**PROXY STATEMENT**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders to be held on May 12, 2005, and at any and all adjournments or postponements thereof. Proposals 1 through 3 will be presented at the Meeting by management.

With regard to Proposal 1, the form of proxy permits votes for or withholding of votes as to each nominee for director, and permits votes for, against, or abstention with regard to Proposals 2 through 4. If the enclosed form of proxy is properly executed, returned, and not revoked, it will be voted in accordance with the specifications, if any, made by the shareholder and, if specifications are not made, will be voted **FOR** the nominees named in this Proxy Statement to the Company's Board of Directors, **FOR** approval of the Intergraph Corporation 2005 Employee Stock Purchase Plan, and **FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the current fiscal year. If your shares are held by your broker or other nominee, often referred to as in "street name," you will receive a form from your broker seeking instructions as to how your shares should be voted. If your shares are held in street name and you do not issue instructions to your broker, your broker may vote your shares in its discretion on routine matters, but may not vote your shares on non-routine matters. The election of directors and the ratification of Ernst & Young LLP as the independent auditors (Proposals 1 and 3) are routine matters. However, the approval of the Intergraph Corporation 2005 Employee Stock Purchase Plan (Proposal 2) is not a routine matter. Therefore, if you do not issue instructions to your broker on Proposal 2, your broker may not vote your shares on such matter. If your broker turns in a proxy card expressly stating that the broker is not voting on a non-routine matter, such action is referred to as a "broker non-vote."

It is not expected that any matter not referred to herein will be presented for action at the Meeting. If any other matters are properly brought before the Meeting, including, without limitation, a motion to adjourn the Meeting to another time and/or place for the purpose of, among other things, permitting dissemination of information regarding material developments relating to any of the Proposals, or soliciting additional proxies in favor of the approval of any of the Proposals, the persons named on the accompanying proxy card will vote the shares represented by such proxy upon such matters in their discretion; provided, however, that if the Company proposes to adjourn the Meeting for the purpose of soliciting additional votes in favor of any of the Proposals, and seeks a vote of shareholders on such adjournment, no proxy that is voted against Proposal 4 (or on which a shareholder elects to abstain on such matter) will be voted in favor of any adjournment for the purpose of soliciting additional proxies in favor of any Proposals. Any other proxy will be deemed to have voted **FOR** such adjournment proposal if such proposal to adjourn is made by the Company. Should the Meeting be reconvened, all proxies will be voted in the same manner as such proxies would have been voted when the Meeting was originally convened, except for the proxies effectively revoked or withdrawn prior to the time proxies are voted at such reconvened meeting.

The cost of solicitation of proxies will be borne by the Company. Proxies may be solicited by directors, officers, or other employees of the Company in person or by telephone or mail. In addition, the Company has retained Georgeson Shareholder to assist in the solicitation. The Company will pay Georgeson Shareholder approximately \$7,500, plus out of pocket expenses for their services. The Company requests that brokerage houses and other custodians, nominees, and fiduciaries forward solicitation materials to the beneficial owners of shares of the Company's Common Stock, \$0.10 par value per share (the "Common Stock"), held of record by such persons, and the Company will reimburse such brokers and other fiduciaries for their reasonable out-of-pocket expenses incurred when the solicitation materials are forwarded. On or about April 4, 2005, the Company will commence mailing this Proxy Statement, the enclosed form of proxy, and the attached Notice to holders of its Common Stock.

Shareholders who sign proxies have the right to revoke them at any time before they are voted by filing with the Secretary of the Company at P.O. Box 240000, Huntsville, AL 35824 an instrument revoking the proxy, by submitting a duly executed proxy bearing a later date, or by attending the Meeting and voting in person.

The close of business on March 15, 2005 has been fixed as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting.

## GENERAL

The holders of a majority of the outstanding shares of the Company's Common Stock as of the record date must be present in person or be represented by proxy to constitute a quorum and act upon the proposed business. Failure of a quorum to be represented at the Meeting will necessitate an adjournment or postponement and will subject the Company to additional expense.

Proposal 1 discussed in this Proxy Statement requires the affirmative vote of a plurality of the votes cast at the Meeting. Proposals 2 and 3 discussed in this Proxy Statement, and, if applicable, Proposal 4, require the affirmative vote of the holders of a majority of the outstanding shares represented at the Meeting and entitled to vote thereon. The Board of Directors recommends that you vote:

- **FOR** the nominees named in this Proxy Statement;
- **FOR** the approval of the Intergraph Corporation 2005 Employee Stock Purchase Plan; and
- **FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the current fiscal year.

Votes are counted by the Company's transfer agent. The Company's certificate of incorporation and bylaws contain no provisions concerning the treatment of abstentions and broker non-votes. In accordance with Delaware law, abstentions and broker non-votes will have no effect on the outcome of Proposal 1. Abstentions will have the same effect as a vote cast against Proposals 2 and 3, and broker non-votes will have no effect on the outcome of Proposals 2 and 3. Both abstentions and broker non-votes will be included in the determination of the presence of a quorum.

## CORPORATE GOVERNANCE

### *Corporate Governance Guidelines*

The Company's Board of Directors has established a set of Corporate Governance Guidelines. These guidelines address such matters as director qualifications, director nominations, Board composition, director meetings, Board committees and other matters. The Board of Directors believes such guidelines to be appropriate for the Company in its effort to promote sound corporate governance practices. You may access a copy of the Company's Corporate Governance Guidelines on the investor relations page of the Company's website at [www.intergraph.com](http://www.intergraph.com).

The Company's director nominees are recommended to the Board of Directors by a Nominating and Corporate Governance Committee which is composed solely of independent directors. You may access a copy of the Nominating and Corporate Governance Committee's charter on the investor relations page of the Company's website at [www.intergraph.com](http://www.intergraph.com).

