participant's immediate family, or to such other persons or entities as may be approved by the CHC Committee (such as pursuant to a domestic relations order). Notwithstanding the foregoing, ISOs are not transferable or assignable other than by will or by the laws of descent and distribution.

Amendment and Termination

The Board may amend, modify, suspend or terminate the Amended Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law. Subject to changes in law or other legal requirements that would permit otherwise, the Amended Plan may not be amended without stockholder consent to (1) increase the aggregate number of shares of Common Stock that may be issued under the Amended Plan (except for adjustments pursuant to Section 14 of the Amended Plan), (2) permit the granting of stock options or SARs with exercise or grant prices lower than those specified under "Types of Awards" above or (3) take any action with respect to stock options or SARs described under "Repricing Prohibited" above.

U.S. FEDERAL INCOME TAX TREATMENT OF AMENDED PLAN AWARDS

The following is a brief summary of the principal U.S. federal income tax consequences of transactions under the Amended Plan based on current U.S. federal income tax laws. This summary is not intended to be exhaustive, does not constitute tax advice and, among other things, does not describe state, local or foreign tax consequences.

Non-Qualified Stock Options

No taxable income is realized by a participant upon the grant of a stock option. Upon the exercise of a nonqualified stock option, the participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the shares of common stock for which the option is exercised over the aggregate option exercise price. Income and payroll taxes are required to be withheld by the participant's employer on the amount of ordinary income resulting to the participant from the exercise of a stock option. The amount recognized as income by the participant is generally deductible by the participant's employer for federal income tax purposes. The participant's tax basis in shares of common stock acquired by exercise of a stock option will be equal to the exercise price plus the amount taxable as ordinary income to the participant.

Upon a sale of the shares of common stock received by the participant upon exercise of the stock option, any gain or loss will generally be treated for federal income tax purposes as long-term or short-term capital gain or loss, depending upon the holding period of that stock. The participant's holding period for shares acquired upon the exercise of a stock option begins on the date of exercise of that stock option.

If the participant pays the exercise price in full or in part by using shares of previously acquired common stock, the exercise will not affect the tax treatment described above, and no gain or loss generally will be recognized to the participant with respect to the previously acquired shares. The shares received upon exercise which are equal in number to the previously acquired shares used will have the same tax basis as the previously acquired shares surrendered to us and will have a holding period for determining capital gain or loss that includes the holding period of the shares used. The value of the remaining shares received by the participant will be taxable to the participant as compensation. The remaining shares will have a tax basis equal to the fair market value recognized by the participant as compensation income, and the holding period will commence on the exercise date.

Incentive Stock Options

No taxable income is realized by a participant upon the grant or exercise of an ISO; however, the exercise of an ISO will give rise to an item of tax preference that may result in alternative minimum tax liability for the participant. If shares of common stock are issued to a participant after the exercise of an ISO and if no disqualifying disposition of those shares is made by that participant within a holding period of two years after the date of grant or within one year after the receipt of those shares by that participant, then:

- upon the sale of those shares, any amount realized in excess of the option exercise price will be taxed to that participant as a long-term capital gain; and
- the Company will be allowed no deduction.

If shares of common stock acquired upon the exercise of an ISO are disposed of prior to the expiration of either holding period described above, that disposition would be a “disqualifying disposition,” and generally:

- the participant will realize ordinary income in the year of disposition in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise, or, if less, the amount realized on the disposition of the shares, over the option exercise price; and
- the Company will be entitled to deduct that amount.

Any other gain realized by the participant on that disposition will be taxed as short-term or long-term capital gain and will not result in any deduction to us. If a participant pays the exercise price in full or in part with previously acquired shares of common stock, the exchange will not affect the tax treatment of the exercise. Upon the exchange, no gain or loss generally will be recognized upon the delivery of the previously acquired shares to us, and the shares issued in replacement of the shares used to pay the exercise price will have the same basis and holding period for capital gain purposes as the previously acquired shares. A participant, however, would not be able to utilize the holding period for the previously acquired shares for purposes of satisfying the ISO statutory holding period requirements. Additional shares of common stock will have a basis of zero and a holding period that commences on the date the common stock is issued to the participant upon exercise of the ISO. If this exercise is effected using shares of common stock previously acquired through the exercise of an ISO, the exchange of the previously acquired shares may be a disqualifying disposition of that common stock if the holding periods discussed above have not been met.

If an ISO is exercised at a time when it no longer qualifies as an ISO, the option will be treated as a nonqualified option. Subject to some exceptions for disability or death, an ISO generally will not be eligible for the federal income tax treatment described above if it is exercised more than three months following a termination of employment.

Stock Appreciation Rights

Upon the exercise of a SAR, the participant will recognize compensation income in an amount equal to the cash received plus the fair market value of any common stock received from the exercise. The participant's tax basis in the shares of common stock received on exercise of the SAR will be equal to the compensation income recognized with respect to the common stock. The participant's holding period for shares acquired after the exercise of a SAR begins on the exercise date. Income and payroll taxes are required to be withheld on the amount of compensation attributable to the exercise of the SAR, whether the income is paid in cash or shares.

