## RISK FACTORS

*Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. In addition to the risks specified below, the Company is subject to same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.*

### **Risks Related to the Company's Business and Industry**

***We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.***

The Company is still in an early phase and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early stage companies. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

***Global crises such as COVID-19 can have a significant effect on our business operations and revenue projections.***

With shelter-in-place orders and non-essential business closings potentially happening throughout 2022 and into the future due to COVID-19, the Company's revenue has been adversely affected.

***The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.***

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

***We may face potential difficulties in obtaining capital.***

We may have difficulty raising needed capital in the future as a result of, among other factors, our lack of revenues from sales, as well as the inherent business risks associated with our Company and present and future market conditions. We will require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

***We may not have enough authorized capital stock to issue shares of common stock to investors upon the conversion of any security convertible into shares of our common stock, including the Securities.***

Currently, our authorized capital stock consists of 10,000,000 shares of common stock, of which 15,160 shares of common stock are issued and outstanding. Unless we increase our authorized capital stock, we may not have enough authorized common stock to be able to obtain funding by issuing shares of our common stock or securities convertible into shares of our common stock. We may also not have enough authorized capital stock to issue shares of common stock to investors upon the conversion of any security convertible into shares of our common stock, including the Securities.

***We may implement new lines of business or offer new products and services within existing lines of business.***

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

***We rely on other companies to provide components and services for our products.***

We depend on suppliers and contractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or contractors do not provide the agreed-upon supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely impacted if companies to whom we delegate manufacture of major components or subsystems for our products, or from whom we acquire such items, do not provide components which meet required specifications and perform to our and our customers' expectations. Our suppliers may be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two contractors or suppliers for a particular component. Our products may utilize custom components available from only one source. Continued availability of those components at acceptable prices, or at all, may be affected for any number of reasons, including if those suppliers decide to concentrate on the production of common components instead of components customized to meet our requirements. The supply of components for a new or existing product could be delayed or constrained, or a key manufacturing vendor could delay shipments of completed products to us adversely affecting our business and results of operations.

***We rely on various intellectual property rights, including trademarks, in order to operate our business.***

The Company relies on certain intellectual property rights to operate its business. The Company's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our patent rights, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

***The Company's success depends on the experience and skill of the board of directors, its executive officers and key employees.***

We are dependent on our board of directors, executive officers and key employees. These persons may not devote their full time and attention to the matters of the Company. The loss of our board of directors, executive officers and key employees could harm the Company's business, financial condition, cash flow and results of operations.

***Although dependent on certain key personnel, the Company does not have any key person life insurance policies on any such people.***

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and our operations. We have no way to guarantee key personnel will stay with the Company, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

***Damage to our reputation could negatively impact our business, financial condition and results of operations.***

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

***Our business could be negatively impacted by cyber security threats, attacks and other disruptions.***

We continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

***Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.***

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other

proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

***The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.***

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

***The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.***

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

***We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.***

We are also subject to a wide range of federal, state, and local laws and regulations, such as local licensing requirements, and retail financing, debt collection, consumer protection, environmental, health and safety, creditor, wage-hour, anti-discrimination, whistleblower and other employment practices laws and regulations and we expect these costs to increase going forward. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we have incurred and will continue to incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

### **Risks Related to the Offering**

***The Company could potentially be found to have not complied with securities law in connection with this Offering related to “Testing the Waters.”***

Prior to filing this Form C, the Company engaged in “testing the waters” permitted under Regulation Crowdfunding (17 CFR 227.206), which allows issuers to communicate to determine whether there is interest in the offering. All communication sent is deemed to be an offer of securities for purposes of the antifraud provisions of federal securities laws. Any Investor who expressed interest prior to the date of this Offering should read this Form C thoroughly and rely only on the information provided herein and not on any statement made prior to the Offering. The communications sent to Investors prior to the Offering are attached as Exhibit E. Some of these communications may not have included proper disclaimers required for “testing the waters”

***The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.***

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

***Neither the Offering nor the Securities have been registered under federal or state securities laws.***

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

***The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.***

Unless the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

***The Company has the right to limit individual Investor commitment amounts based on the Company's determination of an Investor's sophistication.***

The Company may prevent any Investor from committing more than a certain amount in this Offering based on the Company's determination of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company's determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company's determination.

***The Company has the right to extend the Offering Deadline.***

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after the release of such funds to the Company, the Securities will be issued and distributed to you.

***The Company may also end the Offering early.***

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Company can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Company may limit the amount of capital it can raise during the Offering by ending the Offering early.

***The Company has the right to conduct multiple closings during the Offering.***

If the Company meets certain terms and conditions, an intermediate close of the Offering can occur, which will allow the Company to draw down on seventy percent (70%) of the proceeds committed and captured in the Offering during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different

cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

***Because the Offering consists of two separate tranches, a single investor may receive different Crowd SAFEs with different terms, depending on the timing of its investment commitment.***

The Offering is divided into separate tranches for early investors and standard investors. “Early Investors,” which includes the initial subscriptions amounting up to and including a sum of \$500,000 USD, will receive a Crowd SAFE with preferential terms, namely a reduced pre-money valuation cap (\$8,000,000 instead of \$10,000,000). A Crowd SAFE with different terms will be issued to “Standard Investors,” which includes all subscriptions from \$500,000.01 USD to \$1,070,000.00 USD. Accordingly, a single investor may be issued two different Crowd SAFEs with different terms, depending on the timing of the investor’s investment commitment.

### **Risks Related to the Securities**

***The Securities will not be freely tradable under the Securities Act until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.***

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

***Investors will not have voting rights, even upon conversion of the Securities and will grant a third-party nominee broad power and authority to act on their behalf.***

In connection with investing in this Offering to purchase a Crowd SAFE ((Simple Agreement for Future Equity) investors will designate Republic Investment Services LLC (f/k/a NextSeed Services, LLC) (“Nominee”) to act on their behalf as agent and proxy in all respects. The Nominee will be entitled, among other things, to exercise any voting rights (if any) conferred upon the holder of a Crowd SAFE or any securities acquired upon their conversion, to execute on behalf of an investor all transaction documents related to the transaction or other corporate event causing the conversion of the Crowd SAFE, and as part of the conversion process the Nominee has the authority to open an account in the name of a qualified custodian, of the Nominee’s sole discretion, to take custody of any securities acquired upon conversion of the Crowd SAFE. Thus, by participating in the Offering, investors will grant broad discretion to a third party (the Nominee and its agents) to take various actions on their behalf, and investors will essentially not be able to vote upon matters related to the governance and affairs of the Company nor take or effect actions that might otherwise be available to holders of the Crowd SAFE and any securities acquired upon their conversion. Investors should not participate in the Offering unless he, she or it is willing to waive or assign certain rights that might otherwise be afforded to a holder of the Crowd SAFE to the Nominee and grant broad authority to the Nominee to take certain actions on behalf of the investor, including changing title to the Security.