### *Director Independence*

The Board has determined that each of the following directors is an "independent director" within the meaning of the listing standards of the National Association of Securities Dealers, Inc. (the "NASD") and that each such director does not have any relationship that would interfere with the exercise of independent judgment or otherwise preclude a finding of independence:

Sidney L. McDonald	Linda L. Green
Thomas J. Lee	Richard W. Cardin
Lawrence R. Greenwood	Michael D. Bills
Kevin M. Twomey	

### *Director Qualifications*

The Company's Corporate Governance Guidelines contain membership criteria that apply to nominees for the Company's Board of Directors. The Company's Board of Directors and its Nominating and Corporate Governance Committee have also adopted a procedure for the evaluation of director candidates (the "Nominee Procedures") that contain certain minimum qualifications for candidates (including those candidates recommended by the Company's shareholders). The Company's Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will review the results of the annual performance evaluation of the Board and its Committees, and the qualifications of potential director candidates in accordance with the Nominating and Corporate Governance Committee's Charter and the Company's

Corporate Governance Guidelines. The consideration of a candidate as a director will include the Nominating and Corporate Governance Committee's assessment of the individual's background, skills and abilities, and whether such characteristics are consistent with the Company's Corporate Governance Guidelines and fulfill the needs of the Board at that time. The Nominating and Corporate Governance Committee will be responsible for reviewing shareholder proposals with respect to director nominations.

The Nominee Procedures provide that candidates for nomination to the Board of Directors, including those recommended by shareholders in compliance with the Company's certificate of incorporation, bylaws and applicable law, are required to be submitted to the Nominating and Corporate Governance Committee's Chair with as much biographical information as is available and a brief statement of the candidates' qualifications. The Nominating and Corporate Governance Committee will consider whatever factors it deems appropriate in its assessment of a candidate; however, at a minimum, a candidate must in the Committee's judgment:

- be able to represent the interests of the Company and all of its shareholders and not be disposed by affiliation or interest to favor any individual, group or class of shareholders or other constituency;
- meet the minimum qualifications for directors set forth in the Corporate Governance Guidelines and fulfill the needs of the Board of Directors at that time; and
- possess the background and demonstrated ability to contribute to the Board's performance of its collective responsibilities, through senior executive management experience, relevant professional or academic distinction, and/or a record of relevant civic and community leadership.

In addition to these minimum qualifications, the Nominating and Corporate Governance Committee may also consider whether the candidate:

- is of the highest ethical character and shares the core values of the Company as reflected in the Company's Corporate Governance Guidelines and the Company's Code of Business Conduct and Ethics;
- has a reputation, both personal and professional, consistent with the image and reputation of the Company;
- is highly accomplished in the candidate's field;
- is an active or former chief executive officer of a public company or a technology company or is a leader of another complex organization;
- has relevant expertise and experience, and would be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience; and
- has the ability to exercise sound business judgment.

#### *Process for Identifying Candidates*

The Nominating and Corporate Governance Committee seeks to identify candidates for membership on the Company's Board of Directors through conversations with members of the Board of Directors, senior management, a professional search firm and others. The Nominating and Corporate Governance Committee also considers nominees proposed by the Company's shareholders in accordance with the provisions contained in the Company's certificate of incorporation, bylaws and applicable law, and consistent with the Nominee Procedures. Pursuant to the Company's bylaws, any shareholder may nominate a person for election to the Company's Board of Directors at the Company's Annual Meeting of Shareholders, provided that the nomination is received by the Secretary of the Company not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's Annual Meeting of Shareholders. Each notice submitted in this manner must comply with the Company's bylaws and must include the name and address of the nominee(s) and all other information with respect to the nominee as required to be disclosed in the proxy statement for the election of directors under applicable rules of the Securities and Exchange Commission ("SEC"), including the nominee's consent to being named as a nominee and to serving as a director, if elected. Additionally, the nominating shareholder must provide his or her name and address as it appears in the stock records of the Company and the number of shares of Common Stock beneficially owned by such shareholder.

#### *Evaluation of Candidates*

The Nominating and Corporate Governance Committee will consider all candidates nominated in accordance with the processes described above. The Chair of the Nominating and Corporate Governance Committee may preliminarily assess a candidate's qualifications and suitability, working with support staff and seeking Board input, and report such assessment as promptly as practicable to the Nominating and Corporate Governance Committee. When feasible, the Chair of the Nominating and Corporate Governance Committee will interview candidates whom the Chair believes are likely to meet the

criteria for Board membership as part of the preliminary assessment process. The report may be made to the Nominating and Corporate Governance Committee at a meeting of the Committee or informally to each Committee member between meetings.

If it is the consensus of the Nominating and Corporate Governance Committee that a candidate is likely to meet the criteria for Board membership and fulfill the needs of the Board at that time, the Chair of the Nominating and Corporate Governance Committee or other representative of the Board will advise the candidate of the Committee's preliminary interest and, if the candidate expresses sufficient interest, will arrange interviews of the candidate with one or more members of the Nominating and Corporate Governance Committee, and request such additional information from the candidate as the Nominating and Corporate Governance Committee deems appropriate. The Nominating and Corporate Governance Committee will consider the candidate's qualifications, the Committee's assessment of the individual's background, skills and abilities, and whether such characteristics are consistent with the Company's Corporate Governance Guidelines and fulfill the needs of the Board at that time, and such other factors as it deems appropriate in order to confer and reach a collective assessment as to the qualifications and suitability of the candidate for Board membership. If the Nominating and Corporate Governance Committee determines that the candidate is suitable and meets the criteria for Board membership, the candidate may be invited to meet with senior management of the Company, both to allow the candidate to obtain further information about the Company and to give management a basis for input to the Nominating and Corporate Governance Committee regarding the candidate. On the basis of its assessment, and taking into consideration input from senior management, the Nominating and Corporate Governance Committee will formally consider whether to recommend the candidate's nomination for election to the Board of Directors.

#### *Code of Business Conduct and Ethics*

The Company has a Code of Business Conduct and Ethics (the "Code of Conduct") that applies to all of the Company's employees, officers and directors. The purpose of the Code of Conduct is to, among other things, provide written standards that are reasonably designed to deter wrongdoing and to promote honest and ethical conduct; full, fair, accurate, timely and understandable disclosure in reports and documents that the Company files with the SEC and other public communications by the Company; compliance with applicable governmental laws, rules and regulations; prompt internal reporting of violations of the Code of Conduct; and accountability for adherence to the Code of Conduct. Each director and executive officer is required to read and certify annually that he or she has read, understands and will comply with the Code of Conduct.