Restricted Stock, Restricted Stock Units and Other Stock-Based Awards

Restricted stock that is subject to a substantial risk of forfeiture generally results in income recognition by the participant in an amount equal to the excess of the fair market value of the shares of stock over the purchase price, if any, of the restricted stock at the time the restrictions lapse. However, if permitted by the Company, a recipient of restricted stock may make an election under Section 83(b) of the Internal Revenue Code to instead be taxed on the excess of the fair market value of the shares granted, measured at the time of grant and determined without regard to any applicable risk of forfeiture or transfer restrictions, over the purchase price, if any, of such restricted stock. A participant who has been granted shares of common stock that are not subject to a substantial risk of forfeiture for federal income tax purposes will realize ordinary income in an amount equal to the fair market value of the shares at the time of grant. A recipient of restricted stock units (RSUs), performance awards or other stock-based awards (other than restricted stock) will generally recognize ordinary income at the time that the award is settled in an amount equal to the cash and/or fair market value of the shares received at settlement. In each of these cases, the Company will generally have a corresponding tax deduction at the same time the participant recognizes such income.

Section 16(b)

Any of our officers and non-employee directors subject to Section 16(b) of the Exchange Act may be subject to Section 16(b) liability as a result of special tax rules regarding the income tax consequences concerning their awards under the Amended Plan.

Parachute Payments

In the event that the payment of any award under the Amended Plan is accelerated because of a change in ownership or control (as defined in Section 280G(b)(2) of the Code) and such payment of an award, either alone or together with any other payments made to certain participants, constitutes parachute payments under Section 280G of the Code, then, subject to certain exceptions, a portion of such payments would be nondeductible to the Company and the participant would be subject to a 20% excise tax on such portion.

Section 409A of the Code

Section 409A of the Code provides that all amounts deferred under a nonqualified deferred compensation plan are includible in a participant's gross income to the extent such amounts are not subject to a substantial risk of forfeiture, unless certain requirements are satisfied. If the requirements are not satisfied, in addition to current income inclusion, interest at the underpayment rate plus 1% will be imposed on the participant's underpayments that would have occurred had the deferred compensation been includible in gross income for the taxable year in which first deferred or, if later, the first taxable year in which such deferred compensation is not subject to a substantial risk of forfeiture. The amount required to be included in income is also subject to an additional 20% tax. While most awards under the Amended Plan are anticipated to be exempt from the requirements of Section 409A of the Code, awards that are not exempt are intended to comply with Section 409A of the Code.

Tax Effects to the Company; Section 162(m) of the Code

Generally the Company may be entitled to a tax deduction in connection with an award under the Amended Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option), provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an “excess parachute payment” within the meaning of Section 280G of the Code and is not disallowed by the \$1,000,000 limitation on certain executive compensation under Section 162(m) of the Code. Special rules under Section 162(m) of the Code limit the deductibility of compensation paid by a public company during a tax year to its chief executive officer, its chief financial officer and its other three most highly compensated executive officers for that tax year (collectively, “covered employees”) and for any individual who was a covered employee of the Company during tax years beginning in 2017. Under Section 162(m) of the Code, the annual compensation paid to any covered employee will be deductible only to the extent that it does not exceed \$1,000,000. The administrator of the Amended Plan has discretionary authority to grant awards under the Amended Plan in excess of this limit.

Audit Matters

Proposal 4—Ratification of the Appointment of the Independent Registered Public Accounting Firm

The Audit Committee is directly responsible for the appointment, compensation (including advance approval of audit and non-audit services and fees), retention and oversight of the independent registered public accounting firm that audits our financial statements. In accordance with its charter, the Audit Committee has selected PricewaterhouseCoopers LLP (PwC) to serve as our independent registered public accounting firm for fiscal 2024. With the endorsement of the Board, the Audit Committee believes that this selection is in the best interests of Kyndryl and its stockholders and, therefore, recommends to stockholders that they ratify that appointment.

Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of PwC to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm. If our stockholders fail to ratify the selection, it will be considered notice to the Board and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

INDEPENDENT AUDITOR ENGAGEMENT

The Audit Committee annually reviews PwC's independence and performance in deciding whether to retain PwC or engage a different independent auditor. Prior to the selection of the independent auditor, the Committee considers many factors, including:

- PwC's capability and expertise in addressing and advising on the breadth and complexity of Kyndryl's global operations;
- PwC's independence and tenure as Kyndryl's auditor;
- The strength of PwC's performance on prior Kyndryl audits, including the extent and quality of PwC's communications with the Audit Committee;
- Analysis of known litigation or regulatory proceedings involving PwC, if any;
- Public Company Accounting Oversight Board reports (PCAOB);
- Appropriateness of PwC's fees for audit and non-audit services; and
- PwC's reputation for integrity and competence in the fields of accounting and auditing.

