# Jon Sewell

Founder and Chairman at Go LoCo Co-ops  
Cedar Rapids

## Summary

I've had a 40 year career spanning both the non profit healthcare sector (30 years) and food service industry. Utilizing skills developed from creating and managing over 20 multi hospital Co-ops, I've created a 3rd party delivery Co-op model that allows multi member restaurant Co-ops to develop their own 3rd party delivery services. This provides them an alternative to the extremely expensive for-profit 3rd party systems (Grubhub, DoorDash/Uber Eats) while also providing much better customer service. I've successfully launched two of these Co-ops over the past four years and have also launched four co-ops utilizing a franchise model.