Under the Sarbanes-Oxley Act of 2002 and the SEC's related rules, the Company is required to disclose whether it has adopted a code of ethics that applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. The Company's Chief Executive Officer and senior financial officers are bound by the Company's Code of Conduct which contains provisions consistent with the SEC's description of a code of ethics.

A copy of the Company's Code of Conduct can be obtained from the investor relations page of the Company's website at [www.intergraph.com](http://www.intergraph.com). The Company intends to disclose any legally required amendments to, or waivers from, the Code of Conduct with respect to its directors and officers on the investor relations page of the Company's website at [www.intergraph.com](http://www.intergraph.com).

#### *Communications with Members of the Board*

## Report of the Audit Committee

The Audit Committee is composed of four independent directors as defined under the applicable rules of the Nasdaq Stock Market, Section 10A of the Securities Exchange Act of 1934 and the rules and regulations of the Securities and Exchange Commission. The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent auditors. Management has primary responsibility for the Company's financial statements and reporting process, including the systems of internal controls. The independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with standards established by the Public Company Accounting Oversight Board, expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States, auditing management's assessment of the effectiveness of internal control over financial reporting and issuing a report thereon. A copy of the Audit Committee's current charter may be viewed on the investor relations page of the Company's website at [www.intergraph.com](http://www.intergraph.com).

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. Management has represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). In addition, the Audit Committee has received from the independent auditors the written disclosures required by the pronouncements of the Independence Standards Board and discussed with them their independence from the Company and its management. The Audit Committee has considered whether the independent auditors' provision of non-audit services to the Company is compatible with the auditors' independence.

The Audit Committee met 11 times during 2004. The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, the Company's progress in meeting the internal controls requirements under Section 404 of the Sarbanes-Oxley Act of 2002, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended that the Board of Directors include the Company's audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.

Members of the Audit Committee:

Richard W. Cardin, Chair

*The foregoing report of the Audit Committee does not constitute soliciting material and shall not be deemed incorporated by reference by any general statement incorporating by reference the proxy statement into any filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.*

### **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers, directors, and persons who own more than ten percent of a registered class of the Company's equity securities, if any, to file reports of ownership and changes in ownership with the SEC. Officers, directors, and greater-than-ten-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms and any amendments thereto furnished to the Company, or on written representations that no forms were required, the Company believes that during the year ended December 31, 2004, all Section 16(a) filing requirements applicable to its officers, directors, and greater than ten percent beneficial owners were met, other than with respect to Mr. Greenwood who filed a single Form 4 late due to an electronic filing error.

## **Employment Contracts**

Mr. Wise holds an employment agreement with the Company that provides him a fixed base salary, cash bonuses, stock options, and restricted stock awards. Mr. Wise's employment agreement was amended in 2004 to provide for the receipt of an award of 85,000 shares of restricted stock pursuant to the 2002 Stock Option Plan in exchange for Mr. Wise's agreement to forego a stock option award otherwise due to him pursuant to the terms of the employment agreement. The employment agreement is effective through July 31, 2005, and automatically extends for one year on each subsequent anniversary unless either party gives 90 days written notice. It may be terminated at any time with proper notice. The termination provisions of this contract provide for severance benefits of up to 200% of his base salary, a pro rata bonus for the year in which termination occurs, and fully paid health insurance benefits for one year following the date of termination. No severance beyond salary and benefits through date of termination shall be paid for resignation without good reason or termination for cause. The agreement also includes a non-renewal payment equal to 100% of his base salary in the event the Company elects not to extend the original Agreement.

Mr. Wise's employment agreement also provides that all stock options granted to Mr. Wise pursuant to the agreement will immediately vest and all restrictions relating to restricted stock awards made pursuant to the agreement will automatically lapse in the event of a "change in control." In addition, Mr. Wise will be indemnified by the Company for any excise tax due under Section 4999 of the Internal Revenue Code of an amount sufficient to place Mr. Wise in the same after-tax position as he would have been had no excise tax been imposed upon or paid by him.

Mr. Sallinger holds an employment agreement with one of the Company's European business entities. The employment agreement provides him (in euros) a fixed base salary, a permanent advance for travel expenses, a vehicle and related expenses. The contract is open-ended, but may be terminated by either party giving a notice of six weeks prior to the end of a quarter. A contract penalty equal to the last monthly salary may apply if the employment relationship is terminated prematurely.

Mr. French holds an employment agreement with the Company that provides him a fixed base salary, cash bonuses and bonus opportunities, stock options, and restricted stock awards. The employment agreement was effective as of September 16, 2003, and automatically extends for one year renewal terms on each subsequent anniversary of the initial effective date unless either party gives written notice prior to the next renewal date. The employment agreement may be terminated at any time by either party, provided that if Mr. French is prematurely terminated without cause or resigns for good reason, Mr. French will receive severance benefits equal to one (1) time his base salary, a pro rata bonus for the year in which termination or resignation occurs, and fully paid health insurance benefits for one year following the date of termination. No severance beyond salary and benefits through the date of termination shall be paid for resignation without good reason or termination for cause. Mr. French's employment agreement also provides that all stock options granted to Mr. French pursuant to the agreement will immediately vest and all restrictions relating to restricted stock awards made pursuant to the agreement will automatically lapse in the event of a "change in control."

The foregoing summaries are qualified in their entirety by reference to the complete texts of the employment agreements previously filed by the Company with the SEC.

### **Compensation Committee Interlocks and Insider Participation**

The Company has a standing Compensation Committee consisting of Dr. Greenwood (Chair), Mr. Bills, Mr. Cardin and Mr. Twomey. No member of the Compensation Committee is or has ever been an officer or employee of the Company or any of its subsidiaries, or had any relationship requiring disclosure under Item 404 of Regulation S-K promulgated under the Securities and Exchange Act of 1934, as amended. There were no instances of Compensation Committee interlocks in 2004.

## **REPORT OF THE COMPENSATION COMMITTEE**

The Compensation Committee of the Board of Directors (the "Committee") is composed of four independent directors.

