Anthony Edwards Jr

Using tech to cultivate a community centering black food and beverage.

Brooklyn, New York, United States

Summary

Electronics professional with ten years of technical experience. I am a team leader with the ability to teach, mentor, motivate, maximize productivity and improve efficiency of an organization. I am technically proficient and able to adapt to new environments and technology in an expeditious manner.

I am a highly motivated individual, eager to use and share my wealth of knowledge obtained over the past decade ranging from my experiences in the military to knowledge gained from college and at DevBootcamp.

I love to use the skills I possess to solve problems and work with people to accomplish their goals.

Experience

EatOkra®
