(D) The Company's Business and Business Plan

Executive Summary

In April 2015, motorsport enthusiast Kyle Mayer was in Chicago and sitting in a bar at about noon on a Sunday. He and his brother-in-law were watching MotoGP motorcycle racing on Fox Sports 2, and were the only patrons in the establishment, since no Chicago teams were playing at that moment. Kyle asked the bartender to turn the sound in the bar from ambient music to the television playing the race. The bartender replied that they only do that when Chicago sports teams are playing. It was at that moment that Kyle conceived Petrolhead Cafe. But it wasn't until 2018 that Kyle had the opportunity to pursue its establishment.

Both before and after the conception of what would become Petrolhead Cafe, Kyle had 4 years of experience in marketing with Lagunitas Brewing Company, one of the nation's largest producers of craft beer. Along with that, Kyle worked as a server and bar tender at Beer House Chicago for a year. Upon returning to his home state of Connecticut, Kyle gained experience as a server at

Rockledge Grille and Beachland Tavern in West Hartford. Kyle's specialty as an entrepreneur in the service industry is developing robust beer programs for foodservice establishments.

After conducting research and seeking out a business mentor and advisor from CT Next and Connecticut's Small Business Development Center, Kyle formed Petrolhead Cafe LLC, and spent 2019 marketing smoked brisket as a pop-up food booth, partnering with various organizations and businesses to serve food at their events and locations, such as Hog River Brewing Co., Lime Rock Park Race Track, and the Valley Collector Car Club's annual car show. Through this effort, Kyle gained experience in the requirements needed to operate a restaurant, including navigating requirements for licensing with local Health Districts, obtaining a Sales & Use Tax permit from the State of CT, obtaining foodservice insurance, and working with merchant credit card service providers and point-of-sale (POS) systems.

The years 2020 and 2021 proved challenging to market as a food booth and pursue a permanent location due to the COVID-19 pandemic. Despite these challenges, Kyle pivoted, revamping the company website and beginning online sales of branded apparel and merchandise. Furthermore, Kyle launched the Petrolhead Podcast, an important marketing outlet which as already gained the notice and attention of local enthusiasts.

As of 2022, Kyle is now seeking to establish a brick-and-mortar coffee shop and bar restaurant.

The Team

Kyle Mayer, Founder

It was in Chicago in 2015 when Kyle first conceived the idea of Petrolhead Cafe after season-long efforts to watch motorsports at local bars. These efforts included phoning up venue after venue and asking them if they carried the uncommon cable TV channels on which races would be shown same-day, if not live. Recognizing a robust and passionate fanbase, as well as market changes away from cable TV and toward online streaming services for sports, Kyle knew he had to seize the opportunity at some point soon. That opportunity came in 2018.

However, between the conception of what would become Petrolhead Cafe, and the establishing of its LLC in Connecticut, Kyle gained 4 years of experience in marketing for Lagunitas Brewing Company, one the nation's largest producers of craft beer. At the same time, Kyle worked for a year as a server and bar tender at Beer House Chicago, a boutique bar featuring over 200 unique beers. Upon his return to Connecticut from Chicago, Kyle spent time as a server at Rockledge Grille and Beachland Tavern in West Hartford. Kyle's specialty as an entrepreneur in the service industry is in development and operation of robust beer programs for foodservice establishments.

Kyle's experience as a school teacher and coach also brings an assemblage of skills in personnel development, communication, and goal-oriented team management to Petrolhead Cafe. Furthermore, Kyle's experience as a property manager, overseeing the operations and financial health of multi-million dollar real estate portfolios has given him the business acumen to work effectively with budgets, staff and vendors to achieve performance objectives.

Kyle formed Petrolhead Cafe LLC, built his own business website, and spent 2019 marketing smoked brisket as a pop-up food booth, partnering with various organizations and businesses to serve food at their events and locations. Through this effort, Kyle gained experience in the requirements needed to operate a restaurant, including licensing with local Health Districts, obtaining a ServSafe Commercial Kitchen Manager Certificate, obtaining a Sales & Use Tax permit from the State of CT, obtaining foodservice insurance, and working with merchant credit card

service providers and point-of-sale (POS) systems.

If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	0.5 - 4.0% ²
Payment Deadline	2029-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	2.9%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 0.5% and a maximum rate of 4.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$10,000	0.5%
\$27,500	1.4%
\$45,000	2.2%
\$62,500	3.1%
\$80,000	4.0%

³ To reward early participation, the investors who contribute the first \$20,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$20,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Kyle Mayer	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