***Investors will not become equity holders until the Company decides to convert the Securities into “CF Shadow Securities” (the type of equity securities issuable upon conversion of the Securities) or until there is a change of control or sale of substantially all of the Company’s assets.***

Investors will not have an ownership claim to the Company or to any of its assets or revenues for an indefinite amount of time and depending on when and how the Securities are converted, the Investors may never become equity holders of the Company. Investors will not become equity holders of the Company unless the Company receives a future round of financing great enough to trigger a conversion and the Company elects to convert the Securities into CF Shadow Securities. The Company is under no obligation to convert the Securities into CF Shadow Securities. In certain instances, such as a sale of the Company or substantially all of its assets, an initial public offering or a dissolution or

bankruptcy, the Investors may only have a right to receive cash, to the extent available, rather than equity in the Company. Further, the Investor may never become an equity holder, merely a beneficial owner of an equity interest, should the Company or the Nominee decide to move the Crowd SAFE or the securities issuable thereto into a custodial relationship.

***Investors will not have voting rights, even upon conversion of the Securities into CF Shadow Securities.***

Investors will not have the right to vote upon matters of the Company even if and when their Securities are converted into CF Shadow Securities (the occurrence of which cannot be guaranteed). Upon such conversion, the CF Shadow Securities will have no voting rights and, in circumstances where a statutory right to vote is provided by state law, the CF Shadow Security holders or the party holding the CF Shadow Securities on behalf of the Investors are required to enter into a proxy agreement with its designee to vote their CF Shadow Securities with the majority of the holder(s) of the securities issued in the round of equity financing that triggered the conversion right. For example, if the Securities are converted in connection with an offering of Series B Preferred Stock, Investors would directly or beneficially receive CF Shadow Securities in the form of shares of Series B-CF Shadow Preferred Stock and such shares would be required to be subject to a proxy that allows a designee to vote their shares of Series B-CF Shadow Preferred Stock consistent with the majority of the Series B Preferred Stockholders. Thus, Investors will essentially never be able to vote upon any matters of the Company unless otherwise provided for by the Company.

***Investors will not be entitled to any inspection or information rights other than those required by law.***

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by law. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

***Investors will be unable to declare the Security in “default” and demand repayment.***

Unlike convertible notes and some other securities, the Securities do not have any “default” provisions upon which Investors will be able to demand repayment of their investment. The Company has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may Investors demand payment and even then, such payments will be limited to the amount of cash available to the Company.

***The Company may never elect to convert the Securities or undergo a liquidity event and Investors may have to hold the Securities indefinitely.***

The Company may never conduct a future equity financing or elect to convert the Securities if such future equity financing does occur. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an initial public offering. If neither the conversion of the Securities nor a liquidity event occurs, Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company’s assets or profits and have no voting rights or ability to direct the Company or its actions.

***Equity securities acquired upon conversion of the Securities may be significantly diluted as a consequence of subsequent equity financings.***

The Company’s equity securities will be subject to dilution. The Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities resulting from the conversion of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor’s control and economic interests in the Company.

The amount of additional financing needed by the Company will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Company's needs, the Company may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

***Equity securities issued upon conversion of the Securities may be substantially different from other equity securities offered or issued by the Company at the time of conversion.***

In the event the Company decides to exercise the conversion right, the Company will convert the Securities into equity securities that are materially different from the equity securities being issued to new investors at the time of conversion in many ways, including, but not limited to, liquidation preferences, dividend rights, or anti-dilution protection. Additionally, any equity securities issued at the Conversion Price (as defined in the Crowd SAFE agreement) shall have only such preferences, rights, and protections in proportion to the Conversion Price and not in proportion to the price per share paid by new investors receiving the equity securities. Upon conversion of the Securities, the Company may not provide the holders of such Securities with the same rights, preferences, protections, and other benefits or privileges provided to other investors of the Company.

The forgoing paragraph is only a summary of a portion of the conversion feature of the Securities; it is not intended to be complete, and is qualified in its entirety by reference to the full text of the Crowd SAFE agreement, which is attached as [Exhibit C](#).

***There is no present market for the Securities and we have arbitrarily set the price.***

The Offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

***In the event of the dissolution or bankruptcy of the Company, Investors will not be treated as debt holders and therefore are unlikely to recover any proceeds.***

In the event of the dissolution or bankruptcy of the Company, the holders of the Securities that have not been converted will be entitled to distributions as described in the Securities. This means that such holders will only receive distributions once all of the creditors and more senior security holders, including any holders of preferred stock, have been paid in full. Neither holders of the Securities nor holders of CF Shadow Securities can be guaranteed any proceeds in the event of the dissolution or bankruptcy of the Company.

***While the Securities provide mechanisms whereby holders of the Securities would be entitled to a return of their purchase amount upon the occurrence of certain events, if the Company does not have sufficient cash on hand, this obligation may not be fulfilled.***

Upon the occurrence of certain events, as provided in the Securities, holders of the Securities may be entitled to a return of the principal amount invested. Despite the contractual provisions in the Securities, this right cannot be guaranteed if the Company does not have sufficient liquid assets on hand. Therefore, potential Investors should not assume a guaranteed return of their investment amount.

***There is no guarantee of a return on an Investor's investment.***

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

**IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.**

## THE OFFERING AND THE SECURITIES

### The Offering

The Company is offering a minimum amount of \$50,000 (the “**Target Offering Amount**”) and up to a maximum amount of \$1,070,000 (the “**Maximum Offering Amount**”) of Crowd SAFE (Simple Agreement for Future Equity) (the “**Securities**”) on a best efforts basis as described in this Form C (this “**Offering**”). We must raise an amount equal to or greater than the Target Offering Amount by October 31, 2022 (the “**Offering Deadline**”). Unless we receive investment commitments, which are fully paid for and meet all other requirements set by this Offering, in an amount not less than the Target Offering Amount by the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be cancelled and all committed funds will be returned. Potential purchasers of the Securities are referred to herein as “**Investors**” or “**you**”.

The price of the Securities was determined arbitrarily, does not necessarily bear any relationship to the Company’s asset value, net worth, revenues or other established criteria of value, and should not be considered indicative of the actual value of the Securities. The minimum amount that an Investor may invest in the Offering is \$150 and the maximum amount that an Investor may invest in the Offering is \$400,000 each of which is subject to adjustment in the Company’s sole discretion.