### **Compensation Committee Charter and Objectives**

In accordance with its charter, the responsibilities of the Committee include the oversight of the Company's executive officer compensation policies and practices. Among other things, the Committee's charter required that it set and approve the individual compensation and incentive arrangements for the Company's named executive officers and that it review and approve the compensation for the other Company officers (as defined in Rule 16a-1 under the Securities Exchange Act)("executive officers"). Effective March 1, 2004, the Board adopted an amended and restated Committee charter which requires the Committee to review annually and determine the individual compensation and incentive arrangements (including any employment or severance agreements) for the Company's executive officers and to review compensation and incentive arrangements for other officers. The Committee also administers the Company's equity compensation plans as directed by the Board of Directors, reviews the compensation of directors and, in conjunction with the Nominating and Corporate Governance Committee, makes periodic recommendations to the Board regarding appropriate compensation for service on the Company's Board and its committees.

### **Compensation Philosophy and Strategy**

In 2004, the Committee retained an outside compensation consultant to assist it with respect to executive compensation. The Committee was responsible for the consultant's selection, retention and compensation arrangements. The Committee worked directly with the consultant and the consultant reported directly to the Committee. The Committee held 9 meetings in 2004, many of which included executive sessions without senior management present. In performing its duties, the Committee considered presentations and analyses provided by its compensation consultant, presentations and recommendations provided by the Company's Chief Executive Officer (the "CEO"), their own business experience, and such other information as they deemed appropriate in their subjective judgment.

Together with its consultant, the Committee developed a compensation philosophy and strategy intended to enable the Company to attract, motivate, and retain qualified officers and other key employees of the Company and that reflected the particular circumstances of the Company and the individual. The core elements of the Committee's 2004 executive compensation philosophy and strategy included consideration of:

- compensation policies and practices at selected peer companies, generally comprised of other computer software and services companies headquartered in the United States and operating throughout the world;
- market positioning, with total compensation generally targeted between the 50<sup>th</sup> and 60<sup>th</sup> percentile for peer companies;
- a compensation mix reflecting a fixed base salary, plus variable opportunities for short-term and long-term incentives;
- a performance orientation in the compensation practices and programs; and
- equity awards intended to better align the interests of executives and shareholders.

### **2004 Executive Compensation**

The Company's 2004 executive compensation program consisted of the following core elements:

- adjustments to base salaries;
- an annual cash incentive opportunity based on Company, business unit and/or individual targets; and
- restricted stock awards as a long-term equity incentive.

#### ***Base Salaries***

The consultant provided competitive market data compiled from (a) compensation surveys selected by the consultant containing pay data for executive positions within software and services companies of perceived comparable size and complexity to Intergraph and (b) proxy statements of a custom group of peer companies. In determining appropriate salary adjustments the Committee considered the executive officers' base salaries, market data and analyses provided by its consultant, the recommendations of the CEO, the performance of the individual, the individual's potential to assume greater duties, and other factors deemed relevant by the Committee. In 2004, the average base salary increase for executive officers (other than the CEO) averaged approximately 3.5%, with increases ranging from 0% to a maximum of 15%.

#### ***Annual Cash Incentives***

In 2004, a cash bonus opportunity was provided pursuant to the Company's 2004 Cash Incentive Plan (the "Cash Bonus Plan"). Awards under the Cash Bonus Plan were intended to provide incentives to members of management, including the executive officers, in the form of cash bonus payments for achieving certain performance goals established for them. The performance awards were based upon achievement of established operating income goals (on a Company and/or division level), as well as personal business objectives ("Individual Goals"), in each case as determined by the Committee. The Individual Goals were based on revenue and specified management objectives and a specified weight was allocated to each component of the participants' corporate, division and/or Individual Goals under the Cash Bonus Plan based on the officers' designated management level.

Awards under the Cash Bonus Plan were based on a target bonus established by the Committee for each participant. Participants were eligible to receive 100% of the target bonus if they achieved each of the performance measures established for such participant. Target bonuses were set at or below 100% of base salary for executive officers. Under the terms of the Cash Bonus Plan, actual awards could range from zero to a maximum of 200% of the target bonus. However, no bonus awards were to be paid unless a threshold level of Company and/or division level performance was achieved. The Committee retained the right to use negative discretion in reducing, but not increasing, any calculated awards under the Cash Bonus Plan.

Based on the performance of the Company, the applicable division and the respective plan participants, together with such other factors as the Committee deemed appropriate, the average executive officer award exceeded the target bonus by approximately 36%, primarily due to the Company's 155% increase in operating income compared to the prior fiscal year.

#### ***Long-Term Equity Incentives***

Historically, the Company used incentive stock options as the primary long-term incentive vehicle. In 2004, the Committee revisited this approach and determined to use restricted stock awards for executive officers. The Committee considered the presentations and analyses of its consultant and the recommendations of the CEO, together with other factors such as the Company's operating performance, equity ownership by officers, the need to attract and retain talent, the potential impact of the Company's then pending intellectual property litigation, the number of shares then available for awards of

restricted stock and stock options under the Company's Amended and Restated 2002 Stock Option Plan (the "2002 Plan"), anticipated annual grant rates, peer company practices, the performance of the executive officers, and the perceived value of the proposed incentive.

Based on the foregoing, the Committee determined that restricted stock was the appropriate form of long-term incentive for the Company's executive officers and certain other key employees, while incentive stock options would be used as a long-term incentive for certain other key employees. During 2004, the Committee awarded an aggregate of 218,500 shares of restricted stock to 9 executive officers pursuant to the terms of the 2002 Plan. The shares granted to the executive officers vest ratably over four years and immediately upon a change in control. The Committee also approved awards of restricted stock to certain other corporate officers and stock option awards to other employees. In total, 273,500 shares of restricted stock and options to purchase 378,650 shares were granted in 2004. The resulting annual grant rate, as a percentage of the Company's shares outstanding as of December 31, 2004, was 1.9%. The Committee believes this annual grant rate is below the market median for comparable companies in the software and services industry.

### **2004 CEO Compensation**

CEO compensation is comprised of the same three core elements outlined above for other executive officers – salary, annual cash incentive and long-term equity incentive. In evaluating CEO performance, the Committee used a structured evaluation process. The Committee expects to conduct an evaluation of the CEO annually and to solicit input on a variety of dimensions from multiple sources.

