Draft Registration Statement on Form F-1 Submitted November 23, 2021

Prospectus Summary

Our Business, page 1

1. We note your disclosure on page 1 that "while [you] started in the real estate development business, [you] ha[ve] used the profits from those activities to acquire a number of private, government licensed education operations and [are] transitioning into private education and ancillary services as [your] main business segment," your disclosure on page 72 that upon incorporation on August 20, 2013, your "original goal was to develop and operate an

international education platform focused on vocational education based agricultural technology," and your disclosure on page 104 that your "leases and related revenue are ancillary to [y]our principal education business." Please revise your filing to consistently present the evolution of your corporate history and appropriately characterize your current education activities in terms of your revenue when stating it is your "main business segment" or representing that your real estate related revenues are "ancillary."

Risk Factors, page 16

2. Please revise this section to include a more robust discussion of the risks related to your real estate operations. In this regard, we only note your risk factor on page 17, yet 95.3% of your revenue for the year ended March 31, 2021 and 68.2% of your revenue for the year ended March 31, 2020 was rent revenue, construction revenue, and revenue from sales of vacant land.

We will need additional capital to fully carry out our proposed expansion plan..., page 19

3. We note your disclosure that you estimate you will need financing of approximately \$20 million to complete your proposed expansion plan for the next twelve months. Please clarify whether that financing is in addition to, or inclusive of, the funds to be raised in this offering.

Management's Discussion and Analysis of Financial Condition and Results of Operations  
Liquidity and Capital Resources, page 41

4. We note your disclosure that your primary source of cash is currently generated from your business as well as bank and related party borrowings. Please expand your discussion to provide quantified analysis of the significant drivers behind material changes and any known trends that you reasonably expect will have a material impact on your revenue, income and cash flows. For example, considering that you currently have an inventory of 8 vacant lots and you sold 19 of such lots for \$6.6 million, which comprised approximately 86% of your total revenue during the fiscal year ended March 31, 2021, please expand your disclosure to describe the expected impacts of your strategic shift to reliance on education programs for future revenue, net income and cash flows.

Business

Government Support to Education Industry, page 68

5. Please disclose the support for your statement that "Canada has continuously grown as one of the leading education destinations for international students."

OSSD Revenue and Student Census, page 82

6. Revise to explain the purpose for including the information you present under this header, considering most of the information pre-dates your ownership of the schools, you do not appear to have a 100% interest in many of these schools, and it's not clear to what extent

the historical performance of these schools is relevant to an investor's understanding of your business. This comment also applies to the revenue and student census data you provide under the other categories of education you provide.

Max the Mutt College of Animation, Art & Design  
Revenue and Student Census, page 89

7. We note that the revenues during 2020 and 2019 for Max the Mutt as disclosed in the table on page 89 do not agree to those disclosed in the statement of operations for this entity on page F-32. Please reconcile and revise these disclosures.

Government Regulation, page 105

8. Please revise this section to include more detail regarding the regulation of your business by provincial authorities in Ontario with a view towards giving investors an idea of the impact on your business, such as a discussion of any licensing requirements or other approvals needed to operate. In this regard, we note your statement that under the Canadian Constitution, provincial governments have exclusive responsibility for all levels of education.

Description of Share Capital, page 114

9. You state that under your bylaws, a quorum for a meeting of shareholders is met when holders of not less than 10% of the shares entitled to vote at the meeting of shareholders are present, but Section 7.8 of your bylaws filed as Exhibit 3.3 provides that the holders of a majority of shares entitled to vote at a meeting of shareholders constitute a quorum. Please revise for consistency. In addition, please tell us whether Section 8 of Schedule A to your Articles of Incorporation filed as Exhibit 3.1 includes a transfer restriction on your shares, and if so, disclose such restriction in your filing and discuss any related risks, such as an impact on the liquidity of your shares. Lastly, please provide the disclosure required by Item 10.B.1 and 2 of Form 20-F. Refer to Item 4.a. of Form F-1.