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by OpenDeal Portal LLC dba Republic (the “**Intermediary**”), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Company are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with the Escrow Agent until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline, or such earlier time as the Company designates pursuant to Regulation CF, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent and warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds.**

The Company will notify Investors when the Target Offering Amount has been reached through the Intermediary. If the Company reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Company continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

### Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Company will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor’s investment commitment will be cancelled and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Offering Amount is reached, the funds will be released to the Company upon the closing of the Offering and the Investor will receive the Securities in exchange for their investment.

### Intermediate Closings

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Company designates pursuant to Rule 304(b) of Regulation CF, the Company may conduct the first of multiple closings of the Offering early, *provided* (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments).

Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before such early closing date.

If the Company conducts an initial closing (the “**Initial Closing**”), the Company agrees to only withdraw seventy percent (70%) of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Company may only conduct another close (a “**Subsequent Closing**”) before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the Target Offering Amount as of the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Company upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Company has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Company until they are accepted by the Company, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Company rejects all or a portion of any investment commitment, the applicable prospective Investor’s funds will be returned without interest or deduction.

## INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Members  
Mullybox LLC  
Royal Oak, Michigan

We have reviewed the accompanying financial statements of Mullybox LLC (the "Company,"), which comprise the balance sheet as of December 31, 2021, and December 31, 2020, and the related statement of operations, statement of members' equity (deficit), and cash flows for the year ending December 31, 2021, and December 31, 2020, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. **MULLYBOX LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR YEAR ENDED TO DECEMBER 31, 2021 AND DECEMBER 31, 2020**

**1. NATURE OF OPERATIONS**

Mullybox LLC was formed on October 29, 2018, in the state of Michigan. The financial statements of Mullybox LLC (which may be referred to as the “Company”, “we”, “us”, or “our”) are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The Company’s headquarters are located in Royal Oak, Michigan.

Mullybox LLC is an e-commerce company that provides a subscription box product with golf-related accessories to subscribers throughout the United State of America.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (“US GAAP”). The Company has adopted the calendar year as its basis of reporting.

**Use of Estimates**

The preparation of financial statements in conformity with United States GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

Cash and cash equivalents include all cash in banks. The Company’s cash is deposited in demand accounts at financial institutions that management believes are creditworthy. The Company’s cash and cash equivalents in bank deposit accounts, at times, may exceed federally insured limits. As of December 31, 2021, and December 31, 2020, the Company’s cash and cash equivalents did not exceed FDIC insured limits.

**Accounts Receivable and Allowance for Doubtful Accounts**

Accounts receivable are recorded at net realizable value or the amount that the Company expects to collect on gross customer trade receivables. We estimate losses on receivables based on known troubled accounts and historical experience of losses incurred. Receivables are considered impaired and written-off when it is probable that all contractual payments due will not be collected in accordance with the terms of the agreement. As of December 31, 2021, and 2020, the Company determined that no reserve was necessary.

**Inventories**

Inventories are valued at the lower of cost and net realizable value. Costs related to products acquired for resale which are determined using a FIFO method.

**MULLYBOX LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR YEAR ENDED TO DECEMBER 31, 2021 AND DECEMBER 31, 2020**

---

---

**Income Taxes**

The Company is taxed as a Limited Liability Company (LLC). Under these provisions, the Company does not pay federal corporate income taxes on its taxable income. Instead, the shareholders are liable for individual federal and state income taxes on their respective shares of the Company's taxable income. The Company has filed all its tax returns from inception through December 31, 2021, and is not yet subject to tax examination by the Internal Revenue Service or state regulatory agencies.

*Concentration of Credit Risk*

The Company maintains its cash with a major financial institution located in the United States of America which it believes to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

**Revenue Recognition**

The Company recognizes revenues in accordance with FASB ASC 606, Revenue from Contracts with Customers, when delivery of goods is the sole performance obligation in its contracts with customers. The Company typically collects payment upon sale and recognizes the revenue when the item has shipped and has fulfilled its sole performance obligation.

Revenue recognition, according to Topic 606, is determined using the following steps:

- 1) Identification of the contract, or contracts, with the customer: the Company determines the existence of a contract with a customer when the contract is mutually approved; the rights of each party in relation to the services to be transferred can be identified, the payment terms for the services can be identified, the customer has the capacity and intention to pay, and the contract has commercial substance.
- 2) Identification of performance obligations in the contract: performance obligations consist of a promised in a contract (written or oral) with a customer to transfer to the customer either a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.
- 3) Recognition of revenue when, or how, a performance obligation is met: revenues are recognized when or as control of the promised goods or services is transferred to customers.

The Company earns revenues from the sale of a subscription box product with golf-related accessories to subscribers throughout the United State of America.

**Cost of sales**

Costs of goods sold include the cost of products acquired for resale and shipping costs.

**Advertising and Promotion**

Advertising and promotional costs are expensed as incurred. Advertising and promotional expenses for the years ended December 31, 2021, and December 31, 2020, amounted to \$275,353 and \$111,772, which is included in sales and marketing expenses.

**MULLYBOX LLC**

**NOTES TO FINANCIAL STATEMENTS**

**FOR YEAR ENDED TO DECEMBER 31, 2021 AND DECEMBER 31, 2020**

---

---

**Stock-Based Compensation**

The Company accounts for stock-based compensation to both employee and non-employees in accordance with ASC 718, Compensation - Stock Compensation. Under the fair value recognition provisions of ASC 718, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense ratably over the requisite service period, which is generally the option vesting period. The Company uses the Black-Scholes option pricing model to determine the fair value of stock options.

**Fair Value of Financial Instruments**

The carrying value of the Company's financial instruments included in current assets and current liabilities (such as cash and cash equivalents, restricted cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term nature of such instruments).

The inputs used to measure fair value are based on a hierarchy that prioritizes observable and unobservable inputs used in valuation techniques. These levels, in order of highest to lowest priority, are described below:

**Level 1**—Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

**Level 2**—Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

**Level 3**—Unobservable inputs reflecting the Company's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

**COVID-19**

In March 2020, the outbreak and spread of the COVID-19 virus was classified as a global pandemic by the World Health Organization. This widespread disease impacted the Company's business operations, including its employees, customers, vendors, and communities. The COVID-19 pandemic may continue to impact the Company's business operations and financial operating results, and there is substantial uncertainty in the nature and degree of its continued effects over time. The extent to which the pandemic impacts the business going forward will depend on numerous evolving factors management cannot reliably predict, including the duration and scope of the pandemic; governmental, business, and individuals' actions in response to the pandemic; and the impact on economic activity including the possibility of recession or financial market instability. These factors may adversely impact consumer and business spending on products as well as customers' ability to pay for products and services on an ongoing basis. This uncertainty also affects management's accounting estimates and assumptions, which could result in greater variability in a variety of areas that depend on these estimates and assumptions, including investments, receivables, and forward-looking guidance.