AUDITOR INDEPENDENCE CONTROLS

The Audit Committee and Kyndryl management have robust policies and procedures in place to monitor and verify PwC's independence from Kyndryl on a continual basis. These policies and procedures include:

- Private meetings between the Audit Committee and PwC throughout the year;
- Pre-approval by the Audit Committee of audit and non-audit services;
- Lead engagement partner rotation at least every 5 years;
- Concurring audit partner rotation at least every 5 years;
- Auxiliary engagement partner rotation at least every 7 years;
- Hiring restrictions for PwC employees at Kyndryl; and

- Internal quality reviews by, or of, PwC, including the performance of procedures to monitor and assess PwC's independence from its audit clients, as well as the results of PCAOB inspections.

ACCOUNTABILITY TO STOCKHOLDERS

PwC's representative will be present at the 2023 Annual Meeting and will have an opportunity to make a statement if they desire to do so and be available to respond to appropriate questions.

The Board recommends that you vote **FOR** the ratification of the appointment of PwC as our independent registered public accounting firm for fiscal 2024.

Audit and Non-Audit Fees

PwC began serving as our independent registered public accounting firm in 2020. In connection with the audit of the fiscal 2023 financial statements, we entered into an agreement with PwC which set forth the terms by which PwC would perform audit services for the Company. The following table presents fees for professional audit and other services rendered by PwC for the fiscal year ended March 31, 2023, the transition period from January 1, 2022 through March 31, 2022 (transition period) and the fiscal year ended December 31, 2021. Prior to the spin off in fiscal 2021, IBM paid any audit, audit-related, tax or other fees related to Kyndryl's business. All PwC services for fiscal 2021, the transition period and fiscal 2023 were approved in advance by our Audit Committee (or, prior to the Spin-off, by IBM's audit committee).

1. Why am I being provided with these materials?

We are providing these proxy materials in connection with the Board's solicitation of proxies to be voted at our Annual Meeting of Stockholders to be held on July 27, 2023, and at any postponements or adjournments of the Annual Meeting. The proxy materials include the Notice of Annual Meeting of Stockholders, this Proxy Statement and our Annual Report. We have either (1) delivered to you a Notice of Internet Availability of Proxy Materials (Notice) and made the proxy materials available to you on the Internet or (2) delivered printed versions of the proxy materials, including a proxy card, to you by mail.

2. What is a "stockholder of record"?

A stockholder of record or registered stockholder (record owner) is a stockholder whose ownership of Kyndryl stock is reflected directly on the books and records of our transfer agent, Computershare Trust Company, N.A. If you hold Kyndryl stock through a bank, broker or other intermediary, you are not a stockholder of record. Instead, you hold your stock in "street name," and the record owner of your shares is usually your bank, broker or other intermediary. If you are not a record owner, please understand that Kyndryl does not know that you are a stockholder, or how many shares you own.

3. How do I attend and vote my shares at the virtual Annual Meeting?

This year's Annual Meeting will be a completely "virtual" meeting of stockholders, conducted exclusively by live audio webcast. There will be no in-person meeting. Any stockholder can attend the Annual Meeting live online at virtualshareholdermeeting.com/KD2023, beginning promptly at 1:00 p.m. (Eastern Daylight Time) on July 27, 2023. To participate in and vote at the virtual-only Annual Meeting, you will need your individual 16-digit control number included on your Notice or on your proxy card. If you were a stockholder as of the record date of May 30, 2023, you can vote at the Annual Meeting. A summary of the information you need to attend the Annual Meeting and vote via the Internet is provided below:

- instructions on how to attend and participate via the Internet, including how to demonstrate proof of stock ownership, are posted at virtualshareholdermeeting.com/KD2023;
- assistance with questions regarding how to attend and participate via the Internet will be provided at virtualshareholdermeeting.com/KD2023 on the day of the Annual Meeting;
- technical support and assistance will be provided at virtualshareholdermeeting.com/KD2023 on the day of the Annual Meeting and during the Annual Meeting; and
- you will need the 16-digit number that is included in your proxy card or your Notice in order to ask questions and to vote during the Annual Meeting.

4. Will I be able to participate in the virtual Annual Meeting on the same basis I would be able to participate in an in-person Annual Meeting?

The online meeting format for the Annual Meeting will enable full and equal participation by all our stockholders from any place in the world at little to no cost. We believe that holding the Annual Meeting online provides the opportunity for participation by a broader group of stockholders while reducing environmental impacts and the costs associated with planning, holding and arranging logistics for in-person meeting proceedings.

We designed the format of the virtual Annual Meeting to ensure that our stockholders who attend our Annual Meeting will be afforded the same rights and opportunities to participate as they would at an in-person meeting and to enhance stockholder access, participation and communication through online tools. We will take the following steps to ensure such an experience:

- providing stockholders with the ability to submit appropriate questions in advance of the meeting to ensure thoughtful responses from management and the Board;
- providing stockholders with the ability to submit appropriate questions real-time via the meeting website, limiting questions to one per stockholder unless time otherwise permits; and
- answering as many questions submitted in accordance with the meeting rules of conduct as possible in the time allotted for the meeting without discrimination.

