### Our Story

Karis Family Daycare was founded by owner Brenna Karis in 2016. We currently operate 2 successful home-daycares with a capacity of 24 children, a strong team of employees, and an annual gross revenue of \$450,000. Through Brenna's leadership and the work of our amazing team, KFD has built a solid business reputation after 7 years of daycare operation in Glendale and Burbank and boasts countless excellent reviews from current and past clients.

- Our staff members are all passionate about childcare and development with a range of education backgrounds, field experience and certifications in relevant areas.
- We emphasize higher than average wages and benefits to attract and retain the best childcare specialists, something that can be a challenge for daycares operating with slim margins which we have managed to avoid thanks to our historically superior service, target demographic and operational standards
- We are bolstered by an experienced team of administrative staff and consulting advisors to fill any blind spots the executive team could miss

### Location

Strategically located at 4201 Magnolia Blvd in the beloved and popular Magnolia Business District in Burbank, CA, this proposed facility will be the third daycare under the Karis Family Daycare umbrella.

- This will be a newly built, fully equipped, infant and toddler center serving children ages 2 months- 3 years with a capacity of 40 children
- The design of the building emphasizes our program's focus on nature and sensory play with a large, lush shaded outdoor spaces complete with safe interactive features and a variety of soft play surfaces, while modular buildings allow us more control over construction costs and timelines.
- Our capacity of 40 children at a time will be divided into 4 classrooms broken down as such: Classroom 1: 12 toddlers (ages 18 mo-3 years), 2 teachers | Classroom 2: 12 infant (ages 2 mo-15mo), 3 teachers | Classroom 3: 8 infants (ages 12 mo-18 mo), 2 teachers | Classroom 4: 8 toddlers (ages 18 mo-3 years), 2 teachers

### Market Analysis

This industry is growing with strong demand for quality, trustworthy daycare centers. Due to a shortage of accessible childcare in our penetrated markets, we have consistently been able to maintain a waitlist of over 60 clients seeking childcare since our opening in 2016, including during our current expansion, with a large concentration of parents seeking infant-specific care.

- Compound annual growth rate for childcare of 4.2% over the next several years (Grandview Research Institute, 2022)
- Burbank population of 125,000 and daytime transient population of 250,000 people
- 12,000 Children in Burbank under 5 (U.S Census Bureau, 2022)
- We are projecting total revenue of \$1,253,750

#### (L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

## (M) Terms of the Securities

### Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

### Summary of Terms

Revenue Percentage <sup>1</sup>	0.5 - 2.1% <sup>2</sup>
Payment Deadline	2031-12-31
Maximum Payment Multiple <sup>3</sup> - Early Investors - All Other Investors	1.6 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	4.61%

<sup>1</sup> as defined in the note agreement included in Appendix A

<sup>2</sup> The rate of revenue sharing is calculated on a linear scale with a minimum rate of 0.5% and a maximum rate of 2.1% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$30,000	0.5%
\$53,500	0.9%
\$77,000	1.3%
\$100,500	1.7%
\$124,000	2.1%

<sup>3</sup> To reward early participation, the investors who contribute the first \$25,000.0 raised in the offering will receive a 1.6x cap. Investors who contribute after \$25,000.0 has been raised in the offering will receive a 1.5x cap.

### Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

#### Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

#### No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

#### Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

#### Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

#### Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

## Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

## The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Brenna Karis	100%

## How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

## How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

## (N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

## (O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