**Subsequent Events**

The Company considers events or transactions that occur after the balance sheet date, but prior to the issuance of the financial statements to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. Subsequent events have been evaluated through May 9, 2022, which is the date the financial statements were issued.

**MULLYBOX LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR YEAR ENDED TO DECEMBER 31, 2021 AND DECEMBER 31, 2020**

**Recently Issued and Adopted Accounting Pronouncements**

FASB issued ASU No. 2019-02, leases, that requires organizations that lease assets, referred to as "lessees", to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases with lease terms of more than twelve months. ASU 2019-02 will also require disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases and will include qualitative and quantitative requirements. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date, including those above, that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

**3. INVENTORY**

Inventory consists of the following items:

<b>As of December 31,</b>	<b>2021</b>	<b>2020</b>
Finished goods	\$ 135,136	\$ 39,236
<b>Total Inventory</b>	<b>\$ 135,136</b>	<b>\$ 39,236</b>

**4. MEMBERS' EQUITY**

The ownership percentages of the members are as follows:

<b><u>As of Year Ended December 31, 2021</u></b>	
<b>Member's Name</b>	<b>Ownership Percentage</b>
Andrew T Amato	54.8%
Harry Fredrick Mayfield IV	22.3%
Marc Augusta Hames	8.7%
Melvin Zehnpfennig	11.7%

<b>TOTAL</b>	<b>100.0%</b>

**5. UNITBASED COMPENSATION**

During 2020 and 2021, the Company authorized the Unit Option Plan (which may be referred to as the "Plan"). The Company reserved 4,510 units pursuant to the Plan, which provides for the grant of shares of unit options, unit appreciation rights, and unit awards (performance units) to employees, non-employee directors, and non-employee consultants.

**MULLYBOX LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR YEAR ENDED TO DECEMBER 31, 2021 AND DECEMBER 31, 2020**

---

The option exercise price generally may not be less than the underlying unit's fair market value at the date of the grant and generally have a term of ten years. The amounts granted each calendar year to an employee or nonemployee is limited depending on the type of award.

*Unit Options*

The Company granted unit options. The unit options were valued using the Black-Scholes pricing model with a range of inputs indicated below:

As of Year Ended December 31,	2021
Expected life (years)	10.00
Risk-free interest rate	2.91%
Expected volatility	75%
Annual dividend yield	0%

The risk-free interest rate assumption for options granted is based upon observed interest rates on the United States government securities appropriate for the expected term of the Company's employee unit options.

The expected term of employee unit options is calculated using the simplified method which takes into consideration the contractual life and vesting terms of the options.

The Company determined the expected volatility assumption for options granted using the historical volatility of comparable public company's common unit. The Company will continue to monitor peer companies and other relevant factors used to measure expected volatility for future unit option grants, until such time that the Company's common unit has enough market history to use historical volatility.

The dividend yield assumption for options granted is based on the Company's history and expectation of dividend payouts. The Company has never declared or paid any cash dividends on its common unit, and the Company does not anticipate paying any cash dividends in the foreseeable future.

Management estimated the fair value of common unit based on recent sales to third parties. Forfeitures are recognized as incurred.

A summary of the Company's unit options activity and related information is as follows:

	Number of Awards	Weighted Average Exercise	Weighted Average Contract Term
Outstanding at December 31, 2019	-		-

Golf equipment made up 47.6% of the \$9.5B sports equipment industry from a 2018 IBISworld report, and national rounds played in 2020 was up 14% ahead of 2019.

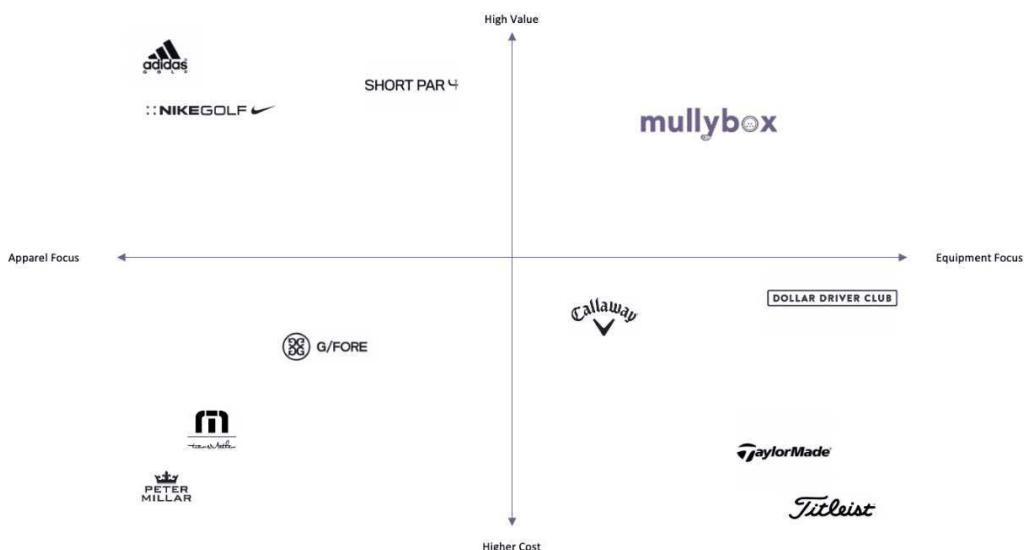

### Booming sport, especially in beginners

Nearly 10% of the United States population is golfers.

## Competition

# Competitive landscape: whitespace, ripe for disruption

We think the golf industry is missing out on a new wave of golfers. New golfers are the largest growing segment in the industry, and it's not the "country-stuffy-sport" that golf used to be.

**We want to bring new technology and business models to a segment of the industry that we think is underserved.**

## Vision And Strategy

# Product development

We recognize that numbers and money follow, they don't lead. It is with this in mind that we focus heavily on developing a great product that golfers will love.

This investment round will help us continue to add new features that will be focused on making life easier for golfers—such as more subscription options that are personalized and tailored to the type of golfer; and digital value such as training videos, tee times, articles, and more that may be given to subscribers and offered as a freemium model separately.