Questions pertinent to meeting matters will be answered during the designated portion of the Annual Meeting, subject to time limitations. Questions regarding claims or personal matters are not pertinent to meeting matters, and therefore will not be answered. The rules of conduct and procedures will be available on the virtual meeting website.

5. What is the “record date” for the Annual Meeting?

The record date for the Annual Meeting is the close of business on May 30, 2023.

6. Which Kyndryl shares will be entitled to vote at the Annual Meeting?

Stockholders as of the close of business on the record date of May 30, 2023, may vote at the Annual Meeting. You have one vote for each share of common stock held by you as of May 30, 2023, including shares:

- Held directly in your name as “stockholder of record” (also referred to as “registered stockholder” or “record owner”); and
- Held beneficially for you in an account with a broker, bank or other nominee (shares held in “street name”). Street name holders generally cannot vote their shares directly and instead must instruct the brokerage firm, bank or nominee how to vote their shares.

7. Which Kyndryl shares are included in the proxy card?

For record owners, the proxy card covers the number of shares to be voted in your account as of the record date.

8. Can I vote my shares without attending the Annual Meeting?

If you are a record owner, you may vote by authorizing a proxy to vote on your behalf at the Annual Meeting.

FOR RECORD OWNERS

Your shares cannot be voted unless a signed proxy card is returned, shares are voted using the Internet or the telephone, or other specific arrangements are made to have your shares represented at the meeting. You are encouraged to specify your choices by checking the appropriate boxes on the proxy card. Shares will be voted following your written instructions.

However, it is not necessary to check any boxes if you wish to vote in accordance with the Board's recommendations; in that case, merely sign, date and return the proxy card in the enclosed envelope, or if you received a Notice, follow the instructions on how to access the proxy materials and vote online.

You can also vote your shares over the Internet, or by calling a designated telephone number. These Internet and telephone voting procedures are designed to authenticate your identity in order to allow you to provide your voting instructions, and to confirm that your instructions have been recorded properly. The procedures that have been put in place are consistent with the requirements of applicable law. Specific instructions for record owners who wish to use the Internet or telephone voting procedures are set forth on the proxy card.

9. May I change or revoke my proxy?

Yes. Whether you have submitted your proxy by Internet, telephone or mail, if you are a record owner, you may revoke your proxy or change your vote by:

- Sending a written statement that you wish to revoke your proxy to our Corporate Secretary, provided such statement is received no later than July 26, 2023;

If you hold shares in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee following the instruction it has provided, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the Annual Meeting via the Internet and voting.

10. Other than the items in the Proxy Statement, what other items of business will be addressed at the Annual Meeting?

Management knows of no other matters that may be properly presented at the meeting. If other proper matters are introduced at the meeting, the individuals named as proxies on the proxy card are also authorized to vote upon those matters using their own discretion.

11. Who tabulates the votes?

Votes are counted by employees of Broadridge Financial Solutions, Inc., Kyndryl's tabulator, and certified by the Inspectors of Election (who are agents of Broadridge Financial Solutions, Inc.).

12. I understand that a "quorum" of stockholders is required in order for Kyndryl to transact business at the Annual Meeting. What constitutes a quorum?

The presence, in person or represented by proxy, of a majority of the voting power of all outstanding shares of our common stock entitled to vote at the meeting, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and shares represented by "broker non-votes", as described below, are counted as present and entitled to vote for purposes of determining a quorum. On the record date of May 30, 2023, there were 227,844,131 shares of the Company's common stock outstanding, and each share is entitled to one vote at the Annual Meeting.

13. What is a broker non-vote, and what is "broker discretionary voting"?

A broker non-vote occurs when shares held through a broker (shares held "in street name") are not voted with respect to a proposal because (1) the broker has not received voting instructions from the stockholder who beneficially owns the shares and (2) the broker lacks the authority to vote the shares at its discretion.

Broker discretionary voting refers to the NYSE rule allowing brokers to vote their customers' shares on certain "routine" matters in the Proxy Statement at the brokers' discretion when they have not received timely voting instructions from their customers. The NYSE rules on broker discretionary voting prohibit banks, brokers and other intermediaries from voting uninstructed shares on certain matters, including the Proposal on the Election of Directors, and the on Say-on-Pay and Plan Proposals. Therefore, if you hold your stock in street name and you do not instruct your bank, broker or other intermediary how to vote regarding the Election of Directors, Say-on-Pay and Plan Proposals, no votes will be cast on your behalf.

The NYSE rules allow broker discretionary voting on the Ratification Proposal.

14. What am I voting on, how many votes are required to approve each item, how are votes counted, and how does the Board recommend I vote?

