RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Investment in the Issuer is a purchase of a debt security, specifically, a debt security that pays principal plus interest monthly for the duration of the outstanding debt. The primary material factor that makes investment in a debt security and in this issuer speculative or risky is the Issuer's ability to service the debt through cash generated by revenue. Therefore, any material changes to revenue will impact the Issuer's capacity to service the debt. These factors may include but are not limited to a sufficient decline in sales of its products and/or services, unforeseeable extraordinary expenses incurred in its operations, and/or taking on more debt than is viable for the business to service. Please see the financial condition of the issuer on page 14 for a more detail breakdown of how material changes to its revenue generating capacity and net income could impact its' ability to service this debt and thus create risk to you and your investment.

NOTE: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the above. No specific number of risk factors is required to be identified.

USE OF FUNDS

1. What is the purpose of this offering?

The purpose of this offering is to raise up to \$60,000. **Hippos & Hashbrowns LLC** intends to use offering net proceeds towards refinancing debt.

2. How does the issuer intend to use the proceeds of this offering?

NOTE: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity.

If minimum raise is met:

- \$19,100 (95.50%) of the proceeds will go towards refinancing debt
- \$900 (4.50%) of the proceeds will go towards SMBX's capital raise fee

If the maximum raise is met:

- \$57,300 (95.50%) of the proceeds will go towards refinancing debt
- \$2,700 (4.50%) of the proceeds will go towards SMBX's capital raise fee

DELIVERY & CANCELLATIONS

3. How will the issuer complete the transaction and deliver securities to the investors?

The following describes the method and the process to invest in the Issuer/Company's debt securities, including how the Issuer/Company will complete an investor's transaction(s) and deliver securities to the investor.

- Offering Process. The offering will use a first come first serve/pro-rata method to issue and sell bonds to investors. All bonds pay a fixed rate interest as per the terms of the offering.
- Investor Commitment. The Investor will place order(s) through the SMBX mobile app, the SMBX Investment Center web client, or the SMBX Investment Center mobile web client by inputting the total amount they would like to invest at a preset value of \$10.00 per bond and at the fixed interest rate per the terms of the offering. Bond orders are processed through immediately and an investor has up to 48 hours before the close of an offering to cancel their order(s).

- **Investor Transfer of Funds.** The initiation for a Transfer of Funds will happen simultaneously when an order is placed (payment for bonds are upfront). The order(s) will sit in the investor's portfolio as pending until the transfer of funds / payment is completed. The funds will sit in an escrow account on behalf of the issuer until the close of a successful offering. Only those orders that have fully settled will be allocated bonds on a first come first serve / pro-rate basis at the end of the offering.
- **Progress of the Offering.** The Investor will receive periodic email updates on the progress of the offering, including how much has been raised so far and how many days remain until the end of the offering.
- **Closing of an Offering. Original Date –** At the close of the offering, investors will receive an email notifying that they have been allocated a number of bonds or whether their order(s) have been cancelled and returned due to oversubscription. The investor may also be asked to reconfirm their order(s) within 5 business days by clicking on a link included in the email in the event of a material change to an offering (material changes may include a change to the offering's deadline date, a change to the offering amount, etc.). Orders not reconfirmed within 5 business days will be cancelled and refunded to investor's bank account or credit card.
- **Early Closing.** In the event an offering has met its 21-day minimum open requirement and has been fully subscribed before the offering's original close date, the Company may choose to close the offering early. The offering will then be settled at the issuer's direction by the SMBX. An email notification will be sent to all investors and those who have been allocated bonds will proceed to either receive their bond certificates or asked to reconfirm their bonds in the event of a material change to the offering. All investors who are not allocated bonds will receive a notification that funds will be refunded to their bank accounts or credit cards due to oversubscription. The decision for an early closing and the email notifications will be sent at least 5 business days prior to the original close date.
- **Securities Transfer(s). Bond Certificates –** After an offering has closed and all investors who were allocated bonds have reconfirmed their orders in the event of a material change to the offering, the Company will direct SMBX to issue on their behalf, the electronically signed bond certificates in pdf format to investors via email. The bond certificates will be the investor's authoritative copy of ownership of the bonds. All bond certificates have unique identification codes that the Company and the SMBX have records of. If you misplace or lose your bond certificate(s), please contact support@thesmbx.com and notify them that you need a replacement certificate. SMBX and the Company will then update and void your old certificate(s) on our records and issue you new certificate(s) via email.
- **Portfolio Entry.** On the same day investors receive their bond certificate(s) via email, they will see the bonds registered in their portfolio under Bonds. That bond issuance date will also be the first day their bond securities will start accruing interest for the month. Investors will then start receiving principal + interest (earnings) on their bond securities exactly 1 month on the same day of the bond issuance date (except if the day lands on a holiday or weekend or on a day that a particular month may not have the same day, i.e. the 31st, then repayments will be recorded and credited the following business day).