In 2004, base compensation of R. Halsey Wise as CEO was increased from \$525,000 per annum to \$577,500 per annum as required by his employment agreement. Mr. Wise received a bonus of \$798,150 pursuant to the terms of the Cash Bonus Plan consistent with the factors described above for other executive officers. Mr. Wise also received an award of 85,000 shares of restricted stock pursuant to the 2002 Stock Option Plan during 2004. The restricted stock award was determined in a manner consistent with the factors described above for other executive officers and reflected Mr. Wise's agreement to forego a stock option award otherwise due to him pursuant to the terms of his employment agreement.

### **2005 Compensation Actions**

The core elements of 2005 executive compensation strategy include adjustments to base salaries, an annual cash incentive opportunity based on Company, division level and/or individual targets pursuant to the 2005 Cash Incentive Plan, and restricted stock awards pursuant to the 2004 Equity Incentive Plan as a long-term equity incentive. However, new for 2005, the Committee adopted an executive share retention policy that applies to all equity awards granted in 2005 and beyond, and generally requires officers and key employees to hold 50% of all shares from compensatory awards, net of taxes, for the lesser of three years or until termination of employment. The Committee believes the share retention policy further aligns the Company's long-term incentives with long-term shareholder value creation, lengthens the relevant performance horizon with respect to long-term incentives and otherwise promotes long-term equity ownership among the Company's officers and key employees.

### **Executive Compensation Tax Deductibility**

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), compensation paid by a publicly-held corporation to the chief executive officer and four other most highly paid executive officers in excess of \$1 million per year per officer is deductible only if paid pursuant to qualifying performance-based compensation plans approved by shareholders. Because individual compensation is based on a number of factors described above, executive officer compensation that is not performance-based within the meaning of the Code can exceed \$1 million in any given year. While the Committee considers the tax implications of its compensation decisions, the Committee believes its primary focus should be to attract, motivate and retain qualified officers and other key employees of the Company and that in some circumstances factors other than deductibility are more important in determining appropriate executive compensation.

## Performance Graph

The following graph sets forth, for the five-year period ended December 31, 2004, a comparison of the cumulative total shareholder return to the Company's shareholders with that of the Software and Services Index, and that of the Standard & Poor's 500 Stock Index. The Company uses the CoreData, Inc. Software and Services Index as the best representation of the companies with which its business segments compete. The cumulative total return for this index was provided to the Company by CoreData, Inc. Total shareholder return for each was determined by adding (a) the cumulative amount of dividends for a given year, assuming dividend reinvestment, and (b) the difference between the share price at the beginning and at the end of the year, the sum of which was then divided by the share price at the beginning of such year. The graph assumes \$100 was invested on December 31, 1999.

**PROPOSAL 2**  
**APPROVAL OF THE INTERGRAPH CORPORATION**  
**2005 EMPLOYEE STOCK PURCHASE PLAN**

The Company believes that broad-based ownership of equity interests in the Company by its employees provides a substantial motivation for superior performance by more closely aligning the economic interests of those employees with the overall performance of the Company. The primary goal of the Intergraph Corporation 2005 Employee Stock Purchase Plan (the "plan"), and consistent with the objectives of the existing employee stock purchase plan, is to encourage and provide the opportunity for ownership of the Company's common stock by its employees, and to attract and retain individuals with a high degree of training, experience, expertise and ability and to help align their interests with those of the Company's shareholders. The existing employee stock purchase plan will terminate pursuant to its terms effective as of May 31, 2005. The Board of Directors has approved, and recommends that the shareholders approve, the plan.

The plan authorizes the issuance of up to 1,000,000 shares of common stock at a discounted price through accumulated payroll deductions. If approved by our shareholders, the plan will become effective as of May 12, 2005. A copy of the proposed text of the plan is included as Exhibit A to this proxy statement. The material features of the plan are summarized below.

**Summary of the Material Provisions of the Plan**

The following summary of the material provisions of the plan is qualified in its entirety by reference to the text of the plan, which is attached to this proxy statement as Exhibit A. Capitalized terms used but not defined in this Proposal 2 shall have the meaning ascribed to such terms in the plan.

*Participation; Awards under the Plan; Rights Upon Termination.* Pursuant to the plan, each employee (including executive officers) of the Company (or a participating subsidiary of the Company) is eligible to participate in the plan effective upon the next payroll period following his or her initial employment date and the submission of an appropriate authorization form, provided that employees whose customary employment is 20 hours or less per week and Five-Percent Shareholders are not eligible to participate in the plan. The Company and its participating subsidiaries (as determined by the Board) currently have approximately 3,500 employees who are eligible to participate in the plan.

Eligible employees may elect to deduct from their compensation an after-tax amount of not less than 1% and not more than 10% of their Total Compensation for each Option Period (each Option Period being a successive one-month period commencing with the initial Commencement Date of June 1, 2005). The dollar amount deducted is credited to the participant's Contribution Account. If no new authorization form is filed by a participant in advance of any Option Period after their initial Option Period, that participant shall be deemed to have elected to continue to participate with the same contribution previously elected (subject to the limit of ten percent (10%) of Total Compensation specified above). Additionally, a participant may change the amount of contribution by filing a new authorization form designating the desired withholding rate at any time during the current Option Period. A participant may also at any time discontinue the participant's contributions which shall become effective for the first payroll period following the receipt by the Company or the participating subsidiary of the appropriate notice. Notwithstanding the foregoing, the participant shall be eligible to recommence contributions for the next payroll period.

On the Grant Date (the first trading date of each Option Period), each participant in the plan shall be deemed to receive an option to purchase shares of common stock in accordance with the terms of the plan. On the Exercise Date (the last trading day of each Option Period), the amount deducted from each participant's salary over the course of the period will be used to purchase shares of common stock at a purchase price (the "Exercise Price") per share equal to the 85% of the Closing Market Price of the shares of common stock on the Exercise Date. On an Exercise Date, all options shall be automatically exercised, except for options which are cancelled when a participant withdraws the balance of his or her Contribution Amount or which are otherwise terminated under the provisions of the plan (such as upon the termination of a participant's employment for any reason except death, disability, or retirement).

A participant may elect to withdraw the balance of his Contribution Account at any time during each Option Period prior to the Exercise Date. The option granted to a participant shall be canceled upon his withdrawal of the balance in his Contribution Account. If contributions are withdrawn in this manner, the Participant shall not become eligible to recommence contributions until the next payroll period.

