

The advantages we have over other crowdfunding platforms

We simplify the investment process by providing the tools and confidence to start investing in real estate from scratch.

Lower cost-of-entry
Access short-term rental properties at a fraction of the usual cost.

Invest & Stay
Own regular dividends, but exclude first access at a steep discount.

hassle-free experience
Invest in just under three minutes and let Foothold handle property management for you.

You might be wondering

Do I need to be involved in any aspect of property management?

No, you do not need to be actively involved in any aspect of property management. This investment opportunity is designed to be fully managed, meaning you won't have to handle any aspect of property management tasks. As an investor, your role is straightforward: choose your investment amount and earn your proportional share of booking income.

Can I stay at the properties I invest in?

Yes, you can stay at the properties you invest in depending on your investment amount. You may receive exclusive early access booking at a significant discount. Discount details are outlined in the "Terms & Conditions" section of each offering.

Who is Foothold for?

We are a full-service platform for busy professionals to invest and own fractional ownership of vacation rental properties. We lower the cost-of-entry and multiple the time spent doing so for real estate investing. Foothold is designed to help first-time investors easily understand different opportunities and help existing investors quickly enter new markets.

What am I buying?

When you purchase equity in a Foothold property offering, you are able to buy ownership in the form of an equity LLC that owns a specific property asset. You are eligible to receive potential quarterly profits as defined from booking income as well as potential property value appreciation.

The Mirror C-suite
Experience the beauty of Patagonia

Our investment process
We begin by identifying a market and then select the most promising assets in that market. We then acquire the assets and manage them over the long term. We focus on assets that have a long history of high returns and low volatility.