The table below summarizes the proposals that will be voted on, the vote required to approve each item, how votes are counted and how the Board recommends you vote:

Proposal	Voting Options	Board Recommendations ⁽¹⁾	Vote Required	Do Abstentions Count as Votes Cast?	Is Broker Discretionary Voting Allowed ⁽²⁾
1 Election of three Class II director nominees for a three-year term	–“For” –“Against” –“Abstain”	<input checked="" type="checkbox"/> FOR each nominee	Majority of votes cast— FOR must exceed AGAINST votes ⁽³⁾	No	No
2 Approval (non-binding vote) of compensation of named executive officers	–“For” –“Against” –“Abstain”	<input checked="" type="checkbox"/> FOR	Majority of votes present and entitled to vote on this item of business	Yes	No
3 Approval of the amendment and restatement of the Amended and Restated Kyndryl 2021 Long-Term Performance Plan	–“For” –“Against” –“Abstain”	<input checked="" type="checkbox"/> FOR	Majority of votes present and entitled to vote on this item of business	Yes	No
4 Ratification of the appointment of PwC as our independent registered public accounting firm for fiscal 2024 ⁽⁴⁾	–“For” –“Against” –“Abstain”	<input checked="" type="checkbox"/> FOR	Majority of votes present and entitled to vote on this item of business	Yes	Yes

- (1) If you are a record owner and you sign and submit your proxy card without indicating your voting instructions, your shares will be voted in accordance with the Board’s recommendation.
- (2) A broker non-vote will not count as a vote for or against a director and will have no effect on the outcome of the election of the three director nominees disclosed in this Proxy Statement. A broker non-vote will have no effect on Items 2 and 3.
- (3) In an uncontested election of directors at which a quorum is present, if any nominee for director receives a greater number of votes “AGAINST” his or her election than votes “FOR” such election, our Bylaws require that such person must tender his or her resignation to the Board, the Chair, or the Secretary. Our Bylaws further provide that the independent directors of the Board will then consider the tendered resignation, evaluating the relevant facts and circumstances, and giving due consideration to the best interests of the Company and its stockholders, and shall make a decision within 90 days after the election on whether to accept the tendered resignation. The Board will promptly disclose publicly its decision and, if applicable, the reasons for rejecting the tendered resignation. Cumulative voting in the election of directors is not permitted.
- (4) It is important to note that the Ratification Proposal (Proposal No. 4) is non-binding and advisory. While the ratification of the appointment of PwC as our independent registered public accounting firm is not required by our Bylaws or otherwise, if our stockholders fail to ratify the selection, we will consider it notice to the Board and the Audit Committee to consider the selection of a different firm.

15. Will my votes be confidential?

Yes. All stockholder meeting proxies, ballots and tabulations that identify individual stockholders are kept confidential and are not available for examination. In addition, the identity or the vote of any stockholder is not disclosed except as required by law.

16. I received my proxy materials in hard copy. How may I arrange to receive them electronically?

17. How do I submit a proposal for inclusion in Kyndryl’s 2024 proxy material?

To be eligible under the SEC’s shareholder proposal rule (Rule 14a-8(e) of the Exchange Act) for inclusion in our 2024 Annual Meeting Proxy Statement and form of proxy, a proposal must be received by our Corporate Secretary on or before February 15, 2024. Failure to deliver a proposal in accordance with this procedure may result in it not being deemed timely received. Proposals should be sent via registered, certified or express mail to:

Office of the Corporate Secretary
Kyndryl
One Vanderbilt Avenue
15th Floor
New York, New York 10017

For information regarding submission of a director nominee using the Company’s proxy access bylaw, see “Corporate Governance and Board Matters—Director Nomination Process—Stockholder Recommendations and Nominations” in the Corporate Governance & Board Matters section of this Proxy Statement.

18. How do I submit an item of business for the 2024 Annual Meeting?

As set forth in our Bylaws, stockholders who intend to present an appropriate item of business (including director nominations) at the 2024 Annual Meeting of Stockholders (other than a proposal submitted for inclusion in Kyndryl’s Proxy Statement) must provide written notice of such business to Kyndryl’s Secretary no earlier than February 28, 2024 and no later than March 29, 2024 at the address set forth in Question 17. Our Bylaws, which contain other informational requirements that must be followed in connection with submitting director nominations and any other appropriate items of business for consideration at a meeting of stockholders, are posted on our website at investors.kyndryl.com under Corporate Responsibility: Governance: Governance Documents: Amended and Restated Bylaws.

19. What is the deadline to provide my notice pursuant to Rule 14a-19 if I intend to solicit proxies in support of director nominees other than the Company’s nominees at the Company’s 2024 annual meeting?

As set forth in our Bylaws, stockholders who intend to solicit proxies in support of director nominees other than the company’s nominees must provide a notice that sets forth the information required by Rule 14a-19 under the Exchange Act no earlier than February 28, 2024 and no later than March 29, 2024. The notice should be sent to our Corporate Secretary at the address set forth in Question 17 above via registered, certified or express mail. Our Bylaws also contain other informational requirements that must be followed in connection with submitting director nominations.

20. What is “householding” and how does it affect me?

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and Notices with respect to two or more stockholders sharing the same address by delivering a single proxy statement or Notice addressed to those stockholders. This process, which is commonly referred to as “householding,” provides cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or Notice, or if you are receiving duplicate copies of these materials and wish to have householding apply, please notify your broker.