## Growth, profitability, & acquisition

<b>OPPORTUNITY</b>	<b>Management Objective</b>	Achieve profitability after Seed. Build strong, valuable business, with a target of \$50M Annual Revenue and 20%+ OI Margin
	<b>Short Term Expansion</b>	Increase <b>technical competency</b> (optimize website, ad channels, and <u>clickfunnels</u> ). Sell Mully products through <b>new channels</b> (pro shops).
	<b>Exit Plan</b>	<b>Strategic M&amp;A:</b> Golf equipment manufacturer, Golf retailer, or subscription box aggregator

## Growth opportunities

- Hire a team with relevant experience to help with below, and work full time; currently no full time employees
- Improve technical competency to support customizability and other product opportunities
- Develop digital product to improve customer experience with content around golf
- Improve data analytics to make data-driven, or even AI-based decisions
- Diversification across new advertising channels (influencer, affiliates, etc.)
- New channels, such as: wholesale, corporate outings, or retail may be additional growth levers.

In summary, we have a **scalable model!**

*Help us make our first hires to focus on product and tech development;*

*And then when we do a better job acquiring and retaining customers,*

*Spend more on marketing.*

## Funding

# Bootstrapped to date, all founder-financed

We believe in the lean startup method. We're not one of those startups that had a ping-pong table before we had revenue, in fact: we still don't.

**This round of financing will help us make our first hires, get a new office, and spend on marketing.**

\*All forward-looking models are for illustrative purposes only and may vary depending on external and internal factors, such as: market conditions or general business disruptions.\*

## Founders

### Founding team

We are an experienced group with a strong passion for the game of golf.

We assembled a team with unique perspectives so that we can attack challenges from all angles. We come from different business backgrounds and golf backgrounds—one of us was semi-professional and another started golfing only a few years ago.

One thing we all share in common: tenacity. We have the experience, business, and technical skillset that make our group uniquely capable of building a disruptive startup in the golf space.

## FAQ

**What must I do to receive my equity or cash in the event of the conversion of my Crowd SAFE?**

Suppose the Company converts the Crowd SAFE as a result of an equity financing. In that case, you must open a custodial account with the custodian and sign subscription documentation to receive the equity securities. The Company will notify you of the conversion trigger, and you must complete necessary documentation within 30 days of such notice. If you do not complete the required documentation with that time frame, you will only be able to receive an amount of cash equal to (or less in some circumstances) your investment amount. Unclaimed cash will be subject to relevant escheatment laws. For more information, see the Crowd SAFE for this offering.

If the conversion of the Crowd SAFE is triggered as a result of a Liquidity Event (e.g. M&A or an IPO), then you will be required to select between receiving a

cash payment (equal to your investment amount or a lesser amount) or equity.

You are required to make your selection (and complete any relevant documentation) within 30 days of such receiving notice from the Company of the conversion trigger, otherwise you will receive the cash payment option, which will be subject to relevant escheatment laws. The equity consideration varies depending on whether the Liquidity Event occurs before or after an equity financing. For more information, see the Crowd SAFE for this offering.

#### Series 2022

THIS CERTIFIES THAT in exchange for the payment by [Investor Name] (the “Investor”, and together with all other Series 2022 Crowd SAFE holders, “Investors”) of \$[\_\_\_\_\_] (the “Purchase Amount”) on or about [Date of Crowd SAFE], Mully Group, Inc., a Michigan corporation the “Company”), hereby issues to the Investor the right to certain shares of the Company’s Capital Stock (defined below), subject to the terms set forth below.

The “Discount” is 20%.

The “Valuation Cap” is \$8,000,000 for each investor who invests during the first tranche of the Offering, which includes the initial subscriptions amounting up to and including a sum of \$500,000.00 USD (“Early Investors”) and \$10,000,000 for each investor who invests during the second tranche of the Offering, which includes all subscriptions from \$500,000.01 USD to \$1,070,000.00 USD (“Standard Investors”).

See Section 2 for certain additional defined terms.

1. *Events*

(a) **Equity Financing.**

(i) If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b)-(d) (“**First Equity Financing**”), the Company shall promptly notify the Investor of the closing of the First Equity Financing and of the Company’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Purchase Amount to Capital Stock; or (2) issue to the Investor a number of shares of the CF Shadow Series of the Capital Stock (whether Common Stock, Preferred Stock or another class issued by the Company) sold in the First Equity Financing. The number of shares of the CF Shadow Series of such Capital Stock shall equal the quotient obtained by dividing (x) the Purchase Amount by (y) the applicable Conversion Price (such applicable Conversion Price, the “**First Equity Financing Price**”).

(ii) If the Company elects to continue the term of this Crowd SAFE past the First Equity Financing and another Equity Financing occurs before the termination of this Crowd SAFE in accordance with Sections 1(b)-(d) (each, a “**Subsequent Equity Financing**”), the Company shall promptly notify the Investor of the closing of the Subsequent Equity Financing and of the Company’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Investor’s Purchase Amount to Capital Stock; or (2) issue to the Investor a number of shares of the CF Shadow Series of the Capital Stock (whether Common Stock, Preferred Stock or another class issued by the Company) sold in the Subsequent Equity Financing. The number of shares of the CF Shadow Series of such Capital Stock shall equal to the quotient obtained by dividing (x) the Purchase Amount by (y) the First Equity Financing Price.

(b) **Liquidity Event.**

(i) If there is a Liquidity Event before the termination of this instrument and before any Equity Financing, the Investor must select, at its option, within thirty (30) days of receiving notice (whether actual or constructive), either (1) to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below) or (2) to receive from the Company a number of shares of Common Stock equal to the Purchase Amount (or a lesser amount as described below) divided by the Liquidity Price.

(ii) If there is a Liquidity Event after one or more Equity Financings have occurred but before the termination of this instrument, the Investor must select, at its option, within thirty (30) days of receiving notice (whether actual or constructive), either (1) to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below) or (2) to receive from the Company a number of shares of the most recent issued Capital Stock (whether Common Stock, Preferred Stock or another class issued by the Company) equal to the Purchase Amount divided by the First Equity Financing Price. Shares of Capital Stock granted in connection therewith shall have the same liquidation rights and preferences as the shares of Capital Stock issued in connection with the Company’s most recent Equity Financing.

(iii) If there are not enough funds to pay the Investor and holders of other Crowd SAFEs (collectively, the “**Cash-Out Investors**”) in full, then all of the Company’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts. In connection with this Section 1(b), the Purchase Amount (or a lesser amount as described below) will be due and payable by the Company to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event.

