Report of Independent Registered Public Accounting Firm

The Employee Savings & Investment Plan Committee
Central Vermont Public Service Corporation
Rutland, Vermont

We have audited the accompanying statements of net assets available for plan benefits of the Central Vermont Public Service Corporation Employee Savings and Investment Plan (the "Plan") as of December 31, 2006 and 2005 and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Central Vermont Public Service Corporation Employee Savings and Investment Plan at December 31, 2006 and 2005, and the changes in its net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the 2006 basic financial statements taken as a whole. The 2006 information included in the supplemental schedule is presented for purposes of additional analysis and is not a required part of the 2006 basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information in the supplemental schedule has been subjected to the auditing procedures applied in the audit of the 2006 basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the 2006 basic financial statements taken as a whole.

EMPLOYEE SAVINGS AND INVESTMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006 and 2005**

Note 1 - Plan Description and Related Information

General - The purpose of the Central Vermont Public Service Corporation Employee Savings and Investment Plan (the Plan), a defined contribution plan, is to encourage savings and investments by eligible employees of Central Vermont Public Service Corporation and its affiliates (the Company) and to afford additional security for their retirement. The Plan became effective January 1, 1985. More complete information regarding the Plan's provisions may be found in the plan document.

Contributions and Vesting - Employees are eligible to join the Plan immediately upon hire. Employees electing to participate in the Plan make pre-tax contributions of at least 1 percent, but not more than 40 percent, of their compensation as defined by the Plan. The maximum pre-tax contribution for 2006 was \$15,000. Employees who are age 50 and older could make pre-tax catch-up contributions up to a maximum of \$5,000 in 2006. Catch-up contributions are ineligible for employer match. Employees can make post-tax contributions of at least 1 percent, but not more than 10 percent. Eligible employees are at all times 100 percent vested in their pre-tax and post-tax contribution account and in their matching employer contribution account. Employee contributions also include rollovers.

The Company's matching contribution was 100 percent of the first 4 percent of eligible pre-tax compensation, excluding overtime, contributed to the Plan by each participant per pay period until January 1, 2007. Participants are eligible for the matching contribution in the first pay period following their first anniversary date.

On December 29, 2004, members of the International Brotherhood of Electrical Workers Local 300 ratified the union employees' contract with the Company. The contract includes an increase in the Company's match for 401(k) contributions from 4 percent to 4.25 percent effective on January 1, 2007. The increase will apply to all eligible 401(k) participants.

Participant Accounts - Each participant's account is credited with the participant's basic and any rollover or after-tax contributions and his or her allocation of (a) the Company's contribution; and (b) investment earnings attributable to such contributions. The allocation of the Plan's earnings is based on participants' account balances. Participants allocate contributions among various investment choices, including mutual funds, managed income portfolio, money market funds and common stock, including CVPS Common Stock. Company contributions are automatically invested in accordance with the participant's investment direction for his or her account.

Payment of Benefits - Participants (or their beneficiaries) will be entitled to distribution of the full value of their Plan account (including their contributions, matching company contributions and investment earnings) upon retirement, death or other termination of employment with the Company or upon attainment of age 59 1/2. Any participant may withdraw from his or her account amounts contributed by the participant on an after-tax basis or amounts necessary to meet certain financial hardships. In addition, once per plan year, any person who has been a participant in the Plan for at least 60 months may withdraw all or a portion of his or her account attributable to Company matching contributions. Benefit distributions are made either as (a) a single lump-sum payment, (b) an annuity contract purchased from an insurance company, (c) quarterly or annual installments over a period not to exceed 10 years or (d) with respect to the Central Vermont Public Service Corporation Common Stock Fund, shares of the Company's common stock.

Participant Loans - Participants may borrow from their plan account balance. The maximum borrowings shall not exceed the lesser of \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months) or 50 percent of the value of the participant's account, subject to certain limitations. Participants may repay the loan through payroll deduction over a period of up to five years or up to 30 years if the loan is to purchase the participant's primary residence. The interest rates charged on loans outstanding as of December 31, 2006 and 2005 range from 6.25 percent to 10.0 percent and mature at various dates through 2035.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006 and 2005**

Plan Trustee - Fidelity Management Trust Company (Fidelity) became trustee of the Plan effective May 1, 2002.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. Contributions made by the Company are recognized by the Plan in the year the related participant's contribution is made. Administrative costs are recognized when incurred. Benefit distributions are recognized when made.

Investment Valuation and Income Recognition - Mutual Funds, managed income portfolio and Common Stock are stated at fair value. Participant loans are stated at cost, which approximates fair value. Purchases and sales of securities are recorded on the trade date. Interest from investments is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties - The Plan provides for various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Expenses - Brokerage commissions, registration charges and other expenses in connection with the purchase, sale or distribution of securities and other administrative costs for each investment fund, excluding a portion related to the Central Vermont Public Service Corporation Common Stock Fund (CVPS Common Stock Fund), will be paid out of the Plan's accounts to which such expenses are attributable. Administrative expenses related to the CVPS Common Stock Fund are paid by the plan participants. Fees related to the Plan as a whole are shared between participants and the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncements - In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* ("SFAS No. 157"). SFAS No. 157 establishes a definition of fair value, describes a framework for measuring fair value and requires additional disclosures about fair value measurement. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact, if any that SFAS No. 157 will have on its financial statements.

As of December 31, 2006, the Plan adopted FASB Staff Position FSP AAG INV-1 and Statement of Position No. 94-4-1, *Reporting of Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* ("FSP"). The Fidelity Managed Income Portfolio is a stable value investment fund and is fully benefit responsive. The FSP was applied retrospectively to the prior period presented on the Statement of Net Assets Available for Benefits as of December 31, 2005 for comparability.

Note 3 - Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it has the right to do so at any time. Contributions to the Plan in future years are subject to the applicable tax regulations and the discretion of the Company.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006 and 2005**

Note 4 - Income Taxes

The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC). The Plan is intended to qualify under Section 401(a) of the IRC and the Internal Revenue Service has issued a favorable determination letter, dated January 13, 2004, ruling that the Plan was designed in accordance with applicable IRC requirements as of the date of their letter. The Plan has been amended since receiving the determination letter. Plan management believes that the Plan is designed and is currently being operated in accordance with applicable IRC requirements and the Plan and related Trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Investments

The fair market value of individual investments that represent five percent or more of the Plan's net assets available for benefits as of December 31, 2006 and 2005 are as follows:

Note 6 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions as the term is defined in Section 3 (14) of ERISA. At December 31, 2006 and 2005, the Plan held common stock of the Company valued at \$4,121,391 and \$3,511,031, respectively.