21. Members of our household own Kyndryl shares through a number of different brokerage firms. Will we continue to receive multiple sets of materials?

Yes. If you and others sharing a single address hold Kyndryl shares through multiple brokers, you will continue to receive at least one set of proxy materials from each broker.

22. I received a Notice of Internet Availability of Proxy Materials. What does this mean?

Consistent with common practice and in accordance with SEC rules, Kyndryl is distributing proxy materials to some stockholders over the Internet by sending a Notice that explains how to access our proxy materials and vote online. If you received a Notice and would like a printed copy of the proxy materials (including the Annual Report, Proxy Statement and a proxy card), please follow the instructions included in your Notice.

23. I previously consented to receive electronic delivery of my proxy materials. Can you send me a hard copy of these proxy materials?

Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed for their reasonable expenses. Any deferred payment, whether elected by the Participant or specified by the Award Agreement or the Committee, may require the payment to be forfeited in accordance with the provisions of Section 13. Dividends or dividend equivalent rights may be extended to and made part of any Award denominated in stock or units of stock (for the avoidance of doubt, excluding stock options or SARs), subject to such terms, conditions and restrictions as the Committee may establish; provided, that, notwithstanding anything herein to the contrary, any dividends or dividend equivalents payable with respect to any Award or any portion of an Award may only be paid to the Participant to the extent the vesting conditions applicable to such Award or portion thereof are subsequently satisfied and the Award or portion thereof to which such dividend or dividend equivalent relates, and any dividends or dividend equivalents with respect to any Award or any portion thereof does not become vested shall be forfeited. The Committee may also establish rules and procedures for the crediting of interest on deferred cash payments and dividend equivalents for deferred payments denominated in stock or units of stock. 9. Tax Withholding.

The Company shall have the right to withhold from wages, from amounts otherwise payable to the Participant, or from the payment or settlement of any Award, or may otherwise require the Participant to pay, or make arrangements acceptable to the Company for the payment of, any and all federal, state and local tax withholding that in the opinion of the Company is required by law. The Company shall have the right to deduct applicable taxes from any Award payment and withhold, at the time of delivery or vesting of shares under the Plan and up to the withholding amounts determined by the Company to be required by law, an appropriate number of shares for payment of taxes or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes. The Board may amend, modify, suspend or terminate the Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law. 12. Termination of Employment.

If the employment of a Participant terminates or the Participant otherwise terminates service with the Company, other than as a result of the death or disability of a Participant, all unexercised, deferred and unpaid Awards shall be canceled immediately, except to the extent the Award Agreement provides otherwise. In the event of the death of a Participant or in the event a Participant is deemed by the Company to be disabled and eligible for benefits under the terms of the Kyndryl Long Term Disability Plan (or any successor plan or similar plan of another employer), the Participant's estate, beneficiaries or representative, as the case may be, shall have the rights and duties of the Participant, if any, under the applicable Award Agreement.

13. Cancellation and Rescission of Awards/Clawback.

(a) Except to the extent the Award Agreement specifies otherwise, the Committee may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired, unpaid, or deferred Awards at any time if the Participant is not in compliance with all applicable provisions of the Award Agreement and the Plan, or if the Participant engages in any "Detrimental Activity." For purposes of this Section 13, "Detrimental Activity" shall include: (i) the rendering of services, including the acceptance of an offer to render services, for any organization or engaging directly or indirectly in any business which is

or becomes competitive with the Company, or which organization or business, or the rendering of services to such organization or business, is or becomes otherwise prejudicial to or in conflict with the interests of the Company; (ii) the disclosure to anyone outside the Company, or the use in other than the Company's business, without prior written authorization from the Company, of any confidential information or material, as defined in the Company's Agreement Regarding Confidential Information and Intellectual Property, relating to the business of the Company, acquired by the Participant either during or after employment with the Company; (iii) the failure or refusal to disclose promptly and to assign to the Company, pursuant to the Company's Agreement Regarding Confidential Information and Intellectual Property, all right, title and interest in any invention or idea, patentable or not, made or conceived by the Participant during employment by the Company, relating in any manner to the actual or anticipated business, research or development work of the Company or the failure or refusal to do anything reasonably necessary to enable the Company to secure a patent where appropriate in the United States and in other countries; (iv) activity that results in termination of the Participant's employment for Cause; (v) a violation of any rules, policies, procedures or guidelines of the Company, including but not limited to the Company's Business Conduct Guidelines; (vi) any attempt directly or indirectly to induce any employee of the Company to be employed or perform services elsewhere or any attempt directly or indirectly to solicit the trade or business of any current or prospective customer, supplier or partner of the Company; or (vii) the Participant being convicted of, or entering a guilty plea with respect to, a crime, whether or not connected with the Company.