Participants' rights under the plan are subject to the following limitations: (i) subject to certain adjustments, the maximum number of shares of common stock which may be purchased by a participant on an Exercise Date is 1,000 shares; (ii) no participant is allowed to purchase, during a calendar year, stock under the plan having a market value in excess of

\$25,000, as determined on the Grant Date; (iii) no option may be granted to a participant who would be a Five Percent Shareholder immediately after the option is granted and (iv) no participant may assign, transfer or otherwise alienate any rights under the plan or any options granted to such participant thereunder, except by will or the laws of descent and distribution, and such options may be exercised during the participant's lifetime only by the participant. Additionally, if the total number of shares to be purchased under options by all participants on an Exercise Date exceeds the number of shares remaining authorized for issuance under the plan, a pro-rata allocation of the shares available for issuance will be made among participants in proportion to their respective Contribution Account balances on the Exercise Date, and any money thereafter remaining in the Contribution Accounts shall be returned to the participants.

Upon termination of a participant's employment, the employee immediately shall cease being a participant under the plan, and the balance of the employee's Contribution Account shall be paid to such participant as soon as practical after his termination. An option granted to such a participant shall be null and void from the date of termination. Upon the death, retirement or disability of a participant, the participant or his or her legal representative may withdraw the balance in his or her Contribution Account or may use the accumulated balance to purchase stock under the plan.

*Rights as a Shareholder.* At the time funds are used to purchase common stock under the plan, a participant shall have all the rights and privileges of a shareholder of the Company with respect to shares purchased under the plan, whether or not certificates representing such shares have been issued.

*Administration.* The plan is administered by a Plan Administrator, which Plan Administrator is designated by the Board of Directors. The Plan Administrator does not, however, have the discretion to deny the right to participate in the plan to any employee who meets the eligibility criteria.

*Adjustments.* In the case of a merger, consolidation, reorganization, recapitalization, stock dividend, extraordinary cash dividend, dividend in property other than cash, stock split, combination of shares, exchange of shares or other change in corporate structure affecting the common stock, equitable adjustments will be made by the Plan Administrator in the number of shares reserved for issuance under the plan and calculation of the Exercise Price.

*Amendment; Termination.* The Board of Directors of the Company has the right to amend or terminate the plan at any time, but cannot make an amendment to increase the number of shares reserved under the plan (except pursuant to certain changes in the capital structure of the Company) without the approval of the Company's shareholders. If the plan is terminated, all options outstanding at the time of termination shall become null and void, and the balance in each participant's Contribution Account shall be paid to that participant.

*Term.* The plan shall terminate on the tenth (10th) anniversary of its Effective Date or such earlier date as may be determined by the Board of Directors.

*Allocation of Benefits.* Because participation in the plan is voluntary, it is not possible to determine which or how many eligible employees or officers will participate in the plan in the future. Because the amount of each participant's contributions to his or her Contribution Account is elective, it is also not possible to determine the dollar value or number of shares of common stock that would be received or distributed to any person or group of persons under the plan.

*Miscellaneous.* The proceeds received by the Company from the sale of common stock pursuant to the plan will be used for general corporate purposes. The Company shall not be obligated to deliver shares of common stock to any participant if to do so would violate any state or other securities laws applicable to the sale of stock to such participant. Nothing in the plan is to be construed so as to give an employee the right to be retained in the service of the Company.

### **Certain U.S. Federal Income Tax Consequences**

*The following is a brief summary of the Federal income tax aspects of awards made under the plan based upon the Federal income tax laws in effect on the date hereof. This summary is not intended to be exhaustive and does not describe state or local tax consequences.*

A holder will not recognize income for Federal income tax purposes either when options are granted or when shares are purchased, provided that the holder was an employee of the Company within the three months preceding the purchase date. Income may be recognized when a holder disposes of his or her stock. If shares of stock are disposed of before a statutory holding period is met, ordinary income is recognized in an amount equal to the difference between the price paid for the shares and the fair market value of the shares on the date such shares were purchased. If shares are disposed of after meeting the holding period requirement, then the employee will have capital gain or loss in the calendar year of the disposition equal to the difference between the amount realized on the disposition of the stock and the exercise price of the purchase right. In

either case, the difference between the employee's net proceeds from the disposition and the employee's tax basis in such shares (including ordinary income recognized in the disposition) will be taxable as capital gain or loss.

### **Required Vote; Recommendation of the Board**

Approval of this proposal requires the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote on the matter.

The Board of Directors recommends a vote **FOR** Proposal 2.

### **PROPOSAL 3 RATIFICATION OF APPOINTMENT OF AUDITORS**

The Audit Committee has appointed Ernst & Young LLP as the Company's independent auditors to audit the financial statements of the Company and to perform other accounting services, if appropriate, for the year ending December 31, 2005. Such appointment will be presented to the shareholders for ratification at the Meeting. A representative of Ernst & Young LLP is expected to be present at the Meeting to respond to questions from shareholders and will be given the opportunity to make a statement if so desired.

Shareholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice, consistent with the recommendation of the Audit Committee. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Fees paid to Ernst & Young LLP for services provided during the years ended December 31, 2004, 2003, and 2002, is presented below. The Company did not engage Ernst & Young LLP to perform financial information systems design or implementation services during the year. "Audit Fees" include fees associated with the annual audit, the review of the Company's quarterly reports on Form 10-Q, local statutory audits performed in various international locations, and the audit of management's report on the effectiveness of our internal control over financial reporting, as required under Section 404 of the Sarbanes-Oxley Act of 2002. "Audit-Related Fees" primarily include fees associated with the audits of the Company's employee benefit plans and the review of the Company's internal controls over financial reporting, including services in connection with assisting the Company in its compliance and obligations under Section 404 of the Sarbanes-Oxley Act of 2002 and not described under Audit Fees above. "Tax Fees" include fees associated with tax compliance, tax advice, and tax planning, including expatriate tax services. "All Other Fees" include fees associated with miscellaneous professional services.

