The Team

Omar Pereney, Owner / Head Baker

An industry veteran, Pereney is the founder and owner of Love Croissants. Prior to opening his dream bakeshop, he was at the helm of Culinary Matters as the progressive face of the modern version of foodservice consultants. He and a team of visionaries and executors of food and beverage provided services, tools, and expertise for start-ups and brand refreshes. He first burst into the international culinary world as a television star and chef savant and has established himself as one to watch in hospitality consulting.

Originally from Venezuela, Omar honed his kitchen skills in top-tier restaurants and hosted the popular television shows “Yo Cocinero” and ElGourmet.com TV Network at 14 years old. He then opened his first restaurant, the iconic Dalai Restaurant & Lounge in Caracas, at 16 years old and later became a chef instructor at Le Cordon Bleu in Cancun.

After moving to Houston, Omar opened Peska and served as executive chef for the 40-person culinary team, as well as a private chef to former U.S. President George H.W. Bush before starting his food innovation agency “Culinary Matters” based in Houston Texas.

In Omar's Words

"We started out in March of 2022 as a no name Houston hole in the wall Croissanterie, a hard to miss farmer's market curiosity, and quickly turned into one of my life's most interesting culinary adventures.

At Love Croissants we love making people feel special, and for us, that means sourcing the highest quality butter, flour and sugar then matching it with impeccable lamination technique, a colorful mix of classic and modern ideas and bold flavors... And why not, baking every hour, on the hour.

Love Croissants is way more than a delicious and artful pastry. Love Croissants is breakfast, lunch, dinner and dessert. But most importantly, it's a gift giving product. A food gift! Food gifts are symbols of happiness, inspiration, and celebration. Giving food as a gift is a deeply meaningful gesture that demonstrates our feelings when words fail us. It's a creative option that moves away from generic gifts and allows you to truly spoil someone, to truly Love someone..."

The Farmers Market

The answer came in the shape of a farmer's market with just a foldout table, a camping oven, some butcher paper, and a sharpie. What some would consider a simplistic approach, this display allowed the highlight to be the croissants and the customers' experience. It was a hit! Omar would sell out every time. People were lining up just to get a taste and everyone's reaction was the same, "We love these croissants!". And so, Love Croissants was formed.

A little background

Omar has been working in the culinary world since he was 11 years old. Used to executing food at a high level, he paid close attention to technique and quality ingredients, and made his first batch of croissants. Looking to share this newfound passion with his family and friends, he realized that the reaction people had after their first bite was something that he wanted everyone to experience. Now the question was how to go about it.

A Love Story

Love Croissants came to existence when founder, Omar Pereney, was looking for a bit of a mental escape and a new skill, something that was just for him. Having a deep connection with baking since a young age but never having attempted croissants, Omar threw himself into the process and fell in love along the way.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	1.0 - 2.1% ²
Payment Deadline	2028-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	4.09%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.0% and a maximum rate of 2.1% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$60,000	1.0%
\$76,000	1.3%
\$92,000	1.6%
\$108,000	1.8%
\$124,000	2.1%

³ To reward early participation, the investors who contribute the first \$20,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$20,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Omar Pereney	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