(b) Upon exercise, payment or delivery pursuant to an Award, the Participant shall certify in a manner acceptable to the Company that he or she is in compliance with the terms and conditions of the Plan. In the event a Participant fails to comply with the provisions of paragraphs (a)(i)-(vii) of this Section 13 prior to, or during the Rescission Period, then any exercise, payment or delivery may be rescinded within two years after such exercise, payment or delivery. In the event of any such rescission, the Participant shall pay to the Company the amount of any gain realized or payment received as a result of the rescinded exercise, payment or delivery, in such manner and on such terms and conditions as may be required, and the Company shall be entitled to set-off against the amount of any such gain any amount owed to the Participant by the Company. As used herein, Rescission Period shall mean that period of time established by the Committee which shall not be less than 6 months after any exercise, payment or delivery pursuant to an Award.

(c) The Committee shall have full authority to implement any policies and procedures necessary to comply with Section 10D of the Exchange Act and any rules promulgated thereunder and any other regulatory regimes. Further, to the extent required by applicable law (including, without limitation, Section 304 of the Sarbanes-Oxley Act and Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act) and/or the rules and regulations of the securities exchange or inter-dealer quotation service on which the shares of Common Stock are listed or quoted, or if so required pursuant to a written policy adopted by the Company, Awards shall be subject (including on a retroactive basis) to clawback, forfeiture or similar requirements (and such requirements shall be deemed incorporated by reference into all outstanding Award Agreements).

14. Adjustments.

In the event of any change in the outstanding Common Stock of the Company by reason of a stock split, stock dividend, combination or reclassification of shares, recapitalization, merger, or similar event, the Committee may adjust proportionately: (a) the number of shares of Common Stock (i) available for issuance under the Plan, (ii) available for issuance under ISOs, and (iii) covered by outstanding Awards denominated in stock or units of stock; (b) the exercise and grant prices related to outstanding Awards; and (c) the appropriate Fair Market Value and other price determinations for such Awards. Notwithstanding the foregoing, in the event of any change in the outstanding Common Stock of the Company by reason of a stock split or a reverse stock split, the above-referenced proportionate adjustments, if applicable, shall be mandatory.

In the event of any other change affecting the Common Stock or any distribution (other than normal cash dividends) to holders of Common Stock, such adjustments in the number and kind of shares and the exercise, grant and conversion prices of the affected Awards as may be deemed equitable by the Committee, including adjustments to avoid fractional shares, shall be made to give proper effect to such event. In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Committee shall be authorized to cause Kyndryl to issue or assume stock options, whether or not in a transaction to which section 424(a) of the Code applies, by means of substitution of new stock options for previously issued stock options or an assumption of previously issued stock options. In such event, the aggregate number of shares of Common Stock available for issuance under Awards under Section 3 will be increased to reflect such substitution or assumption.

15. Effect of a Change in Control on Awards.

Except to the extent otherwise provided in an Award Agreement, or any applicable employment, consulting, change-in-control, severance or other agreement between the Participant and the Company, in the event of a Change in Control, notwithstanding any provision of the Plan to the contrary:

(a) If the acquirer or successor company in such Change in Control has agreed to provide for the substitution, assumption, exchange or other continuation of Awards granted pursuant to the Plan, then, if the Participant's employment with or service to the Company or an Affiliate is terminated by the Company without Cause (and other than due to death or Disability) on or within 24 months following a Change in Control, then unless otherwise provided by the Committee, (i) all stock options and SARs held by such Participant shall become immediately exercisable with respect to 100% of the shares of Common Stock subject to such stock options and SARs, and (ii) the restricted period (and any other conditions) shall expire immediately with respect to 100% of the shares of Restricted Stock and Restricted Stock Units and any other Awards held by such Participant; provided that if the vesting or exercisability of any Award would otherwise be subject to the achievement of performance conditions, the portion of such Award that shall become fully vested and immediately exercisable shall be based on the assumed achievement of actual or target performance as determined by the Committee.

(b) If the acquirer or successor company in such Change in Control has not agreed to provide for the substitution, assumption, exchange or other continuation of Awards granted pursuant to the Plan, then unless otherwise provided by the Committee, (i) all Options and SARs held by such Participant shall become immediately exercisable with respect to 100% of the shares of Common Stock subject to such Options and SARs, and (ii) the restricted period (and any other conditions) shall expire immediately with respect to 100% of the shares of Restricted Stock and Restricted Stock Units and any other Awards held by such Participant; provided that if the vesting or exercisability of any Award would otherwise be subject to the achievement of performance conditions, the portion of such Award that shall become fully vested and immediately exercisable shall be based on the assumed achievement of actual or target performance as determined by the Committee.

(c) In addition, the Committee may upon at least 10 days' advance notice to the affected Participants, cancel any outstanding Award and pay to the holders thereof, in cash, securities or other property (including of the acquiring or successor company), or any combination thereof, the value of such Awards based upon the price per share of Common Stock received or to be received by other stockholders of the Company in the event (it being understood that any Option or SAR having a per-share exercise or hurdle price equal to, or in excess of, the Fair Market Value (as of the date specified by the Committee) of a share of Common Stock subject thereto may be canceled and terminated without any payment or consideration therefor). Notwithstanding the above, the Committee shall exercise such discretion over the timing of settlement of any Award subject to Code Section 409A at the time such Award is granted.