Notwithstanding Sections 1(b)(i)(2) or 1(b)(ii)(2), if the Company's board of directors determines in good faith that delivery of Capital Stock to the Investor pursuant to Section 1(b)(i)(2) or Section 1(b)(ii)(2) would violate applicable law, rule or regulation, then the Company shall deliver to Investor in lieu thereof, a cash payment equal to the fair market value of such Capital Stock, as determined in good faith by the Company's board of directors.

(c) **Dissolution Event**. If there is a Dissolution Event before this instrument terminates in accordance with Sections 1(a) or 1(b), subject to the preferences applicable to any series of Preferred Stock, the Company will distribute its entire assets legally available for distribution with equal priority among the (i) Investors (on an as converted basis based on a valuation of Common Stock as determined in good faith by the Company's board of directors at the time of Dissolution Event), (ii) all other holders of instruments sharing in the assets of the Company at the same priority as holders of Common Stock upon a Dissolution Event and (iii) and all holders of Common Stock.

(d) **Termination**. This instrument will terminate (without relieving the Company or the Investor of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier to occur: (i) the issuance of shares, whether in Capital Stock or in the CF Shadow Series, to the Investor pursuant to Section 1(a) or Section 1(b); or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to Sections 1(b) or 1(c).

(k) The Investor further acknowledges that it has read, understood, and had ample opportunity to ask Company questions about its business plans, "Risk Factors," and all other information presented in the Company's Form C and the offering documentation filed with the SEC.

(l) The Investor represents that the Investor understands the substantial likelihood that the Investor will suffer a **TOTAL LOSS** of all capital invested, and that Investor is prepared to bear the risk of such total loss.

## ***5. Transfer Restrictions.***

(a) The Investor hereby agrees that during the Lock-up Period it will not, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock (whether such shares or any such securities are then owned by the Investor or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery of Common Stock or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement; (y) not apply to the transfer of any shares to any trust for the direct or indirect benefit of the Investor or the immediate family of the Investor, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to the Investor only if all officers and directors of the Company are subject to the same restrictions and the Company uses commercially reasonable efforts to obtain a similar agreement from all stockholders individually owning more than 5% of the outstanding Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. The Investor further agrees to execute such

agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(ii) The Investor shall have notified the Company of the proposed disposition and shall have furnished the Company with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Company, the Investor shall have furnished the Company with an opinion of counsel reasonably satisfactory to the Company that such disposition will not require registration of such shares under the Securities Act.

## ▶ MullyBox Review: The Best Subscription Box in Golf? MullyBox Unboxing

hey everybody thanks for tuning in i'm  
0:01  
george conley with scratch golf tips  
0:03  
today  
0:03  
we actually have an unboxing video we  
0:05  
have the mully box my friends over at  
0:07  
mully have sent this over  
0:09  
so we're going to unbox this package i'm  
0:11  
going to explain to you a little bit  
0:12  
about the uh the product and um yeah  
0:15  
i'm excited to get into it so i have  
0:16  
done a few product reviews  
0:18  
and uh unboxings on the channel before  
0:21  
obviously this is a tip  
0:23  
channel but i am looking to grow into a  
0:26  
lot of other things within golf whether  
0:27  
it be  
0:28  
course vlogs unboxings like this club  
0:30  
reviews ball reviews  
0:31  
all of that fun stuff so for those of  
0:33  
you who don't know mullybox is  
0:35  
a golf based product subscription box so  
0:37  
you sign up for this you get one every  
0:39  
month  
0:39  
or they're they have another box you get  
0:41  
every quarter and  
0:43  
they are now a partner of scratch golf  
0:45  
tips so i'm going to open up this  
0:46  
month's box  
0:47  
uh if you like what you see there will  
0:48  
be a link in the description and you can

0:50  
use code scratch and that will get you  
0:52  
15%  
0:52  
off your order that's a nice little  
0:54  
discount so let's get into the box  
0:57  
one really cool thing that mullybox does  
0:58  
with all their boxes is that they  
1:00  
include  
1:00  
training aids so last box i got i got  
1:04  
this mini uh  
1:05  
putting mirror which is great if  
1:06  
anyone's seen any of my putting videos  
1:08  
you know i swear by putting mirrors so  
1:10  
not only is there stuff like golf balls  
1:11  
teas and whatnot but there's also a  
1:13  
training aid in all of these  
1:14  
so the first item on the top here is a  
1:17  
nice golf hat from  
1:19  
swing golf it's a company that i've  
1:22  
actually seen around on social media a  
1:24  
little bit so i'm going to open this up  
1:26  
that's actually a pretty nice hat it's  
1:28  
got a gray front with the navy backing  
1:31  
very nice every mully box that you get  
1:34  
will give you  
1:34  
two sleeves of golf balls six brand new  
1:36  
balls which i'm always a fan of the  
1:38  
balls that they sent over  
1:40  
here are the encore avant 55s i actually  
1:43  
got these in my last mully box  
1:46  
and i played them on the course last  
1:48  
weekend and it was my first oh they're

1:49  
yellow  
1:50  
wow so i got some yellow avant 55s from  
1:53  
encore  
1:54  
i like the encore balls a lot i tried  
1:57  
these last weekend like i said earlier  
1:59  
and i was coming from  
2:00  
i play a bridgestone e6 speed or what is  
2:03  
now the e12 speed  
2:05  
and i love them i love bridgestone and  
2:07  
these ones  
2:08  
actually held up pretty well to the  
2:10  
bridgestone so two sleeves  
2:12  
of yellow uh balls from encore  
2:15  
always great to have next in herewe  
2:17  
have  
2:18  
the golf impact recorder tape this is  
2:21  
awesome stuff  
2:22  
i've mentioned this in a lot of my  
2:24  
strike videos i did not know that they  
2:26  
were going to send this over this is  
2:27  
awesome  
2:28  
so what this is is basically a tape that  
2:30  
you put on your club face  
2:32  
and then you strike your ball and then  
2:35  
it will show you  
2:36  
exactly where the ball was struck so the  
2:39  
tape looks  
2:40  
like this there you go and this would be  
2:44  
for woods as you can see by the design  
2:46  
of it but there i'm guessing is also  
2:48  
going to be