The Board of Directors has adopted an Audit Committee Charter which, among other things, requires the Audit Committee to pre-approve all audit and permitted non-audit services to be performed for the Company by its independent auditors. The Audit Committee has adopted a pre-approval policy in order to ensure that the performance of audit and non-audit services by the independent auditors does not impair the auditors' independence. The policy provides for the general pre-approval of specific types of services and gives guidance to management as to the specific type of services that are eligible for pre-approval. The policy requires specific pre-approval of all other permitted services. Requests or applications to provide services that require separate approval by the Audit Committee are submitted by the Company's Chief Financial or Chief Accounting Officer to the Audit Committee. During 2004, all audit related services, tax services and other services were pre-approved by the Audit Committee.

The Company's Audit Committee has concluded the provision of non-audit services covered under the caption "All Other Fees" and "Tax Fees" is compatible with maintaining the auditors' independence and concluded that the auditors' independence was not impaired.

	<u><b>Audit Fees</b></u>	<u><b>Audit-Related Fees</b></u>	<u><b>Tax Fees</b></u>	<u><b>All Other Fees</b></u>
2004	\$5,124,000	\$19,000	\$279,000	\$33,000
2003	\$1,422,000	\$66,000	\$404,000	\$37,000
2002	\$1,013,000	\$29,000	\$239,000	\$3,000

## **Required Vote; Recommendation of the Board**

Approval of this proposal requires the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote on the matter.

The Board of Directors recommends a vote **FOR** Proposal 3.

## **DATE FOR RECEIPT OF SHAREHOLDER PROPOSALS FOR 2006 ANNUAL MEETING**

It is contemplated that the Company's 2006 annual meeting of shareholders will take place in May 2006. Shareholders' proposals will be eligible for consideration for inclusion in the proxy statement for the 2006 annual meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 if such proposals are received by the Company before the close of business on December 2, 2005. Notices of shareholders' proposals submitted outside the processes of Rule 14a-8 will generally be considered timely (but not considered for inclusion in our proxy statement), pursuant to the advance notice requirement set forth in the Company's bylaws, if such notices are filed with the Company's Secretary not less than 60 days nor more than 90 days prior to the first anniversary of this year's Annual Meeting of Shareholders in the manner specified in the bylaws. For proposals that are not timely filed, the named proxies will retain discretion to vote proxies that the Company receives and will exercise authority in accordance with the recommendation of the Board of Directors. For proposals that are timely filed, the named proxies will retain discretion to vote proxies that the Company receives provided (1) the Company includes in its proxy statement advice on the nature of the proposal and how the named proxies intend to exercise their voting discretion and (2) the proponent does not issue a proxy statement. In order to curtail any controversy as to the date on which a proposal was received by the Company, it is suggested that shareholders submit their proposals by certified mail, return receipt requested.

- 6.4 Purchase of Stock. On an Exercise Date, all options shall be automatically exercised, except that the options of a Participant who has terminated employment pursuant to Section 7.1 or who has withdrawn all of his contribution shall expire. The Contribution Account of each Participant shall be used to purchase the maximum number of whole and fractional shares of Stock determined by dividing the Exercise Price into the balance of the Participant's Contribution Account.
- 6.5 Terms of Options. Options granted under this Plan shall be subject to such amendment or modification as the Employer shall deem necessary to comply with any applicable law or regulation, including but not limited to Section 423 of the Code, and shall contain such other provisions as the Employer shall from time to time approve and deem necessary; provided, however, that any such provisions shall comply with Section 423 of the Code.
- 6.6 Limitations on Options. The options granted hereunder are subject to the following limitations:
- (a) The maximum number of shares of Stock which may be purchased by any Participant on an Exercise Date shall be one thousand (1,000) shares. This maximum number of shares shall be adjusted upon the occurrence of an event described in Section 10.3.
  - (b) No Participant shall be permitted to accrue the right to purchase during any calendar year Stock under this Plan (and any other plan of the Employer or Subsidiary which is qualified under Section 423 of the Code) having a market value in excess of \$25,000 (as determined on the Grant Date for the Option Period during which each such share of Stock is purchased) as provided in Section 423(b)(8) of the Code.
  - (c) No option may be granted to a Participant if the Participant immediately after the option is granted would be a Five-Percent Shareholder.
  - (d) No Participant may assign, transfer or otherwise alienate any options granted to him under this Plan, otherwise than by will or the laws of descent and distribution, and such options may be exercised during the Participant's lifetime only by the Participant.
- 6.7 Pro-Rata Reduction of Optioned Stock. If the total number of shares of Stock to be purchased under option by all Participants on an Exercise Date exceeds the number of shares of Stock remaining authorized for issuance under Section 6.1, a pro-rata allocation of the shares of Stock available for issuance will be made among Participants in proportion to their respective Contribution Account balances on the Exercise Date, and any money remaining in the Contribution Accounts shall be returned to the Participants.
- 6.8 State or Other Securities Laws. Notwithstanding anything to the contrary contained herein, Intergraph shall not be obligated to issue shares of Stock to any Participant if to do so would violate any State or other securities laws applicable to the sale of Stock to such Participant. In the event that Intergraph refrains from issuing shares of Stock to any Participant in reliance on this Section, Intergraph shall return to such Participant the amount in such Participant's Contribution Account that would otherwise have been applied to the purchase of Stock.

**ARTICLE VII  
TERMINATION OF PARTICIPATION**

- 7.1 Termination of Employment. Any Employee whose employment with the Employer is terminated during the Option Period prior to the Exercise Date for any reason except death, disability or retirement shall cease being a Participant immediately. The balance of that Participant's Contribution Account shall be paid to such Participant as soon as practical after his termination. The option granted to such Participant shall be null and void.
- 7.2 Death. If a Participant should die while employed by the Employer, no further contributions on behalf of the deceased Participant shall be made. The legal representative of the deceased Participant may elect to withdraw the balance in said Participant's Contribution Account by notifying the Employer in writing prior to the Exercise Date in the Option Period during which the Participant died. In the event no election to withdraw is made prior to the Exercise Date, the balance accumulated in the deceased Participant's Contribution Account shall be used to purchase shares of Stock in accordance with Section 6.4.
- 7.3 Retirement. If a Participant shall retire from the employment of the Employer, no further contributions on behalf of the retired Participant shall be made. The Participant may elect to withdraw the balance in his Contribution Account by notifying the Employer in writing prior to the Exercise Date in the Option Period during which the Participant retired. In the event no election to withdraw is made prior to the Exercise Date, the balance accumulated in the retired Participant's Contribution Account shall be used to purchase shares of Stock in accordance with Section 6.4.
- 7.4 Disability. If a Participant should terminate employment with the Employer on account of disability, as determined by reference to the definition of "disability" in the Employer's long-term disability plan, no further contributions on behalf of the disabled Participant shall be made. The Participant may elect to withdraw the balance in his Contribution Account by notifying the Employer in writing prior to the Exercise Date in the Option Period during which the Participant became disabled. In the event no election to withdraw is made prior to the Exercise Date, the balance accumulated in the disabled Participant's Contribution Account shall be used to purchase shares of Stock in accordance with Section 6.4.