(d) To the extent practicable, the provisions of this Section 15 shall occur in a manner and at a time that allows affected Participants the ability to participate in the Change in Control transaction with respect to the shares of Common Stock subject to their Awards.

16. Section 409A of the Code.

(a) It is intended that the Plan comply with Section 409A of the Code, and all provisions of the Plan shall be construed and interpreted in a manner consistent with the requirements for avoiding taxes or penalties under Section 409A of the Code. Each Participant is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on or in respect of such Participant in connection with the Plan or any other plan maintained by the Company, including any taxes and penalties under Section 409A of the Code, and the Company shall not have any obligation to indemnify or otherwise hold such Participant or any beneficiary harmless from any or all of such taxes or penalties. With respect to any Award that is considered "deferred compensation" subject to Section 409A of the Code, references in the Plan to "termination of employment" (and substantially similar phrases) shall mean "separation from service" within the meaning of Section 409A of the Code. For purposes of Section 409A of the Code, each of the payments that may be made in respect of any Award granted under the Plan is designated as a separate payment.

(b) Notwithstanding anything in the Plan to the contrary, if the Participant is a "specified employee" within the meaning of Section 409A(a)(2)(B)(i) of the Code, no payments or deliveries in respect of any Awards that are "deferred compensation" subject to Section 409A of the Code shall be made to such Participant prior to the date

that is six months after the date of such Participant's "separation from service" within the meaning of Section 409A of the Code or, if earlier, the Participant's date of death. All such delayed payments or deliveries will be paid or delivered (without interest) in a single lump sum on the earliest date permitted under Section 409A of the Code that is also a business day.

(c) In the event that the timing of payments in respect of any Award that would otherwise be considered "deferred compensation" subject to Section 409A of the Code would be accelerated upon the occurrence of (A) a Change in Control, no such acceleration shall be permitted unless the event giving rise to the Change in Control satisfies the definition of a change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation pursuant to Section 409A of the Code and any Treasury Regulations promulgated thereunder, or (B) a Disability, no such acceleration shall be permitted unless the Disability also satisfies the definition of "disability" pursuant to Section 409A of the Code and any Treasury Regulations promulgated thereunder.

17. Miscellaneous.

(a) Any notice to the Company required by any of the provisions of the Plan shall be addressed to the chief human resources officer of Kyndryl in writing, and shall become effective when it is received.

(b) The Plan shall be unfunded, and the Company shall not be required to establish any special account or fund or to otherwise segregate or encumber assets to ensure payment of any Award.

(c) Nothing contained in the Plan shall prevent the Company from adopting other or additional compensation arrangements or plans, subject to stockholder approval if such approval is required, and such arrangements or plans may be either generally applicable or applicable only in specific cases.

(d) No Participant shall have any claim or right to be granted an Award under the Plan and nothing contained in the Plan shall be deemed or be construed to give any Participant the right to be retained in the employ of the Company or to interfere with the right of the Company to discharge any Participant at any time without regard to the effect such discharge may have upon the Participant under the Plan. Except to the extent otherwise provided in any plan or in an Award Agreement, no Award under the Plan shall be deemed compensation for purposes of computing benefits or contributions under any other plan of the Company.

(e) The Plan and each Award Agreement shall be governed by the laws of the State of New York, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Except to the extent otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the state and federal courts sitting in New York County or Westchester County, New York, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.

(f) In the event that a Participant or the Company brings an action to enforce the terms of the Plan, or any Award Agreement and the Company prevails, the Participant shall pay all costs and expenses incurred by the Company in connection with that action, including reasonable attorneys' fees, and all further costs and fees, including reasonable attorneys' fees incurred by the Company in connection with collection.

(g) The Committee (including, for the avoidance of doubt any officers to whom it may delegate authority under Section 5) shall have full discretionary power and authority to interpret the Plan and to make any determinations thereunder, including determinations under Section 13, and the Committee's (or such officer's) determinations shall be binding and conclusive. Determinations made by the Committee (or any such officer) under the Plan need not be uniform and may be made selectively among individuals, whether or not such individuals are similarly situated.

(h) If any provision of the Plan is or becomes or is deemed invalid, illegal or unenforceable in any jurisdiction, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended or limited in scope to conform to applicable laws or, in the discretion of the Committee, it shall be stricken and the remainder of the Plan shall remain in full force and effect.

(i) The Plan shall become effective on the date it is approved by the requisite vote of the stockholder of the Company.

(j) Notwithstanding anything in this Plan to the contrary, each Assumed Award shall be subject to the terms and conditions of the Prior Plan and award agreement to which such Assumed Award was subject immediately prior to the Spin-Off, subject to the adjustment of such Assumed Award by the Executive Compensation and Management Resources Committee of International Business Machines Corporation and the terms of the Employee Matters Agreement; provided that following the date of the Spin-Off, each such Assumed Award shall relate solely to shares of Common Stock and be administered by the Committee in accordance with the administrative procedures in effect under this Plan.