2:49  
some for irons as well  
2:53  
so now that i took it out of the  
2:54  
packaging there's just a bunch of these  
2:56  
you can put on your clubface and it's  
2:59  
hard to know how you're missing the golf  
3:00  
ball  
3:00  
if you're not seeing where you're  
3:02  
missing the golf ball so putting these  
3:04  
on your club face will show you if you  
3:05  
got a  
3:06  
toe strike heel strike you're hitting it  
3:08  
fat thin whatever  
3:09  
this is a great tool to have next we  
3:11  
have the swing smooth  
3:12  
band from izzo golf there are a couple  
3:14  
different variations of  
3:16  
this band again this is really good for  
3:19  
staying connected throughout the swing i  
3:21  
have one of these it's not from izzo  
3:23  
golf but it's the same  
3:24  
idea this is just a very smart thing to  
3:27  
have if you come disconnected  
3:28  
call it the chicken wing so just you put  
3:30  
this over your forearms like this  
3:32  
and it helps you you may have heard the  
3:33  
term maintaining the triangle in your  
3:35  
arms  
3:35  
this is a great tool for that got a  
3:38  
little box of what i believe  
3:39  
are tees yes the moly tees these are  
3:42  
nice uh it's a nice

3:43  
sturdy wooden tee it's purple i love  
3:46  
tees  
3:47  
i like a wooden tee that's just my  
3:49  
preference and i always run out so it's  
3:51  
good to get  
3:53  
it's going to get replenished with tees  
3:54  
every month and  
3:56  
lastly but certainly not least is the  
3:58  
mully box  
3:59  
pressure putter these things are great i  
4:02  
love these i actually don't know if i  
4:04  
have one right now  
4:05  
and this is personally yeah this is  
4:07  
branded with all of the mully stuff  
4:09  
if you haven't heard of this aid yet um  
4:12  
you're missing out  
4:13  
this is such a great training aid um  
4:15  
it's already even set up  
4:17  
so basically it you just set it up like  
4:19  
this and it  
4:20  
this this bottom circle here is the size  
4:23  
of a regulation golf hole  
4:25  
so you roll it over that and then right  
4:27  
in here  
4:28  
there is this little crevice if you will  
4:31  
that a golf ball can fit in perfectly so  
4:34  
let me let me get one of my  
4:36  
brand new avant 55 yellow balls from  
4:39  
encore here  
4:41  
and basically with the putt out  
4:44  
this is called the putt out pressure

4:46  
pressure putter put it on the ground  
4:48  
and then if you roll the ball with  
4:49  
perfect speed and accuracy  
4:51  
the golf ball will get stuck right in  
4:54  
there  
4:55  
and it's really really hard to do i i i  
4:58  
put this thing like five  
4:59  
feet out from my putts and i still miss  
5:02  
a lot but this is a great thing to have  
5:04  
i like to use mine indoors i have a  
5:06  
putting mat right down here  
5:07  
um you can also bring this outdoors but  
5:09  
outdoors you can aim towards  
5:11  
you know a definite hole but this is a  
5:12  
great thing to put on a putting mat  
5:14  
if you're looking to put in your reps  
5:16  
and improve your putting this season  
5:18  
so all in all i mean this is a ton of  
5:20  
great stuff and a lot of it was based  
5:22  
around  
5:22  
improving your golf but you also get the  
5:24  
tees the golf  
ball 5:25  
get a brand new hat there's all kinds of  
5:27  
great stuff and they vary it greatly  
5:29  
throughout month to month you can pause  
5:31  
your subscription you can add on to your  
5:33  
subscription you can get it for a friend  
5:34  
this is actually a great gift for anyone  
5:36  
who loves golf and they also have a  
5:38  
couple different tiers of boxes so  
5:39  
the first link down in the description

5:41  
of this video will  
5:43

# Summary

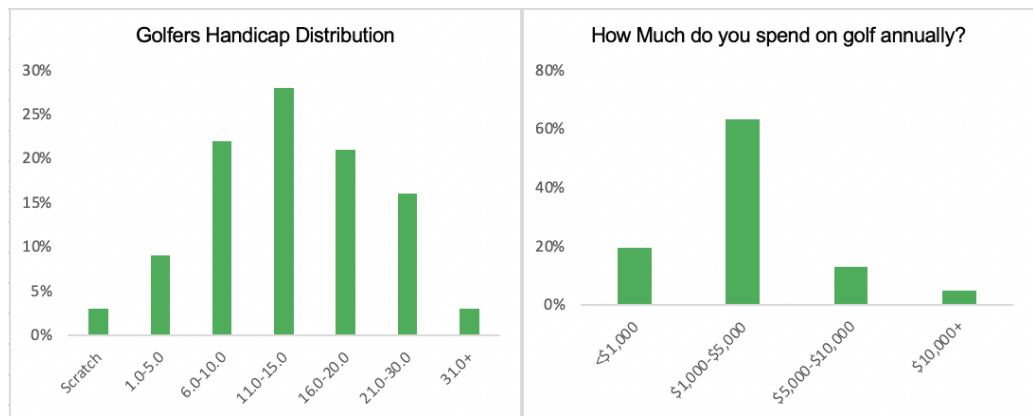

- Awesome golf gear, delivered conveniently via subscription products
- \$1M+ revenue in 2021
- ~2X year-over-year revenue growth
- Launched 4 products September 2021; plan to offer many more
- Nearly 2,000 active subscribers
- Disrupting the ~\$4.5B Golf Equipment Industry

# Problem

## Golf is hard and expensive

**The average golfer spends approximately \$3,000 annually on greens fees, apparel, and equipment.**

**Most of the 25,000,000 US golfers struggle with their game, and average a bogey per hole.**

For those of you that golf, you know the feeling. And none of this would be a problem if we didn't absolutely love the game.

We see these problems as an opportunity to innovate—with products that cater to golfers' unique needs.

## Solution

# Personalized golf gear subscriptions

Mullybox utilizes an eCommerce business model, subscription economics, bundling, and vertical integration to drive down cost for our subscribers, and make shopping for golf gear painless.

—

## **Cut out the middle man, deliver value**

*We cut out the middle man, get to know our golfers—and deliver a valuable, tailored experience.*

Mullybox sources **and manufactures** bad ass golf gear under the Mully brand.

The products are sold through our online store, or through our subscription box offerings.

Items vary by plan, but typically include: golf balls, tees, training aids, equipment, accessories and apparel. We want to deliver everything you need for your game directly to you, so that you can spend less time at the pro shop and more time on the course.

### Check out some of our past boxes:

**With each box and as we grow, we will continue to invest in product development so that we can deliver the ultimate golf experience.**

## Traction

**\$1M+ revenue in 2021, ~2X year over year growth, and no plans to slow down**

## KEY FIGURES

Interesting fact: we got here and we don't have anyone working on this full-time yet. With investment, we think that we can knock the ball off the cover and deliver a product that the golf world has never seen yet...in a good way.

