

JPMorgan ETF Efficiente 5 Index

MULTI-ASSET AND MULTI-REGION
DYNAMIC ASSET ALLOCATION
EFFICIENT FRONTIER

Launched in October 2010, the JPMorgan ETF Efficiente 5 Index features:

- **Dynamic asset allocation:** Allocates across several exchange-traded funds and a cash index, with monthly rebalancing. The levels of the JPMorgan ETF Efficiente 5 Index reflect the performance of the index components above the cash index and deduct a daily adjustment factor of 0.50% per annum
- **Efficient frontier and momentum:** Portfolio optimization methodology based on momentum and the efficient frontier concept
- **Multi-asset and multi-region:** Wide range of asset classes and geographic regions represented
- **Volatility target:** Targets a volatility of 5% for the strategy
- **Access:** Investors can access the index via J.P. Morgan-issued certificates of deposits and notes, each of which is subject to the credit risk of the particular issuer