**ARTICLE VIII  
OWNERSHIP OF STOCK**

- 8.1 Stock Certificates. As soon as practical after the Exercise Date, Intergraph will, in its sole discretion, either credit the Share Account maintained for the benefit of each Participant or issue certificates to each Participant with that number of shares of Stock purchased by such Participant through exercise of the options granted hereunder. Certificates may be issued at the request of the Participant (i) in the name of the Participant, (ii) jointly in the name of the Participant and a member of the Participant's family, (iii) in trust to a trustee, (iv) to the Participant as custodian for the Participant's child under the Gift to Minors Act, or (v) to the legal representative of a deceased Participant.
- 8.2 Premature Sale of Stock. If a Participant (or former Participant) sells or otherwise disposes of any shares of Stock obtained under this Plan
- (a) prior to two (2) years after the Grant Date of the option under which such shares were obtained; or
- (b) prior to one (1) year after the Exercise Date on which such shares were obtained,
- that Participant (or former Participant) must notify the Employer immediately in writing concerning such disposition.
- 8.3 Transfer of Ownership. A Participant who purchases shares of Stock under this Plan shall be transferred at such time substantially all of the rights of ownership of such shares of Stock in accordance with the Treasury Regulations promulgated under Section 423 of the Code as in effect on the original effective date of the Plan. Such rights of ownership shall include the right to vote, the right to receive declared dividends, the right to share in the assets of the Employer in the event of liquidation, the right to inspect the Employer's books and the right to pledge or sell such Stock subject to the restrictions in the Plan.

**ARTICLE IX  
ADMINISTRATION AND AMENDMENT**

- 9.1 Administration. The Plan Administrator shall (i) administer the Plan, (ii) keep records of the Contribution Account balance of each Participant, (iii) keep records of the Share Account for each Participant, (iv) interpret the Plan, and (v) determine all questions arising as to eligibility to participate, amount of contributions permitted, determination of the Exercise Price, and all other matters of administration. The Plan Administrator shall have such duties, powers and discretionary authority as may be necessary to discharge the foregoing duties, and may delegate any or all of the foregoing duties to any individual or individuals (including officers or other Employees who are Participants). The Board of Directors shall have the right at any time and without notice to remove or replace any individual or committee of individuals serving as Plan Administrator. All determinations by the Plan Administrator shall be conclusive and binding on all persons. Any rules, regulations, or procedures that may be necessary for the proper administration or functioning of this Plan that are not covered in this Plan document shall be promulgated and adopted by the Plan Administrator.
- 9.2 Amendment. The Board of Directors may at any time amend the Plan in any respect, including termination of the Plan, without notice to Participants. If the Plan is terminated, all options outstanding at the time of termination shall become null and void and the balance in each Participant's Contribution Account shall be paid to that Participant. Notwithstanding the foregoing, no amendment of the Plan as described in Section 3.1 shall become effective until and unless such amendment is approved by the shareholders of Intergraph.

**ARTICLE X  
MISCELLANEOUS**

- 10.1 Expenses. The Employer will pay all expenses of administering this Plan that may arise in connection with the Plan.
- 10.2 No Contract of Employment. Nothing in this Plan shall be construed to constitute a contract of employment between an Employer and any Employee or to be an inducement for the employment of any Employee. Nothing contained in this Plan shall be deemed to give any Employee the right to be retained in the service of an Employer or to interfere with the right of an Employer to discharge any Employee at any time, with or without cause, regardless of the effect which such discharge may have upon him as a Participant of the Plan.
- 10.3 Adjustment Upon Changes in Stock. The aggregate number of shares of Stock reserved for purchase under the Plan as provided in Section 6.1, and the calculation of the Exercise Price as provided in Section 6.3, shall be adjusted by the Plan Administrator (subject to direction by the Board of Directors) in an equitable manner to reflect changes in the capitalization of Intergraph, including, but not limited to, such changes as result from merger, consolidation, reorganization, recapitalization, stock dividend, extraordinary cash dividend, dividend in property other than cash, stock split, combination of shares, exchange of shares and change in corporate structure. If any adjustment under this Section 10.3 would create a fractional share of Stock or a right to acquire a fractional share of Stock, such fractional share shall be disregarded and the number of shares available under the Plan and the number of shares covered under any options granted pursuant to the Plan shall be the next lower number of shares, rounding all fractions downward.
- 10.4 Employer's Rights. The rights and powers of any Employer shall not be affected in any way by its participation in this Plan, including but not limited to the right or power of any Employer to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge or to consolidate or to dissolve, liquidate or sell, or transfer all or any part of its business or assets.
- 10.5 Limit on Liability. No liability whatever shall attach to or be incurred by any past, present or future shareholders, officers or directors, as such, of Intergraph or any Employer, under or by reason of any of the terms, conditions or agreements contained in this Plan or implied therefore, and any and all liabilities of any and all rights and claims against Intergraph, an Employer, or any shareholder, officer or director as such, whether arising at common law or in equity or created by statute or constitution or otherwise, pertaining to this Plan, are hereby expressly waived and released by every Participant as a part of the consideration for any benefits under this Plan; provided, however, no waiver shall occur, solely by reason of this Section 10.5, of any right which is not susceptible to advance waiver under applicable law.
- 10.6 Gender and Number. For the purposes of the Plan, unless the contrary is clearly indicated, the use of the masculine gender shall include the feminine, and the singular number shall include the plural and vice versa.