4. How can an investor cancel an investment commitment?

NOTE: An investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline and the investor has been allocated bonds, post the closing process including a possible reconfirmation of the investment commitments by investors in the event of a material change to the offering, the funds will be released to the issuer upon the closing of the offering and the investor will receive securities in exchange for his or her investment(s).

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled, and the committed funds will be returned.

If there is a material change to the terms of the offering or the information provided to the investor about the offering and/or the Company, the investor will be provided notice of the change and must reconfirm his or her investment commitment within five business days of receipt of the notice. If the investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the investor cancels his or her investment commitment during the period when cancellation is permissible or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the investor will receive, and refund the investor's funds.

Overview

The Company’s fiscal year-end is December 31.

Hippos & Hashbrowns LLC (NAICS 311812) is a family run business dedicated to providing wholesome treats and healthy eats. They believe that food nourishes more than the body and that good food is part of a good life. Their signature item is a thinly sliced whole grain crisp in three flavors. Each has a special blend of healthy seeds, nuts and raisins with no added fats, oils or eggs.

Hippos & Hashbrowns LLC began operations in September 2020. For FY22, the Company generated \$109,115 in revenue and \$27,460 of net income. During FY21 the Company generated \$85,896 in revenue and \$12,071 of net income. These financial results are historical and not representative of what investors should expect in the future.

Milestones

Hippos & Hashbrowns LLC was born from a desire to help others enjoy real, made-from-scratch foods. They began by selling baked goods at farmers markets and later expanded to supply local grocers and specialty shops. Their whole grain crisps are available also at Whole Foods in the DFW area. They have been written up in Edible Magazine, The Advocate, and D Magazine and their biscuits have been featured on the cover of Garden & Gun magazine.

Historical Results of Operations

- Revenues and gross margin. During FY21 and FY22, the Company generated revenues of \$85,896 and \$109,115, respectively, while gross margins were 72% and 77%, respectively. This change reflected the impact of the pandemic, which drove improvement in demand for most of the Company's products. For the YTD 3/31/2023 period, revenue and gross margin was \$14,000 and 40%, which suggest continued improvement in the overall business.
- Net income. For FY21 and FY22, the business generated earnings of \$12,071 and \$27,460, respectively, as the improvement in overall revenue was matched with an improvement in operating expenses. However, YTD 3/31/2023 net income of -\$19,190 reflects continued challenges in the operating environment.
- Assets. Total assets changed from \$6,368 at year-end FY21 to \$83,251 at year-end FY22. Moreover, assets at 3/31/2023 were \$50,066, which was comprised primarily of cash and capital improvements.
- Debt. Total debt was \$14,400 at year-end FY21 and \$7,453 at year-end FY22. At 3/31/2023, total debt of \$7,271 consisted of \$7,271 in short-term debt and \$0 in long-term debt.

The Company's ability to be operational is not dependent on reaching its maximum funding target. If the offering is not successful, **Hippos & Hashbrowns LLC** will likely obtain other means of financing or deploy the capital as its cash flow allows, or it may do nothing as these funds are not required for daily operations. In the event the offering successfully reaches the maximum raise target, the Company will deploy 100% to the intended use of funds.

Related Party Transactions

See Ownership and Capital Structure section.

Of the Company's total assets of \$50,066 at 3/31/2023, \$20,226 were reported as current assets. This includes cash of \$17,291 and accounts receivable of \$0.

** Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C. 1001.

An issuer will not be in compliance with the requirement to provide reviewed financial statement if the issuer received a review report that includes modifications. An issuer will not be in compliance with the requirement to provide audited financial statements if the issuer received a qualified opinion, an adverse opinion, or a disclaimer of opinion.

The issuer must notify the public accountant of the issuer’s intended use of the public accountant’s audit or review report in the offering.

For an offering conducted in the first 120 days of a fiscal year, the financial statements provided may be for the two fiscal years prior to the issuer’s most recently completed fiscal year; however, financial statements for the two most recently completed fiscal years must be provided if they are otherwise available.

If more than 120 days have passed since the end of the issuer’s most recently completed fiscal year, the financial statements provided must be for the issuer’s two most recently completed fiscal years.

If the 120th day falls on a Saturday, Sunday, or holiday, the next business day shall be considered the 120th day for purposes of determining the age of the financial statements.

An issuer may elect to delay complying with any new or revised financial accounting standard until the date that a company that is not an issuer (as defined under section 2(a) of the Sarbanes-Oxley Act of 2002) is required to comply with such new or revised accounting standard, if such standard also applies to companies that are not issuers. Issuers electing such extension of time accommodation must disclose it at the time the issuer files its offering statement and apply the election to all standards. Issuers electing not to use this accommodation must forgo this accommodation for all financial accounting standards and may not elect to rely on this accommodation in any future filings.
