

0:00

Hello to all of our old friends and our new friends.

0:03

I'm Tanya and I'm Aurelio we're the owners of feathered serpent

0:08

We first opened our doors back in 2019 in San Dimas California.

0:14

And our mission was to share Chicano culture through craft beer.

0:19

Shortly after we opened, we were forced to close like everyone else due to the pandemic.

0:25

Luckily, our business survived and we opened back up in 2021.

0:30

In late 2021, we were approached by the City of La Puente with a really great opportunity to be a part of their downtown revival.

0:37

La Puente leadership felt that our culture and family and community driven mission was going to be perfect for the city.

0:42

And we also agreed and we quickly secured the building for the new brewery and restaurant.

0:48

Since the city first approached us until now, the economics of opening the brewery have changed tremendously.

0:53

We are asking for your help to bring our vision to the community so we can open the brewery by summer.

0:59

We are excited to be here in La Puente and look forward to being a staple for La Puente's community for generations to come.

1:06

We look forward to seeing you here at Feathered Serpent Brewery.

1:08

Cheers.