We used standard churn and CAC figures, and actual results may be better or worse—and we expect them to vary depending on the timing of new product launches and offerings.

## Customers

# There is a new wave of golfers

## At Mullybox, we recognize that golf is changing, for the better

The world has moved towards inclusivity, and golf has done the same. It's out with the old, stuffy, country clubber, and in with a new type of inclusive, social golfer.

According to the National Golf Foundation, women and minority golfer segments are growing faster than ever.

We want to make it easier, more affordable, and overall more accessible, so that more people can enjoy all of the life lessons, and camaraderie that golf has to offer.

# Market

## A massive golf equipment market

# \$4.5B

Large and growing market, with tailwinds created by the pandemic.

Golf equipment made up 47.6% of the \$9.5B sports equipment industry from a 2018 IBISworld report, and national rounds played in 2020 was up 14% ahead of 2019.

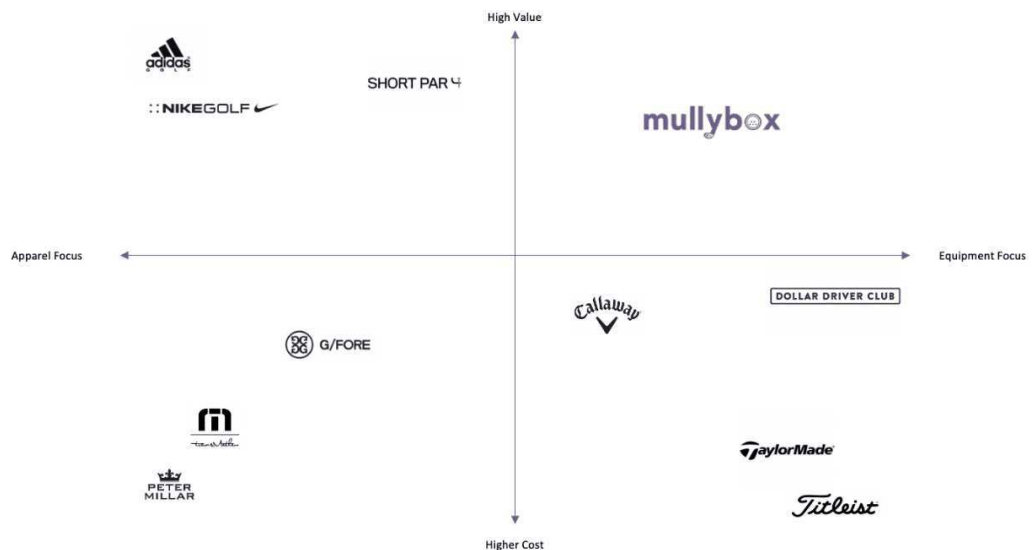

### Booming sport, especially in beginners

Nearly 10% of the United States population is golfers.

## Competition

# Competitive landscape: whitespace, ripe for disruption

We think the golf industry is missing out on a new wave of golfers. New golfers are the largest growing segment in the industry, and it's not the "country-stuffy-sport" that golf used to be.

**We want to bring new technology and business models to a segment of the industry that we think is underserved.**

## Vision And Strategy

# Product development

We recognize that numbers and money follow, they don't lead. It is with this in mind that we focus heavily on developing a great product that golfers will love.

This investment round will help us continue to add new features that will be focused on making life easier for golfers—such as more subscription options that are personalized and tailored to the type of golfer; and digital value such as training videos, tee times, articles, and more that may be given to subscribers and offered as a freemium model separately.

## Growth, profitability, & acquisition

<b>OPPORTUNITY</b>	<b>Management Objective</b>	Achieve profitability after Seed. Build strong, valuable business, with a target of \$50M Annual Revenue and 20%+ OI Margin
	<b>Short Term Expansion</b>	Increase <b>technical competency</b> (optimize website, ad channels, and <u>clickfunnels</u> ). Sell Mully products through <b>new channels</b> (pro shops).
	<b>Exit Plan</b>	<b>Strategic M&amp;A:</b> Golf equipment manufacturer, Golf retailer, or subscription box aggregator

## Growth opportunities

- Hire a team with relevant experience to help with below, and work full time; currently no full time employees
- Improve technical competency to support customizability and other product opportunities
- Develop digital product to improve customer experience with content around golf
- Improve data analytics to make data-driven, or even AI-based decisions
- Diversification across new advertising channels (influencer, affiliates, etc.)
- New channels, such as: wholesale, corporate outings, or retail may be additional growth levers.

In summary, we have a **scalable model**:

*Help us make our first hires to focus on product and tech development;*

*And then when we do a better job acquiring and retaining customers,*

*Spend more on marketing.*

## Funding

# Bootstrapped to date, all founder-financed

We believe in the lean startup method. We're not one of those startups that had a ping-pong table before we had revenue, in fact: we still don't.

**This round of financing will help us make our first hires, get a new office, and spend on marketing.**

\*All forward-looking models are for illustrative purposes only and may vary depending on external and internal factors, such as: market conditions or general business disruptions.\*

# Founders

## Founding team

We are an experienced group with a strong passion for the game of golf.

We assembled a team with unique perspectives so that we can attack challenges from all angles. We come from different business backgrounds and golf backgrounds—one of us was semi-professional and another started golfing only a few years ago.

One thing we all share in common: tenacity. We have the experience, business, and technical skillset that make our group uniquely capable of building a disruptive startup in the golf space.

## FAQ

**What must I do to receive my equity or cash in the event of the conversion of my Crowd SAFE?**

Suppose the Company converts the Crowd SAFE as a result of an equity financing. In that case, you must open a custodial account with the custodian and sign subscription documentation to receive the equity securities. The Company will notify you of the conversion trigger, and you must complete necessary documentation within 30 days of such notice. If you do not complete the required documentation with that time frame, you will only be able to receive an amount of cash equal to (or less in some circumstances) your investment amount. Unclaimed cash will be subject to relevant escheatment laws. For more information, see the Crowd SAFE for this offering.

If the conversion of the Crowd SAFE is triggered as a result of a Liquidity Event (e.g. M&A or an IPO), then you will be required to select between receiving a

cash payment (equal to your investment amount or a lesser amount) or equity.

You are required to make your selection (and complete any relevant documentation) within 30 days of such receiving notice from the Company of the conversion trigger, otherwise you will receive the cash payment option, which will be subject to relevant escheatment laws. The equity consideration varies depending on whether the Liquidity Event occurs before or after an equity financing. For more information, see the Crowd SAFE for this offering.
