Management's Discussion and Analysis of Financial Condition and Results of Operations <u>Property and Casualty Insurance</u> Underwriting Operations, page 33

- 1. Your discussion of Underwriting Results clearly focuses on the impact of catastrophe losses in each of 2012, 2011 and 2010. Given the magnitude of catastrophe losses to your underwriting results, please provide us proposed disclosure at the aggregate insurance level to be included in future periodic reports that:
 - Clearly discloses what losses you characterize as catastrophes;
 - Separately discloses the losses recorded for each significant catastrophe;
 - Indicates how you identify an individual catastrophe as being significant; and
 - Discloses the amount of significant prior period loss development by significant catastrophe in each period presented.

2. The growth rate of net premiums written for your workers' compensation line greatly exceeds the growth rate of your other lines for 2012 and 2011. This trend appears to continue into 2013, as exhibited in your June 30, 2013 Form 10-Q, although the rate of growth in 2013 is not a substantial as in the prior years. Please provide us proposed disclosure to be included in future periodic reports that specifically explains the causes for these increases. To the extent that you are making a concerted effort to expand this business, please explain why you are targeting this line.

Capital Resources and Liquidity Ratings, page 63

3. Your disclosure here emphasizes the importance of ratings to you and your shareholders. Please provide us proposed revised disclosure to be included in future periodic reports that quantifies your current credit ratings and discusses significant changes from prior periods.
